Course Description

The Fifth Annual Fetal Echocardiography Symposium at UCLA will provide attendees with another thoroughly revised, but still clinically-oriented dynamic series of state-of-the-art presentations directed toward all health-care professionals involved with fetal cardiac screening and fetal echocardiography. An internationally acclaimed faculty (ultrasonography, maternal-fetal medicine and pediatric cardiology) will present an extensive clinical review and update on the performance and interpretation of fetal cardiac imaging, focusing on tips and pearls gained from decades of experience. Through clinically-oriented presentations and live scanning sessions, attendees will update their understanding of the newest guidelines for fetal cardiac imaging. Presentations will review key aspects of how to optimize image quality, how to scan and evaluate the normal fetal heart, and how to evaluate abnormalities of the four chamber view, outflow tracts and the three-vessel view. More advanced presentations will review important clinical pearls related to pulsed/color Doppler, arrhythmias, heterotaxy, heart failure and hydrops. Opportunities for questions and discussion will be provided.

Target Audience:

The Fifth Fetal Echocardiography Symposium is targeted to health care professionals involved with scanning the fetal heart, either for screening low-risk pregnancies or for performing detailed fetal echocardiography in high-risk pregnancies. The symposium is aimed specifically towards physicians (obstetricians, perinatologists, radiologists, pediatric cardiologists, and neonatologists), obstetric/cardiac sonographers, obstetric/neonatal nurses, and physicians/sonographers in training.

Learning Objectives:

At the conclusion of this intensive, one-day symposium, participants will have gained a greater understanding of the following areas:

- Optimal approach to scanning the fetal heart in the low risk pregnancy
- Technical aspects involved with optimizing image quality and angle of acquisition
- Acquisition/interpretation of the normal and abnormal four-chamber view
- Acquisition/interpretation of the normal and abnormal outflow tract views
- Acquisition/interpretation of the normal and abnormal three-vessel view
- Acquisition/interpretation of fetal arrhythmias
- Acquisition/interpretation of fetal Doppler
- Evaluation/interpretation of fetal hydrops and heart failure

Course Director

Mark Sklansky, MD

Chief, Division of Pediatric Cardiology
James H. Nicholson Professor of Clinical Pediatrics
Co-Director, Fetal Cardiology Program
Medical Director, UCLA Children's Heart Center
Mattel Children's Hospital UCLA
David Geffen School of Medicine at UCLA

Course Co-Director

Greggory DeVore, MD, FACOG, FAIUM

Clinical Professor, Department of Obstetrics and Gynecology
David Geffen School of Medicine at UCLA
Director, Fetal Diagnostic Centers
Pasadena, Tarzana, Lancaster, California
Director, Perinatology
Providence Tarzana Medical Center
Tarzana, California

UCLA Faculty

Gary M. Satou, MD, FASE

Clinical Professor of Pediatrics
Director, Pediatric Echocardiography
Co-Director, Fetal Cardiology Program
David Geffen School of Medicine at UCLA

Guest Faculty

Tracy Anton, BS, RDMS, RDCS

Ultrasound Practitioner
UCSD Fetal Care and Genetics Center
University of California, San Diego
San Diego, California

James Huhta, MD

Medical Director, Perinatal Program, All Children's Hospital
St. Petersburg, Florida
Professor of Pediatrics, University of Florida

Dolores Pretorius, MD

Professor of Radiology
Director of Imaging, UCSD Fetal Care and Genetics Center
University of California, San Diego

7:00 am **Registration and Breakfast**

8:00 am **Welcome and Introduction**
Mark Sklansky, MD

Session 1 **Moderator: Gregory DeVore, MD, FACOG, FAIUM**

8:15 am **Fetal Cardiac Screening: Guidelines for Low Risk and High Risk Pregnancies**
Dolores Pretorius, MD

8:45 am **The Challenging Scan: How To Optimize the Image**
Gregory DeVore, MD, FACOG, FAIUM

9:15 am **Imaging Pearls: Abnormalities of the Four-Chamber View**
James Huhta, MD

9:45 am **Ductal-Dependent Disease: Abnormalities of the Outflow Tracts**
Gary Satou, MD

10:15 am **Break**

Session 2 **Moderator: Dolores Pretorius, MD**

10:45 am **Heterotaxy: Basics of Fetal Evaluation**
Mark Sklansky, MD

11:15 am **Live Scanning: Basic Approach to Fetal Cardiac Imaging**
Tracy Anton, BS, RDMS, RDCS

11:45 am **Patient Testimonials**

12:15 pm **Lunch**

Session 3 Moderator: James Huhta, MD

1:15 pm **Live Scanning—Advanced Techniques (Doppler and 2D/3D/4D)**
Greggory DeVore, MD

1:45 pm **Fetal Arrhythmias: Diagnosis and Management**
Mark Sklansky, MD

2:15 pm **2D/Pulsed-Color Doppler Evaluation of Fetal Hydrops**
James Huhta, MD

2:45 pm **Break**

Session 4 Moderator: Gary Satou, MD

3:15 pm **Case-Based Tutorial Discussion**
Dolores Pretorius, MD; Mark Sklansky, MD; Tracy Anton, BS, RDMS, RDCS

3:45 pm **Evaluation of Fetal Cardiac Function: Basics to State-of-the-Art**
Greggory DeVore, MD, FACOG, FAIUM

4:15 pm **Panel Discussion: Questions and Answers**

4:45pm **Adjourn**

General Information

Course Fees

Physicians: \$275

Nurses, Sonographers: \$150

Trainees: \$100

Location

Ronald Reagan Medical Center UCLA

Tamkin Auditorium

757 Westwood Plaza

Los Angeles, CA 90095

Directions

From the 405 freeway, exit Wilshire Blvd., East toward Westwood. Turn left on Westwood Blvd., travel past Charles E. Young Dr. South and turn left on Structure 8 driveway. Drive up the ramp to the rooftop level to park. The Ronald Reagan UCLA Medical Center is located on the corner of Westwood Plaza and Charles E. Young Dr. South.

Parking

Please park in lot 8. A parking attendant will be on duty from 6:30-8:30 AM. If you arrive outside of this time frame, please report to the parking kiosk on Westwood Plaza to pay for your parking permit. Participants are to pay their own parking charges at a rate of \$12 per vehicle.

Refunds

Cancellations must be received in writing by Monday, September 14, 2015 and will be subject to a \$50 processing fee. No refunds will be granted after that date. If, for any reason, the course must be cancelled, discontinued, or rescheduled by the Office of Continuing Medical Education, a full refund will be provided.

Accreditation

The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, designates this live activity for a maximum of 6.75 *AMA PRA Category 1 Credits™*.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Enrollment

Online

Go to www.cme.ucla.edu/courses and click on Fifth Fetal Echocardiography Symposium at UCLA. You may use your MasterCard, Visa, American Express or Discover card to register.

By Mail

Use the form attached. Mail to the UCLA Office of Continuing Medical Education, David Geffen School of Medicine at UCLA, Fetal Echocardiography 2015, 10920 Wilshire Blvd., Suite 1060, Los Angeles, CA 90024-6512

By Fax

Send the completed enrollment form with credit card information and authorizing signature.

Fax to : (310) 794-2624

By Phone

Use your MasterCard, VISA, Discover, or American Express card. Call (310) 794-2620

Disclosure Statement

The FDA has issued a concept paper that classifies commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is “truly independent” and free of commercial influence. In addition to independence, the FDA requires that non-promotional, commercially supported education be objective, balanced and scientifically rigorous. The policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program’s participants. In addition, Accreditation Council for Continuing Medical Education policy now mandates that the provider adequately manage all identified potential conflicts of interest prior to the program. UCLA fully endorses the letter and spirit of these concepts.
