

2015 ACOG Annual Clinical and Scientific Meeting

San Francisco, CA | May 2-6, 2015

PRELIMINARY
PROGRAM

ACOG

TEAMING UP_{FOR} WOMEN'S HEALTH

NEW IN 2015

THE ANNUAL MEETING HAS BEEN IMPROVED!

- **STARTS ON SATURDAY**
- **MORE SURGICAL TUTORIALS**
- **SCIENTIFIC SESSIONS BY SUBSPECIALISTS**
- **PROGRAM MAPPED IN PREPARATION FOR EXAMS**
- **DAILY RESEARCH PRESENTATIONS**
- **ARE YOU SMARTER THAN A JUNIOR FELLOW?** Two well-known professors challenge two young physicians to see who is smarter than a team of residents. **FUN & FACTS!**
- **NETWORK WITH ALUMNI:** See your fellow residents again at the **MIX AND MINGLE ALUM RECEPTION**

New to social media? Don't worry—all of ACOG's social media pages are public. You don't have to have an account to visit and view posts.

ACOG Annual Meeting's Social Media Lounge

ACOG's Social Media Team will be available from 9 AM – 5 PM Saturday through Tuesday and 9 AM – 12 PM on Wednesday. Visit the lounge to network, get advice and learn best practices.

We invite you to join us for social media meetups:

Saturday, May 2 and Sunday, May 3
3:00 PM – 3:30 PM, Moscone South Lobby

Monday, May 4 (For beginners)
3:00 PM – 3:30 PM, Colleague Connection Area—Exhibit Hall

Annual Meeting News

Daily meeting coverage in print and online.

"Tweet of the Day" Contest

Each day, the three best Tweets using #ACOG15 appear in the next day's Annual Meeting News. Winners get a Starbucks card, too.

ALL COURSES NOW START **SATURDAY, MAY 2**
REGISTER EARLY AT: www.acog.org/annualmeeting

INVITATION

Teaming Up for Women's Health is the theme for the 2015 Annual Clinical and Scientific Meeting and we at ACOG are very excited about the NEW format for the upcoming meeting being held May 2–6 in San Francisco, California. The meeting will actually start on Saturday with plenary lectures, clinical seminars, luncheon roundtables, postgraduate and hands-on courses held every day. On Saturday and Tuesday we will have 6 hour postgraduate courses available at a new time from 11:00 AM – 5:30 PM so members have an opportunity to attend other sessions that morning or enjoy some of the city. Our Welcome Reception will take place Saturday evening and will be fun for all ages!

Each day of the conference offers a specialty focus: Saturday—Obstetric Emergencies, Sunday—Operative Gynecology, Monday—Contraception, Tuesday—Menopause, and Wednesday—Office Practice and Patient Safety, with additional sessions offered every day that address content specific to our specialty in obstetrics, gynecology, and practice. This new format is geared for our members so everyone can get the most out of our meeting and attend the sessions that interest them during their available time.

The exhibit hall will have a grand opening on Monday and lunch will be provided in the hall to all attendees that day. Coffee breaks will also be held in the hall on Tuesday, and the Convocation Reception will be held at the ACOG Booth in the hall on Wednesday.

The Mix and Mingle Alumni Reception was a huge success last year, so it will be continued in 2015 with improvements everyone will enjoy. This will take place on Monday evening. With so many new activities, it's a good idea to start planning early!

Sue Ellen and I look forward to seeing you in San Francisco!

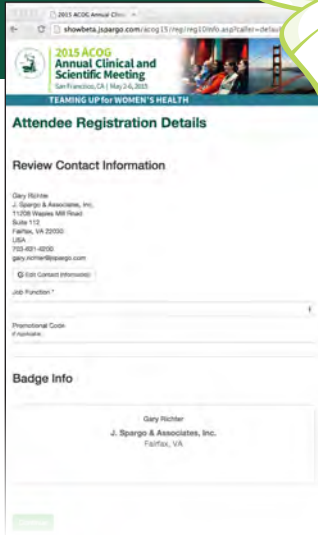

A handwritten signature in black ink that reads "John C. Jennings MD". The signature is written in a cursive, flowing style.

John C. Jennings, MD
President, The American College
of Obstetricians and Gynecologists

LOOKING FORWARD TO SEEING YOU!

REGISTER ONLINE

Advance registration saves time and money and guarantees you the largest selection of postgraduate courses, clinical seminars, lunch with the experts (round table discussions), lunch seminars (boxed lunch with seminar) and surgical tutorials.

HOW TO REGISTER EASILY ONLINE

1. Visit: acog.org/annualmeeting
2. Click on **REGISTER NOW**
3. Fill in the attendee information sections and select the sessions you would like to attend during the meeting.
4. Calculate the full cost using the table provided and choose your preferred method of payment.
5. SUBMIT with one simple click!

Registration fees for the 2015 ACOG Meeting include Colloquia, Clinical Seminars, Surgical Tutorials, and the Film Festival. See page 54 for the registration fees for each membership category. Additional session fees are listed below:

Postgraduate Course (6hr)	\$290
Hands-On Course (6hr)	\$640
Postgraduate Course (3hr)	\$165
Hands-On Course (3hr)	\$320
Lunch with the Experts	\$55
Lunch Seminars	\$55

PAGE 54**

Separate registrations required for the following:

- Housing Reservations
- Camp ACOG and Youth Tours
www.accentregister.com/register/campacog15
- Spouse and Guest Tours
www.accentregister.com/register/acogtours15

THE DEADLINE FOR ADVANCE REGISTRATION IS **Friday, April 10.**
HOUSING RESERVATIONS CLOSE **Friday, April 3.**

WHAT YOU NEED TO KNOW

Use the meeting planner to help build your customized conference agenda.

REGISTRATION HOURS

FRIDAY	3:00 PM – 6:00 PM
SATURDAY – TUESDAY	7:00 AM – 5:00 PM
WEDNESDAY	7:00 AM – 1:00 PM

Pick up your badge and meeting materials.

EXHIBIT HALL HOURS

MONDAY	10:30 AM – 5:00 PM
TUESDAY	10:30 AM – 4:00 PM
WEDNESDAY	10:30 AM – 3:00 PM

NEW DAILY FOCUS

Every day has topics that cover the breadth of obstetrics and gynecology. In addition, there is a daily concentration of presentations:

SATURDAY
OBSTETRIC EMERGENCIES

SUNDAY
OPERATIVE GYNECOLOGY

MONDAY
CONTRACEPTION

TUESDAY
MENOPAUSE

WEDNESDAY
PATIENT SAFETY AND OFFICE PRACTICE

NEW SUBSPECIALTY COURSES

Stay up-to-date with subspecialty directed sessions to **exchange** best practices.

NEW LIVE TELESURGEY

New this year: You can view a live laparoscopic telesurgery followed by a Q&A session.

WELCOME RECEPTION

Don't miss the Welcome Reception held on Saturday evening, and enjoy some San Francisco music, cuisine, and fun!

JUNIOR FELLOW OPPORTUNITIES

If you are a Junior Fellow, Monday is the day for you. ABOG leadership will be presenting a seminar on information that will be useful for preparing to take the board exams. It will be followed by The Dr. Scott and The Honorable Dr. Nan Hayworth Junior Fellow Course. See page 35 for details.

MEDICAL STUDENT EVENTS

Workshops and a lecture geared specifically for medical students include the NEW "Step Up to Residency," a CREOG/APGO program designed for 4th year students with hands-on skills training for preparation to begin on Day 1 of residency. See page 21 for details.

SURGICAL TUTORIALS

Surgical Tutorials are offered on Sunday morning. Included in the registration fee.

FILM FESTIVAL

The Film Festival on Sunday afternoon is for you to view the latest in surgical procedures. Films will be shown again on Tuesday.

SESSION TYPES:

COLLOQUIA

Colloquia are keynote lectures that are included in the meeting registration fee.

CLINICAL SEMINARS

These 60-minute sessions are offered from Saturday through Wednesday and are organized by educational track: obstetrics, gynecology, and practice.

You can register for one during each session they are offered. They are included in the registration fee.

LUNCH SEMINARS

Enjoy a boxed lunch while listening to a seminar.

You can register for one each day.

POSTGRADUATE AND HANDS-ON COURSES

Three and six-hour postgraduate and hands-on courses are offered Saturday through Tuesday.

Registration is limited. Reserve your spot today.

LUNCH WITH THE EXPERTS

These roundtable discussions are led by a content expert and organized by educational track. Tables can accommodate nine participants.

Register early to reserve your spot.

POSTER SESSIONS

Poster presentations will be available throughout the meeting Saturday to Tuesday. Authors will be available for one-hour question/answer sessions. Plan to stop by.

CUTTING EDGE TOPICS IN OB-GYN

This session features a panel of speakers from subspecialty societies that will bring you up-to-date on the hot topics and current trends that have the most impact.

SESSION TRACKS:

OBSTETRICS GYNECOLOGY PRACTICE

EDUCATIONAL OBJECTIVES

At the conclusion of the 2015 Annual Clinical and Scientific Meeting, participants should be able to:

- Describe the impact of birth location on outcomes
- Discuss the impact of breast density on mammography results
- Describe the techniques for tissue removal during gynecologic surgery
- Cite the advantages and disadvantages of routine salpingectomy for cancer risk reduction
- Describe the role of routine cervical length screening in pregnancy
- Discuss the evolution of contraceptive regulation in the United States
- Describe the role of disclosure of medical errors in clinical practice
- Identify new strategies for prevention of prematurity
- Describe the role of the pelvic exam in preventative health care

LICENSURE AND CREDENTIALING

CONTINUING MEDICAL EDUCATION

ACCME ACCREDITATION

The American College of Obstetricians and Gynecologists is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA PRA CATEGORY 1 CREDIT(S)[™]

The American College of Obstetricians and Gynecologists designates this live activity for a maximum of **31 AMA PRA Category 1 Credit(s)[™]**. Physicians should only claim credit commensurate with the extent of their participation in the activity.

COLLEGE COGNATE CREDIT(S)

The American College of Obstetricians and Gynecologists designates this live activity for a maximum of 31 College Cognate Credits toward the Program for Continuing Professional Development for the Annual Meeting.

The College has a reciprocity agreement with the AMA that allows **AMA PRA Category 1 Credits[™]** to be equivalent to College Cognate Credits.

Physicians may claim either **AMA PRA Category 1 Credit(s)[™]** OR College Cognate Credit. Physicians may NOT claim both.

If you are a physician member of the College, you may have your CME credits tracked through the College cognate system (our unique program for documenting continuing professional development). If you are not a physician member of the College, or if you do not want your credits tracked by the College, you will be responsible for reporting the CME credits that you earn at the Annual Meeting yourself.

Saturday	Maximum 8 CME credits
Sunday	Maximum 8 CME credits
Monday	Maximum 7 CME credits
Tuesday	Maximum 7 CME credits
Wednesday	Maximum 1 CME credit
TOTAL = 31 CME credits	

DISCLOSURE OF FACULTY AND INDUSTRY RELATIONSHIPS

In accordance with College policy, all faculty members and planning committee members have been asked to sign a statement in which they have disclosed any financial interests or other relationships with industry relative to topics they will discuss at this program. At the beginning of the program, faculty members are expected to disclose any such information to participants. Such disclosure allows you to better evaluate the objectivity of the information presented in lectures. Please report on your evaluation form any undisclosed conflict of interest you perceive.

EDUCATIONAL OPPORTUNITIES FOR STATE LICENSURE AND CREDENTIALING

These courses may be useful to comply with credentialing and licensure requirements. It is your responsibility to submit evidence of your attendance at these courses. ACOG does not guarantee that this evidence will be accepted by an agency or institution.

This symbol is representative of an educational opportunity in one of the content areas listed below.

CLINICAL COMPETENCE OR FOCUSED AREA OF INTEREST:

Cultural Competence: Page 43

Genetics/Genomics: Pages 31, 37, 44

Geriatrics: Page 39

Infectious Diseases/Infection Control: Pages 24, 29, 38

Interpersonal and Communication Skills: Pages 27, 28, 29, 43

Medical Ethics: Page 27

Pain Management: Pages 20, 28, 43

Practice-Based Learning and Improvement: Pages 16, 26

Patient Safety: Pages 16, 25, 28, 29, 43

Prescribing of Controlled Substances: Pages 29, 31

Risk Management: Pages 20, 37

Systems-Based Practice: Pages 31, 33

Use this chart to identify sessions to help you study!

OBSTETRICS

IA. Preconception/Antenatal Care (40)

Routine prenatal care (diet; life style; habits)
Counseling (29, 31)
Genetic (44)
Teratogenesis
Exercise
Complications
Nausea and vomiting; hyperemesis
Early pregnancy loss
2nd and 3rd trimester losses
Multifetal gestation (19)
Hypertensive disorders unique to pregnancy
Pre-eclampsia
Eclampsia
Infectious diseases
Coexistent medical diseases (25, 32)
Surgical conditions (acute abd., adnexal & breast masses, etc.)
Psychiatric disorders (17, 33)
Fetal assessment/Prenatal diagnosis (24)
Abnormal fetal growth
Anomalies
Ultrasound (18)
Abnormalities of AFW
Indications for testing
Isoimmunization

IB. Intrapartum Care

Normal
Induction and augmentation (17)
Fetal monitoring (normal) (25)
Abnormalities of labor (37)
Preterm labor and delivery (38)
Post-term
Preterm ROM
Fetal monitoring (abnormal)
Dystocia (16)
Malpresentations (breech, face, brow, etc.)
Cord problems (prolapse, know, entanglement, etc.)
Infections (chorioamnionitis, mastitis, etc.)
Hemorrhage (15, 41)
Thrombosis/Embolism (33)

Operative

Cesarean (primary, repeat, emergency, hysterectomy, VBAC) (28, 33)
Forceps (15)
Vacuum (41)
Wound complications
Complications of operative delivery
Episiotomy and tears (perineal, cervix, vagina, vulva, hematoma)
Placental complications (26)
Abruptio
Previa
Acrida/percreta (25)
Anesthesia (20)

IC. Postpartum Care

Routine (includes lactation)

GYNECOLOGY

IIA. Diagnostic

Ultrasonography (39)
Diagnostic Laparoscopy (25)
Diagnostic Hysteroscopy (23, 24)

IIIB. Preoperative Evaluation

Routine evaluation
Co-existing medical conditions (DM, CV, Pulm, thrombophilias, etc.) (32)
Geriatric (39)

IIIC. Surgical Management

Non-infectious benign conditions (41)
Vulvovaginal/cervical (VIN, CIN, VAIN, masses, etc.) (16)
Uterine (myomas, AUB, hyperplasia, etc.)
Tubal (ectopic, infertility, sterilization, etc.)
Adnexal masses (20)
Pelvic relaxation (cystocele, rectocele, prolapse, etc.) (37)
Fistulae (all)
Endometriosis and adenomyosis (43)
Urinary and fecal incontinence (18)
Pelvic pain
Acute (torsion, appendicitis, etc.)
Chronic (endometriosis, etc.) (28)

Infectious conditions

PID (salpingitis, tubo-ovarian abscess, TB, etc.)

Spontaneous, complete, incomplete abortion (1st and 2nd trimester) (27)
Congenital anomalies (reproductive tract)

IIID. Surgical Procedures

Minor

Operative Laparoscopy (including sterilization) (25)
Operative Hysteroscopy (24)

Major

Hysterectomy (with and without oophorectomy) (25, 31)
Vaginal (26)
Abdominal
Laparoscopic (total and LAVH)
Robotic (23)
Pelvic floor repairs
Prolapse (39)
Incontinence
Laparotomy (28)

IIIE. Surgical Complications (24)

Hemorrhage
Bowel injury (small and large)
Urinary tract injury

IIIF. Neoplasia

Vulva & vagina
Cervix (29)
Uterus
Tube
Ovary
GTN
Breast (39)

IIIG. Postoperative Care and Complications

Routine (orders, diet, etc.)

Gastrointestinal

Injury
Ileus
SBO
Necrotizing fasciitis
Wound (23)
Normal care
Infection
Dehiscence
Urinary tract
UTI
Fistulae

IIH. Emergency Care

OFFICE PRACTICE / WOMEN'S HEALTH

IIIA. Routine care

Age-appropriate screening
Immunizations (19)
Lifestyle counseling (obesity, smoking, exercise, substance abuse, etc.) (33, 43)
Perimenopause and menopause (32, 37, 41)
Family planning
Contraception (34, 40)
Sterilization
Pediatric and Adolescent Care (29)
Congenital anomalies
Menstrual disorders
Psychosocial
Geriatric Care
Obesity (29)
Genetic counseling (non-pregnancy related, eg BRCA) (31)

IIIB. Medical Problems

Breast disorders (25, 41)
Imaging
Benign
Malignant
UTI
Major diseases (32)
CV (includes hypertension, MI, etc.)
Pulmonary
Gastrointestinal
Thrombophilias (33, 41)
Autoimmune (DM, lupus, etc.)
Endocrine (thyroid, adrenal)
Dyslipidemias
Osteopenia and osteoporosis
Minor diseases (32, 37)
Headache
Irritable bowel
Arthritis
STIs

IIIC. Gynecologic-Specific Disorders

Endocrine
PCOS
Hirsutism
Infertility (any cause) (37)
Evaluation
Office treatment (clomid, etc.)
Other disorders of menstruation (AUB, PMS, migraine, dysmenorrhea, etc.)
Vulvar conditions (24, 38)
Infectious diseases

VIN

Dermatoses (ulcers)
Chronic pain
Vaginal conditions (24)
Discharge
Septae
VAIN
Cervix (29)
Abnormal cytology
CIN (dysplasia, CIS) (19)
Colposcopy
Infectious disease
Incompetence

Uterus

Myomas
Polyps
Hyperplasia

Ovary

Cystic masses
Solid masses

Pelvic pain

Acute
Chronic (20)
Endometriosis (38)
Incontinence and pelvic floor defects (18)
Bladder
Rectum
Prolapse

Early pregnancy loss (spontaneous, recurrent)
Other benign pelvic masses
Reproductive tract cancer

Vulva
Cervix
Uterus
Ovary

IIID. Psychosocial

Sexual dysfunction (20, 34, 39)
Domestic violence (28)
Psychiatric disorders (depression, eating disorders, etc.) (17, 33)
LGBT issues (27)

IIIE. Office Procedures

LEEP
Essure
IUD (20)
Hysteroscopy (23, 24)
Ultrasonography (39)

IIIF. Cross Content

Basic Science

Physiology
Anatomy (23)
Pathology
Microbiology
Immunology
Embryology
Pharmacology
Genetics

Ethics and Professionalism

Epidemiology and Evidence-Based Medicine (20)

Systems-Based Practice

Patient Safety

Communication (Patients and Peers) and Health Literacy (28, 40)

COLLABORATION

Collaboration within Obstetrics and Gynecology enhances the educational value ACOG offers at our annual meeting. Our professional partners are featured in the sessions highlighted by these icons.

THESE ICONS SIGNIFY COLLABORATION WITH OTHER ORGANIZATIONS.

THE AMERICAN BOARD OF
OBSTETRICS AND GYNECOLOGY

SOCIETY OF OB-GYN HOSPITALISTS

AMERICAN COLLEGE OF PHYSICIANS

SOCIETY OF GYNECOLOGIC ONCOLOGY

AMERICAN ASSOCIATION OF
GYNECOLOGIC LAPAROSCOPISTS

THE SOCIETY FOR ACADEMIC SPECIALISTS IN
GENERAL OBSTETRICS AND GYNECOLOGY

AMERICAN SOCIETY FOR
REPRODUCTIVE MEDICINE

SOCIETY FOR MATERNAL-FETAL MEDICINE

AMERICAN UROGYNECOLOGIC SOCIETY

SOCIETY OF FAMILY PLANNING (SFP)

NORTH AMERICAN SOCIETY FOR PEDIATRIC AND
ADOLESCENT GYNECOLOGY (NASPAG)

SOCIETY OF GYNECOLOGIC
SURGEONS (SGS)

FOR THE SPECIALIST IN COMPREHENSIVE OBSTETRICS AND GYNECOLOGY (GENERALIST)

NEW

NEW this year, these sessions are presented by subspecialty societies and geared to the practicing ob-gyn.

SATURDAY, MAY 2

2:00 PM – 5:00 PM

SOCIETY FOR MATERNAL-FETAL MEDICINE (SMFM)

- The Progesterone Story: Why, How, Who, When, What
- Preterm Premature Rupture of Membranes: At the Limits
- Three Dreaded Phone Calls—Infectious Exposures to Fear or Not
- Multiple Gestation: Those Complicated Twins—Does Chorionicity Matter
- Noninvasive Prenatal Testing: Really for All

SUNDAY, MAY 3

9:00 AM – 12:00 PM

SOCIETY OF GYNECOLOGIC SURGEONS (SGS)

- Evidence-based medicine of surgical practice
- Vaginal hysterectomy (the original and still pre-eminent form of minimally invasive hysterectomy)
- Techniques of vaginal hysterectomy
- Summaries of the Systematic Research Group (SRG) on: Mesh Use in Reconstructive Surgery, the Management of Abnormal Uterine Bleeding, Prevention of Venous Thromboembolism and/or use of Estrogen and the Pelvic Floor
- Two award-winning research papers with expert discussion of findings

SOCIETY OF GYNECOLOGIC ONCOLOGY (SGO)

This presentation will review current trends in breast cancer care. It will also review complex surgical procedures and tips and tricks for topics including obesity and Morcellation.

MONDAY, MAY 4

9:00 AM – 12:00 PM

SOCIETY OF FAMILY PLANNING (SFP)

The Society of Family Planning will be hosting a three hour session that will highlight new research and clinical practice issues related to contraception, abortion, STIs, sexuality, and how to translate the best evidence into clinical practice.

SOCIETY OF OB-GYN HOSPITALISTS (SOGH)

Improving Outcomes and Care of Hospitalized Obstetric Patients

The course will introduce and review processes that improve:

- Clinical outcomes and provide specific clinical examples of success
- More effective ways to provide medical care
- Methods to decrease the cost of healthcare
- Use safety, organization, leadership, and teamwork skills to identify areas of opportunity
- Implementation, and measure patient care and obstetric service projects

2:00 PM – 5:00 PM

AMERICAN ASSOCIATION OF GYNECOLOGIC LAPAROSCOPISTS (AAGL)

- Demonstration of difficult laparoscopic techniques
- Designed for gynecologic surgeons who have incorporated the gamut of minimally invasive surgical option to patients
- Surgical dissection
- Tissue extraction techniques

THE SOCIETY FOR ACADEMIC SPECIALISTS IN OBSTETRICS AND GYNECOLOGY (SASOG)

A fast-paced series of presentations and panel discussion by national experts featuring practical tools for practice including:

- Emerging infections in pregnancy
- Collaborative care models for reducing cesarean delivery
- Practical update on female sexual disorders for the busy clinician
- Pelvic exam on request and shared decision making
- HPV screening for cervical cancer
- Top 2 SASOG abstracts will be featured in 10-minute segments throughout the session

TUESDAY, MAY 5

9:00 AM – 12:00 PM

THE AMERICAN SOCIETY FOR

REPRODUCTIVE MEDICINE (ASRM)

Case-based interactive presentations of:

- New diagnostic approaches to fertility therapy
- Endometriosis
- Clinical oncofertility
- When to refer for male fertility evaluation
- How old is too old for ART?

NORTH AMERICAN SOCIETY FOR PEDIATRIC AND ADOLESCENT

GYNECOLOGY (NASPAG)

- Adnexal masses in the adolescent
- Common findings of functional ovarian cysts
- Algorithm for dysmenorrhea treatment
- Endometriosis in the adolescent

AMERICAN UROGYNECOLOGIC SOCIETY

(AUGS)

Office Management Challenges for the Ob-Gyn Involving the Lower Urinary Tract and Pelvic Floor

Case presentations highlighting:

- Pelvic floor physical therapy
- New treatments for OAB
- Urodynamics in your practice
- Staging and evaluating prolapse including anterior and posterior repair versus a pessary versus surgical decision making for urinary incontinence and prolapse
- Slings and mesh—the real deal, what is okay and what is not

COLLOQUIA

SATURDAY, 9:00 AM – 9:45 AM

The Hale Lecture “Improving Women’s Healthcare with Organized Medicine and Technology”

Robert M. Wah, MD

The Power, Promise and Pitfalls of organized medicine and health information technology will be discussed with our patients in the center.

SATURDAY, 9:45 AM – 10:15 AM

The Anna Marie D’Amico Lecture: More information to come

Jon Murad

SATURDAY, 10:15 AM – 10:45 AM

The Jim and Midge Breedon Lecture: “Leading a High Performing Women’s Healthcare Team: Your ‘How To’ Checklist”

C.M.A. Max Rogers IV, MD

This session will address the root causes of medical errors leading to maternal and neonatal morbidity/mortality, the role physicians must assume on the women’s healthcare team to insure highly reliable results, and specific steps to incorporate in clinical setting to reduce maternal and neonatal morbidity and mortality.

SATURDAY, 3:15 PM – 4:10 PM

The Donald F. Richardson Memorial Lecture “Birthing Centers vs. Hospital Births—A Debate”

Ginger K. Breedlove, PhD; Edward R. Yeomans, MD

The President of the American College of Nurse Midwives with Dr. Yeomans will debate the growing trend of birthing centers providing care to low risk, healthy, pregnant women with an MFM authority.

SATURDAY, 4:15 – 5:10 PM

March of Dimes Annual Lecture “Emerging Concepts in the Pathogenesis of Preterm Birth”

Michal Aviva Elovitz, MD

This session will explore new concepts in the pathogenesis of preterm birth such as specific molecular profiles involved in premature cervical remodeling and the role of the cervicovaginal microbiome, and find new effective therapeutic options.

SUNDAY, 9:00 AM – 9:55 AM

The John I. Brewer Memorial Lecture “Mammographic Breast Density: What You Need to Know”

Karla Kerlikowske, MD

The impact of dense breasts on breast cancer risk and screening performance, supplemental screening tests, and which state law mandates patient information will be discussed.

SUNDAY, 10:30 AM – 12:00 PM

Are You Smarter Than a Junior Fellow?

Haywood L. Brown, MD—Moderator; Meadow M. Good, DO—Moderator; Rajiv B. Gala, MD—Junior Fellow Participant; Norman F. Gant, Jr, MD—Fellow Participant; Cheryl B. Iglesia, MD—Fellow Participant; Luke A. Newton, MD—Junior Fellow Participant

This NEW session presents a team of Fellows and team of Junior Fellows to see who is smarter than a group of residents.

SUNDAY, 3:15 PM – 4:10 PM

The John and Marney Mathers Lecture “Morcellation Debate”

Keith B. Isaacson, MD; Javier F. Magrina, MD

The benefits, risks, sequelae, and prevention of complications of power morcellation, as well as the use of other techniques, will be debated.

SUNDAY, 4:15 PM – 5:10 PM**The Samuel A. Cosgrove Memorial Lecture “Routine Salpingectomy—A Debate”**

Kevin J. Doody, MD; Beth Y. Karlan, MD

Bilateral salpingectomy to reduce the risk of ovarian cancer while preserving ovarian hormonal function and wider use of routine opportunistic salpingectomy will be debated.

MONDAY, 9:00 AM – 9:55 AM**The Irvin M. Cushner Memorial Lecture “Mitochondrial Transfer for Curbing Oocyte Aging and Treating Genetic Disorders: There is a Responsible Way”—A Debate**

David L. Keefe, MD; Kutluk H. Oktay, MD

One of the major reasons behind declining oocyte quality with age is mitochondrial dysfunction. Oocyte aging is associated with infertility, poor reproductive outcome and other mitochondria-related disturbance.

MONDAY, 10:30 AM – 11:25 AM**The Edith Louise Potter Memorial Lecture “Universal Cervical Length Screening”—A Debate**

Jay D. Iams, MD; Roberto J. Romero, MD

Universal versus selective use of ultrasound measurement of cervical length to identify candidates for progestogen treatment will be debated.

MONDAY, 3:15 PM – 4:10 PM**The Morton and Diane Stenchever Lecture “Learning to Find Life Fulfillment and Harmony as an Ob-Gyn Provider: Ancient Wisdom for Modern Medicine”**

Michael R. Foley, MD

Professional medical care and martial arts are blended by a maternal-fetal medicine specialist who offers a pathway to self awareness, colleague engagement, and self fulfillment.

TUESDAY, 9:00 AM – 9:55 AM**The Benson and Pamela Harer Seminar on History “YOUR Reproductive Decision? There’s a Law for That”**

Anne R. Davis, MD

The course will address controversies past and present, legislative efforts, and how physician advocacy can bring our patients’ everyday dilemmas and medical common sense to those who shape policy and public perception. *Session preceded by the Donald F. Richardson Memorial Prize-winning papers.

TUESDAY, 10:30 AM – 12:30 PM**Gerald and Barbara Holzman Stump the Professors**

Laurie J. McKenzie, MD—Moderator

Professors: Molly A. Brewer, MD; Anthony R. Gregg, MD; Erin E. Tracy, MD; Lynn M. Westphal, MD

This lively session presents four cases to a panel of professors as residents try to STUMP them!

TUESDAY, 4:15 PM – 5:10 PM**The Howard Taylor International Lecture “Should Annual Routine Pelvic Examinations Go the Way of the Dinosaurs?”—A Debate**

Paula J. A. Hillard, MD; Hanna E. Bloomfield, MD

This lecture will detail what other countries are doing when it comes to pelvic exams.

WEDNESDAY, 11:30 AM – 12:30 PM**The ABOG Educational Foundation Lectureship on Patient Safety and Quality Improvement “To Tell or Not to Tell—Disclosure of Errors”**

Patrice M. Weiss, MD

This lecture will address the challenges and techniques of disclosing to patients and families unwanted patient outcomes with and without medical error.

SATURDAY AT-A-GLANCE

HANDS-ON COURSES

**LIMITED SPACES—
RESERVE YOUR SPOT TODAY!**

POSTGRADUATE/HANDS-ON COURSES **SATURDAY** OBSTETRIC EMERGENCIES

11:00 AM – 5:30 PM HANDS-ON (NEW TIME!)

ABO+G

SEE PAGE 8
IB

Obstetric Clinical Emergencies (ECO) Course

Shad H. Deering, MD; Tamika C. Augustine, MD; Thomas J. Benedetti, MD; Lisa M. Foglia, MD; Dena Goffman, MD

Review current clinical evidence and checklists created for specific obstetric emergencies with hands-on simulations. This course is perfect for anyone who wants to review current protocols and practice for common and uncommon obstetric emergencies. It's an update even for those with previous experience in simulation.

2:00 PM – 5:00 PM HANDS-ON

ABO+G

SEE PAGE 8
IB

Essential Skills for Safe Forceps-Assisted Vaginal Delivery

Emmanuelle Pare, MD

Simulations on models will be used to acquire and practice technical forceps skills: assessing fetal position, forceps application, verifying the application and applying traction.

Laparoscopic Suturing Made Easy: A Step-by-Step Approach

Stuart R. Hart, MD; Emad M. Mikhail, MD; Craig J. Sobolewski, MD; Meir J. Solnik, MD

Simulation will be used to teach the skills of basic and advanced laparoscopic suturing and knot tying, including the use of newer technologies such as barbed suture and automated suturing devices.

SATURDAY

OBSTETRIC EMERGENCIES POSTGRADUATE/HANDS-ON COURSES

2:00 PM – 5:00 PM POSTGRADUATE

Gestational Diabetes Mellitus: An Opportunity to Improve

David A. Sacks, MD; Siri L. Kjos, MD, MEd

This course will review diagnostic controversies, developments in the medical and obstetric management of gestational diabetes (GDM), maternal obesity, and glucose intolerance.

The Etiology, Prevention, and Management of Stillbirth

Ruth C. Fretts, MD; Uma Reddy, MD

The epidemiology and risk factors for stillbirth as well as strategies for prevention will be discussed.

Breastfeeding in the High-Risk Patient

Camaryn Chrisman Robbins, MD; Alison Cahill, MD; Kim Hamlin, MD

Ten Steps to Successful Breastfeeding as endorsed by the World Health Organization will be used to instruct breastfeeding in women with surgical or medical complications of childbirth, pre-existing medical conditions, and taking medications in the peri- and postpartum period. Impact on breast milk safety for neonates will be illustrated.

ABO+G

SEE PAGE 8
IA

Gynecologic Ultrasound—Who? What? Where? When? Why?

Chrystie K. Fujimoto, MD; Steven R. Goldstein, MD

This interactive course will expand the use and knowledge of first trimester and gynecologic ultrasound.

ABO+G

SEE PAGE 8
IIIB

Management and Evaluation of Urinary Incontinence

Neena Agarwala, MD; Lawrence Lin, MD; Jonathan Y. Song, MD

The differential diagnosis of incontinence in women and its office diagnosis and management of patients will be demonstrated. Discussion of surgical options, risks and benefits, indications, post-operative issues, and post-operative call will be taught. Mesh-related issues and pertinent data will also be presented.

OB Coding and Documentation

J. Martin Tucker, MD; George A. Hill, MD

New for 2015, this course presents cases in a broad range of practical coding issues in obstetrics: evaluation and management of services, global obstetrical codes, ultrasound services, and other ancillary services. The transition to ICD-10 will be emphasized.

11:15 AM – 12:15 PM

ABO+G

SEE PAGE 8
IB**Shoulder Dystocia: How to Take the Fear Out of Management****Ronald T. Burkman, Jr, MD**

The course will review the epidemiology of shoulder dystocia and neonatal brachial plexus injury with a focus on risk factors. The various release maneuvers will be discussed using animation video. In addition, the key elements needed for appropriate documentation will be reviewed. Additional approaches to prevent, better manage, and improve communication will be part of the discussion. Material from the 2014 ACOG booklet "Neonatal Brachial Plexus Palsy" will be used in the discussion.

**The Busy Obstetrician's Guide to Breastfeeding Support: Maximum Impact, Minimum Effort****Susan D. Rothenberg, MD**

Many OBs know that "breast is best," but lack the skills to help their patients succeed, or fear lengthy discussions that delay the workday. This course will show that you don't need a lot of time or expertise to make a big impact on breastfeeding rates.

PRACTICE-BASED
LEARNING AND
IMPROVEMENT**Fundamentals of Electrosurgery for the Gynecologic Surgeon****Gregory James Raff, MD**

Didactics and live demonstration of electrosurgery will demonstrate best practices for the safe application of monopolar energy in the operating room and office.

Emerging Strategies for Gynecologic Cancer Prevention**Matthew L. Anderson, MD**

This course will highlight new emerging strategies for gynecologic cancer prevention.

PATIENT
SAFETY**reVITALize Gynecology Data Definitions****Julia V. Johnson, MD; Howard T. Sharp, MD**

National standard definitions of common terms used in all ACOG materials and for administrative purposes for quality measures will be discussed. Clinical topics include adolescent and benign gynecology, reproductive planning, infertility, breast and cervical issues, pain and bleeding, urogynecology, and menopause.

2:00 PM – 3:00 PM

ABO+G

SEE PAGE 8
IB

The Connie and Harry Jonas MD Clinical Seminar “Nulliparous Induction of Labor: Timing, Methods, and Success”

Mary C. Tolcher, MD

Indications, methods, and timing of labor induction in nulliparous women will be discussed.

Are You Prepared? Use Business, Technology, and Social Media Tools to Sustain and Grow Your Practice!

David S. Kim, MD, MS, MBA

Online tools to assess patient comments and physician review sites, customer relationship software, track marketing campaigns, referral trends, patient encounters, and the application of financial tools will be discussed.

Diabetes Education for Reproductive-Aged Women

Cassandra E. Henderson, MD, CDE

Healthy eating, physical activity, glucose monitoring, and encouraging self-management with the goal of decreasing insulin resistance will be taught. Polycystic ovary syndrome, bone health, premenopausal syndrome, in utero determinants of T2DM, and diabetes will be discussed.

ABO+G

SEE PAGE 8
IIID

Management of Anxiety and Depression in Women: Tools for Ob-Gyn Practice

Lee A. Learman, MD, PhD

Using cases and questions, this course will prepare ob-gyn specialists to accurately screen, diagnose, and manage uncomplicated depression and anxiety disorders using innovative behavior health methods.

2:00 PM – 4:00 PM

Financial Planning for Physicians: Your Financial APGAR

James T. Breeden, MD

An enjoyable and understandable presentation of the financial planning information necessary for your financial security. You, your spouse, and adult children will learn practical methods of achieving the goals that add value to your lives.

12:30 PM – 1:45 PM

The OB's Guide to Bereavement and Aftercare for Stillbirth

Rana Snipe Berry, MD

Overcome the challenges of handling stillbirth with our patients.

ABO+G

SEE PAGE 8
IA

To Be a Fetus: Management of Twin Pregnancies

Manisha Gandhi, MD

A facilitated discussion on the complications and management of monochorionic and dichorionic twin gestations will be conducted, in addition to the management to prevent preterm birth.

PAIN
MANAGEMENT

Complimentary and Alternative Medicine

Sarah Diana Fox, MD

This course will cover a range of CAM treatment options for patients who prefer a holistic approach.

ABO+G

SEE PAGE 8
IIIC

Contemporary Cervical Cancer Screening and Management of Abnormal Cytology and HPV Results

Lisa Bazzett-Matabele, MD

A comprehensive review of abnormal pap test management and cervical biopsies will be discussed.

PATIENT SAFETY

ABO+G

SEE PAGE 8
IIIA

Logistics for Running a Successful Immunization Program

J. Martin Tucker, MD

The common vaccines given in the Ob-Gyn office will be outlined. Clinical cases will illustrate necessary equipment, personnel, logistics, and basic coding and billing concerns of an immunization program.

12:30 PM – 1:45 PM

Roundtable discussions led by a content expert and organized by educational track. Tables can accommodate nine participants.

Optimizing Robotics During Laparoscopic Surgery

Arnold P. Advincula, MD

This course will highlight strategies for the effective application of robotics in minimally invasive hysterectomy and myomectomy. Case standardization, cost containment, and potential complications will be discussed.

ABO+G

SEE PAGE 8
IID

Techniques in Hysteroscopic Surgery: Operative Hysteroscopy

Linda Bradley, MD

Video presentations, case-based formats, and robust question and answer sessions will review traditional hysteroscopic resection techniques and the emerging role of hysteroscopic tissue removal. Morcellation and preoperative saline infusion sonography will be reviewed.

SUNDAY

OPERATIVE GYNECOLOGY POSTGRADUATE/HANDS-ON COURSES

9:00 AM – 5:00 PM POSTGRADUATE

SEE PAGE 8
IIG

Prevention, Recognition, and Management of Complications from Gynecologic Surgery

Howard T. Sharp, MD; Mark K. Dodson, MD; Malcolm G. Munro, MD

This clinically-oriented course will provide practical information and an evidence-based approach on new surgical technology. Specific pitfalls that contribute to urinary, gastrointestinal, neurological, and vascular injury from laparotomic, laparoscopic, hysteroscopic, and robotics will be explored.

INFECTIOUS
DISEASES

SEE PAGE 8
IIIC

Advancements in Vulvar and Vaginal Diseases

Hope K. Haefner, MD; Libby Edwards, MD; David Scott Miller, MD

Diagnosis, management, and therapy of vulvodynia, pruritus, erosive and ulcerative conditions, vaginitis, squamous intraepithelial lesions, and cancer will be discussed.

Maintenance of Knowledge in Ob-Gyn Practice

Paul G. Tomich, MD ; Janice L. Bacon, MD; Denise M. Elser, MD; Steven W. Remmenga, MD; Erin E. Tracy, MD; Neeta L. Vora, MD

This course is designed to update clinicians in obstetrics and gynecology. It is ideal for those studying for maintenance of certification exams.

9:00 AM – 5:00 PM HANDS-ON

SEE PAGE 8
IA

Basic Obstetric Ultrasound: A Hands-On Experience

Joan M. Mastrobattista, MD; Henry L. Galan, MD; Kathi Keaton Minton, MA, RDMS/RDCS, FAIUM; Sifa Turan, MD; Michael V. Zaretsky, MD

Didactic lectures followed by a hands-on ultrasound experience of scanning patients with industry provided machines for biometry, pregnancy, dating, Doppler applications, amniotic fluid and placental abnormalities, basic fetal anatomy, and basic fetal cardiac evaluation.

SEE PAGE 8
IID

Advancing Your Skills in Operative and Office Hysteroscopy

Andrew I. Brill, MD; Amy L. Garcia, MD; Keith B. Isaacson, MD; Resad Pasic, MD

Video, didactics, and hands-on instruction will provide troubleshooting techniques necessary to perform hysteroscopic procedures safely and efficiently. Office use of local anesthesia and oral medication, essential tools, common barriers, and communication of hysteroscopic procedures is examined in detail.

2:00 PM – 5:00 PM POSTGRADUATE

SEE PAGE 8
IB

Intrapartum Fetal Monitoring—Reducing Risk Through Standardization

David A. Miller, MD; Lisa A. Miller, CNM, JD

A simplified, standardized approach to fetal monitoring that is practical and teachable will be discussed.

SEE PAGE 8
IB

Placenta Accreta: Risk Factors, Diagnosis and Management

Michael A. Belfort, MD; Karin A. Fox, MD; Wesley Lee, MD

The course will focus on the recognition of risk factors, diagnosis, prenatal care management, operative or constructive approaches, and postoperative care of a morbidly adherent placenta. Multidisciplinary team development to manage these cases will be discussed.

SEE PAGE 8
IID

The Original Minimally Invasive Hysterectomy: “How To” Do a Vaginal Hysterectomy

Emanuel C. Trabuco, MD; John A. Occhino, MD

This course provides a unique opportunity for the gynecologic surgeon to review a detailed step-by-step “how to” guide to perform a vaginal hysterectomy. It will use surgical videos and didactic techniques.

SEE PAGE 8
IID

Maximizing the Minimum in Gynecologic Surgery

Douglas N. Brown, MD; David M. Boruta, MD; Kimberly Kho, MD

Laparoscopic supra-cervical hysterectomy, laparoscopic myomectomy (simple and multi-fibroid), and laparoscopic approach to the complex or complicated adnexal mass will be demonstrated by a series of didactic lectures. Preventing and managing intra- and postoperative laparoscopic complications will be highlighted.

SEE PAGE 8
IA

Medical Disorders During Pregnancy: Update 2015

Michelle Y. Owens, MD; James B. Hill, MD

This course will focus on the latest updates in diagnosis and treatment of common medical complications in pregnancy.

PATIENT
SAFETY

GYN Coding and Documentation

Philip N. Eskew, Jr, MD; George A. Hill, MD

An overview of coding for office visits, surgical procedures, and documentation requirements for each patient encounter will be discussed.

SEE PAGE 8
IIIB

Breast Care in 2015: A Toolkit for the Practicing Ob-Gyn

Mark D. Pearlman, MD; Jennifer L. Griffin Miller, MD

Breast cancer, evaluation and management of breast complaints and benign breast disease will be discussed.

ABO+G

SEE PAGE 8
IB

Update on Management of Abnormal Placentation

Tania F. Esakoff, MD

This course will address the diagnostic modalities currently available for abnormal placentation, pros and cons of several peripartum management strategies, and timing of delivery.

Cervical Insufficiency and Treatment: An Evidence-Based Review

Vincenzo Berghella, MD

The course will review the diagnosis of cervical insufficiency, such as progesterone, cerclage, and pessary for prevention of preterm birth. Technical aspects of cerclage will also be reviewed.

ABO+G

SEE PAGE 8
IID

Vaginal Hysterectomy: The Original Minimally Invasive Approach

Michael D. Moen, MD; Holly E. Richter, PhD, MD

This seminar will review the technique of vaginal hysterectomy, followed by a discussion of strategies to improve the use of vaginal hysterectomy in the future. Training and maintaining skills in technique will be discussed.

Midurethral Slings and Vaginal Grafts: Surgical Principles and Tips

Peter C.C. Mann, MD

Indications, anatomy, and surgical principles regarding midurethral slings and vaginal grafts will be presented.

PRACTICE-BASED
LEARNING AND
IMPROVEMENT

Innovation is Essential to Surgery

Alan H. DeCherney, MD

Over the past decade, gynecologic surgery has undergone a revolution. Minimally invasive surgery has replaced much of what used to be done by an open technique, and new instrumentation is being developed in rapid fire. Many of these new instruments and techniques are untested. These issues will be addressed with a primary emphasis on innovation.

2:00 PM – 3:00 PM

Near-Miss Maternal Mortality: Strategies for Prevention

Avinash S. Patil, MD

In this course, you will learn how to recognize common causes of near-miss maternal mortality and develop strategies to address high-risk clinical scenarios in your obstetric patients.

ABO+G

SEE PAGE 8
IIC**Medical Management of Spontaneous and Elective Abortion**

Sarah W. Prager, MD

This course will review medical management of early pregnancy loss and abortion protocols, pain management, and complications.

ABO+G

SEE PAGE 8
IIC**The Pelvic Mass: Strategies for Providing Optimum Care and Avoiding Nasty Surprises**

Michael M. Frumovitz, MD; Pamela T. Soliman, MD

Encountering an unexpected ovarian cancer intraoperatively is a gynecologist's nightmare. This course will discuss the preoperative evaluation of adnexal masses.

INTERPERSONAL
AND
COMMUNICATION
SKILLS**Perfecting Your Presentations**

Roger P. Smith, MD

Tips on how to plan presentations will be given to maximize how best to demonstrate what you want to say during national meetings, grand rounds, or local civic groups.

ABO+G

SEE PAGE 8
IIID**Care of the Transgender Patient: The Role of the Gynecologist**

Cecile Unger, MD

This seminar will review the important aspects of transgender health care, the needs of gender-minority patients, guidelines and standards that exist to help care for these patients, and important strategies to overcome the barriers that providers and patients face.

MEDICAL
ETHICS**Strategies to Cope with Medical Errors—Avoid the Second Victim**

Patrice M. Weiss, MD; Patrice M. Weiss, MD, Victoria L. Green, MD, JD, MBA

This clinical seminar will describe the effect that medical errors can have on providers and offer personal coping and organizational techniques.

12:30 PM – 1:45 PM

ABO+G

SEE PAGE 8
IB

Cesarean Epidemic: Etiologies, Outcomes, and Potential Solutions

Aaron B. Caughey, MD

We will go through a variety of practice approaches that should be able to reduce the overall cesarean rate in the U.S. This will be framed within the recent OB Consensus Document, “The Safe Prevention of the Primary Cesarean.”

ABO+G

SEE PAGE 8
IID

Laparoscopic Pearls

James Fanning, DO

An interactive, participant-oriented discussion of surgical techniques and tips for laparoscopic surgical practice.

PAIN
MANAGEMENT

Chronic Pelvic Pain: A Relationship-Centered Approach

Sharon B. Stechna, MD

The common cases of chronic pelvic pain and a paradigm for treatment will be discussed.

PATIENT
SAFETY

SCOPE: How to Apply for Your Office Certification

Jennifer M. Keller, MD

ACOG's SCOPE certificate program is a voluntary program enabling ob-gyn offices to develop a culture of safety. Attendees will 'walk-through' the application process to apply for and achieve certification by SCOPE-certified medical directors, also available for Q & A.

INTERPERSONAL
AND
COMMUNICATION
SKILLS

#mHealth4women: Enhancing Healthcare Communication using Digital Technologies

Florence Haseltine, MD

This session will examine the exploding uses of mobile telecommunications (mobile applications, text messages, and Telehealth) that enhance patient communication and care in the outpatient setting and operating room. The primary focus will be on the rapidly expanding use of new devices such as Google GLASS; real time audio and video from these devices will be shared.

LUNCH WITH THE EXPERTS

SUNDAY OPERATIVE GYNECOLOGY

EVENING EVENTS

Mix and Mingle Alumni Reception
6:00 PM – 8:00 PM

**Medical Student, Junior Fellow
Congress Advisory Council, and
Young Physicians Reception**
5:30 PM – 7:00 PM

9:00 AM – 5:00 PM POSTGRADUATE

GENETICS/
GENOMICS

Best Practices in High-Risk Pregnancy

Alessandro Ghidini, MD; Mary E. D'Alton, MD; Lynn L. Simpson, MD

Participants will hear leaders in the field discuss and debate controversial and timely obstetric topics including an update on what you need to know regarding genetic testing, prediction and prevention of first stillbirth, management of twins, an update on neonatal encephalopathy, and an approach to decreasing complications of prematurity. The course will include panel discussion and time for questions and answers to allow participants to ask specific management questions and discuss issues pertinent to their practices.

SEE PAGE 8
IID

Hysterectomy (TLH) and Laparoscopic Supracervical Hysterectomy (LSH)

Michael P. Traynor, MD; Cameron Haugen, MD; Kevin S. Overbeck, MD

This course will identify the fundamentals of laparoscopic hysterectomy, indications, contraindications, ACOG and AAGL recommendations and essential superficial and laparoscopic pelvic anatomy encountered.

PRESCRIBING OF
CONTROLLED
SUBSTANCES

Colposcopy Update 2015: New Guidelines for Screening, Terminology, and Management

Alan G. Waxman, MD, MPH; Teresa M. Darragh, MD; Lisa C. Flowers, MD

Using lectures and case-based discussion, ACOG's cervical screening guidelines including HPV testing and lower genital tract biopsies will be discussed.

2:00 PM – 5:00 PM POSTGRADUATE

Update in Critical Care Medicine Relevant for the Generalist's Practice: Why and What You Need to Know!

Carolyn M. Zelop, MD; Luis D. Pacheco, MD

The role of the ob-gyn in resuscitation multi-disciplinary team required during cardiopulmonary arrest during pregnancy will be discussed. In addition, new principles of transfusion in medicine for massive hemorrhage will be presented.

SYSTEMS-BASED
PRACTICE

Enhanced Prenatal Care for Opiate Addicted Women

Michael P. Marcotte, MD

Opioid use disorders affecting pregnant women will be discussed including case management and wraparound services.

GENETICS/
GENOMICS

Update on Noninvasive Prenatal Testing (NIPT: Indications, Benefits, Limitations, and the Future)

Barbara M. O'Brien, MD; Katharine D. Wenstrom, MD; Glenn E. Palomaki, MD; Jacqueline Halliday, MD; Neeta L. Vora, MD

This course will review and update recent advances in the field of circulating cell-free DNA testing in the prenatal setting.

Avoiding Complications in Minimally Invasive Surgery

Arnold P. Advincula, MD; Ted T. M. Lee, MD

Strategies for handling unexpected obstacles and complications during minimally invasive surgery and nuances associated with surgical technological innovations will be discussed.

Egg Freezing to Preserve Fertility Potential: How to Counsel Your Patients

John C. Petrozza, MD; John L. Frattarelli, MD

Indications, limitations, and risks of oocyte freezing will be discussed.

2:00 PM – 5:00 PM POSTGRADUATE

ACP

Primary Care Aspects for Women—Part 1

James J. Woodruff, MD; Amber Pincavage, MD; George Weyer, MD

This course will prepare participants to address common health prevention issues and to perform initial evaluation, triage, and management of a number of common internal medicine issues.

ABO+G

SEE PAGE 8
IIIA

Menopausal Wellness: Living Longer and Livelier

Patricia J. Sulak, MD; Catherine McNeal, PhD, MD

This course will focus on essential elements of menopausal wellness. Physical, emotional, and spiritual aspects of a healthy lifestyle will be discussed along with risks and benefits of hormone therapy.

2:00 PM – 5:00 PM HANDS-ON

Assessing Your Skills with Simulated Vaginal and Laparoscopic Hysterectomy

Ernest G. Lockrow, DO; Erika H. Banks, MD

The ACOG Simulations Consortium will present two modules from their ASSESS Course (Advanced Surgical Simulation and Endoscopic Surgical Simulation) for vaginal hysterectomy and laparoscopic hysterectomy. This hands-on course utilizes moderate fidelity simulation models to assess your current skills.

11:15 AM – 12:15 PM

ABO+G

SEE PAGE 8
IIIA**Bariatric Surgery and Women's Reproductive Health—An Ob-Gyn's Map to the Clinical Minefield**

Joseph R. Wax, MD

This course will address anatomic and pathologic changes resulting from bariatric surgery aiming to decrease preventable maternal and perinatal morbidity and mortality.

ABO+G

SEE PAGE 8
IB**Coming Full Circle: Inherited Thrombophilias During Pregnancy**

David E. Abel, MD

Diagnosis of inherited thrombophilia and overtreatment will be discussed.

ABO+G

SEE PAGE 8
IB**Evidence-Based Cesarean Delivery**

Eric A. Strand, MD

This interactive session will present evidence-based studies addressing patient positioning, antibiotic administration, skin incision and closure, uterine incision and closure, creation of a bladder flap, and peritoneal closure at cesarean delivery.

ABO+G

SEE PAGE 8
IIID**Perinatal Depression**

Katherine L. Wisner, MD, MS; Emily Miller, MD

Case examples will be used to illustrate the reproductive impact of mood and anxiety disorders, antidepressant pharmacotherapy during pregnancy and risk-benefit decision making for optimization of pharmacotherapy during pregnancy.

SYSTEMS-BASED
PRACTICE**MIS and Robotics Programs: Setting Up for Success**

Charles R. Rardin, MD

Approach for developing credentials, educational support and oversight that has allowed robotics to coexist with other forms of minimally invasive gynecology will be discussed.

Robotic Sacrocolpopexy Complications—Diagnosis and Management

Lennox P. John Hoyte, MD

Detailed MR-based 3D pelvic floor reconstructions and an intraoperative surgical video will illustrate indications, anatomy, and surgical principles relevant to the robotic sacrocolpopexy procedure.

2:00 PM – 3:00 PM

Fertility Preservation

Erica T. Wang, MD

Fertility preservation by embryo and oocyte cryopreservation, the latest in experimental options for fertility preservation such as in vitro maturation and ovarian tissue cryopreservation will be reviewed.

ABO+G

SEE PAGE 8
IIIA

Contraception: What You Need to Know in 2015

Eve Espey, MD, MPH

This session is an update in the important concepts in contraception.

ABO+G

SEE PAGE 8
IIID

Diagnosis and Management of Sexual Problems

Maureen Whelihan, MD

The approach, pharmacology, the psychology and the bibliotherapy for the patient with sexual difficulties will be presented that will make improvements for your patient in as little as one office visit.

ABO+G

SEE PAGE 8
IIIA

LARC in 2015: Getting the Most From IUDs and Implants

Rameet H. Singh, MD

This course focuses on how to get the most out of intrauterine devices (IUDs) and implants by discussing techniques to optimize IUD insertion and strategies to increase retention of IUDs and implants.

Digital and Social Media in Medical Practice 2.0: Online Physician Ratings and Twitter in Public Health

Nathaniel G. DeNicola, MD

The fundamentals of professionalism to case studies in online physician ratings, patient satisfaction surveys such as Press Ganey, social media reviews, and the role of digital social media will be discussed in an effort to minimize online exposure and liability.

Understanding and Enhancing Reproductive Health Care for Women Veterans

Laurie C. Zephyrin, MD, MPH

This course will address the clinical needs of women veterans and importance of developing innovative partnerships and programs to meet the needs of this population.

JUNIOR FELLOW MonDAY

SAVE THE DATE!

*Junior Fellows, join us for
two programs designed
especially for you!*

Monday, May 4
2015 ACOG Annual Meeting
San Francisco, CA

The American College of
Obstetricians and Gynecologists
WOMEN'S HEALTH CARE PHYSICIANS

For more information, contact ACOG's Department of
Junior Fellow Services at 202/863-2561 or visit www.acog.org

AMERICAN BOARD OF OBSTETRICS AND GYNECOLOGY

8:15 AM – 12:15 PM

ABOG Information for taking the Exams

Larry Gilstrap III, MD; Kenneth Noller, MD; George Wendel, MD

McCain AND GELLHAUS FELLOWS LUNCHEON

12:30 PM – 1:45 PM

\$55

Join distinguished McCain Fellows for an always engaging, dynamic discussion of real-life legislative battles—lessons learned and the keys to success.

9:00 AM – 5:00 PM POSTGRADUATE

ABO+G

SEE PAGE 8
IIC

Advanced Surgery for Pelvic Floor Dysfunction and Benign Gynecology

Cheryl B. Iglesia, MD; Tommaso Falcone, MD; Rebecca G. Rogers, MD

Tips and tricks for surgical management of fibroids, including morcellation and alternatives, endometriosis and adnexal masses will be discussed. The course will also review complex surgical treatment for pelvic organ prolapse.

ABO+G

SEE PAGE 8
IIIA

Menopause and Hormone Therapy: Reevaluating the Evidence and Looking Toward the Future

Hugh Smith Taylor, MD; Lubna Pal, MD; Joann V. Pinkerton, MD

Update on the physiology of menopause and describe new and emerging therapies of menopausal symptoms.

11:00 AM – 5:30 PM POSTGRADUATE (NEW TIME!)

ABO+G

SEE PAGE 8
IB

Common Obstetric Dilemmas: Practical Approaches Using Evidence and Experience

Philip Samuels, MD; George R. Saade, MD; Jerome Yankowitz, MD

This course presents thoughts on common, yet complex obstetrics issues and varied ways to approach them. Questions and discussion on the presented topics and any other obstetric dilemmas are encouraged.

2:00 PM – 5:00 PM POSTGRADUATE

Simulation Team Training for Labor and Delivery

Brigid K. McCue, MD; Jennifer A. Tessmer-Tuck, MD

This hands-on course will provide attendees with both skills and tools to respond to critical obstetric emergencies in their own labor and delivery settings.

PAIN
MANAGEMENT

Strategies Controlling Post-Operative Pain Minimizing Narcotics with Multi-Modal Pain Therapies

Adam C. Steinberg, DO; Mikio A. Nihira, MD

This course will provide the framework of providing patients a multimodal post-operative pain regimen with a goal of decreasing the need for narcotics and subsequent side effects.

GENETICS/
GENOMICS

Tried and True Along with the New: Management Strategies for Recurrent First Trimester Pregnancy Loss

Paul R. Brezina, MD; William H. Kutteh, MD, PhD, HCLD

A comprehensive review of the diagnosis and treatment of early pregnancy loss, evaluation, the role of IVF and preimplantation genetic diagnostic testing will be discussed.

ABO+G

SEE PAGE 8
IIIC

Infertility in 2015

Keith A. Hansen, MD; Tiffany A. Von Wald, MD

This course will present an update on evaluation and treatment of infertility in 2015, including preconception counseling, laboratory tests, imaging, and treatment options.

ABO+G

SEE PAGE 8
IIIC

Primary Care Aspects for Women—Part 2

James J. Woodruff, MD; Amber Pincavage, MD; George Weyer, MD

Topics to be covered include: colon cancer screening, cholesterol screening and management, asthma, coronary artery disease, hypertension, thyroid disease, anemia, gastro esophageal reflux disease, irritable bowel syndrome, and depression.

2:00 PM – 5:00 PM HANDS-ON

ABO+G

SEE PAGE 8
IIIE

Gynecologic Ambulatory Procedures: A Hands-On Workshop

Tony Ogburn, MD; Eve Espey, MD, MPH

This session will provide a brief didactic overview of common Gyn office procedures including IUD insertion/removal (including immediate postpartum insertion), MVA, EMB, transcervical sterilization and paracervical block. Indications, technique, potential complications, pain control, and tips on how to manage the difficult case will be presented for each procedure.

9:00 AM – 10:00 AM

ABO+G

SEE PAGE 8
IB

Preterm Birth: Cerclage, 17-OH-P, Vaginal Progesterone, Tocolyze, or Cross Your Fingers?

Rita W. Driggers, MD

The mechanisms and risk factors for preterm birth include infection, uterine bleeding, genetics, and the treatments for those at risk will be presented.

5-Minute MFM Consult

Kirk D. Ramin, MD; Joseph K. Hwang, MD; Susan M. Ramin, MD; Yasuko Yamamura, MD

Cases will be presented to address commonly encountered clinical dilemmas and frequently requested MFM consultations.

Fertility Preservation in Female Cancer Patients

S. Samuel Kim, MD

Fertility preservation for young cancer survivors will be presented.

INFECTIOUS
DISEASES

ABO+G

SEE PAGE 8
IIIC

Vulvar Diseases: What Do You Know?

Hope K. Haefner, MD; Lynette J. Margesson, MD

Vulvovaginitis, non-neoplastic epithelial disorders, precancerous conditions, tumors, and unusual conditions of the vulva will be presented.

ABO+G

SEE PAGE 8
IIIC

Pathophysiology of Endometriosis: New Discoveries Leading to New Treatments

Gregory M. Christman, MD

This session will discuss current and promising new and future surgical and non-surgical treatment strategies for endometriosis. Based on new breakthroughs to better understand the underlying pathophysiology of endometriosis; the potential future use of serum markers, and eutopic endometrial biopsy in the management of patients with pain or infertility will be discussed.

Smart Phones and Tablets: Delivering Tech Tools Such As Apps to Ob-Gyns

Katherine Tsia-Huey Chen, MD

Enhance patient care in ob-gyn practice with the use of mobile technology to increase work productivity. Real time apps and live websites will be demonstrated.

NEW THIS YEAR! WE ARE UNVEILING The Sterling B. Williams MD, PhD, Memorial Lecture Series on Menopause and Hormone Therapy

TUESDAY, 9:00 AM – 10:00 AM

Nanette Santoro, MD

Managing the Menopausal Transition and Beyond

TUESDAY, 10:30 PM – 11:30 PM

John E. Buster, MD

Postmenopausal Estrogens: Pills, Patches, Pellets, and Gels

TUESDAY, 2:00 PM – 3:00 PM

Roger Lobo, MD

Use of HT in Women with Medical Diseases

2:00 PM – 3:00 PM

Update in Fetal Surgery: What's Available and What's Appropriate

Michael A. Belfort, MD

This course will cover the field of fetal intervention and surgery and is intended to educate general obstetrician gynecologists and maternal fetal medicine practitioners on the latest developments in this arena.

ABO+G

SEE PAGE 8
IIIE**Anomalies That Should Not Be Missed By Ultrasound**

Daniel W. Skupski, MD; Stephen T. Chasen, MD

This seminar focuses on ultrasound images of common and uncommon problems and anomalies that can complicate singleton or multifetal pregnancies that may be encountered by any practicing obstetrician.

ABO+G

SEE PAGE 8
IIF**Inherited Breast and Gynecologic Cancer: What is New for 2015?**

Noah D. Kauff, MD

Using both didactic- and case-based format, current approaches for hereditary cancer risk assessment and management will be presented and discussed.

GERIATRICS

Gynecologic Surgery in the Geriatric Patient

Elisabeth A. Erikson, MD

An approach to older adults undergoing surgical procedures, assessed for frailty, cognitive ability, and functional status in the preoperative period will be presented.

ABO+G

SEE PAGE 8
IIID**Sexuality in the Elder Woman**

Michael L. Krychman, MD

Sexually transmitted diseases and sexual disorders in the elder woman will be discussed.

ABO+G

SEE PAGE 8
IID**The Vaginal Pessary: A Minimally Invasive Approach to Pelvic Organ Prolapse and Incontinence**

Maria Teresa Tam, MD

This educational course reviews the indications and contraindications for pessary use, types of pessaries commonly available, and their clinical applications. Pessary fitting is also discussed.

Oocyte Freezing: Everything You Need to Know to Discuss Fertility Postponement with Your Patients

Pasquale Patrizio, MD

The seminar will provide an overall description of elective oocyte freezing, including the success rate and will provide crucial information to be passed on to women during their health maintenance exams.

Abnormal Uterine Bleeding: Wading Through the Evidence on Treatment Effectiveness

Kristen A. Matteson, MD

This course will cover the three issues of AUB and discuss the evidence of effectiveness of treatments for AUB (combined oral contraceptives, progestins, NSAIDs, antifibrinolytics, the levonorgestrel intrauterine system, and endometrial ablation).

12:30 PM – 1:45 PM

ABO+G

SEE PAGE 8
IIA

Exercise in Pregnancy: The New Guidelines

Linda M. Szymanski, MD

Exercise physiology and safe exercises in pregnancy will be reviewed.

Endometrial Hyperplasia in 2015

Joel Sorosky, MD

The 2015 diagnosis, management, and treatment of endometrial hyperplasia will be reviewed.

ABO+G

SEE PAGE 8
IIIC

Maintaining Midlife Mood, Mind, and Memory: Therapeutic Options

Sarah L. Berga, MD

The histologic mechanism and effect of sex steroids upon the brain and the neuroprotective effects of estrogens, SERMS, and progestins will be discussed.

Managing Infertility Without IVF

Jani R. Jensen, MD

This course will provide a practical, efficient strategy for the ob-gyn specialist to evaluate couples with fertility concerns and will present evidence-based treatment protocols without IVF.

ABO+G

SEE PAGE 8
IIIA

Contraceptive Counseling: Patient-Focused, Evidence-Based

Amy K. Whitaker, MD; Tessa E. Madden, MD

Description for last seminar: A review of current knowledge in exercise physiology and pregnancy will focus on trimester specific changes and safe exercise recommendations in pregnancy as well as the related perinatal outcomes.

LUNCH WITH THE EXPERTS

TUESDAY
MENOPAUSE

12:30 PM – 1:45 PM

Roundtable discussions led by a content expert and organized by educational track. Tables can accommodate nine participants.

PATIENT SAFETY AND OFFICE PRACTICE

KEY

Colloquia	Film Festival, Abstracts	Lunch Seminars
Clinical Seminars	Meetings	Evening Events
Postgraduate and Hands-On Courses	Lunch with the Experts	Breaks

New Fellows will be inducted during the Presidential Inauguration and Convocation on Wednesday, May 6. New Fellows will be recognized individually as they are called by name to walk across the stage. Fellows admitted from 2014 through March 1, 2015, and Fellows from the class of 2013 are invited to participate.

11:00 AM – 12:30 PM

INTERPERSONAL
AND
COMMUNICATION
SKILLS**Strategies to Strengthen Patient Communications****Brenda Walsh**

Strategies to increase better communication and interpersonal skills prevent medical crisis and expensive intervention and provide better support to patients.

11:30 AM – 12:30 PM

New Pap Test and Management Guidelines: Navigating 2012 and 2013 Practice Guidelines from the College and ASCCP**Alan G. Waxman, MD, MPH**

This interactive session will use patient cases to discuss evidence-based screening for cervical cancer and management of women with abnormal screening results and biopsies.

An Update from the ACOG Committee on Health Care for Underserved Women**Wanda K. Nicholson, MD; Barbara S. Levy, MD**

This session will provide an overview of recent committee opinions and other educational and advocacy tools to support care and advocacy for underserved women and how these strategies can assist in addressing and correcting disparities in care.

SEE PAGE 8
IIC**Endometrial Biopsies: What The Heck Do I Do With This Path Report?****Christopher M. Zahn, MD**

Cases to discuss pathologic diagnosis in endometrial biopsies important for clinical management will be discussed.

PAIN
MANAGEMENT**Pain Management of Office-Based Gynecological Procedures****Rameet H. Singh, MD**

This course focuses on pain management of common office-based gynecological procedures like endometrial biopsy, intrauterine device insertion, colposcopy and biopsies, hysteroscopy, and hysteroscopic permanent contraception and first trimester dilation and curettage.

PATIENT
SAFETY**Burnout: A Constant Threat****Roger P. Smith, MD**

Simple tools to identify the causes and symptoms of physician burnout by overwork and stress will be presented.

CULTURAL
COMPETENCE**Global Health Opportunities for Medical Students, Residents, Fellows, Academic Programs and the Obstetrician and Gynecologist****Washington C. Hill, MD; Frank William J. Anderson, MD**

The presentation will be an update of challenges, successes, rewards and how to become a part of the Global Health experience.

SEE PAGE 8
IIIC**Update on Management and Impact of Obesity in Ob-Gyn****Sherry L. Blumenthal, MD**

This course will review the serious consequences of obesity upon the pregnant woman and her fetus/neonate/child. Approaches including bariatric surgery will be discussed.

Human Papillomavirus Vaccination: The Next Steps Forward**Kevin A. Ault, MD; Anne Schuchat, MD**

This clinical seminar will discuss the science and public policy behind the new HPV vaccine recommendations. Barriers to uptake of this vaccine will also be discussed.

11:30 AM – 12:30 PM

How to Become a Reviewer for the Green Journal

Nancy C. Chescheir, MD; William W. Hurd, MD

The session will present the peer-review process for the Journal and some information about the Journal and its importance to Ob-Gyn practitioners.

INFECTIOUS
DISEASES

Preexposure Prophylaxis and Antiretroviral Treatment for the Prevention of HIV Transmission

Jean Anderson, MD; Jenell S. Coleman, MD

This session will highlight Preexposure Prophylaxis (PrEP) and Antiretroviral Treatment for the prevention of HIV transmission. PrEP is one of the newest and most useful tools for HIV negative women at highest risk of HIV transmission.

GENETICS/
GENOMICS

Noninvasive Prenatal Testing: Why Is It Revolutionizing Prenatal Screening and Diagnosis?

Lorraine Dugoff, MD

Non-invasive prenatal testing (NIPT) for aneuploidy using cell-free DNA in maternal plasma is revolutionizing prenatal screening and diagnosis. We will review NIPT in the context of established screening and invasive technologies and will address late-breaking topics related to NIPT.

CUTTING EDGE TOPICS IN OB-GYN

TUESDAY, 3:30 PM – 5:15 PM

This session will feature a panel of speakers from subspecialty societies that will bring you up-to-date on the hot topics and current trends that have the most impact. **Moderator:** L. Chesney Thompson, MD

SOCIETY FOR MATERNAL-FETAL MEDICINE (SMFM)

Society of Gynecologic Oncology

SOCIETY OF GYNECOLOGIC ONCOLOGY (SGO)

THINGS TO REMEMBER

TRAVEL INFORMATION

ACOG has an agreement with United Airlines and Delta Airlines for discounts on airfare to the 2015 Annual Clinical and Scientific Meeting, San Francisco, California for travel booked for the forum for the dates April 29 through May 9, 2015. The discounts range from 2–10% if you use the ACOG discount codes while booking the travel. Booking options listed below:

United Airlines

On-line Bookings (2%–10% discount)

Go to: www.united.com and enter offer code to get discounted rate.

Offer Code: ZT33133177

Phone (2%–10% discount): 1-800-426-1122 (there may be an airline processing fee)

Meeting Z Code: ZT33

Agreement Code: 133177

Delta Airlines

Online Bookings (2%–10% discount) at www.delta.com

Enter meeting event code for discounted rate.

Meeting Event Code: NMJUB

Phone: 1-800-328-1111 (there may be an airline processing fee)

Ticket Designator Code: NMJUB

Group Ticket Designator: NGBH2 (if you have a group of 10 traveling together on the same flights)

EXHIBIT HALL HOURS

Monday, May 4	10:30 AM – 5:00 PM
Tuesday, May 5	10:30 AM – 4:00 PM
Wednesday, May 6	10:30 AM – 3:00 PM

CAREER CONNECTION

Access hundreds of jobs! Post your CV or search job postings! The ACOG Career Connection booth will be available during the annual meeting and a career fair will be held in the Exhibit Hall on Tuesday, May 5 from 2:00 pm to 4:00 pm.

THE DONOR LOUNGE

We are excited to announce that the Donor Lounge will now be open all five days of the annual meeting—Saturday through Wednesday. The Donor Lounge is available exclusively to President's, Beacham, Reis, and Junior Fellow Society Members. The Lounge will be located in Room 110 of Moscone Center.

SENIOR AND FOUNDING FELLOW LOUNGE

Welcome Founding, Life and Senior Fellows! Come gather with colleagues and friends. The Senior and Founding Fellow Lounge will be located in the Moscone Convention Center and will be open Monday through Wednesday. Light refreshments will be available.

MOTHERS' LOUNGE

ACOG will have a room in the convention center for mothers who are nursing. Breast pumps and individual kits will be available for those who need this service. The Mothers' Lounge equipment is free of charge to Annual Meeting attendees, but storage is not permitted. The room will be open 8:00 AM – 5:00 PM from Saturday, May 2 through Wednesday, May 6.

CHILDREN'S POLICY

For the protection of your children and in order to maintain the scientific nature of the exhibition, no children under the age of 18 will be allowed in the exhibit hall during installation, dismantle, or show hours. Strollers are not permitted in the exhibit hall at any time. An exception will be made on Wednesday, May 6 from 10:30 – 11:30 AM during the Convocation Reception, when a designated area in the exhibit hall will be made available for children.

ACOG ADVOCACY CENTER

NEW CAPITAL COFFEES!

Want to learn about federal, state, and political hot topics? Join ACOG legislative leaders each day at 10:00 am at the ACOG Advocacy Center located in Moscone South Lobby for coffee and conversation about legislative issues that matter to you and your patients. This event is free to attend and seating will be by availability.

INDUCTION OF NEW FELLOWS

New Fellows will be inducted during the Presidential Inauguration and Convocation on Wednesday, May 6. New Fellows will be recognized individually as they are called by name to walk across the stage and receive their certificates from the ACOG Executive Vice President. A professional photographer will take pictures as you shake hands with the ACOG President. Fellows admitted in 2014 through March 1, 2015 and Fellows from the class of 2013 are invited to participate. Immediately following the Presidential Inauguration and Convocation, a reception will be held to honor newly-inducted Fellows and their families.

ROBING

Robing will be available for VIPs and newly-admitted Fellows. More detailed information will be available in the Final Program.

SPOUSE AND GUEST EVENT

Chocolate and All That Jazz

Monday, May 4 10:30 AM – 12:30 PM

San Francisco Marriott Hotel

Cost: \$20

The word "Chocolate!" brings to mind a flavor sensation that the entire world savors and craves. Food and nutrition, romance and love, health, history, power and culture are found in the cacao pod. Guests will be guided through a tasty sensation tour of the world of cacao from the bean to the bar. History, geography, culture and myths are explored. Use all of your senses as you

THINGS TO REMEMBER

discover and discuss this magical botanical wonderland of flavors, tastes, smells, touch and sights. “Chocolate!” is a fun and entertaining experience. A variety of high-quality chocolate products will be provided to reach all of your senses and make this interactive event entertaining and memorable. If you’re a confirmed chocoholic or a serious bystander, learning about chocolate can best be done by tasting. Like a wine tasting...only better. Background entertainment will be provided by a local jazz favorite: David Landon and his trio.

ACOG EXHIBIT BOOTH (#1217)

Don’t forget to stop by the ACOG Exhibit Booth. The ACOG Exhibit is the one place to obtain information on the many activities of the College and Congress. College and Congress publications and products will be on display and samples of many of the patient education pamphlets will be available.

On Monday and Tuesday, May 4 and 5, ACOG Fellows Edward Zabrek, MD, the medical editor of *iPhone Life* magazine, and Brian A. Levine, MD, MS, Junior Fellow (District II), will demonstrate the latest handheld computers and mobile devices. Handheld devices will also be available for physicians to experience the latest medical computing technology.

On Wednesday, May 6, the ACOG Booth will be the venue for the 6th Annual Historical Film Festival sponsored by the J. Bay Jacobs, MD, Library for the History of Obstetrics & Gynecology in America. The College will be featuring a film by Lyle G. McNeile, MD and Donald G. Tollefson, MD from the University of Southern California Department of Ob-Gyn entitled “Around the Clock: You and Your Baby” (featuring “Teddy Boy”) from 1931.

Also on Wednesday, May 6, the ACOG Booth and the exhibit hall will be the venue for the Convocation Reception. We will welcome the 2014–2015 class of new Fellows of the College.

Throughout the meeting, staff from various committees and programs will be on hand to provide members with information and answer questions about services and development of guidelines. In addition, staff will be available to answer any questions you may have regarding the ABOG Maintenance of Certification program.

Editors and staff from *Obstetrics & Gynecology* will be present to discuss future plans and answer questions about submitting articles for publication. Demonstrations of the electronic manuscript submission system and the journal website will be available upon request.

PHOTOGRAPHY AND FILMING

Professional photographs, audio, and video will be captured during the annual meeting. Attendees and their guests hereby grant ACOG and its representatives’ permission to be photographed and/or recorded by audio and/or video at the meeting. Attendees and their guests give ACOG permission to copyright, publish, and distribute these photographs, audio recordings and/or video recordings and use them in any and all media, including print and electronic for any lawful purpose. Attendees and their guests hereby release and discharge the College, its officers, directors, employees, agents, assigns, and designees from any and all claims and demands arising out of or in connection with the use of Annual Meeting photography, audio and/or video, including but not limited to any claims for defamation or invasion of privacy.

DONOR ALERT!

BECOME A PRESIDENT’S, BEACHAM, REIS OR JUNIOR FELLOW SOCIETY MEMBER. Renew your membership or join for the first time while registering online for the annual meeting or go to our home page www.acog.org and click the **DONATE NOW** button.

CAMP ACOG AND YOUTH TOURS

SUNNY SAN FRAN

Come see the all the sights that Francisco has to offer as you enjoy the perfect weather, and make new friends at one of the most popular international tourist destinations in California. Camp ACOG is here to offer you 4 fun-filled days that will be packed with non-stop adventures. San Francisco is one of America's most exciting cities with enough history, mystery and entertainment to satisfy our campers. With crafts and games to complement our host city and exciting tours around the area, you will be blown away with non-stop fun.

*Please note that all children ages 6 years and older are welcome to participate in the off-site Youth Tours. Children under 6 years, and those above 6 years who wish to remain on-site, will be entertained with various games, arts & crafts, movies, and special visitors, such as magicians, clowns, and face painters.

TOTALLY TECHNO

TECH MUSEUM OF INNOVATION AND IMAX

Today we'll travel to the **Tech Museum of Innovation** to see things that go squeak, blink and bump. From the first whoosh, plunk, and whirl of the audio-kinetic sculpture outside, we'll know this is no ordinary museum! This museum brings Silicon Valley ingenuity to life with imaginative exhibits and labs that expose us to the remarkable technological advances taking place around us every day. Here we'll discover firsthand how the technologies of today work, and how they affect our life everyday. See how bits of silicon from rocks become the computer chip in our calculators. Picture a 23-foot double helix made of telephone books, a giant "microchip" that calculates the day of the week your birthday falls on in the year 2020, and a robot that draws your portrait or plays a game. It's technology at our fingertips! *Lunch is included.*

OVERALL SCHEDULE

Saturday, May 2

Onsite: 7:30 AM – 5:30 PM

"Totally Techno"

Off-Site Tour: 10:00 AM – 4:00 PM

Sunday, May 3

Onsite: 7:30 AM – 5:30 PM

"Weird Science"

Off-Site Tour: 10:00 AM – 4:00 PM

Monday, May 4

Onsite: 7:30 AM – 5:30 PM

"Day of Discovery"

Off-Site Tour: 10:00 AM – 4:00 PM

Tuesday, May 5

Onsite: 7:30 AM – 5:30 PM

"Land and Sea Adventures"

Off-Site Tour: 10:00 AM – 4:00 PM

**On-site fee is
\$5 per hour, per child**

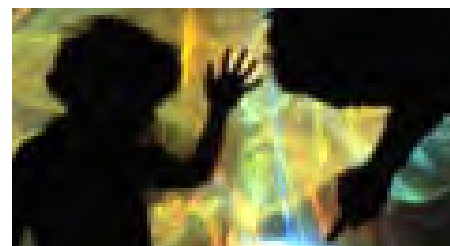

Date	Saturday, May 2
Time	10:00 AM – 4:00 PM
Cost per Child	\$40.00

Please register for Camp ACOG and Youth Tours at www.accentregister.com/register/campacog15

CAMP ACOG AND YOUTH TOURS

WEIRD SCIENCE EXPLORATORIUM AND TACTILE DOME

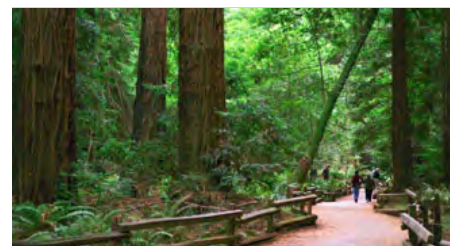

Have you ever held lightning in your hand, stuck your finger in a cow's eye or stepped into a mini tornado? Get ready for full sensory overload as we visit the **Exploratorium**. Here we'll find more than 700 interactive exhibits to touch, see, smell, hear, push, pull, spin and wind. At this amazing hands-on science museum which illuminates human perception and the laws of physics, we'll have the opportunity to investigate almost every puzzle known to man. Our world will be turned inside out. Next we will visit the **Tactile Dome** located inside the Exploratorium. Here we will discover the unseen world of the Tactile Dome—an interactive excursion through total darkness, where your sense of touch becomes your only guide. *Lunch is included.*

Date	Sunday, May 3
Time	10:00 AM – 4:00 PM
Cost per Child	\$40.00

DAY OF DISCOVERY MUIR WOODS AND ZEUM!

Today's adventure begins with a trip to **Muir Woods National Park** where we will walk among magnificent California Redwoods, the tallest trees on earth. If we were to count the rings, we'd see that some of the trees are over 3,000 years old! Trails, 50 species of birds, black-tailed deer, steelhead trout, and hundreds of other "wild inhabitants" can't wait to welcome us to their world of tranquility and awesome beauty. Next, the adventure of a lifetime awaits us at Zeum!, an interactive art and technology museum where we can showcase our creativity. In The Production Lab, we can collaborate on a range of tasks to make a movie. We can change movie backdrops, act in movies and create movie graphics and sound tracks. In The Learning Lab, we can use Apple computers to build Web pages or create animated figures. There's also a digital camera that lets us manipulate our own images on computer screens. In The Artist Studio, we can make figures out of modeling clay and wire, then film them in our own version of Claymation. The only limit here is our imagination. *Lunch is included.*

Date	Monday, May 4
Time	10:00 AM – 4:00 PM
Cost per Child	\$40.00

LAND AND SEA ADVENTURES SAN FRANCISCO ZOO AND AQUARIUM

Today's adventure is a one-of-a-kind land and sea showcase. We will start the day by going to the **San Francisco Zoo** where we will see the homes to many fascinating botanical collections that are nestled against the Pacific Ocean. Here we will come into contact with more than 250 different species of animals, including those that are highly endangered. Each and every animal here will inspire us as we browse through exhibits and plant studies to animal collections and endangered species. Following the land animals, we will travel to the **San Francisco Aquarium** where we will get to see the adventures of the sea. Here we will view many underwater species and gather information as we walk through the interactive exhibits that the Aquarium of the Bay offers. There are more than 20,000 marine animals here at the aquarium that we will view and even participate in hands-on animal encounters with. *Lunch is included.*

Date	Tuesday, May 5
Time	10:00 AM – 4:00 PM
Cost per Child	\$40.00

THE BEST OF THE BAY: CITY TOUR

San Fran, City by the Bay, The Paris of the West, or whatever you want to call it, San Francisco is known as one of the world’s most culturally diverse and romantic cities. This narrated city tour will take you through the well-known parts of the city, as well as new ones that will charm and surprise you. You’ll see well-known landmarks that lend to the romantic charm of the city, take in breathtaking views and experience the steep hills that have made San Francisco so famous. You will see everything from the famous Lombard Street, renowned as the “Crookedest Street in the World,” to Fisherman’s Wharf and China Town. Your guests will get lost in the majesty of the city seeing sights both old and new.

When	Saturday, May 2 1:00 PM – 5:00 PM Monday, May 4 9:00 AM – 1:00 PM
Duration	4 Hours
Activity Level	Light
Cost per Person	\$45.00

VOYAGE ACROSS THE BAY: BICYCLING THE GOLDEN GATE BRIDGE

Experience the Golden Gate Bridge and the city of San Francisco from a different perspective—on a bike. Touted as being one of the best ways to view San Francisco, this tour will allow you to see one of the city’s most recognized landmarks “up close and personal” as you embark on a scenic, adventurous bike tour across the longest suspension bridge in the country!

A Motor Coach will take you to the bike depot, where you will be custom-fitted for your bicycle. Then head on up the Golden Gate Bridge for a memorable experience. The Marin Headlands, Alcatraz, Angel Island and San Francisco’s skyline are all in the horizon as you bike in the clouds.

After your trek on the bridge, you will peddle to Ft. Baker, past the Coast Guard Station in Marin County to the charming town of Sausalito. Once in Sausalito, ranked as one of the top 20 destinations in the country, you will have the opportunity to enjoy lunch on your own before heading back to San Francisco.

When	Sunday, May 3 9:00 AM – 2:00 PM
Duration	5 Hours
Activity Level	Heavy
Cost per Person	\$100.00

SPOUSE AND GUEST TOURS

VINES AND WINES: SONOMA WINE COUNTRY

Let your eyes take in the stunning scenery of Sonoma Valley Country, one of the most diverse wine growing regions in the world, as you travel down roads where vineyards stretch into the breathtaking mountainous background. Whether you are a grape connoisseur or new enthusiast to the world of wine, this tour of one of the valley's famous wineries offers you a unique opportunity to increase your knowledge and enjoyment of wine. Sonoma Valley is known as the birthplace of the California premium wine industry and the vineyards are some of the finest in the world. Experienced tour guides will accompany you on your journey through Sonoma's rustic surroundings amidst the picturesque backdrop of valleys of grapes in this famous region.

When	Sunday, May 3 1:00 PM – 5:00 PM
Duration	4 Hours
Activity Level	Moderate
Cost per Person	\$67.00

ESCAPE TO “THE ROCK”: VISITING ALCATRAZ

“The Rock” is one of San Francisco's most famous and feared landmarks. The island of Alcatraz has a long history with hauntings, even the Native Americans kept their distance calling it “Evil Island.” This will be your destination today as you hop aboard a short ferry ride for a tour of this infamous island prison. Because of its isolation from the outside by the cold, strong, hazardous currents of the waters of San Francisco Bay, Alcatraz was used to house Civil War prisoners as early as 1861. The prison was home to Al Capone, Machine Gun Kelly, and Robert “The Birdman” Stroud to name a few. The prison is said to be haunted by its tortured prisoners, so pay close attention to your surroundings!

You will discover some of the prison's historical tales and learn about the “Famous Escapes.” Listen to the voices of former guards and inmates as you tour the cell house that was their job, their home, their life.

Don't let the tales of “America's Devil's Island” fool you; Alcatraz is worth the trip for some of the best views of San Francisco and the Golden Gate Bridge.

When	Monday, May 4 1:00 PM – 5:00 PM
Duration	4 Hours
Activity Level	Moderate
Cost per Person	\$87.00

ENCHANTED FORESTS: MUIR WOODS AND SAUSALITO

This tour will take you on a scenic drive across the Golden Gate Bridge, where we will stop for some of the most stunning sights California has to offer. Here we can look back at the City by the Bay and enjoy the magnificent skyline of the city.

Our tour begins with the Muir Woods National Monument, where people come from around the globe to pay homage to nature in this cathedral of redwoods. The cool breezes of the coastal environment of northern Marin County make it one of the few places in the world that giant redwoods still flourish and grow to amazing heights. You will stand in awe of the 750-year-old giant Sequoias and the natural sanctuary of the forest canopy, that even at high noon, removes the sunlight and leaves you in a shadowy haven. Enjoy a stroll through this amazing park before continuing on.

Next, we'll head to Sausalito, located north of San Francisco in an area located on sloping ocean-side hills. Dubbed San Francisco's Riviera, Sausalito possesses all the charm of the Mediterranean. Its winding streets are lined with fine restaurants, elegant shops, and wonderful art galleries. Stop for a breath of fresh air on the dock that Otis Redding wrote about in the famous “Dock of the Bay” while staying on a houseboat in Sausalito. You'll never want this picturesque, magical day to end.

Note: There is an extreme amount of walking on this tour. Please dress for the weather (which is often cool) and wear comfortable shoes.

When	Tuesday, May 5 9:00 AM – 3:00 PM
Duration	6 Hours
Activity Level	Extreme
Cost per Person	\$65.00

REGISTRATION INFORMATION

acog.org/annualmeeting

REGISTRATION PROCEDURES

All attendees must register for the Annual Clinical and Scientific Meeting. Advance registration saves time and money and guarantees you the largest selection of Postgraduate Courses, Clinical Seminars, Lunch with the Experts (roundtable discussions), Lunch Seminars (boxed Lunch with seminar) and Surgical Tutorials.

You may visit our website at acog.org/annualmeeting to access online meeting registration and housing reservations.

Before completing your Advance Registration Form, please review the Preliminary Program. If you are mailing or faxing in your form, please list as many choices as possible for the sessions you are interested in, especially the Lunch with the Experts that have a limit of nine registrants per table.

Clinical Seminars and Surgical Tutorials are included in the registration fee and are offered on a first-come, first-serve basis. Colloquia are also included in the registration fee, but there is no need to register for these keynote lectures.

Please mail or fax your Advance Registration Form to:

ACOG Registration Center
c/o J Spargo & Associates
11208 Waples Mill Road, Suite 112
Fairfax, VA 22030
Fax: (703) 631-6288 • (888) 319-3864
Email: acogregistration@jspargo.com

When you arrive at the meeting, please remember that the wait time on our busiest days is approximately 45 minutes, so please pick up your registration material the day before your first session.

REGISTRATION FEES

Registration fees for the 2015 Annual Meeting include complimentary Colloquia, Clinical Seminars, Surgical Tutorials, the Film Festival, and the Welcome Reception, and are as follows:	Advance Fee Prior to Midnight April 10, 2015	On-site Fee On and After April 10, 2015

REGISTRATION INFORMATION

REGISTRATION CATEGORIES

ACOG Fellow: Must be a physician whose professional activity is devoted to the practice of obstetrics and/or gynecology. Practicing board-certified obstetrician-gynecologists within the geographic confines of ACOG may apply for membership under this category. Processing of completed applications may take four months. Incomplete applications may take longer. ACOG admits and activates qualified candidates on a monthly basis.

ACOG Junior Fellow in Practice: Must be an obstetrician and/or gynecologist who is a recent graduate from an allopathic, approved residency program. Junior Fellowship is also available to physicians in Argentina, Central America, Chile, Dominican Republic, Mexico, and the West Indies. Processing of completed applications may take two to four weeks. Incomplete applications may take longer. ACOG admits and activates qualified candidates on a monthly basis.

ACOG Junior Fellow in Training: Must be an obstetrician-gynecologist resident, in an approved program (United States and Canada). Junior Fellowship is also available to residents in Argentina, Central America, Chile, Dominican Republic, Mexico, and the West Indies. Processing of completed applications may take two to four weeks.

ACOG Life Fellow/Fellow Senior Status: Life Fellow is a Fellow who has fully retired from any professional activity with 25 years of active Fellow status and attainment of age 65. Fellow Senior Status is a Fellow engaged part-time in any professional activity with 25 years of active Fellow status and attainment of age 60. Processing of completed applications may take two weeks.

ACOG Associate Member: Any physician who has given valuable service in obstetrics and/or gynecology and who is not eligible to be a Fellow. Practicing board-certified physicians of other specialties in the geographic confines of ACOG may apply for membership under this category. Practicing osteopathic board-certified ob-gyn physicians in the geographic confines of ACOG may apply for membership under this category. Practicing non-board-certified ob-gyns in the geographic confines of ACOG may apply for membership under this category. Processing of completed applications may take four months. Incomplete applications may take longer. ACOG admits and activates qualified candidates on a monthly basis.

ACOG Educational Affiliate: An individual in a medical education or training program that would not qualify for physician membership or a certified health care professional may apply. Applicants must provide patient care. Processing of completed applications may take two to four weeks. Incomplete applications may take longer.

Resident, Non-ACOG: A graduate and licensed physician receiving training in a specialty in a hospital and is not a member of the College.

Physician, Non-ACOG: A physician who is not a member of the College and who provides direct women's healthcare clinical services to patients.

Other Healthcare Professional: An individual who provides hands-on, direct patient healthcare services or is engaged in women's healthcare research and who is not in any of the membership categories of the College or is not a physician. These individuals may include, but are not limited to, nurses, midwives, physician's assistants, sonographers, radiology technicians, etc. This category does not include individuals who work for medical industry companies.

Medical Student: An individual currently enrolled in medical school (MD, DO) at an accredited institution. Not open to other types of students. Processing of completed applications may take one to two weeks. Submission of your application is done electronically. Medical students must show identification from an accredited institution when their registration packets are picked up onsite.

Spouse/Guest: Is defined as a spouse, significant other, friend, or an adult child age 18 or older who wishes to attend the meeting but does not wish to receive continuing medical education (CME) credits or cognates. An exhibitor, co-worker, or an associate of an exhibitor does not qualify for the guest registration category. A registered spouse or guest is allowed to attend the symposia sessions, the Welcome Reception and to visit the exhibit hall. They are eligible to purchase tickets for spouse/guest program activities. Registration must be indicated on the ACOG Advance Registration Form. Spouse/guest and adult family members who wish to register for courses and receive CME credits or cognates must register in the appropriate registration category listed above.

One-Day Registrant: One-day registration is available on site for ACOG members only. Guests, exhibitors, press, or others cannot register using this category. One-day registrants can only attend sessions and purchase tickets for events being held on the day they register.

One-Day Registrant: One-day registration is available on site for Junior Fellow in Practice members only. One-day registrants can only attend sessions and purchase tickets for events being held on the day they register.

One-Day Registrant: One-day registration is available on site for Junior Fellow in Training members only. One-day registrants can only attend sessions and purchase tickets for events being held on the day they register.

Practice Manager: A practice manager is a management professional who coordinates all functions of a private practice.

ACOG Member on Active Duty in the United States Military: A member of ACOG that is also on active duty in the United States Military.

REGISTRATION INFORMATION

6-Hour Postgraduate Course	\$290
Life Fellow/Fellow Senior Status	\$240
6-Hour Hands-on Postgraduate Course	\$640
3-Hour Postgraduate Course	\$165
3-Hour Hands-on Postgraduate Course	\$320
Lunch with the Experts	\$ 55
Luncheon Seminar	\$ 55
Surgical Tutorial	Included in registration
Colloquia	Included in registration
Clinical Seminars	Included in registration

REGISTRATION DEADLINE

Deadline for receipt of advance registration is midnight (EST), **Friday, April 10, 2015**. If your registration form is received after **Friday, April 10, 2015**, you will be charged the onsite registration fee.

If you register in advance, your registration information, including your name badge, tickets, final program, and other information will be available at the Advance Registration counter, located in the Moscone North Lobby, during the following hours:

Friday, May 1	3:00 PM – 6:00 PM
Saturday, May 2	7:00 AM – 5:00 PM
Sunday, May 3	7:00 AM – 5:00 PM
Monday, May 4	7:00 AM – 5:00 PM
Tuesday, May 5	7:00 AM – 5:00 PM
Wednesday, May 6	7:00 AM – 1:00 PM

Please bring your confirmation with you onsite.

REGISTRATION CHANGE/CANCELLATION POLICY

All cancellations or changes must be received, in writing, by **April 10, 2015**. Cancellations received by this date will receive a full refund less a 20% processing fee. No refunds will be made for cancellations received after **April 10, 2015**. Please email, fax, or mail your cancellation to:

ACOG Registration & Housing Center
c/o J Spargo & Associates
11208 Waples Mill Road, Suite 112
Fairfax, VA 22030

Email: acogregistration@jspargo.com

Fax: (703) 631-6288

BADGE CATEGORIES

Attendees will receive name badges of different colors based on the following:

Fellow, Life Fellow, Fellow Senior Status, Junior Fellow in Practice, Junior Fellow in Training	Green
Associate Member/Educational Affiliate	Purple
Resident, Non-Member/Physician, Non-Member, Practice Manager	Blue
Other Healthcare Professional	Orange
Medical Student	Yellow
Spouse/Guest	Green Stripe
Exhibitor	Red
Exhibitor Guest Pass	Black
Staff and Vendors	Clear

Your badge will have a code. This badge function code will make your interactions with the exhibitors more efficient. Each coded badge contains the information that exhibitors need to register you with their company and to ensure that you are identified correctly in their records.

HOTEL INFORMATION

HOTEL ROOM RESERVATIONS

J. Spargo & Associates is ACOG's exclusive and official housing bureau for the American College of Obstetricians and Gynecologists (ACOG) 2015 Annual Clinical and Scientific Meeting. In addition to the discounted rates offered at ACOG participating hotels, booking your room through the ACOG Housing Center includes these important benefits:

- Complimentary shuttle service to and from participating hotels and the Moscone Convention Center.
- Guaranteed discounted group rates and protected rooms in the event of hotel overbooking.
- Access to onsite 24-hour housing customer service in the event of a challenge.

Beware of Housing Pirates and Poachers! ACOG does not endorse booking hotel reservations via sources other than through J. Spargo & Associates. Book your reservation by **Friday, April 3, 2015**, to take advantage of the special rates offered to all attendees and exhibitors. Hotel rates, location, and availability may be viewed online or by contacting J. Spargo & Associates, ACOG's exclusive and official housing bureau for the Annual Clinical and Scientific Meeting. ACOG is committed to providing a high quality housing experience for its attendees and exhibitors and contracts rooms for their housing needs. Should you have any questions on housing or solicitations, please contact ACOG's Housing Center at acohousing@jspargo.com.

By Phone: Call in your reservations to the ACOG Housing Center at 888-319-3864, Monday thru Friday, 8:30 a.m. ET–5:00 p.m. ET. If outside the USA, please call (703) 449-6418.

By Fax: (703) 631-6288

Suite Request: To request a suite, please send your request in writing to acohousing@jspargo.com.

Please Note: Hotel requests will not be accepted directly by hotels. Please make your hotel reservations through the ACOG Registration Center no later than **Friday, April 3, 2015**. Special room rates cannot be guaranteed after this date or after the room block is filled. Your reservation will be guaranteed against your credit card and your credit card will not be charged until you check in to the hotel unless you are a “no show” or you cancel your reservation outside of the cancellation policy. Please do not be a “no-show.” If you cancel your registration for the meeting, please remember to cancel your hotel reservation seven days prior to your scheduled check-in date. ACOG attempts to obtain the largest number of hotel rooms at the lowest possible rates; however, if the College has a significant no-show rate, hotels are reluctant to commit larger room blocks and offer lower rates. If a reservation is properly canceled, another Annual Meeting registrant can use the room.

CANCELLATION OR CHANGES

Cancellations or changes must be made in writing through the ACOG Registration Center on or before **Friday, April 3, 2015**, by faxing (703) 631-6288, or e-mail to acogregistration@jspargo.com, or mail to ACOG Registration Center, c/o J Spargo & Associates, 11208 Waples Mill Road, Suite 112, Fairfax, VA 22030. A new confirmation will be sent to you if changes or cancellations are made. Cancellation policies will be strictly enforced. Reservations must be cancelled at least 7 days prior to your scheduled arrival date; otherwise, you will forfeit your entire advance deposit. If you are within 7 days of your arrival, cancel your reservation directly with your hotel. Please make sure to note your cancellation number, the name of the person you spoke with, the date and the time. You will need this information in case of a discrepancy.

SHUTTLE BUS

ACOG is pleased to provide shuttle bus service for the 2015 Annual Meeting for all hotels in the ACOG room block that are not within walking distance of the Moscone Convention Center. These buses will run continuously during all official Annual Meeting events.

REBATE DISCLOSURE

A portion of your room rate will be used to offset the College's cost for registration and shuttle bus services.

HOTEL ROOM RATES

ACOG has made every effort to provide attendees with a variety of hotels. Hotel room rates do not include hotel sales and occupancy taxes. See hotel information and rates listed below:

Sunday:

- ☐ Intrapartum Fetal Monitoring—Reducing Risk Through Standardization
- ☐ Placenta Accreta: Risk Factors, Diagnosis and Management
- ☐ The Original Minimally Invasive Hysterectomy: “How To” Do a Vaginal Hysterectomy
- ☐ Maximizing the Minimum in Gynecologic Surgery
- ☐ Medical Disorders During Pregnancy: Update 2015
- ☐ GYN Coding and Documentation
- ☐ Breast Care in 2015: A Toolkit for the Practicing Ob-Gyn

Monday:

- ☐ Update in Critical Care Medicine Relevant for the Generalist’s Practice: Why and What You Need to Know!
- ☐ Enhanced Prenatal Care for Opiate Addicted Women
- ☐ Update on Noninvasive Prenatal Testing (NIPT: Indications, Benefits, Limitations, and the Future)
- ☐ Avoiding Complications in Minimally Invasive Surgery
- ☐ Egg Freezing to Preserve Fertility Potential: How to Counsel Your Patients
- ☐ Primary Care Aspects for Women—Part 1
- ☐ Menopausal Wellness: Living Longer and Livelier

Tuesday:

- ☐ Simulation Team Training for Labor and Delivery
- ☐ Strategies Controlling Post-Operative Pain Minimizing Narcotics with Multi-Modal Pain Therapies
- ☐ Tried and True Along with the New: Management Strategies for Recurrent First Trimester Pregnancy Loss
- ☐ Infertility in 2015
- ☐ Primary Care Aspects for Women—Part 2

HANDS-ON COURSES (6-Hour)

\$640

Saturday:

- ☐ Obstetric Clinical Emergencies (ECO) Course

Sunday:

- ☐ Basic Obstetric Ultrasound: A Hands-On Experience
- ☐ Advancing Your Skills in Operative and Office Hysteroscopy

POSTGRADUATE COURSES (6-Hour)

\$290 (Life Fellow \$240)

Sunday:

- ☐ Prevention, Recognition, and Management of Complications from Gynecologic Surgery
- ☐ Advancements in Vulvar and Vaginal Diseases
- ☐ Maintenance of Knowledge in Ob-Gyn Practice

Monday:

- ☐ Best Practices in High-Risk Pregnancy
- ☐ Hysterectomy (TLH) and Laparoscopic Supracervical Hysterectomy (LSH)

- ☐ Colposcopy Update 2015: New Guidelines for Screening, Terminology, and Management

Tuesday:

- ☐ Common Obstetric Dilemmas: Practical Approaches Using Evidence and Experience
- ☐ Advanced Surgery for Pelvic Floor Dysfunction and Benign Gynecology
- ☐ Menopause and Hormone Therapy: Reevaluating the Evidence and Looking Toward the Future

SURGICAL TUTORIALS (Included in Registration)

Sunday:

- ☐ MRI-Based Pelvic Anatomy
- ☐ Techniques in Abnormal Wound Closure Including the Obese Patient

- ☐ Optimizing Robotics During Laparoscopic Surgery
- ☐ Techniques in Hysteroscopic Surgery: Operative Hysteroscopy

REGISTRATION FORM

LUNCH WITH THE EXPERTS (\$55 per session)

Please check **four preferences**—there are only nine seats at each table.

☐ I would like a vegetarian meal.

☐ I would like a gluten-free meal.

☐ I would like a peanut-free meal.

Saturday:

- ☐ CDC's Contraceptive Guidance: Tools and Tips for Use
- ☐ Contraceptive Technology Update
- ☐ Comorbidities and Contraception
- ☐ Contraception in the Postpartum Period
- ☐ Immediate Postpartum IUD Insertion
- ☐ Human Trafficking and the Women's Healthcare Provider
- ☐ Evidence-Based Medicine on the Fly
- ☐ Medical Tourism: Across Continents and Across the Internet
- ☐ Physicians as Community Health Advocates
- ☐ Disaster Planning of OB Units
- ☐ Strategies to Prevent Regulatory Non-Compliance by Novice Investigators
- ☐ Midurethral Slings and Synthetic Meshes—Surgical Tips
- ☐ Screening for Breast Cancer
- ☐ Adnexal Torsion: Challenges in Diagnosis and Management
- ☐ The Difficult Vaginal Hysterectomy
- ☐ Alternatives to Hysterectomy
- ☐ Chronic Pelvic Pain: A Relationship-Centered Approach
- ☐ Complicated Vulvo-Vaginitis Syndromes: How to Diagnose and Treat
- ☐ Vaccines and the Obstetrician-Gynecologist Prevention is Better Than Treatment
- ☐ Cervical Ripening and Induction Incorporating Misoprostol
