October 23-24, 2015

11th Annual

DERMOSCOPY

INTERMEDIATE COURSE

EDUCATIONAL OBJECTIVES

The educational objectives of this activity are to communicate present understanding of the use of dermoscopy. Participants will learn to recognize dermoscopic structures, their histologic correlates, and dermoscopic criteria that are essential in helping clinicians classify skin lesions as benign or malignant.

COURSE OVERVIEW

The goal of this conference is to present and discuss the most current information on the use of dermoscopy in helping clinicians classify skin lesions as benign or malignant.

Please register today at:

www.mskcc.org/dermoscopy
