Sunday, April 26, 2015

7:30am—8:00am

Registration and Continental Breakfast

8:00 am—5:00 pm

Predictable Anterior Implant Esthetics: The Ortho-Perio-Restorative Connection (1997-2014)

Presented by **Joseph Kan DDS, MS**

Achieving anterior implant esthetics is a challenging and demanding procedure. To create implant restorations with harmonious gingival contour that emulate nature is a fusion of science and art. Understanding the biologic and physiologic limitations of the soft and hard tissue will facilitate predictability in simple to complex esthetic situations.

This 1-day course is designed for the Periodontists, Restorative Dentist, Prosthodontist, Oral Maxillofacial Surgeons, Implantologist and lab technicians. Not only will it focus on current implant treatment philosophies and methodologies for replacing currently missing teeth and the management of patients who will be losing a tooth or teeth in the esthetic zone. It will also chronicle the presenter's 17 years of experience in anterior implant esthetics; what we know, what we do not know, and what we think we know.

Emphasis will be placed on the diagnosis and treatment planning, surgical, prosthetic and orthodontic management of soft and hard tissue for optimal anterior implant esthetics from simple to complex esthetic situations. Long term follow-ups documenting success and failures of immediate and delayed implant placements, reliability or unreliability of bone and soft tissue grafting.

5:00—5:30 pm

PSOMS Annual Business Meeting

5:30—7:00 pm

Cocktail Reception

FEE:	\$250	per PSOMS member/PSOMS member guest

Spring Scientific Program
is co-sponsored by:

ADA CER.P® | Continuing Education
Recognition Program

PDA is an ADA CER.P Recognized Provider

ADA CER.P is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CER.P does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CER.P) through joint efforts between PDA, OMSNIC and PSOMS.

PDA designates Dr. Kan presentation for eight (8) continuing education credits. OMSNIC designates *Risk Management for the OMS* for four (4) continuing education credits.
