

resuscitation 2015

Episode X – A Decade of Resuscitation

May 1-3, 2015 | Encore at the Wynn Resort, Las Vegas

[Enter Here...](#)

COURSE OBJECTIVES

Resuscitation 2015 is an advanced course designed to provide experienced practitioners with an evidence-based update on the latest advances in the diagnosis, treatment and clinical skills necessary for the care of the critically ill or injured patient. The latest in educational techniques and simulation will be used to emphasize core knowledge. Clinical topics will be presented by nationally recognized experts based on current research. Individual lecture objectives will be provided in the course manual.

By attending this CME activity, participants will be able to:

1. Discuss up-to-date reviews of topics relevant to the care of critical patients, incorporating new skills into their practice.
2. Learn procedural techniques important to the management of medical and trauma patients.
3. Improve and update their clinical practice for serious emergencies.

DISCLOSURE

It is the policy of Center for Emergency Medical Education (CEME) to insure balance, independence, objectivity, and scientific rigor in all its sponsored educational activities, and that all contributors present information in an objective, unbiased manner without endorsement or criticism of specific products or services and that the relationships that contributors disclose will not influence their contributions. Those in a position to control the content of this educational activity are required to disclose to learners all relevant financial relationships with any commercial interests prior to the beginning of the educational activity.

RESOLUTION OF CONFLICTS OF INTEREST

In accordance with the ACCME Standards for Commercial Support of CME, the Center for Emergency Medical Education implemented mechanisms, prior to the planning and implementation of this CME activity, to identify and resolve conflicts of interest for all individuals in a position to control content of this CME activity.

LECTURES: latest updates, fast paced, easily digestible. that's how we do it!

Hours	Friday, May 1st, 2015	Saturday, May 2nd, 2015
07:30 - 08:00	Breakfast Video: Not Just Skin Deep: Soft Tissue Emergencies	Breakfast Video: Upper Respiratory Nightmares
08:00 - 08:30	Sepsis 2015...EGDT? ABX? CVP? IVF? What are WE supposed to do?	Wet it, Dry it, or Turf it! Pediatric Rashes You Ought to Know!
08:30 - 09:00	Critical Neuro Complaints in Children	Too Hot to Handle! Hyperthermic Emergencies
09:00 - 09:30	Acute Coronary Syndrome - State of The Art	Red, Clear or Other: What to Give the Bleeding Trauma Patient?
09:30 - 10:00	Normal Saline: Life Water or Devil's Spit?	Deadly Itches & Swelling in the ED
10:00 - 10:30	COFFEE BREAK	COFFEE BREAK
10:30 - 11:00	Blunt Traumatic Injury - CT and D/C?	What to Do When We Make Patients Bleed?
11:00 - 11:30	Live Stage Demo: Airway Tips & Tricks	Live Stage Demo: Wound Management - Tips & Tricks
11:30 - 12:00	Saving the Crashing Brain	The Critically Ill Obese Patient
12:00 - 13:00	LUNCH	LUNCH
13:00 - 13:30	Live Stage Demo: Ultrasound Guided Nerve Blocks	Live Stage Demo: Cool Ultrasound Techniques
13:30 - 14:00	Read 'Em or Weep: Recent Critical Care Articles You Gotta Know	Non-operative Trauma Management in 2015
14:00 - 14:30	Mistakes to Avoid in Kids	When Kids Go Bam! Pediatric Trauma Pearls & Pitfalls
14:30 - 15:00	Cardiac Arrest & ACLS in 2015	Drugs That Make You Shake, Rattle & Roll!
15:00 - 15:30	Live Stage Demo: Surgical Airways and Chest Tubes	Live Stage Demo: Video Airway Techniques
15:30 - 16:00	Managing the Vented Patient Who is Trying to Die!	New Devices in Resuscitation
16:00 - 16:30	Trauma Articles You Gotta Know!	Tox Articles You Gotta Know!
16:30 - 17:00	Question & Answer session	Lessons Learned & Course Wrap Up

MINIMIZE RISK. MAXIMIZE SAVES.

Cardiovascular Bootcamp 2015

May 3, 7:30 AM - 5:20 PM | Optional Post-conference Full Day Session

Cardiac conditions account for more deaths in developed countries and also more litigation in the U.S. than any other condition in emergency medicine practice.

-Amal Mattu, MD

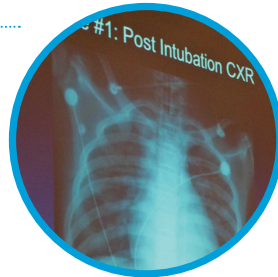

It is critically important that all acute care providers have a cutting-edge knowledge base regarding recent advances in emergency cardiology. This Cardiovascular Bootcamp is designed to address the challenges and controversies that commonly occur when caring for cardiac patients in the ED.

Whether you are a new graduate or a seasoned clinician, we promise that you will gain valuable skills for your practice that will help you save lives and minimize risk when caring for patients with emergency cardiac conditions.

Topics will include:

- » Chest Pain and Syncope in Kids - When to Worry
- » Read 'Em or Weep: Recent Cardiology Articles You've Gotta Know!
- » Probing Your Cardiac Patient: Pearls in Cardiac ECHO
- » The Syphilis of Electrocardiography
- » Core Ultrasound Scan
- » PE 2015: Did the Emperor Finally Get Dressed?
- » New-Onset Atrial Fibrillation: Slow 'Em Down or Light 'Em Up?
- » The Terrible T's
- » Legal Pitfalls in ACS
- » Big Problems with Big Red: Aortic Dissection Updates
- » Subtle ECG Markers of Ischemia
- » When to Say When: Terminating the Medical Code
- » hs-TN: Rapid Rule-Out or Rapid Lawsuit?
- » The Asymptomatic Patient Heading for Cardiac Arrest

Bootcamp Faculty:

- » Amal Mattu, MD [Course Director]
- » Teresa Wu, MD
- » Corey Slovis, MD
- » Sarah Stahmer, MD

WORLD CLASS LODGING | It's how we roll...

Enjoy the finest experience in Las Vegas with your family while catching up on the latest from the Resuscitation conference at the Wynn Resort.

Resuscitation 2015 has booked an exclusive block of Encore rooms at the rate of **\$229** for the Resort Guest Room and **\$299** for the Tower Guest Room. Please call **1.888.320.9966** and mention the reservation ID **6RESUS0414** to take advantage of this special rate. This room block will be available until **March 23, 2015** on a first-come, first-serve basis, so call early. Once the block is full, this rate will no longer apply, regardless of the cutoff date.
