

6TH INTERNATIONAL WORKSHOP ON HIV & AGING

WASHINGTON, DC, USA • 5 - 6 OCTOBER 2015

WHO SHOULD ATTEND?

Internal Medicine specialists (clinicians working in cardiovascular, renal, endocrine, and metabolic complications of HIV areas), infectious disease specialists, (virologists, immunologists, pharmacologists), geriatricians, neurologists, epidemiologists, geneticists and other clinical researchers.

WHY SHOULD YOU ATTEND?

- This workshop is the premier international meeting on HIV and aging.
- This workshop is intended as a compact, focused meeting to encourage **crossdisciplinary scientific dialogue** and **in-depth discussions** among all attendees, including presenters.
- This meeting is a **stepping stone for young medical professionals** to present their research in an informal and encouraging setting. We encourage their participation by offering them a complimentary registration (for more information see meeting website).

ORGANIZING COMMITTEE

Charles Boucher, MD, PhD
Erasmus University Rotterdam,
the Netherlands

Charles Flexner, MD
Johns Hopkins University
School of Medicine, USA

Susan Resnick, PhD
National Institutes of Health /
National Institute of Aging, USA

Todd Brown, MD
Johns Hopkins University
School of Medicine, USA

Giovanni Guaraldi, MD
University of Modena, Italy

Jonathan Schapiro, MD
Sheba Medical Center, Israel

Jacqueline Capeau, MD, PhD
INSERM, France

Scott Letendre, MD
University of California, San
Diego, USA

Russell Tracy, PhD
University of Vermont, USA

William Ershler, MD
IASIA, USA

Jules Levin, MS
NATAP, USA

ABSTRACT SUBMISSION

We invite you to submit your abstracts in the following categories:

- Neurology
- Pharmacology
- Immunology
- Metabolic/ cardiovascular complications
- Effect of aging on organ systems (renal, musculoskeletal, hepatic and endocrine)
- Malignancy
- Geriatrics and Clinical care

Abstract submission deadline: 31 July 2015

Registration and information: www.virology-education.com

PRELIMINARY PROGRAM

MONDAY 5 OCTOBER

08.00 AM Registration

08.30 AM Opening of the Workshop

Session 1 Frailty/sarcopenia

08.45 AM Mechanistic insights in frailty (pre-clinical)

Jeremy Walston, MD

Johns Hopkins University, Baltimore, MD, USA (inv.)

09.15 AM Clinical and management aspects in Prevention/intervention

Stephany Studenski, MD, MPH

NIH National Institute of Aging, Baltimore, MD, USA (inv.)

10.15 AM Discussion

10.30 AM Coffee Break

Session 2 Abstract Session

11.00 AM Abstract-driven Presentations

12.00 PM Group Picture

01.00 PM Lunch

Session 3

02.00 PM Aging lung/Smoking

William MacNee, MD

University of Edinburgh, UK (inv.)

02.30 PM Abstract-driven Presentations

03.00 PM Panel Discussion

03.30 PM Coffee Break

Session 4

04.00 PM Role of the Microbiome in HIV infection (treated / untreated patients)

Cara Wilson, MD

University of Colorado Denver, CO, USA

Friends with Benefits: The Gut Microbiota as a Key Regulator of Physiology & Behaviour Across the Lifespan

John Cryan, BSc (Hons), PhD

University College Cork, Ireland

04.30 PM Abstract-driven Presentations

06.00 PM End of Plenary Session

Welcome Drinks and Poster Viewing

TUESDAY 6 OCTOBER

Session 5 New Approaches and Monitoring Technologies

08.30 AM Radiological testing in Cardiovascular diseases

Ahmed Tawakol, MD

Massachusetts General Hospital, Boston, MA, USA

09.00 AM Monoclonal antibody pipeline/ Treatment of Inflammation

Leonard Calabrese, DO

Case Western Reserve University, Cleveland, OH, USA

09.30 AM Abstract-driven Presentations

10.00 AM Coffee Break and Poster Viewing

Session 6 The role of (low doses) Aspirin use in HIV & Aging (round table debate)

10.30 AM Introduction

10.45 AM Pro - standpoint (15 min.)

Judy Aberg, MD

Mount Sinai Medical Centre, New York, NY, USA (inv.)

11.00 AM Con- standpoint (15 min.)

Erin Michos, MD

Johns Hopkins University, Baltimore, MD, USA

11.15 AM Panel Discussion

01.00 PM Lunch

Session 6 Cofactors of Accelerated Aging

02.00 PM Diabetes/Obesity, Exercise -- muscle function

Rita Kalyani, MD

Johns Hopkins University, Baltimore, MD, USA

02.30 PM Diabetes/Obesity, Exercise -- brain

Madhav Thambisetty, MD

NIH National Institute of Aging, Baltimore, MD, USA

03.00 PM Closure of the workshop

Free registration for young investigators with accepted abstracts!
