Cancer Care • July 25-27, 2015

Nursing Excellence-
Capitol Ideas: Advocacy, Best Practices,
and Changing Cancer Care • July 25-26, 2015

Conference Chair:
Gabriel N. Hortobagyi, MD

Gaylord National

201 Waterfront Street
National Harbor, Maryland

Keynote Speakers

Saturday, July 25, 2015 - Noon
James P. Allison, PhD
Chair and Professor
Department of Immunology
MD Anderson

*Immune Checkpoint Blockade
in Cancer Therapy: New Insights
and Opportunities*

Sunday July, 26, 2015 - 7:00 a.m.
Richard L. Schilsky, MD
Chief Medical Officer (CMO)
American Society of Clinical Oncology
Pharmaco-Economics of Cancer Care

Plenary Sessions

Sunday, July 26, 2015 - 8:05 a.m.
Terri L. Woodard, MD
Assistant Professor
Department of Gynecologic
Oncology & Reproductive Medicine
MD Anderson

Fertility Issues in Cancer Patients

Sunday July 26, 2015 - 8:50 a.m.
Richard T. Lee, MD
Assistant Professor
Department of General Oncology
MD Anderson

*The Role of Integrative Oncology
for Cancer Patients*

Monday, July 27, 2015 - 7:35 a.m.
Eduardo Bruera, MD
Chair and Professor
Department of Palliative Care
& Rehabilitation Medicine
MD Anderson

*The Means of Optimizing Pain
and Symptom Management*

Monday, July 27, 2015 - 8:20 a.m.
Richard L. Theriault, DO
Retired Professor
Breast Medical Oncology
MD Anderson

Ethics and End of Life Care

Meet the Professor Sessions

Sunday, July 26, 2015 – 2:30 PM

Goal

The MD Anderson Cancer Center and MD Anderson Physicians Network Symposium: Translating Molecular Biology into Individualized Cancer Care will address the rapidly evolving definition of disease subsets based on molecular testing, potential therapeutic targets of cancer cells, challenges of combining local, regional, and systemic therapeutic agents into the most effective multidisciplinary treatment strategies for each tumor type and subtype, and the understanding of the immune system as it relates to the survival of the cancer cell as well as the increasingly effective immunological interventions that are making the most resistant types of cancer sensitive to immunotherapy. Additionally, this symposium will highlight the importance of fertility issues, integrative oncology, palliative care, and end-of-life issues for cancer patients. These professional practice gaps will be addressed through highly focused lectures and translated to clinical practice with case-based discussions.

The interactive sessions during the symposium will allow participants to obtain educational feedback to better improve patient outcomes in the community setting. Attendees will have an opportunity to discuss difficult and complicated cases with faculty at the "Meet the Professor" session. Keynote and didactic sessions will allow participants to expand their knowledge, increase their competence and improve management performance.

Educational Objectives

After attending the symposium, participants should be able to

- Apply the evolving science to clinical care by utilizing the molecular tools and biomarkers to identify molecular subtypes of the major cancers (*Knowledge, Competence, Performance*);
- Molecularly characterize cancer cells by identifying signaling pathways that influence cell growth and survival and the mechanisms of cell death that relate to newly developed oncology therapeutics (*Knowledge, Competence*);
- Analyze available local, regional, and systemic therapeutic agents to choose the most effective combination of treatments for each specific tumor to improve patient outcomes (*Knowledge, Competence, Performance, Patient Outcomes*);
- Evaluate immunological treatment plans based on the basics of cancer immunology and how it relates to the survival of the cancer cell (*Knowledge, Competence*);
- Develop individualized treatment plans for cancer patients that make full use of integrative oncology for management of pain, symptoms, and other aspects of whole patient care (*Knowledge, Competence, Performance, Patient Outcomes*).

Target Audience

This symposium will be beneficial to medical oncologists, radiation oncologists, surgical oncologists, general surgeons, internists, physician assistants, oncology nurses, and advanced practice nurses involved in the care of patients with breast, gastrointestinal, and lung cancers; and in immunology, immunotherapy, integrative medicine, ethics, and palliative care.

Educational Methods

- Lectures • Case Presentation Including Interactive Audience Participation
- Question and Answer Sessions • Panel Discussion • Meet the Professor Session

Evaluation

A course evaluation form will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial bias in the presentations as well as to identify future educational topics.

Accreditation/ Credit Designation

The University of Texas MD Anderson Cancer Center is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Texas MD Anderson Cancer Center designates this live activity for a maximum of 21.00 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

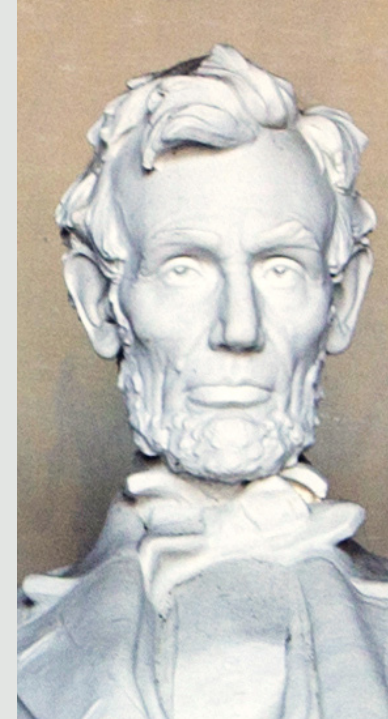

Ethics Credits

The Ethics & End of Life Care Session presentations have been designated by The University of Texas MD Anderson Cancer Center for a total of 1.75 *AMA PRA Category Credits™* in medical ethics and/or professional responsibility.

CME Certificates and Attendance Verification Certificates

Certificates awarding *AMA PRA Category 1 Credits™* or certificates documenting attendance will be distributed to participants when an individual departs the conference. To obtain a CME certificate, physicians must submit a completed evaluation questionnaire and a *CME Verification Form*.

Upon request, a record of attendance (certificate) will be provided on-site to other health care professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.

The University of Texas MD Anderson Cancer Center has implemented a process whereby everyone who is in a position to control the content of an educational activity must disclose all relevant financial relationships with any commercial interest that could potentially affect the information presented. MD Anderson also requires that all faculty disclose any unlabeled use or investigational use (not yet approved for any purpose) of pharmaceutical and medical device products. Specific disclosure will be made to the participants prior to the educational activity.

Agendas are subject to change because we are always striving to improve the quality of your educational experience. MD Anderson may substitute faculty with comparable expertise on rare occasions necessitated by illness, schedule conflicts, and so forth.

Photographing, audio taping and videotaping are prohibited.

Please let us know what specific topics, issues or questions you wish to see addressed or emphasized in this activity. Fax or e-mail CME/Conference Management. All responses will be forwarded to the Program Chair for consideration.

Nursing Excellence— Capitol Ideas: Advocacy, Best Practices, and Changing Cancer Care

July 25-26, 2015

See registration form for separate registration and fee. For those wishing to attend the Monday of the symposium, the cost will be \$100 additional.

Goal

This two-day nursing conference is designed to enhance the participating nurses' knowledge on best practices relevant to current trends in Oncology nursing care. The program examines the dynamics and resources necessary to surmount barriers surrounding genetic innovations, ethical prudence, proficient transition of care, and patient advocacy; especially for the clinically underserved across the entire continuum of patient care.

Objective

Participants can communicate information and oncology nursing care posterities relevant to

- Ethical dilemmas in oncology nursing care and potential resolutions;
- Available genetic testing and analysis and the role genetics play when individualizing oncology nursing care;
- Advocating for underserved populations and insuring proficient transition of care.

Nursing Credits

Nursing Continuing Education Contact Hours will be awarded.

Email jlkitche@mdanderson.org for further information.

The University of Texas MD Anderson Cancer Center is an approved provider of continuing nursing education by the Texas Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Registration Information

On-site registration for the **MD Anderson Cancer Center and MD Anderson Physicians Network Symposium** opens at 6:30 a.m. on Saturday, July 25, 2015. The opening session of the symposium will begin at 7:00 a.m. on Saturday, July 25, 2015, and the symposium will adjourn at 12:10 p.m. on Monday, July 27, 2015.

On-site registration for **Capitol Ideas: Advocacy, Best Practices, and Changing Cancer Care** opens at 7:00 a.m. on Saturday, July 25, 2015. The opening session of the conference will begin at 7:45 a.m., and the conference will adjourn at 2:45 p.m. on Sunday, July 26, 2015.

Advance registration is encouraged as space and materials are limited. Please see registration form for applicable fees.

The deadline for advance registration is July 10, 2015.

There are three ways to register:

- Mail to: CME/Conference Management – Unit 1781, The University of Texas MD Anderson Cancer Center, P.O. Box 301407, Houston, TX 77230-1407
- Fax to: 713-794-1724
- On-line at: www.mdanderson.org/conferences

We accept the following forms of payment:

- Check (payable through U.S. banks only)
- Money Order
- Credit Cards (MasterCard, VISA, and American Express)
- Cash (on-site registration only)

A receipt and confirmation letter will be sent to you within ten working days of receipt of your fee.

The full conference registration fee includes the tuition, thumb drive, continental breakfasts, breaks, lunches, and welcome reception.

Refund/Cancellation Policy

The registration fee, minus a \$50 administrative handling fee, is refundable if a written request is received on or before July 10, 2015. No refunds will be granted after that date. The request for a registration refund must include the tax identification number of the company or institution if registration was paid by a company or institution check.

The Department of CME/Conference Management reserves the right to cancel activities prior to the scheduled date, if low enrollment or other circumstances make it necessary. Each registrant will be notified by mail, e-mail, or the contact phone numbers as given on the registration form.

In case of activity cancellation, liability of the Department of CME/Conference Management is limited to the registration fee. CME/Conference Management will refund the full registration fee. The Department of CME/Conference Management reserves the right to limit the number of participants in a program and is not responsible for any expenses incurred by an individual whose registration is not confirmed and for whom space is not available.

For additional information, contact CME/Conference Management at 713-792-2223 or toll free at 866-849-5866.

Special Assistance

Contact the Department of CME/Conference Management at 713-792-2223 or toll free at 866-849-5866 if you have any special dietary or ADA accommodation needs.

Accommodations

- A block of rooms has been reserved for symposium attendees at **The Gaylord National**, 201 Waterfront Street, National Harbor, Maryland
- Early hotel reservation is suggested.
- The hotel phone number is 301-965-4000.
- Room Reservation Website
https://resweb.passkey.com/Resweb.do?mode=welcome_ei_new&eventID=11514934
- When you make reservations be sure to mention the **MD Anderson Physicians Network Symposium** to be assured of receiving the special meeting rate of \$229.00 single, \$239 double occupancy. A daily resort fee of \$18.00 will be added to the rate. Please add 16% Maryland state and local taxes.
- Reservations and deposits received after June 25, 2015 will be confirmed if space is available and at current hotel published guest room rates.

Ground Transportation

The hotel is 8 miles from Ronald Reagan Washington National Airport. Taxis are available at the approximate price of \$25 one way.
