“ Victoria enjoys some of Canada’s most
enthralling scenery from the ocean
to mountain vistas to incredible gardens. ”

Marriott Inner Harbor The award-winning Victoria Marriott Inner Harbor Hotel is located in downtown Victoria within walking distance to all there is to see and do in this city.

All guest rooms in this luxurious hotel feature duvet and luxury linens, coffee/tea maker, hair dryer, iron/board, personal safe, and seating area. Hotel amenities include Lobby Bar with fireplace, indoor pool and whirlpool, and fitness center. Enjoy a delicious meal in Fire & Water Fish and Chop House, which has established itself as one of Victoria's most popular restaurants.

Located on floors 7–12, Superior rooms feature 1 King or 2 Double beds (based on availability at check-in), spa quality robes, exclusive Bath & Body Works products, small mini-bar fridge, complimentary wired/wireless high speed internet access, flat screen TV, and free daily newspaper.

HOTEL RATES: A portion of the room rate is used to partially offset the cost of refreshments served during the meeting for participants only. Room rates are in Canadian Dollars.

- Superior Room: \$219 CAD + 16% tax/GST**
- Single/Quad occupancy.
 - 1 King or 2 Double beds, based on availability.

DEPOSIT REQUIRED: One night's deposit plus tax via credit card within 10 days of booking to hold your room. Checks not accepted for hotel fees due to fluctuating exchange rates.

CANCELLATIONS: Cancellation inside of 10 days prior to arrival will result in loss of deposit.

COURSE DIRECTOR: Mark T. Murphy, MD, MSN Education, Austin, Texas, and Medical Director, Northwest Anesthesia Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, CRNAs, physician assistants, registered nurses, and other medical care providers who must maintain state-of-the-art knowledge of not only the specialty, but also of all additional related disciplines which may impact it.

PROGRAM PURPOSE: The practitioner of anesthesiology must possess the scientific background for clinical practice; maintain state-of-the-art knowledge of not only the specialty, but also of all additional related disciplines which may impact it; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures necessary for the provision of quality patient care; manage self and colleagues to function toward common goals in the clinical setting, the clinical and educational institutions, and the community in which the practice resides; serve as an expert in matters involving health care delivery; serve as an informed manager of clinical and educational services provided, including the acquisition and distribution of resources necessary in meeting professional goals; and provide assistance with and support of other service providers, departments, institutions, and organizations dependent upon the professional expertise of the practitioner. Presentations are designed to facilitate the physician, nurse specialist, and other providers maintaining skills of the same kind to review and update knowledge and abilities in one or more of these areas vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:

Apply the pertinent physical and behavioral sciences—to include but not be limited to advanced anatomy and physiology, pathophysiology, chemistry, physics, psychology, and social sciences—as they impact and are affected by the planning, delivery, and monitoring of anesthesia and related services inherent in the anesthesia professions.

Explain the selection, dosing considerations with methods of administration, safe use, and contraindications and precautions of presented pharmacological agents through the understanding of their physicochemical properties, pharmacokinetics and pharmacodynamics, updated uses, and more recently developed additional, related, and similar drugs.

Outline comprehensive management plans for the group of patients discussed, whether related in age, physical status, cultural background, invasive procedure, anesthetic or analgesic requirements, clinical setting, adverse reactions, and/or goals of care.

Apply the principles of safety and asepsis in the performance of anesthetic procedures and administrations, equipment use, and other applications encountered during the provision of anesthesia and analgesia whether in the surgical unit, the labor and delivery suite, the pain management clinic, or other more remote location of anesthetizing services.

Incorporate the appropriate recommendations and/or requirements of pertinent external organizations, institutions, and professional groups—recognized as serving as the authority for and/or holding the responsibility to compile and approve such tenets—in the provision of anesthesia and related services, whether medical, legal, philosophical, ethical, or health care management standards.

Apply the new techniques in the clinical setting of the participant.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the A. Webb Roberts Center for Continuing Medical Education of Baylor Health Care System, Dallas and Northwest Anesthesia Seminars. The A. Webb Roberts Center for Continuing Medical Education of Baylor Health Care System, Dallas is accredited by the ACCME to provide continuing medical education for physicians.

The A. Webb Roberts Center for Continuing Medical Education of Baylor Health Care System, Dallas, designates this live activity for a maximum of 20 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Anesthesiology: CME credit will be sent directly to The American Board of Anesthesiology to fulfill the Part 2 requirement for the Maintenance of Certification in Anesthesiology Program (MOCA®).

PA: AAPA accepts *Category 1* credit from AOA CCME, Prescribed credit from AAFP, and *AMA PRA Category 1 Credit™* from organizations accredited by the ACCME.

Canadian Physicians: The Royal College of Physicians and Surgeons of Canada lists The A. Webb Roberts Center for Continuing Medical Education of Baylor Health Care System, Dallas, as an approved ACCME accredited provider. The *AMA PRA Category 1 Credits™* awarded may be submitted by the participant to the RCPSC for equivalent MOC Section 1 Credits.

CRNA: This program has been prior approved by the AANA for 20 CEC; AANA Code #1030803; Expiration date 9/13/15.

AA: The NCCAA accepts these ACCME-approved programs for continuing educational credits.

RN: NWAS is approved by the California Board of Nursing, Provider Number 04833 and Florida and Washington, DC Boards of Nursing, Provider Number 50-7480. This program offers 20 contact hours. Meets the requirements of the Pennsylvania Board of Nursing, Rules and Regulations §21.133.

Victoria, British Columbia's capital, is located on the southern tip of Vancouver Island located just off the west coast of British Columbia, Canada. The city has one of the mildest climates in Canada, which allows its residents and visitors to enjoy outdoor activities year round. Golf, hiking, biking, horseback riding, fishing, kayaking, sailing, whale watching, and much more are all here. Victoria enjoys some of Canada's most enthralling scenery from the ocean to mountain vistas to incredible gardens. In fact, Victoria is known as “City of Gardens” for its many gardens, including Butchart Gardens, arguably the most beautiful garden in the world. While here, pay a visit to the second oldest Chinatown in North America whose entrance is marked by the ornate Gate of Harmonious Interest.

Victoria has plenty of interesting architectural buildings such as the Royal British Columbia Museum, the Provincial Legislative Buildings, and the Empress Hotel where you can have authentic afternoon tea. There are also the charming neighborhoods with their splendid Victorian and Edwardian houses - just driving around is a treat! Victoria has a wealth of dining options, from fine dining to fish and chips. There are also plenty of shopping opportunities and theater here. In Victoria, you will certainly run out of time before you run out of things to do.

We have a block of rooms for seminar participants. Once this block is sold, rooms are based upon availability only and may be at a higher rate. To make reservations, please visit our website: www.nwas.com or call (800) 222-6927.

Call Universal Travel for your airfare needs. Be sure to mention Northwest Anesthesia Seminars when booking. Booking fee applies. Contact Kellee Kilmer: Phone: (858) 456-7887 or E-mail: kellee@universaltravel1.com

Course Registration	10SEP15 – 15SBC		
TUITION: In USD	MD/DO	CRNA/PA	RN/Others
Early <i>(Paid by 6/12/15)</i>	\$900	\$850	\$750
Regular <i>(Paid after 6/12/15)</i>	\$950	\$900	\$800
Daily: 1 st Day Attending	\$315	\$295	\$225
Additional Day(s)	\$220	\$210	\$200

PAYMENT METHODS:
Payment methods accepted for tuition include Visa, Mastercard, American Express, Discover, check, or money order in US funds, payable to NWAS.

SCHEDULE AND FACULTY CHANGES:
Factors beyond our control sometimes necessitate changes in the schedule and faculty. If time permits, we will inform all registrants of any changes prior to the program. Changes on site due to local conditions will be announced in class.

COURSE CANCELLATION BY PROVIDER:
We reserve the right to cancel a course for any reason. In such case, a minimum of 30 days notice will be given to those registered and 100% of tuition paid will be refunded. NWAS and NWWT will not be responsible for any non-refundable airfare, hotel, or other liabilities you may incur. **We highly recommend purchase of travel insurance. Travel at your own risk.**

COURSE CANCELLATION FEE:
\$100 July 12 to August 11. No refund after August 11; however, 50% of tuition paid may be applied toward tuition for another NWAS program within the next 12 months. **Cancellation must be made in writing.**

FAP (FREQUENT ATTENDEE POINTS):
FAP lets you accumulate points based on dollars spent with NWAS including net hotel and tuition booked through NWAS (but not air). Once you have enough points to cover a full tuition they can be redeemed for tuition (no cash value). A great program to reward you for supporting NWAS.
