Dermatology Foundation

Our Invitation

The Dermatology Foundation is pleased to extend this invitation to attend the 2015 DF Clinical Symposia, to be held February 4–8 at The Ritz–Carlton in Naples, Florida. This peer-reviewed program is accredited for 16 AMA PRA Category 1 Credits™ and offers the latest authoritative and practical information presented by distinguished faculty. Net proceeds of the program will go to support dermatologic research.

Educational Objectives

This program is accredited for 16 AMA PRA Category 1 Credits.™ Upon completion of this program, participants should be able to:

- Describe evolving knowledge of sarcoidosis and appropriately determine patient treatment regimens.
- Improve choice of biopsy technique, biopsy performance, and communication with dermatopathologists for pigmented lesions.
- Utilize a range of therapeutic options to improve treatment of acne, rosacea, and psoriasis patients.
- Recognize and seize opportunities to improve outcomes for patients with atopic dermatitis.
- Properly advise and treat patients with lichen sclerosus.
- Select appropriate diagnostic screening and initiate appropriate therapy and referrals when needed for patients with hirsutism.
- Describe our emerging understanding of the relationship between androgen-reducing agents and vulvodynia.
- Prepare for the appropriate, safe, and effective use of new targeted therapies for psoriasis and effectively answer patient questions regarding the risks and benefits of these new options.
- Effectively work up and treat hair and scalp disorders in women with skin of color.
- Identify and utilize opportunities to avoid surgical intervention in selected circumstances.
- Recognize unusual and difficult presentations of disease (through a CPC session) and improve diagnostic and treatment approaches for difficult skin diseases.
- Describe the emerging understanding of how fillers may achieve facial rejuvenation.
- Effectively diagnose emerging and newly recognized causes of allergic contact dermatitis.
- Assimilate evidence from another specialty perspective (gynecology) in the diagnosis and treatment of vulvodynia.
