INVITATION

'Kem Cho'

Dear Friends & Delegates,

It is with immense pleasure indeed that we welcome you to "APICON" to be held at Ahmedabad, Gujarat; as we, the members of the Association of Physicians of India, Ahmedabad Branch have been accorded the honour of hosting the 2023 conference in our city. It's after a decade that the conference has come to "INDIA'S 1ST WORLD HERITAGE CITY" and our endeavour will remain to make it a most memorable event. This is in keeping with tradition, as "APICON" historically is one of the biggest scientific conclaves for Physicians of India and in the field of healthcare.

Organised in the "World Heritage City", the conference shall further include the rich heritage of academic excellence, culinary delights, industry updates and numerous other first-time experiences, and not limited to advance use of technology in medical science. Moreover, often referred to as the "Manchester of the East" it only follows that the conference feature outstanding deliberations and debates covering all aspects of medicine, thereby discovering innovative ways of staying in the "VERY GOOD HEALTH". The congregation will witness the presence of renowned international and national experts and get valuable insight into cutting-edge developments in their respective domains. Very relevant given the recent advances, developments and increasing influences of technology in medical sciences and APICON 2023 shall prove to be a superb opportunity to experience first-hand the influence of technology in practising medicine as well the organising of a hi-tech conference.

Ahmedabad, also known as Amdavad, was named after Sultan Ahmed Shah, who founded the city in 1411. It is one of the major cities of Gujarat. It served as the capital of Gujarat from 1960 to 1970. Located on the banks of the Sabarmati River, the city of Ahmedabad built its fortune on the thriving textile industry, which earned it the nickname 'Manchester of the East'. Notwithstanding its attraction as a business destination, Ahmedabad, the largest city in Gujarat remains steeped in history and has a wealth of historical attractions. The BRTS and the Sabarmati River Front development project are running successfully. Kankaria Lake, Siddi Saiyad's Jali, Jama Masjid, Roza of Sarkhej are the historical monuments/places situated in the city. Gandhi Ashram, Abhay Ghat (Samadhi of Late. Prime Minister Shri Moraraji Desai), Science City, Vaishnovdevi Temple, ISCON Temple are also famous for the tourists attraction. Lothal, Step-Well of Adalaj & Akshardham Temple are also very famous tourist places nearby. A famous Swaminarayan Temple is also situated in Sarangpur of Barvala Taluka of Botad District, which is a newly created district from parts of Ahmedabad and Bhavnagar. Nal Sarovar Lake is also a famous Bird Sanctuary where migratory birds from Central Asia visit every year in winter season, is situated in the Ahmedabad District.

We look forward to your presence along with your family and colleagues, seeking active participation in large numbers for a scintillating experience, which is sure to leave you with numerous fond memories.

'Kuchh din toh Gujaratiye Gujarat mein' for APICON 2023
