

MRCOG Final Preparation: Intensive OSCE

Venue: RCOG, London

Overview

This NEW course is a two-day OSCE course which will focus on developing communication skills that are the key to OSCE success. You will work one-to-one with examiners and in small groups with experienced actors to improve your technique.

Who should attend?

- This course is limited to 20 candidates and is aimed specifically at candidates who have the knowledge and ability to pass the written papers only to fail the OSCE due to communication errors.
- Candidates that haven't practised obstetrics and gynaecology in the UK will particularly benefit from attending this course
- In addition to two mock OSCE circuits you will work in small groups receiving individual feedback to improve your skills

Course Convenors

Dr Yasmin Sajjad MRCOG, Manchester

Mrs Anita Sanghi FRCOG, London

Honorary Director of Conferences

Miss Ranee Thakar MD FRCOG, London

Honorary Deputy Director of Conferences

Mr Nick Panay MRCOG, London
