

3rd Annual UCLA Review of Clinical Neurology

Course Description

The UCLA Review of Clinical Neurology course is designed to provide a comprehensive, yet practical review for neurologists who wish to strengthen their proficiency in core disease states in neurology and enhance their clinical knowledge.

This year, the course is organized to provide attendees with a review of clinical neurology based on core disease topics. Each neurological core topic will provide a summary of the clinical spectrum of the disorders, pathophysiology, etiology, diagnostic techniques and management options. Each lecture will utilize cases and audience response system (ARS) to help the participants appraise their knowledge and actively engage them in the learning process. Lectures will include a discussion of three advancements made in the last year. A new feature this year, is to provide attendees with patient-centric resources to facilitate patient advocacy and education. Video recordings of patients will be shown as additional tools to exemplify clinical conditions. In addition to CME credit, the activity can be used to satisfy competency requirements for Maintenance of Certification (MOC) as specified by the American Board of Psychiatry and Neurology.

Course Highlights

- Comprehensive evidence-based review of common neurological problems.
- Presentation of common and important neurologic conditions, emphasizing practical aspects of clinical care and highlighting recent discoveries in disease mechanisms, pathophysiology, diagnostic tools and recently approved treatment options.
- Audience will have a chance to participate in case-based discussions utilizing interactive case-based approach through an audience response system (ARS) question, allowing for immediate feedback.
- Effective, evidence-based treatment options based on recent publications of the American Academy of Neurology Practice Guidelines.
- Lectures will introduce the audience to “three new things” focusing on recent advances in the clinical domain presented.
- New this year, is the integration of a patient-centric approach highlighting tools to support patient advocacy and education.

American Board of Psychiatry and Neurology, Inc.

The American Board of Psychiatry and Neurology (ABPN) has reviewed the 3rd Annual UCLA Review of Clinical Neurology and has approved this program as part of a comprehensive Continuing Medical Education program, which is mandated by the American Board of Medical Specialties (ABMS) as a necessary component of Maintenance of Certification (MOC).

Course Learning Objectives

At the conclusion of this course, participants should be able to:

- Utilize most current evidenced-based practices to improve confidence in diagnosing and managing major disease states in neurology, including multiple sclerosis, headaches, epilepsy, CNS infections, movement disorders, dementia, sleep disorders, delirium, neuromuscular diseases, neurootology, neurorehabilitation, neuroophthalmology and ethical issues in neurology.
- Discuss neurologic disease in pregnancy and immunocompromised patients.
- Use neurologic testing in an efficient and resource-responsible fashion.
- Interpret and extrapolate data from neurological testings that are related to the patient complaint.
- Identify first-line, alternative and palliative treatments for common neurologic disorders and complaints.
- Identify causes of and implement strategies to prevent injury, ameliorate pain, and diminish neurological comorbidities such as fatigue and pain and disturbances of sleep.
- Recognize key features of the history and examination important for patients and families with neurogenetic diseases, and gain familiarity with the management of inherited neurological disorders.

Target Audience

This course is designed for practicing neurologists either in private, health groups, academic practice as well as neurology, psychiatry, and neurosurgery residents and fellows. The course will also be very helpful for allied health care providers in neuroscience specialties.

General Information

Friday-Sunday, September 18th, 19th and 20th

Refunds

Cancellations must be received in writing by Friday, August 14, 2015 and will be subject to a \$50 processing fee. No refunds will be granted after that date. If, for any reason, the course must be cancelled, discontinued, or rescheduled by the Office of Continuing Medical Education, a full refund will be provided.

Program Location

NRB Auditorium
Neuroscience Research Building
635 Charles E. Young Drive South
Los Angeles, CA 90095

Parking

From the 405 freeway, exit on Wilshire Blvd. East. Proceed on Wilshire Blvd. to Westwood Blvd. and make a left. Proceed north on Westwood Blvd., turn right on Charles E. Young Drive South and continue ½ a block. Turn left into Lot 9. There will be an attendant selling permits each morning from 6:30 am – 8:30 am. If you arrive outside of this time frame, please go to the parking and information kiosk on Westwood Plaza to pay for your parking permit. Parking is \$12 per vehicle.

Please visit our website for other UCLA CME course offerings: www.cme.ucla.edu
Early registration is recommended, as space is limited.

Accreditation Statement

The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, designates this live activity for a maximum of 24 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Statement

The FDA has issued a concept paper that classifies commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is “truly independent” and free of commercial influence. In addition to independence, the FDA requires that non-promotional, commercially supported education be objective, balanced and scientifically rigorous. The policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program’s participants. In addition, Accreditation Council for Continuing Medical Education policy now mandates that the provider adequately manage all identified potential conflicts of interest prior to the program. UCLA fully endorses the letter and spirit of these concepts.

Program Schedule

Day 1 – Friday, September 18, 2015

7:00 AM	Continental Breakfast	
7:55 AM	Welcome & Introduction	Alon Y. Avidan, MD, MPH & Barbara Giesser, MD
8:00 AM	A Whole New Playing Field: Sports Neurology	Christopher Giza, MD
9:00 AM	Clinical Neurogenetics	Brent Fogel, MD, PhD
10:15 AM	Break	
10:30 AM	Movement Disorders: Videos, Diagnosis, and Treatment	Ed Farag, MD
12:00 PM	Lunch	
1:00 PM	Recognition Diagnosis and Management of Seizures. Case and Video Tutorial	John Stern, MD John O. Brooks MD
2:30 PM	Psychosomatic Issues in Neurology	
3:00 PM	Break	
3:15 PM	Dementia Updates, and Cases	Ming Guo, MD, Ph.D
4:15 PM	Neurology, Ethics and the Law	Neil Wegner, MD
5:15 PM	Adjourn	

Day 2 – Saturday, September 19, 2015

7:00 AM	Continental Breakfast	
8:00 AM	Sleep Medicine for the Neurologist	Alon Y. Avidan, MD, MPH
9:15 AM	Multiple Sclerosis, Diagnosis and Management	Barbara Giesser, MD
10:30 AM	Break	
10:45 AM	Cases in Neuromuscular Disorders; Diagnosis & Management	Perry Shieh, MD, Ph.D.
12:30 PM	Lunch	
1:30 PM	CNS Infections in the 21st Century	Elyse J. Singer, MD
2:30 PM	Practical Review of Headaches	Andrew Charles, MD
3:30 PM	Break	
3:45 PM	Neurooncology Cases	Albert Lai, MD, PhD
4:45 PM	Neurological Diseases and Pain: Case-Based Approach	Mollie Johnston, MD
5:30 PM	Adjourn	

Day 3 – Sunday, September 20, 2015

7:00 AM	Continental Breakfast	
8:00 AM	Cases in Pediatric Neurology	Joyce Matsumoto, MD
9:00 AM	Neurootology Practical Pearls	Robert Baloh, MD
10:15 AM	Break	
10:30 AM	Stroke Updates and Cases	Jeff Saver MD
12:00 PM	Lunch	
1:00 PM	Neurorehabilitation Approaches to Neurological Diseases	David Alexander, MD
2:00 PM	Neuro-ophthalmology	Mark Morrow, MD
3:15 PM	Break	
3:30 PM	Neurologic Issues in Pregnancy	Christine Bower Baca, MD, MSHS
4:15 PM	Iatrogenic & Hospital Neurology	Lucas Restrepo, MD, PhD
5:30 PM	Conclusion and Adjournment
