

SCIENTIFIC PROGRAM AT A GLANCE

RIYADH,
3Rd to 5th of
MARCH 2015

قاعة الملك فيصل للمؤتمرات - فندق الإنتركونتيننتال
King Faisal Conference Hall - Intercontinental Hotel

SCIENTIFIC COMMITTEE CHIRMAN
Dr. Mohammad Abo Melha

CONFERENCE CHAIRMAN
Dr. Amr M. A. Jad

SCIENTIFIC Program SKELETON

Time	Day one Tues 3.3.2015		Day two Wed 4.3.2015		Day three Thurs 5.3.2015
	Main Session Auditorium	Parallel S. Hall 1	Main Session Auditorium	Parallel S. Hall 1	Main Session Auditorium
08:00 – 10:30	Pediatric Session	Abstracts S 1 Resident 1	Onco-Urol Session	Abstracts S 2 Resident 2	Poster Session BPH Session
10:30 – 10:40	Break		Break		Break
10:40 – 12:00	Plenary Session 1		Plenary Session 2		Plenary Session 3
12:00 – 13:00	Prayer & Lunch		Prayer & Lunch		Closing
13:00 – 15:30	Andrology Session		Endo-Urol Session		
15:30 – 16:00	Prayer & Break		Prayer & Break		
16:00 – 18:00	Neuro-Urol Session		SUA Meeting		

DAY ONE

TUESDAY

3.3.2015

PEDIATRIC SESSION (Auditorium)

Moderators : A. Al-Shammari , A. Al-Mathami, M. Al Ghambar. **Coordinator:** S. Al Rasheedi

Time	Presentation Title	Speaker
08:00-08:20	Posterior Urethral Valves: Late Outcome among Saudi patients	K. Fouda
08:20-08:30	Discussion	
08:30-09:10	Debate: Is Concomitant Urinary bladder Augmentation always required With BNR?	Yes, A.T. Hafez No, W. Snodgrass
09:10-09:15	Uronephrological outcomes of patients with neural tube defects	H. Al-Hazmi , et al.
09:15-09:20	Unilateral renal agenesis necessity of postnatal evaluation	K.Al Bedawi ,et al.
09:20-09:25	Laparoscopic retroperitoneoscopic nephrectomy and partial nephrectomy in children	H. Al-Hazmi , et al.
09:25-09:30	Classic versus 12 o'clock incision of posterior urethral valve (PUV) A prospective randomized study	A.Elderwy , et al.
09:30-09:40	Discussion	
09:40-10:00	Coffee Break	
10:00-10:20	Hypospadias: "Tricks of the trade"	W. Snodgrass
10:20-10:30	Discussion	

10:30-10:40 Break
Poster & Exhibition Visit

PLENARY SESSION 1 (Auditorium)

Moderators : Khalaf, A. Tayib, W. Al-Taweel. **Coordinator:** A. AlQahtani

Time	Presentation Title	Speaker
10:40-11:00	Applying Evidence-based Medicine to Surgical Practice	W Snodgrass
11:00-11:20	Personalized Urinary Diversion	J. Thueroff
11:20-11:40	EUS Lecture: Futuristic Concept of Flexible URS	Y. Farahat
11:40-12:00	Medical Ethics and professionalism : Are we ethical?	A. AL-Dayel

12:00-13:00 Prayer & /lunc
Poster & Exhibition Visit

DAY ONE

TUESDAY

3.3.2015

ESSM/ Andrology Session (Auditorium)

Moderators : S. Kattan, C. Bettocchi, A. Al-Dayel **Coordinator:** A. Al-Shlash

Time	Presentation Title	Speaker
13:00-13:20	ESSM: Management of Peyronies Disease	O. Sedigh
13:20-13:40	SSM: Penile Augmentation	C.Bettocchi
13:40-13:55	ESSM: Management of Premature Ejaculation	A. Faix
13:55-14:20	Debate: Testosterone to give or not to give?	A. Al Bakri, K. Metwali
14:20-14:45	Debate: Varicocele in Azoospermia to do or not to do?	S. Bin Saleh , N.Al Hathal

OPENING CEREMONY

14:45-15:30

15:30-15:40

Prayer & Break

Poster & Exhibition Visit

AUA/Andrology Session

Moderators : : Radwan Sabsigh – Z.C. Xin- T Mardad **Coordinator:** A. Al Sulaihem

Time	Presentation Title	Speaker
15:40-16:00	Chinese Andrology Society Lecture : A novel therapeutic target of erectile dysfunction: endogenous stem cells.	Zhong Cheng XIN
16:00-16:15	AUA Lecture: How much do we know about long-term outcomes of testosterone therapy?	R. Shabsigh

Neuro-Urology Session (Auditorium)

Moderators : : L. Valiquette, M. Al Moazin, K. Al Saadon. **Coordinator:** A. Al Sulaihem

Time	Presentation Title	Speaker
16:15-16:35	Neuroanatomy & Pathophysiology of Neurogenic Bladder Dysfunction	H. Rizwan
16:35-16:55	Interstitial Cystitis: Chorion Pelvic Pain Syndrom in Female	M. Hassounah
16:55-17:15	Neuromodulation in Male Pelvic Pain Syndrom: Rationale and Practice	M. Hassounah
17:15-17:20	Q & A	
17:20-17:25	Break	
17:25-17:40	Surgical Treatment of Neurogenic Bladder	W.Al Taweel
17:40-17:50	Epidemiology of UI in Saudi Arabia and Gulf Region	A. Al Bader
17:50-18:00	Q & A	

DAY ONE

TUESDAY

3.3.2015

Abstracts Session 1 (Parallel, Hall 1)

Moderators : A. Al-Shammari , A. Al-Mathami, M. Al Ghambar. **Coordinator:** S. Al Rasheedi

Time	Presentation Title	Speaker
08:00-08:05	Introduction	
08:05-08:10	The prevalence of Urinary tract infection/ Urosepsis following Transrectal ultrasound- guided prostate biopsy in a subset of Saudi population and patterns of susceptibility to flouroquinolones	S. AlKhateeb, et al.
08:10-08:15	Predictors of positive surgical margin (PSM) following robotic assisted radical prostatectomy (RARP): results from the largest Canadian prospective cohort.	A. Alesawi
08:15-08:20	Intravesical Tumor Recurrence After Surgical Management of Upper Tract Urothelial Carcinoma: A Single Center experience with Long-term Follow-up	M.Elawdy
08:20-08:25	International prostate symptom score improves in all men following robotic prostatectomy even in those with mild baseline lower urinary tract symptoms, 2 years postoperatively	A. Alesawi, et al.
08:25-08:30	The effect of animated biofeedback training in treating patients with voiding dysfunction	A. Alshaikh, et al
08:30-08:35	Urinary tract involvement in crohn's disease: a challenging problem.	A. Alfaddagh
08:35-08:40	Pattern of Scrotal Examination by Physicians In the Eastern Province of Saudi Arabia.	W. Alamrai, et al.
08:40-08:45	NEPHRECTOMY BENCH MODEL: DETERMINING THE TEAR STRENGTH AND RESISTANCE OF A SYNTHETIC SILICONE COMPOSITION	A. Alamri
08:45-08:50	The Effect of Body Mass Index (BMI) on Stone Free Rate in Patients Treated With ESWL	N. Al Daham, et al.
08:50-08:55	Spontaneous Resolution of Staghorn Calculi: Two Case Reports and Review of Literature	I. Khan, et al.
08:55-09:00	Laparoscopic Experience in Prince Sultan Military Medical City in the Past 2 Years	S. AlRasheedi et al.
09:00-09:05	Hand-assisted laparoscopic nephrectomy for large renal mass	A. Alzahrani
09:05-09:10	Endoscopic excision of solitary metastasis of RCC to the proximal part of the contra lateral ureter	A. ALHADI
09:10-09:15	Contemporary management of staghorn stones, King Saud University experience.	M. TAWHARY
09:15-09:20	lengthening phalloplasty using multimodality technique	A.Helmi & T.Merdad

09:20-09:30

Poster & Exhibition Visit

DAY ONE

TUESDAY
3.3.2015

Residents Hosting Experts 1 (Parallel, Hall 1)

Guests: A. Zlotta, O. Sedigh Coordinator: H. Al Akrash

Time	Presentation Title	Speaker
09:30-10:00	Localized Prostate Cancer Option of Treatment	N. Al Dham
10:00-10:30	Peyronie's Disease Management	K. Bedaiwy
10:30-10:40	Break	

Scientific Council and Groups Meetings (Parallel, Hall 1)

Time	Presentation Title	Room
16:00-17:00	Saudi Urology Scientific Board Council & Residents Meeting	1
17:00-18:00	Saudi Endo-Urology Group Meeting	2
17:00-18:00	Saudi Pediatric Urology Group Meeting	3

DAY ONE

TUESDAY

3.3.2015

Poster Display 1 (Room 2)

Coordinators: A. Jutaily, K. Bedaiwy

Presentation Title	Speaker
Primary versus secondary ureteroscopy for pediatric ureteral stones	A. Elderwy et al.
Posterior urethral valves: Metabolic consequences in a cohort of patients	O. Sarhan et al
Percutaneous nephrolithotomy in children: A preliminary report	A. Elderwy et al.
Modified Urethral mobilization and advancement versus modified Meatal Advancement and Glanuloplasty Incorporated for anterior hypospadias repair: A prospective comparative study	A. Elderwy et al.
Laparoscopic Pyeloplasty in infancy and early childhood early outcome experience from single institute (Video)	A. Aljneibi
Hourglass bladder post-ileocystoplasty: A case report	H. Alhazmi
Micro-Dissection Testicular Sperm Extraction: Overall Results and Experience at KFSH&RC	S. Mehmood et al.
Pattern of erectile dysfunction medication prescription by community pharmacist in Al-Khobar and Dammam cities of Saudi Arabia	M. Alhumaidi et al.
Percutaneous Epididymal Sperm Aspiration in the Treatment of Obstructive Azoospermia; Analysis of factors predicting treatment outcome	F. Almashat et al.
Pre-ejaculatory Illness Syndrome: Two Cases of a Rare Psychosomatic Disorder	M. Elawdy
Recurrent Acute Scrotal Pain among Young Male Students: Cross-Sectional Study	A. ALZahrani et al.
Semen analysis in men with testicular cancer: Effects of orchidectomy and fertility preservation	S. Abumelha et al.
Semen Parameters, Intraindividual variation at the day of O.P.U ,Success of I.V.F Abstract Text	H. Alakrash
Sperm retrieval in patient with non-obstructive azoospermia and 5-alpha reductase deficiency through micro-surgical testicular sperm extraction	H. Alakrash et al.
Testicular pain: warning sign for post-operative ischemia following inguino-scrotal surgery	M. Elbahnasawy
The Clinical Value of Assessing Sperm Chromosomal Aneuploidy in Couples Undergoing Failed Intracytoplasmic Sperm Injection (ICSI) and its Correlation with Semen Parameters	F. Almashat
The Prevalence of Erectile Dysfunction and its Major Risk Factors among the Northern Saudi Men with Diabetes Mellitus	M. Alenzi et all
Thyroid function, serum Testosterone and Prolactin don't seem to be risk factors in men complaining of premature ejaculation	M. Habous et al.
Ultrasound Scanning in the Screening of Men with Subfertility for Testicular Malignancy- Incidence of abnormalities detected and management	S. Abumelha et al.

DAY 2

Wednesday

4.3.2015

ONCO-UROLOGY SESSION (AUDITORIUM)

Moderators : H. Abu-Eleinen, S. Al-Khateeb , I. Al-Oraifi.

Coordinator: K. Bedaiwy

Time	Presentation Title	Speaker
08:00-08:30	Debate: EM & Conventional BCG	A.Zlotta, C. Gan
08:30-08:45	Early Cystectomy in NMIBC	S. Al-Khateeb
08:45-09:00	KFSHRC Experience with Radical Cystectomy	M. Al-Otaibi
09:55-10:15	Metastatic castrate resistant prostate cancer : an Update	P. Mulders
09:15-09:25	MRI Targeted Biopsy in Pca	D. Rabah
09:25-09:40	Discussion	
09:40-09:55	Small Renal Masses : The Dilemma	I. Al Oraifi
09:55-10:10	Hormonal therapy for metastatic prostate cancer	A. Abusamra
10:10-10:20	Epidemiology Profile of Renal Cell Carcinoma: A 10 Year patients' Experience at King Abdulaziz Medical City NGHHA, KSA	S. Mahasin , et al.
10:20-10:30	Bank of Biological Samples and related information intended for uro-oncological (Biobank) research purposes	D. Rabah , et al.

10:30-10:40

Break

Poster & Exhibition Visit

PLENARY SESSION 2 (Auditorium)

Moderators : J. Thueroff, H. Farsi, S. Bin Saleh.

Coordinator: N. Al Daham

Time	Presentation Title	Speaker
10:40-11:00	Tumor Markers in Bladder Cancer	A.Zlotta
11:00-11:20	Metabolic Stone Clinic : Is it really needed?	K.Sarica
11:20-11:40	AAU Lecture: Urine Diversion in the Arab World	H. Abu-Eleinen
11:40-12:00	Urologic Journalism: The Fate of Urology Annals	K. Fouda

12:00-13:00

Prayer & /lunch

Poster & Exhibition Visit

DAY 2

Wednesday

4.3.2015

Endo-Urology Session (Auditorium)

Moderators : :A. Nassir, A. Al Aown, M. Al Turki. **Coordinator:** A. Al Qadeeb

Time	Presentation Title	Speaker
13:00-13:15	Doctor, I have a Kidney Stone, What Options do I have?	K.Sarica
13:15-13:30	Laparoscopy, How to start?	Messas
13:30-13:45	PCNL in Kids	M. Alomar
13:45-14:10	Debate: PCNL VS ESWL	S. Al Fagih, T. Al-Esawi
14:10-14:25	Complications of URS	S. Al Qahtani
14:25-14:35	Break	
14:35-14:50	Tips and Tricks in Laparoscopic Kidney Surgery	Messas
14:50-15:05	ESWL, Is it really Dying?	K.Sarica
15:05-15:10	FACTORS PREDICTING SPONTANEOUS PASSAGE OF A URETERAL CALCULUS 10 MM	A. Abul-fotouh , et al.
15:10-15:15	The role of microbiological evaluation in prediction and management of post inflammatory response syndrome post percutaneous nephrolithotomy: a prospective clinical study	M. Elawdy
15:15-15:20	Endoscopic Diagnosis and Management of Calyceal Diverticular Calculi	A. Al-Aown, et at.
15:20-15:25	Retrograde Endoscopic Injection of Fibrin Sealant for Upper Urinary Tract Unexplained Hematuria (Temporary Effect): Case Report	S. Al-Qahtani
15:25-15:30	Staged vs synchronous percutaneous nephrolithotomy: A comparative study in patients with bilateral renal calculi.	M. Tawhary
15:30-16:00	Prayer & Break Poster & Exhibition Visit	

16:00-18:00
Saudi Urological Association
Business Meeting
 Assembly Hall

DAY 2

Wednesday

4.3.2015

Abstracts Session 2 (Parallel, Hall 1)

Moderators :: R. Al Mousa, T. Al Esawi, E. Salama.

Coordinator: M. Al Otaibi

Time	Presentation Title	Speaker
08:00-08:05	Introduction	
08:05-08:10	Stentless pyeloplasty in children: a prospective randomized study	A. Elderwy, et al.
08:10-08:15	Outcome of Augmentation Cystoplasty patients in terms of preserving renal function and continent rate: KFSHRC Experience	S.Mehmood, Et al.
08:15-08:20	Dissolution therapy versus shock wave lithotripsy for radiolucent renal stones in children: a prospective randomized study	A. Elderwy, et al.
08:20-08:25	Overactive Bladder among Young Saudi Female	W. Al Qahtani , et al.
08:25-08:30	Clomiphene citrate and human chorionic gonadotrophin are good alternative therapy to Testosterone in hypogonadal men seeking fertility	M. Habous
08:30-08:35	HYDROXYUREA AS A REVERSIBLE CAUSE OF AZOOSPERMIA IN SICKLE CELL ANEMIA	H. Alakrash
08:35-08:45	Break	
08:45-08:50	The Prevalence of Erectile Dysfunction and its Major Risk Factors among the Northern Saudi Men with Diabetes Mellitus	M. Alenzi, et al.
08:50-08:55	Evaluation of radiological haemodynamic characteristics in the determination of clinically significant varicoceles	S. Abumelha , et al.
08:55-09:00	MicrodissectionTESE in men with Maturation arrest; An Outcome analysis	S. Abumelha , et al.
09:00-09:05	The Clinical Value of Assessing Sperm Chromosomal Aneuploidy in Couples Undergoing Failed Intracytoplasmic Sperm	F. Almashat
09:05-09:10	Clinical varicocele negatively influences serum testosterone, and varicocele repair improves serum testosterone among hypogonadal infertile men.	T. Abdel-Meguid, et al.

09:15-09:30

Break

Poster & Exhibition Visit

DAY 2

Wednesday

4.3.2015

Residents Hosting Experts 2 (Parallel, Hall 1)

Guests:: A.T. Hafez, K. Sarica

Coordinator: H. Al Akrash

Time	Presentation Title	Speaker
09:30-10:00	Valve Bladder Syndrome	A. Al Sulaihem
10:00-10:30	1cm Lower Pole Renal Stone Flexible URS	A. Abdu

Poster Display 2 (Room 2)

Coordinators: A. Jutaily, K. Bedaiwy

Presentation Title	Speaker
VALUE OF INTRAOPERATIVE ULTRASOUND IN DEGREASING THE RISK OF RESIDUAL RADIOLOGIC STONES POST PCNL.	J Al-Shareef et al.
Urinary Bladder and Ureteral Stent changes in Stone-forming Adults Clinical and Cystoscopic Evaluation.	M. Abol-Nasr
Safety and efficacy of percutaneous nephrolithotomy for the treatment of pediatrics renal stones.	M. Tawhary
Peoples' Awareness and desire to Have Minimally Invasive Surgery and Robotic Surgery in Developing Countries.	M. Elawdy
Evaluation of Ureteroscopy after a Period of Ureteral Stenting in Adults Having Ureteral Stones .	M. Abol-Nasr et al.
Bladder explosion, A Rare complication of TURP : A case report.	F. Alharbi et al.
Urine Analysis Assessment among Primary Health Care Providers in Eastern Province of Saudi Arabia.	A. Al Sharydah et al.
Prevalence of urological complications in patients with sickle cell disease.	A. Alamri
A case report of a Xanthogranulomatous pyelonephritis case mimicking the recurrence of renal cell carcinoma after partial nephrectomy.	R. Aldarrab
Accuracy of Ultrasound Measured Bladder Wall Thickness for Diagnosis of Detrusor Overactivity.	M. Ali et al.
The aggressive behavior of genitourinary rhabdomyosarcoma in adolescents: report of 3 cases.	A. AL S et al.
Seminoma in a live kidney transplant recipient: case report and review of urogenital malignancies complicating kidney transplantation.	A. ALHarbi et al.
Inflammatory Pseudo-Tumor of the Urinary Bladder: A Case Series Among More Than 5,000 Bladder Tumor Cases at a Tertiary Urology Center.	M. Elawdy

DAY 3

Thursday

5.3.2015

Best Poster and Video Session (Auditorium)

Moderators : M. Al Omar, M. Al Ali, S. Al Orkubi.

Coordinator: A. Abdu

Time	Presentation Title	Speaker
08:00-08:05	Introduction	
08:05-08:10	Gen.: Prevalence of urological complications in patients with sickle cell disease	A. Alamri
08:10-08:15	Ped.: Posterior urethral valves: Metabolic consequences in a cohort of patients	O. Sarhan
08:15-08:20	Video: Laparoscopic Pyeloplasty in infancy and early childhood early outcome experience from single institute	A. Aljneibi
08:20-08:25	Andro.: Percutaneous Epididymal Sperm Aspiration in the Treatment of Obstructive Azoospermia; Analysis of factors predicting treatment outcome	F. Al Mashat
08:25-08:30	Endo.: Safety and efficacy of percutaneous nephrolithotomy for the treatment of pediatrics renal stones	M. Tawhary
08:30-08:35	Onco.: Seminoma in a live kidney transplant recipient: case report and review of urogenital malignancies complicating kidney transplantation	A. AL Harbi
08:35-08:45	Prize Awarding	
08:45-09:00	Break Poster & Exhibition Visit	

BPH Session (Auditorium)

Best Practice Treatments for BPH
An Interactive, Case Oriented Debate

Debate

Coordinator: N. Faqeeh

Time	Moderator	Panelists	Defended Option
09:00-10:30	Mostafa Elhilali	H.Farsi :	TUR-P and Laser
		B.Kamal :	Post.OP. Complications
		W.Al Taweel :	PDE5-I for BPH
		H.Al Zahrani :	Med. Treatments
		W.Al Taweel :	Urodynamic Study
10:30-10:40			Prayer & /lunch Poster & Exhibition Visit

DAY 3

Thursday

5.3.2015

Plenary Session 3 (Auditorium)

Moderators : S. Al Fagih, A. Al Zarooni, A. Elaiwai, .

Coordinator: S. Al Mutairi

Time	Presentation Title	Speaker
10:40-11:00	SIU Lecture: Renal stones in 2015: ESWL, URS or PCNL ? The same question, changing answer	L.Valiquette
11:00-11:20	Emerging PBH Treatments	M. Elhilali
11:20-11:40	KSSM Lecture: Superiority of Greenlight HPS laser to other surgical options in the treatment of BPH	S. W. Kim
11:40-12:00	Technology Dissemination : Quality and Outcome	K. Al Othman
12:00-12:10	M. Abomelha / A. Jad Closing Remarks	

dram
