JUNE 20-23 | 2018
RAI **AMSTERDAM**

2nd ANNOUNCEMENT

9th Congress of the European Federation of Periodontology

efp.org

AMSTERDAM WILL BECOME THE WORLD CAPITAL OF DENTAL PROFESSIONALS FOR FOUR DAYS

DEAR FRIENDS AND COLLEAGUES,

There is now less than a year to go before the world's biggest perio event – EuroPerio9! The entire organising committee is working harder than ever to bring you an exciting and unforgettable congress.

The rich and varied scientific programme features more than 120 speakers from all over the world who are masters in the field of periodontology and implant dentistry. The schedule includes new features, such as TED-style talks by alumni of the EFP post-graduate programmes in periodontology, a debate session about a critical topic, and – for the first time at EuroPerio – live surgery.

Of course, there will also be sessions for the whole dental team as well as the now-famous 3D session. And clinicians will be especially keen to attend the “nightmare session” and the session on treatment planning, which will give them plenty of tips to improve their daily practice. The latest key research in periodontology and implant dentistry will be presented and discussed by some of the world's leading experts.

But we also ask you to come along and present your scientific studies or interesting clinical cases to the perio world. So, please prepare your abstracts and submit them before the November 28, 2017 deadline.

The social programme has been quite easy to organise, as the city of Amsterdam offers plenty of activities and possibilities. Following the huge success of the Congress Party in London, we are going to hold a similar event here. And the location – very close to RAI Amsterdam – is absolutely amazing!

We hope that visitors to EuroPerio9 will also take their time to enjoy Amsterdam and its surroundings. It may be difficult to choose where to go, as there is so much to see – the museums, the canals, the nearby North Sea beaches, the beautiful little villages, ...

So, save the dates in your diary and remember that early registration saves you money. And please make sure, that your abstracts arrive before the deadline. You will find all the information you need on our website.

The whole organising team is waiting to see you in Amsterdam next year.

Get ready for EuroPerio9 now!
And make EuroPerio9 your EuroPerio!

Michèle Reners

SCIENTIFIC PROGRAMME

The scientific programme of EuroPerio9 has been designed to appeal to specialists and generalists alike.

Find the preliminary programme overview as per printing date on the following pages.

The published programme is subject to change. Regularly updated information can be found on www.efp.org/europerio9

NEW SESSION FORMATS

PED Perio Talks – 1st EFP Graduate-Alumni-Symposium

These talks will be based on the general topic „Periodontal Experience and Discoveries worth spreading“. Selected speakers will have the opportunity to present a 10 to 12 minute talk on experiences that have significantly inspired their professional career.

Nightmare session

Master clinicians will present some of their most horrible treatment scenarios. They will explain how they could have been avoided, how they could be rescued and what we can learn from (their) mistakes.

Debate

The use of systemic antibiotics in periodontology will be passionately discussed by top experts in light of the emerging threat of worldwide antibacterial resistance.

Live Surgery Periodontal/Peri-implant Plastic Surgery

A top surgical team will perform live procedure(s) in plastic surgery and entertain questions.

Treatment Planning – Interactive Session

Complex treatment planning scenarios will be presented and then possible treatment decisions and solutions discussed by an interdisciplinary team of experts. This is followed by audience voting before the final outcomes will be revealed.

3D-Session

In a movie-theatre type auditorium, top experts will display 3-D films on regenerative/reconstructive procedures in advanced periodontal/peri-implant defects including follow-up documentation.

EFP Perio Contest

Various cases will be submitted and a pre-selection made by a Jury of world renowned experts. Via Social Media Voting, the top 3 cases will be selected to be presented at EuroPerio9. The overall winner will then be chosen via live voting in Amsterdam.

VENUE

RAI Amsterdam

Europaplein

1078 GZ Amsterdam

The Netherlands

www.rai.nl

The venue is easily accessible from Schiphol airport (own train station) or Amsterdam city centre (via tram and metro).

AMSTERDAM

Some of the many reasons which speak for Amsterdam for you as a congress delegate:

- ◀ 322 direct flight connections
- ◀ #4 most sustainable city
- ◀ #5 safest city in the world
- ◀ Restaurants for all tastes
- ◀ Home to 180 nationalities
- ◀ You can easily find your way around in English

CONGRESS LANGUAGE

EuroPerio9 will be held entirely in English.

Simultaneous translation into other languages in selected halls may be provided upon request from EFP national societies. Updates on this matter will be published on the EuroPerio9 website.

CONTINUING PROFESSIONAL DEVELOPMENT / HOURS

EuroPerio9 is eligible for a maximum of 21 hours of continuing education (including 3 hours from sponsor sessions).

CURRENCY

Payment of congress-related matters such as registration fees, tickets for networking programme will be handled in Euro (EUR) only, which is also the official currency in Amsterdam.

INSURANCE & LIABILITIES

The congress organisers will not assume any responsibility for accidents, losses or damages, as well as for delays or modifications in the programme, caused by unforeseen circumstances. No claims for indemnification from the organisers shall arise for contractors or participants in case of cancellation, for any reason, of the entire congress. All participants are encouraged to make their own arrangements for health and travel insurance.

It is recommended to arrange cancellation insurance for congress costs (i.e. registration fee, travel or accommodation costs), which can be done during the registration process.

PASSPORT & VISA

The Netherlands are a member state of the European Union and part of the Schengen agreement. Please check passport and visa requirements in due time before your departure. Visa information can be obtained online (e.g. www.netherlandsandyou.nl)

TIME ZONE & WEATHER

Time Zone in June: Central European Summer Time (CEST) (UTC +2h)

The Netherlands have a mild climate typical to Northern Europe, similar to that of the United Kingdom. As a result, summers in Amsterdam are generally warm with occasional colder periods. Rain can be expected throughout the year, with spring generally being the driest season.

In June you can expect quite a bit of sunshine and an average temperature of 15°C and daytime highs of about 19 – 20°C.
