CONFERENCE DESCRIPTION

Integrative Medicine focuses on the mind, body, and spirit as a whole, and the importance of the relationship between practitioner and patient. Our **16th Annual Fall Conference on Integrative Medicine in Women's Health** is designed to take an in-depth look at how to achieve optimal health and healing for female patients through a variety of complementary alternative treatment modalities, and provide **mainstream medical and nursing professionals with evidence-based data**. Emphasis will be placed on practical application of the topics presented.

Topics for this year's conference have been selected based on the educational needs determined from the identified professional practice gaps. The gaps were derived from a variety of sources including evaluations and outcomes data from past participants; clinical expert input; Symposia Medicus' online survey; and other medical and nursing data.

Conference format will include didactic lectures, smaller group breakout and interactive sessions, case studies, and question and answer sessions.

An outstanding faculty has been assembled for this conference. Each member was selected based on their individual area of expertise and ability to communicate current, evidence-based, and practical information to participants.

You are sure to enjoy our **16th Annual Fall Conference on Integrative Medicine in Women's Health** while sharing ideas and experiences with colleagues from across the country in the beautiful setting of the Napa Valley.

CONFERENCE OBJECTIVES

As a result of participating in this conference, you should have increased knowledge and enhanced competence to...

- Utilize integrative approaches to treat menopause symptoms
- Recognize the role of processed food in driving the epidemic of chronic disease
- Identify Women's Health conditions that could benefit from acupuncture
- Implement integrative techniques for the prevention and treatment of migraine headaches
- Recognize integrative approaches to pain management that address both nociceptive and central pain processing issues

CONFERENCE LOCATION

California's wine country offers scenic countryside, great wines and superb restaurants. **With over 450 wineries offering a variety of wines for all tastes, it's no wonder that the Napa Valley is considered the heart of the American wine industry.** Located approximately 50 miles north of San Francisco, there is much more to Napa than just its grapes! **Enjoy hot-air ballooning, horseback riding, mountain biking or challenging golf.** Find incredible discounts on your favorite brand-names at the Napa Premium Outlets or visit Old Town for more unique shopping. Visit the recently restored Napa Valley Opera House for headliners from Jazz to Country music. It might be wine that comes to mind when thinking of the Napa Valley, but with world-renowned restaurants, such as The *French Laundry*, it's the food that will keep you occupied while there.

With so much to do, you'll find that fine wine is only a part of this abundant valley. If the Napa Valley isn't enough to keep your interest, San Francisco, with Fisherman's Wharf, Chinatown and famous cable cars, is just an hour away; or the kid inside you will love the excitement of Six Flags Amusement Park located just 20 minutes away.

The **Napa Valley Marriott Hotel & Spa** combines modern convenience with traditional comfort. Exercise at the state-of-the-art fitness center, or enjoy "The Spa," one of the best full-service spas in the Napa Valley. Enjoy the cuisine at VINEleven, the hotel's indoor/outdoor restaurant and bar, specializing in small and shared plates, and featuring an amazing list of Napa Valley's finest wines.

Whatever your pleasure, you are sure to find it at our **16th Annual Fall Conference on Integrative Medicine in Women's Health** in Napa, California!

For our complete calendar of conferences, please visit www.symposiamedicus.org. Brochures are available 6-8 months prior to the conference.
