Managing Adults with Hemiplegia — An NDT/Bobath Perspective

NEURO-DEVELOPMENTAL TREATMENT ASSOCIATION

■ 2-DAY SEMINAR

January 20-21, 2018

■ TARGET AUDIENCE

OTs, PTs, SLPs

■ HOST:Good Samaritan Hospital
402 15th Ave. SE
Puyallup, WA 98372

www.multicare.org/good-samaritan-hospital

■ REGISTER TODAY!Online: www.ndta.org/seminars

Tel: 800-869-9295

Fax: 949-376-3456

■ NDTA Members: \$350 Non Members: \$500

Full refund of the course registration fee, less \$50 administrative fee, will be granted upon receipt of a written request postmarked on or before 30 days before the first day of the course. Cancellations by the attendee less than 30 days from the first day of the course are not eligible for any refund.

■ CONTINUING EDUCATION

15.00 Continuing Education Hours will be awarded upon successful completion of this NDTA/Bobath approved seminar. 15.50 Continuing Education Hours are available towards NDT Re-Certification. Host state PT CEUs will be available from the NDTA.

ASHA CEUs: This program is offered for 1.5 CEUs (Introductory Level; Professional Area). Financial: The instructor, Katy Kerris, OT, C/NDT, is being financially compensated by NDTA to present this course. Non-Financial: Katy Kerris, OT, C/NDT, is a certified NDTA Instructor and serves committee/leadership roles in the NDTA Instructor Group and NDTA Organization, but does not receive compensation for these roles.

■ COURSE OBJECTIVES *Course participants will:*

- Participants will be introduced to identifying and facilitating basic normal movement patterns in the trunk and limbs
- Participants will apply problem solving strategies to assess a hemiplegic patient using the enablement model
- Participants will learn how to maximize success in treatment by using handling, activity and the environment to improve function
- Participants will identify common impairments in hemiplegia and begin to apply techniques for remediation of impairments and facilitation of movement in functional tasks
- Participants will begin to develop strategies for treatment progressions for the trunk and limbs

■ COURSE DESCRIPTION

This introductory level seminar will explore the assessment and treatment of the adults with hemiplegia using a problem solving approach and the tenets of NDT/Bobath. This class is designed to provide hands-on learning opportunities and a chance to improve clinical reasoning skills in the treatment of adult hemiplegia, as well as those with other neurologic conditions.

■ OT CONTENT CATEGORIES

1. Domain of OT: Performance Skills
2. Occupational Therapy Process: Intervention
3. Professional Issues: OT Education

The Neuro-Developmental Treatment Association is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

APPROVED PROVIDER of CONTINUING EDUCATION
by The American Occupational Therapy Association, Inc.

The assignment of AOTA CEUs does not imply endorsement of specific course content, products, or clinical procedures by AOTA.

INSTRUCTOR BIO:

Katy Kerris, OT, C/NDT, has been working with neurologically impaired patients for 24 years, assisting them in solving movement problems in order to return to function. I use an NDT framework of problem solving and handling skills, augmented with manual therapy skills and an understanding of upper and lower limb biomechanics. I am an NDT Instructor and have taught many seminars and introductory-level classes and assisted in teaching several 3-week NDT Certification Classes for adults with hemiplegia. I use a very interactive teaching style with class participants and heavily incorporate hands-on learning.

COURSE SCHEDULE

DAY ONE (7.5 hours)

8:00 – 9:30 Normal Movement Lab and Movement Analysis
for the Limbs and the Trunk
9:30 – 11:00 Handling Lecture and Lab
11:00 – 11:15 Break
11:15 – 12:45 The Four Minute Assessment lecture
12:45 – 1:30 Lunch
1:30 – 3:00 Patient Demonstration, Assessment
3:00 – 5:00 Treatment: The Triangle Approach and Task Analysis

DAY TWO (7.5 hours)

8:00 – 5:00 Keys to Movement and Function
8:00 – 9:30 Common Impairments of the Trunk and Upper Limb
9:30 – 9:45 Break
9:45 – 11:15 Identifying and Treating Common Impairments of the
Trunk and Lower Limb
11:15 – 12:45 Patient Demonstration, Treatment
12:45 – 1:30 Lunch
1:30 – 3:00 Working in Standing and Walking
3:00 – 5:00 Adjuncts to Treatment
