WELCOME! to the 2015 TEXAS Meeting

It is my turn!

For four years I have been writing articles to promote our Texas Meeting, thinking that "someday" 2015 would be "my year." That was just yesterday.

Time has flown by with this Council on Annual Session and the fantastic staff that make it work. The council members come and go but

our Texas Dental Association staff are steadfast and make it possible for the council to function smoothly, efficiently and with much affection. As such, we have moved forward in time and innovation offering a Texas Meeting that is slightly different, but always the same in our Texas friendly, successful, relationship-building way.

Let me extend a personal invitation from our Council on Annual Session to attend the 2015 Texas Meeting. Expand your knowledge, network and connect with colleagues and make new friends. This is the perfect time of year to interact in a beautiful setting among dental professionals from around the state.

This meeting is about your practice. Continuing education courses are offered for everyone on your team, and the exhibit hall promotes the newest and best in dental technologies and management strategies for your practice. Our TDA Leadership convenes here, working to shape the future of dentistry. Be sure to enjoy the many social events designed to complement your educational experiences.

We welcome you to San Antonio and look forward to seeing you at this premier dental meeting!

CONTINUING EDUCATION

ADA CERP® | Continuing Education Recognition Program

TDA is an ADA CERP Recognized Provider

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve nor endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

TDA designates each educational course for a specified number of C.E. units.

Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at ada.org/cerp.

Course Disclaimers

The Texas Dental Association (TDA) makes every effort to present high caliber speakers in their respective areas of expertise. Seminars of the TDA are offered as information only and not as financial, accounting, legal, or other professional advice. Attendees must consult with their own professional advisors for such advice. The ideas and comments expressed during the seminars are not necessarily endorsed by or those of the TDA.

All participants are cautioned about the risks of using new techniques, especially in courses that have not provided them with supervised clinical experience. **All programs may be subject to change due to circumstances beyond our control.**

SLEEP APNEA

DR. RONALD PREHN**Basic Sleep Oral Appliance Therapy Workshop**

SATURDAY, 8:00 AM - 12:00 PM

Course Code: S29 CE Hours: 4 Fee: \$395

Audience: D Only

AGD SUBJECT CODE 160

**LIMITED ATTENDANCE****LEARNING OBJECTIVES**

1. Using knowledge of Dental Sleep previously obtained, the Dentist will apply that knowledge to the practical treatment of SDB with mandibular advancement splints.
2. To give the treating Dentist the tools to treat SDB with the MAS, including insertion of the MAS, protocols of titration and record keeping. The dentist will go home with demonstration models of two oral appliances.
3. To give the Dentist the proper protocols of OAT in regards to parameters of practice with the AADSM, State of Texas, and how to collaborate with the Sleep Physician within those parameters of care.

This workshop is highly personalized, more so than other sleep dentistry workshops previously offered at The Texas Meeting. In order to realize maximum benefit from this program, attendees are recommended to register at least 60 days prior to the meeting (by March 2, 2015). Each registrant who meets this deadline will receive detailed instructions from Dr. Prehn in early March regarding how to take impressions and bite registration of the participant's dentition in order to have a TAP appliance made prior to the meeting at a discounted fee of **\$400, at the participant's expense**, from TMD Technologies lab. At the workshop, participants will partner with another dentist to seat and adjust the appliance on each other. Those who register after the deadline will not have adequate time to have an appliance ready to bring to the meeting.

At the workshop, participants will take additional impressions of each other which will enable them, at their option, to send the casts to Space Maintainers Lab to have a Narval appliance fabricated for personal use or as a patient demo model at a discounted fee of **\$500, at the participant's expense**.

All registrants will receive necessary instruments to take home as part of the registration fee.

For more information, please contact Ann Pargac at the TDA office at (512) 443-3675 or ann@tda.org.

Participants are encouraged to take the 12 hours required by State of Texas (Course #T57 and Course #F71) prior to taking this workshop. If the participant has not taken the required 12 hours, he/she will be required to watch an on-line one hour course on the basics of Sleep Disordered Breathing prior to taking this workshop.

TDA Members - Get Involved

The House of Delegates is the legislative and supreme governing body of the TDA. The 2015 House of Delegates is composed of 141 members, which includes duly elected and installed delegates from each of the 26 components of the Texas Dental Association and the 15 voting members of the Board of Directors. That number also includes the Speaker of the House of Delegates, who is the presiding officer and is without vote. Additionally, the number includes the TDA secretary-treasurer who is an officer of the House of Delegates serving as the Secretary of the House and is without the right to vote. Finally, there are three student delegates, each elected and installed by their respective dental school; student delegates have full privilege and access to the floor of the House of Delegates, but are without the right to vote and may not introduce resolutions.

Headquarters Hotel: Grand Hyatt San Antonio

To make hotel reservations, please visit texasmeeting.com.

House Materials

Delegates and alternates will receive their House book in a searchable PDF format. Reference Committee reports will be e-mailed in PDF format to all participants and these reports can be downloaded from any location with internet access.

For more information, contact TDA Governance Manager Mr. Terry Cornwell at 512-443-3675, or terry@tda.org.

MAKING A DIFFERENCE

one smile at a time!

In Texas, Medicaid and the Children's Health Insurance Program (CHIP) improve the health of children who might otherwise go without access to health care. Both programs offer vital dental services to children in need. Partnered with caring dentists, these programs make a difference in the lives of Texas children by saving one smile at a time!

Most children and young adults age 20 and younger enrolled in Medicaid and CHIP receive their dental services through 1 of the 2 state selected dental plans: DentaQuest and MCNA Dental.

In keeping with the TDA's long-standing commitment to recruit more dentists to participate in Medicaid and CHIP, we're offering various Medicaid/CHIP information opportunities at this year's TEXAS Meeting.

Please see page 33 for detail course descriptions.
