3rd PEDIATRIC HEMATOLOGY ONCOLOGY UPDATE 2018

November 1 – 3, 2018
Intercontinental Hotel, Jeddah

PROGRAM

Message from the Chairman of the Department of Oncology

I would like to extend my warmest welcome to all the delegates to our Pediatric Hematology Oncology Update.

We hope that the presentations shared during this event will enrich knowledge and help provide better treatment and care for our patients.

We are also looking forward to each of you having the opportunity to discover, explore and enjoy our beautiful city.

Mohamed Bayoumy. MD

Welcome Message from Chair of the Organizing Committee

It gives me a great pleasure to welcome you at The 3rd Pediatric Hematology Oncology Update Meeting. Due to success of last year's update meeting we are encouraged to harbour this year's activity. The main goal of the meeting is to present the latest advances in the field of pediatric hematology oncology. The current meeting program will carry on the same theme of last year's program with a few changes to the scientific objectives. We still continue targeting the educational needs of mid and high level practitioners. Trainee at various levels of training , nurses, residents, fellows, general pediatricians and pediatric hematology oncology specialist will find this meeting a great source of education.

The program covers a wide range of topics that includes hematological malignancies, neuro-oncology, solid tumors, hemostasis, thrombosis, anemias, bone marrow failure syndromes and transplantation. We are happy to announce this year's program will include an MCQ and OSCE workshop on the 31 of November 2018, a full day nursing workshop on the 3rd of November, in addition, There will be a dedicated session for oral abstracts that offers a great opportunity to discuss research work done by fellows.

The meeting will offer a great venue to exchange ideas and help the interaction between paediatric oncology centres. This year's meeting comes after the successful event of last two years hoping to maintain this activity on annual bases. I would like to welcome you in the beautiful city of Jeddah hoping to enjoy your stay with us and I wish you a successful event.
