Session Overview

Date: Sunday, 11/Oct/2015

11:00am - 1:00pm	ICIS Committee Meetings Location: K6/K7
1:30pm - 3:00pm	ICIS Committee Meetings Location: K6/K7
4:00pm - 6:00pm	Opening: Award Ceremonies / Award Lectures Location: Joseph-Keilberth-Saal
6:30pm - 8:00pm	Aperitifs at Kaisersaal - "Neue Residenz"

Date: Monday, 12/Oct/2015

8:30am - 10:30am	Plenary I: Plenary Session Location: Joseph-Keilberth-Saal Human type I interferonopathies <u>Yanick Crow</u> Manchester, UK Genetically defined autoinflammatory diseases <u>Raphaela Goldbach-Mansky</u> Bethesda, USA Autoimmunity due to constitutive activation of cytoplasmic viral RNA sensors <u>Takashi Fujita</u> Kyoto, Japan	
10:30am	Coffee Break	
11:00am - 1:00pm	Symposium 1: Pathogen recognition Location: Joseph-Keilberth-Saal Symposium in honor of Philip I. Marcus, sponsored by JICR/MAL	Symposium 2: Cytokines in cancer development and antitumor immunity Location: Hegel-Saal
1:00pm	Lunch Location: Foyer	
2:00pm - 3:30pm	Poster 1: Poster Session Location: Foyer	
3:30pm	Coffee Break	
4:00pm - 6:00pm	Symposium 3: IFN-λ in innate and adaptive immunity Location: Joseph-Keilberth-Saal	Symposium 4: Anti-cytokine therapy of inflammatory human diseases Location: Hegel-Saal
6:15pm - 8:00pm	Networking for Trainees Location: Plückers Stube	

Date: Tuesday, 13/Oct/2015

8:30am - 10:30am	Plenary I: Plenary Session Location: Joseph-Keilberth-Saal Apoptotic caspases and induction of type I IFN by mitochondrial DNA <u>Akiko Iwasaki</u> New Haven, USA Recognition of 5'-triphosphate RNA in innate anti-viral defense <u>Caetano Reis e Sousa</u> London, UK MDA5-filament, dynamics and disease <u>Sun Hur</u> Boston, USA	
10:30am	Coffee Break	
11:00am - 1:00pm	Symposium 5: Role of cytokines in skin and mucosal immunity Location: Joseph-Keilberth-Saal	Symposium 6: From basic cytokine research to translational approaches Location: Hegel-Saal
1:00pm	Lunch Location: Foyer	
2:00pm - 3:30pm	Poster 2: Poster Session Location: Foyer	
3:30pm	Coffee Break	
4:00pm - 6:00pm	Symposium 7: Cytokines in pathogen-induced tissue damage and repair Location: Joseph-Keilberth-Saal	Symposium 8: Sensing in innate immunity and pathogen countermeasures Location: Hegel-Saal
7:00pm	Conference Dinner: Ziegelbau Ballsaal, Welcome Kongresshotel Location: Ballsaal	

Date: Wednesday, 14/Oct/2015

8:30am - 10:30am	Plenary III: Plenary Session Location: Joseph-Keilberth-Saal IFN-induced factors with anti-HIV activity <u>Michael Malim</u> London, UK Evolution of antiviral factors in primates <u>Harmit Malik</u> Seattle, USA The Biology of Interleukin-6 and Strategies of Blockade <u>Stefan Rose-John</u> Kiel, Germany	
10:30am	Coffee Break	
11:00am - 1:00pm	Symposium 9: Cytokine-induced proteins mediating pathogen defense Location: Joseph-Keilberth-Saal	Symposium 10: Cytokines and CNS disease Location: Hegel-Saal
1:00pm	Lunch Location: Foyer	
2:00pm - 4:00pm	Symposium 11: Cytokines in antifungal and antibacterial immunity Location: Joseph-Keilberth-Saal	Symposium 12: Systems biology in cytokine research Location: Hegel-Saal
4:00pm	Coffee Break	
4:30pm - 5:45pm	Plenary IV: Closing Session Location: Joseph-Keilberth-Saal The biology of innate lymphoid cells <u>David Artis</u> New York, USA Tuberculosis therapy based on IL-1 and type I IFN crosstalk <u>Alan Sher</u> Bethesda, MD, USA
