

Pharmacology 2015

15-17 December
Queen Elizabeth II Conference Centre, London

Tuesday 15 December 2015						Wednesday 16 December 2015				Thursday 17 December 2015			
08:00	08:00 - 10:00 Registration					08:00 - 09:00 Registration				08:00 - 09:00 Registration			
08:30													
09:00													
09:30													
10:00	Track 1	Track 2	Track 3	Track 4	10:00-12:30 StR training session	Track 1 09:00 - 11:40 Targeting cardiotoxicity <i>Joint with the British Society for Cardiovascular Research</i>	Track 2 09:00 - 11:40 CGRP and migraine: from basic science to potential for new drugs	Track 3 09:00 - 11:40 To be confirmed	Track 4 09:00 - 11:40 UK medicines: regulatory science and innovation <i>Joint with the Medicines and Healthcare Products Regulatory</i>	Track 1 09:00 - 11:40 Perivascular adipose tissue and regulation of vascular function	Track 2 09:00 - 11:40 Identifying targets for the novel treatment of arthritis pain	Track 3 09:00 - 11:40 Stuck in the membrane with you: The influence of drug-phospholipid interactions on receptor pharmacology	Track 4 09:00 - 11:40 Paediatric clinical pharmacology: Successful planning and delivery of early phase studies in children
11:00	10:00 - 12:40 Airway pharmacology	10:00 - 12:40 Targeting cognition: a panacea for neuropsychiatric disease? <i>Joint with and supported by the British Association for Psychopharmacology</i>	10:00 - 12:40 The hydrogen sulphide pathway as a therapeutic target	10:00 -12:40 Micro RNA: new diagnostics and new therapies									
12:00						11:40 - 13:30 Lunch break	12:00 - 13:30 Annual General Meeting			12:00 - 14:00 Animal Models	12:00 - 14:00 Quantitative Pharmacology	11:40 - 12:30 Lunch break	
12:30												12:30-14:00 Oral Communications Basic Pharmacology VII, VIII	
13:00	13:00 - 14:30 AstraZeneca Women in Pharmacology Prize Lecture					12:40 - 13:30 Lunch break	13:30 - 14:30 GSK Prize Lecture Professor David Williams, Royal College of Surgeons in Ireland, Ireland			12:00 - 14:00 Animal Models	12:00 - 14:00 Quantitative Pharmacology	14:00 - 15:00 Gary Price Lecture	
13:30													
14:00													
14:30	14:30 - 15:30 ASCEPT Prize lecture Associate Professor Peter Molenaar, Queensland University of Technology, Brisbane, Australia				14:45 - 16:45 StR training session assessment or workshop	14:30 - 16:00 Oral Communications Basic Pharmacology V, VI and Clinical Pharmacology I, II			15:00 - 16:30 Poster Session Basic Pharmacology				
15:00												15:30 - 16:30 Oral Communications Basic Pharmacology I, II, III, IV <i>Sponsored by Abcam</i>	
15:30	16:00 - 17:30 Poster Session Clinical Pharmacology												
16:00				16:30 - 18:00 Poster Session Basic Pharmacology <i>Sponsored by Abcam</i>									
16:30	17:00-17:30 Clinical Section Annual Meeting												
17:00													
17:30													
18:00													
18:30													
From 19:00				19:00 Welcome Reception Church House Conference Centre				18:45 - 19:30 BPS Prize Reception 19:30 Annual Dinner and Prize Giving One Great George Street					

Track 1	Cardiovascular & Respiratory Pharmacology
Track 2	Neuropharmacology / Integrated Systems Pharmacology
Track 3	Molecular & Cellular Pharmacology
Track 4	Drug Discovery, Development & Evaluation / Toxicology
