INVITATION FOR PARTNERSHIP

Dear Industry Colleagues,

On behalf of the Society of Genitourinary Reconstructive Surgeons, I would like to invite you to exhibit at the 2023 GURS Academic Congress. This meeting will be held 7-10, 2023 Seattle, Washington.

The GURS program committee has put together a rigorous yet clinically practical program to foster improvement in patient care. The meeting will host nationally and internationally renowned faculty with active interests in male and female genitourethral reconstruction, andrology and urologic prosthetic surgery, female urology, neurology, minimally invasive surgical reconstruction and gender-affirmation surgery. The meeting will highlight state-of-the-art lectures on Transgender Surgery, Genitourinary Trauma, Transitional Urology, Pripism, and Male Incontinence.

Partnering with us at the GURS Academic Congress will allow you to network with over 200 genitourinary reconstructive surgeons in a relaxed setting that allows ample time for networking and discussion. Industry partners and exhibits are an essential part of our meeting's success and our attendees will be eager to learn about your company's products and services that can assist with the care of their patients.

The Seattle Program Committee request your participation in this exceptional educational offering that provides an unparalleled space to meet with the GURS community.

Thank you for your consideration of our request for participation; we look forward to receiving your commitment. If you have any questions, please contact Tyler Gillespie, Tgillespie@veritasamc.com or 847-920-6573.

Kind Regards,

Tyler Gillespie
