Critical Care Seminar

Tuesday, May 12, 2015

8:00 am to 4:30 pm

Seven Mountains Wine Cellars

107 Mountain Spring Lane

Spring Mills, PA 16875

CRITICAL CARE SEMINAR

INTENDED AUDIENCE:

This course is designed for physicians, advanced practitioners, nurses, pharmacists and pre-hospital responders interests in the management of the critically ill patient.

PROGRAM DETAILS:

Description:

The Critical Care Seminar is an annual event designed to provide information on treatment trends and best practice care approaches in the management of the critically ill patient encountered both pre-hospital and in rural central Pennsylvania acute healthcare settings. A key goal of this full day program is to align and coordinate patient care practices throughout the region to improve patient outcomes through a variety of experts and topics.

Purpose:

To provide evidence-based topics relative to the care of the critical patient and to enhance practices in healthcare delivery.

Objectives:

At the completion of this course, the participant should be able to:

- Describe practice standards related to new services, providers, and/or procedures as the result of the integration and/or collaboration of rural healthcare organizations with higher level healthcare organizations.
- Discuss the care of the critically ill patient presenting or admitted to a rural community hospital.
- Identify care approaches that keep patients within the community while providing safe, quality care and positive patient outcomes.

DISCLOSURE POLICY:

Faculty and all others who have the ability to control the content of continuing medical education activities sponsored by the Geisinger Health System are expected to disclose to the program audience whether they do or do not have any real or apparent conflict(s) of interest or other relationships related to the content of their presentation(s).
