2ND ANNUAL CONFERENCE ON
Inflammatory Bowel Disease:
Putting Evidence and Expert Opinion into Practice

ORLANDO WORLD CENTER MARRIOTT
ORLANDO, FLORIDA
MARCH 10 – 11, 2018

UF Continuing Medical Education
UNIVERSITY of FLORIDA

Learning Objectives

- Upon completion of this conference, participants will be able to:
- Discuss the current treatment strategies for IBD.
 - Utilize drug monitoring, imaging and other resources to better guide informed treatment decisions.
 - Understand the benefits of patient-centered, multi-disciplinary IBD care.

Overall emphasis is on practical aspects of caring for IBD patients.

Target Audience

This activity has been designed to meet the educational needs of gastroenterologists, primary care physicians, nurse practitioners, physician assistants and other allied health care professionals involved in the management of patients with IBD. While not directly targeting trainees, surgeons, pathologists, radiologists, or nurses, these groups would all find relevant content.
