

Event venue

German Heart Centre Munich
Main Auditorium
 Lazarettstraße 36, 80636 München, www.dhm.mhn.de

How to reach us by public transport
 Underground line U1 to Maillingerstraße, 5 min walk,
 Tram line 20, 21 or 22 to Hochschule München, 10 min walk.

Accreditation

CME-Credits
 The 7th ESC-EuroGUCH Meeting has been
 accredited by EBAC.

Secretariat Prof. Dr. med. Peter Ewert

Ms. Sabine Obernberger

Dear colleagues and friends,

it is our great honor and pleasure to invite you to the annual
 scientific meeting of the ESC-working group on adults with
 Congenital Heart Disease.

The 7th ESC-EuroGUCH Meeting
is going to be held in Munich, Germany,
on Friday, April 22nd, and Saturday April 23rd, 2016

The combined surgical and cardiological effort to treat adults with
 congenital heart disease is a story of success. Today an increa-
 sing number of patients, even with very complex congenital heart
 disease, survive to adulthood with a good quality of life. However,
 since true „correction“ of a congenital cardiac lesion is seldomly
 achievable, these patients need lifelong expert medical surveillance
 and close collaboration of health professionals in many medical
 sub-specialities.

The **first** day of the current meeting is concentrating on the right
 ventricle in patients with congenital heart disease. Diagnostic
 modalities, indication for treatment and treatment options are
 presented and discussed.
 The **second** day focusses on different clinically relevant topics
 for this group of patients.

We believe the course will be attractive not only for adult –
 or pediatric cardiologists and surgeons, but also for cardiac
 anesthesiologists, intensivists, nurse specialists and other health
 professional caring for GUCH patients.

We hope that, besides an excellent scientific meeting, you will enjoy
 Bavarian hospitality and a stimulating atmosphere here in Munich.
 It is an opportunity not only to share scientific thoughts but to foster
 personal relationships.

The organizers cordially invite you to come to Munich and bring
 friends, colleagues, trainees and students along with you. We look
 forward to welcoming you personally in Munich.

Andreas Eicken **Harald Kaemmerer** **Peter Ewert**

EuroGUCH Meeting 2016

22nd/23rd April 2016,
Main Auditorium, 9:00 a.m.

Friday, 22nd of April

The right ventricle in Congenital Heart Disease			
9:00 – 9:25	Echocardiographic evaluation of the tricuspid valve, the pulmonic valve and the right ventricle	Jan Marek	GB
9:25 – 9:50	Advanced echocardiographic modalities in the assessment of right ventricular function	Satoshi Yasukochi	JP
9:50 – 10:15	Assessment of RV-function with pressure volume loops – impact on treatment indication for a volume loaded RV	Christian Apitz	D
10:15 – 10:40	Cardiovascular Magnetic Resonance Evaluation of the tricuspid valve, the pulmonic valve and the right ventricle	Sohrab Fratz	D
10:40 – 11:05	Exercise physiology and pathology in right ventricular dysfunction	Folkert Meijboom	NL
11:05 – 11:30	Coffee		
11:30 – 11:55	Indication for treatment in adults with tricuspid valve dysfunction due to a congenital cardiac anomaly	Markus Schwerzmann	CH
11:55 – 12:20	Surgical techniques to improve tricuspid valve function in CHD	Viktor Hraska	D
12:20 – 12:45	When tricuspid valvuloplasty fails – what is the best valve in tricuspid position	Alessandro Giamberti	I
12:45 – 14:00	Lunch		
14:00 – 14:25	Indications for pulmonary valve replacement in adults with congenital heart disease	Werner Budts	BE
14:25 – 14:50	Which valve is best in right ventricular outflow tract dysfunction	Christian Schreiber	D
14:50 –16:15	Failing biological tricuspid valve – percutaneous tricuspid valve replacement	Peter Ewert	D
16:15 – 16:40	Failing biological pulmonic valve – percutaneous pulmonary valve replacement	Massimo Chessa	I
16:40 – 17:00	When treatment fails – indication for and results of transplantation for failing hearts in CHD	Harald Gabriel	AU
17:00 – 17:30	Coffee		
17:30 – 17:40	Introduction to John Hess Lecture	Harald Kaemmerer	D
17:40 – 18:10	„John Hess Lecture“: Adults with congenital heart disease: How to optimize patient care and education of physicians, future perspectives	Gary Webb	USA

Saturday, 23rd of April

Heart failure			
9:00 – 9:20	Prognostic value of Bio-markers in ACHD	Hajnalka Balint	HU
9:20 – 9:40	Heart failure in ACHD: What is different from other cardiac disorders?	Pedro Trigo-Trindade	CH
9:40 – 10:00	Hyponatremia in ACHD: From prognosis to treatment	Oktay Tutarel	D
10:00 – 10:20	The adult patient with asymptomatic heart failure	Helmut Baumgartner	D
10:20 – 10:40	Endstage heart failure in ACHD: Medical and surgical treatment concepts	Felix Berger	D
10:40 – 11:10	Coffee		
Specific Problems and Disorders			
11:10 – 11:30	Aorta in adults with congenital heart disease and effects of pharmacotherapy on aortic growth	Julie de Backer	BE
11:30 – 11:50	Hypertrophic Cardiomyopathy: The renewed ESC-guidelines	Hubert Seggewiss	D
11:50 – 12:10	Morbus Fabry: Too often overlooked ?	Ales Linhart	CZ
12:10 – 12:30	Oral Anticoagulation in ACHD	Harald Kaemmerer	D
12:30 – 14:00	Lunch		
Pulmonary vascular disease in ACHD			
14:00 – 14:20	Modern survival analysis in Eisenmenger-Syndrome	Gerhard Diller	D
14:20 – 14:40	Pulmonary vasoactive medication in adults with Fontan circulation	Jamir Aboulhosn	USA
14:40 – 15:00	Diagnosis and management of iron deficiency and hyperuricemia in cyanotic ACHD	Koichiro Niwa	JP
15:20 – 15:40	Treat and repair strategies for adults with septal defects and pulmonary arterial hypertension	Dietmar Schranz	D
15:40 – 16:00	The future of PAH-treatment on the horizon	Maurice Beghetti	CH
16:00 – 16:30	Coffee		
Arrhythmia in ACHD			
16:30 – 16:50	Electrophysiologic considerations in ACHD with heart failure	Karl Heinz Kuck	D
16:50 – 17:10	Efficacy of antiarrhythmic pharmacotherapy in ACHD	Hebe Joachim	D
17:10 – 17:30	Sudden death in ACHD: Risk stratification	Johan Holm	S
17:30 – 17:50	Device therapy: Indications and future aspects in primary prevention of cardiac death	Kolb Christoph	D

Prices

Physicians		350,00 € regular
Junior Doctors	(< 30 years)	250,00 € regular
Early Birds	(until 31.01.16)	50,00 € reduction
Bavarian Evening	(22.04.2016)	15,00 €
