

WEDNESDAY 9/30/2015

Rooms

Sessions

09:00 – 17:00	REGISTRATION
----------------------	---------------------

10:00 – 13:00 Plenary	SEI Satellite meeting: Depicting Spanish Toll
----------------------------------	--

Organizers

Pablo Pelegrin

Manuel Fresno

SEI

9:50 – 10:00 Plenary	Opening
---------------------------------	----------------

CHAIRS

Gabriel Núñez

Douglas Golenbock

10:00 – 11:20 Plenary	SEI Session I
----------------------------------	----------------------

Early events regulating inflammation after infection of the peritoneum
Carlos Ardavín

Serotonin modulates macrophage polarization through HTR2B and HTR7
Ángel Corbí

Extracellular inflammasome aggregates spread inflammation from cell to cell
Pablo Pelegrín

TLR differential signaling and disease
Manuel Fresno

11:20 – 11:40	COFFEE BREAK
----------------------	---------------------

11:40 – 13:00 Plenary	SEI Session II Tba Eduardo López-Collazo Pattern recognition by CD5 and CD6: two scavenger-like lymphocyte receptors Francisco Lozano TLR4 signaling shapes B cell dynamics Yolanda R. Carrasco TLR signals characteristically regulate the innate immune response of patients with chronic inflammation Silvia Vidal
14:00 – 14:15	0: Opening
14:15 – 16:15 Plenary	Signaling/Inflammation <i>Session supported by the Theresa L. Gioannini Women in Science Award – International Endotoxin and Innate Immunity Society</i> Alexander Poltorak Clare Bryant Jonathan Kagan Ann Marshak-Rothstein
16:15 – 16:40	COFFEE BREAK
16:40 – 18:40 Plenary	IFN Signaling Genhong Chen Andrea Ablasser James Chen

TOLL 2015

Targeting Innate Immunity
Marbella, Spain
30 Sep - 3 Oct
2015

Kate Fitzgerald

18:40 – 19:00 COFFEE BREAK

19:00 – 20:00 Plenary	KEY NOTE LECTURE
