Texas Orthopaedic Association's
2015 Annual Meeting

April 16-18, 2015 | Austin, Texas
Downtown Hilton

Texas Orthopaedic Association & Texas Orthopaedic Foundation Annual Meeting - April 16-18, 2015

Join Us for One of the Largest Orthopaedic Events in the Southwest

We hope that you will join us in Austin this April 16-18 to learn more about the future of orthopaedics in Texas.

We're pleased to welcome David Teuscher, MD (Incoming AAOS President), Mark Miller, MD (University of Virginia), Richard Hawkins, MD (Steadman Hawkins Clinic of the Carolinas), and Kevin Bozic, MD, who was recently named the Inaugural Chair of Surgery and Perioperative Care at the Dell Medical School in Austin. In addition, Thomas Fehring, MD and C. Lowry Barnes, MD recently confirmed that they will join us to discuss the latest trends in outpatient total joints.

Marc M. DeHart, MD
TOA President

Sincerely,

Marc M. DeHart, MD
TOA President

TOA's 2015 Symposia

- Symposium: Trends in Sports Medicine**
Our panel will discuss the latest issues in sports medicine. In addition, Dan Cooper, MD will present: "Single Portal Knee Arthroscopy: First Clinical Pilot Study and experience in 500 cases."

Symposium: Upper Extremity Trends
Our panelists will provide the following talks:

Speaker: Richard Hawkins, MD
Steadman Hawkins Clinic of the Carolinas, Greenville, South Carolina
Topic: "Outcomes for Shoulder and Elbow Evaluation"

Speaker: Daniel Cooper, MD
The Carrell Clinic, Dallas, TX
Topic: "Managing Posterior Shoulder Instability in the NFL"

Speaker: Alan Barber, MD
Plano Orthopaedic Sports Medicine and Spine Surgery
Topic: "Biologic augmentation in rotator cuff repair"

Trends in Pain Management Symposium
The panelists will discuss current trends in pain management for orthopaedic patients. Panel members will cover perioperative and
- outpatient pain management treatment alternatives, pathways, and current evidence for various pharmacological interventions (Exparel, IV Tylenol, class II narcotics, pain creams, etc.).

Trends in Total Joints - Outpatient and Rapid Recovery
Advances in arthroplasty now allow some patients to regain mobility in a shorter period of time. This symposium will examine the latest protocols and advances. The discussion will also analyze risk stratification/optimization and bundles.

Hip Symposium
The symposium will examine case studies regarding issues involving the hip.

Trends in Resident Education - What Are We Teaching Our Residents
The symposium will examine the latest science and techniques that our state's residency programs are now teaching our residents and analyze the changes.

THURSDAY, APRIL 16, 2015

Time	Event	Speaker
8:00 a.m. – 5:00 p.m.	Orthopaedic Coding Workshop: ICD-10 and Other Coding	Margie Scalley Vaught

Margie Scalley Vaught will present her popular all-day orthopaedic course for orthopaedic surgeons and their staff. The event will focus on the latest orthopaedic coding changes, help with the ICD-10 transition, and much more.

There is a separate registration fee for this course. Your registration includes materials and lunch.

Annual Meeting Registration Information

Registration is now available on TOA's Web site at www.toa.org.

- Orthopaedic Coding & ICD-10 Seminar Thursday, April 16**
(separate registration fee)

Space will be limited. \$250 fee for TOA/TSSM members and their staff prior to April 1 when sales end to allow for ordering of course materials. \$650 for non-members. Books and lunch will be provided.

Annual Meeting Registration
\$75 registration fee for TOA and TSSM members and their
- staff prior to April 6. \$125 registration fee for members after April 6. \$650 registration fee for non-members.

Hotel Information
TOA has secured a special rate of \$229 per evening at the downtown Austin Hilton.

You can make online reservations by visiting our Web site (www.toa.org). Or call 800.236.1592 and use the reservation code: TXOA. The cut-off date to secure a room is March 15, 2015. Please hurry because space will be limited.

New All-day Allied Health Provider Course

The Texas Orthopaedic Association is pleased to offer this new allied health provider course that will focus on important topics within an orthopaedic practice during the 2015 Annual Meeting. The symposiums will focus on initial and conservative management of injuries and conditions that can be managed through primary care. The symposiums will also cover "things that never should be missed."
