INNOVATING TO IMPROVE DIAGNOSIS

Diagnostic Error in Medicine 11th Annual International Conference

November 4-6, 2018 | New Orleans, LA

Mark your calendar, and plan to attend the **Diagnostic Error in Medicine 11th Annual International Conference** in New Orleans, LA. The Diagnostic Error in Medicine International Conference will provide the latest data, research and information to support our collective efforts to improve the diagnostic process. This year's program will continue to reflect our commitment to bring together all involved in diagnosis — physicians, healthcare team members, administrators and patients — with a special emphasis on the trends and quality improvement activities that are driving innovation.

Featuring Keynote Presentations from:

- **Robert Wachter**
Chair, Department of Medicine,
UCSF School of Medicine
- **C. Michael Armstrong**
Former CEO, AT&T,
Armstrong Institute for Patient Safety
- **Kelley M. Skeff**
Professor in Medicine,
Stanford University School of Medicine
