THE FUTURE OF FOOTBALL MEDICINE

WELCOME

Camp Nou Stadium Barcelona
13th-15th May, 2017

Dear colleagues and friends, it is our great pleasure to welcome you to the 26th International Conference on Sports Rehabilitation and Traumatology. This is a unique opportunity to meet the Football Medicine Community all in one place.

Stefano Della Villa Jordi Monés i Carilla

FUTURE

Consolidating today's state of the art
and imagining future development

The conference concept is simple: offer the international Football Medicine Community an inclusive platform for knowledge exchange. Looking towards the future together, listening to the current evidence base from leading experts and celebrating innovative ideas from young talent.

ONE SHOT SCIENTIFIC PROGRAMME

Sports Medicine

1. Landscape of the future
2. UEFA epidemiology study
3. ACL injuries
4. Biomechanics and neuroscience
5. Football injuries
6. Pain management
7. Functional outcome
8. Functional recovery
9. Hamstring injuries
10. Tendon management
11. Hip and groin pathologies
12. Sport surgery
13. Early osteoarthritis

Regenerative Medicine

1. Mesenchymal stem cells
2. Sport cartilage repair
3. The use of PRP
4. Biologic therapies
5. Research and clinical trials
6. Regulations

Open Debates

1. How to embed scientific research in daily practice
2. How to implement prevention program within your team

Science of Football

1. Individual player workloads
2. Team training
3. Recovery strategies

SCIENTIFIC PROGRAMME

Saturday 13th May 2017- Morning

TRIBUNA

The landscape of the future

9:00 **Official Welcome**
Della Villa S (ITA), Monés i Carilla J (ESP)

Chairs D'Hooghe M (BEL), Della Villa S (ITA)

09:15 **From the past to the future of football medicine**
Dvorak J (SUI)

09:30 **The future of prevention**
Bahr R (NOR)

09:45 **The future of sports surgery**
Fu F (USA)

10:00 **The future of sports physiotherapy**
Snyder-Mackler L (USA)

10:15 **The future of sports reconditioning**
Knowles B (USA)

10:30 Discussion

11:00 Coffee Break

TRIBUNA

UEFA Elite Club Injuries: Football Research Group trend analysis

Chairs Batty P (UK), Beasley I (UK)

11:30 **New Research Agenda for professional
football: thinking bigger and working together**
Ekstrand J (SWE)

11:45 **The WHY of internal communication for
Football Medicine** Davison M (UK)

12:00 **The impact of coaches: leadership styles
and injuries** Karlsson J (SWE)

12:15 **Listen to the player: wellbeing and injuries**
Dupont G (FRA)

12:30 **Reflecting on the data patterns of 11 years:
a future prediction for 2028** Walden M (SWE)

12:45 Discussion

13:00 Lunch Break

AUDITORI

Managing today's common footballing injuries

Chairs Berruto M (ITA), Servien E (FRA)

11:30 **The high ankle sprain** D'Hooghe P (QAT)

11:45 **The ankle impingement** Pereira H (POR)

12:00 **New trends in managing MCL injuries**
Haddad F (UK)

12:15 **Post ACLR patient evaluation using MRI**
Denti M (ITA)

12:30 **Dealing with short term prognosis:
stay and play** Krutsch W (GER)

12:45 Discussion

13:00 Lunch Break

SCIENTIFIC PROGRAMME

Saturday 13th May 2017- Afternoon

TRIBUNA

The management of ACL injuries: past experience and future direction

Chairs Marcacci M (ITA), Neyret P (FRA)

14:30 **Thirty years of ACL surgery** Shelbourne D (USA)

14:45 **Experience from European football**
Williams A (UK)

15:00 **Experience from South American football**
Cohen M (BRA)

15:15 **New trends in managing ACL and associated
meniscal injuries** Espregueira-Mendes J (POR)

15:30 **The future of ACL surgery in football**
Mandelbaum B (USA)

15:45 Discussion

16:00 Break

AUDITORI

How to embed scientific research in daily practice

OPEN DEBATE

Chairs Khan K (CAN), Reider B (USA)

14:30 **Introductory speech** Khan K (CAN)

14:50 **Discussion:**

De Carli A (ITA) - National team doctor

Fevre D (UK) - Sports physiotherapist

Gillogly S (QAT) - Chief medical officer

Goutteborge V (NED) - Former player

Mayr H (GER) - Orthopaedic surgeon

Mujika I (ESP) - Sports physiologist

Sas K (BEL) - Sports medicine physician

16:00 Break

Biomechanical testing and neuromotor training to prevent ACL injuries

Chairs Medina D (ESP), Zaffagnini S (ITA)

16:30 **Where are we now with primary and secondary
prevention of ACL injury?** Webster K (AUS)

16:45 **Current neuromotor concepts to help prevent
1st and 2nd ACL injury in young active athletes**
Hewett T (USA)

17:00 **Primary and secondary prevention of female
ACL injuries: USA experience** Silvers H (USA)

17:15 **Future strategies on neuromotor testing
and training to prevent 2nd ACL injury**

Della Villa F (ITA)

17:30 **Consider the full picture of the return to play
process** Ardern C (SWE)

17:45 Discussion

18:00 End of the day

How to implement prevention program within your team

OPEN DEBATE

Chairs Andersen TE (NOR), Dvorak J (SUI)

16:30 **Introductory speech** Andersen TE (NOR)

Discussion:

Bizzini M (SUI) - F-MARC

Fearn J (UK) - Premier League

Garcia Cota JJ (ESP) - Real Federación Española
de Fútbol

Goedhart E (NED) - Royal Netherlands Football
Association

Hägglund M (SWE) - UEFA

Theos C (GRE) - Super League

Ueblicher P (GER) - Bundesliga

SCIENTIFIC PROGRAMME

Sunday 14th May 2017- Morning

TRIBUNA

The new border of pain management

Chairs Del Valle Soto M (ESP), Hambly K (UK)
08:30 **Physical therapy and pain** Til Pérez L (ESP)
08:45 **Manual therapy and pain** Bhullar D (UK)
09:00 **Myoreflex therapy** Mosetter K (GER)
09:15 **Pain revolution** Van Assche D (BEL)
09:30 **Neuro science: "brain pain" and sports recovery** Lindsay M (CAN)
09:45 Discussion

Evaluating functional outcomes: equipment and wearable tech

Chairs Narici M (UK), Schneider C (GER)
10:00 **Outcome measurements: the state of the art** Witvrouw E (BEL)
10:15 **3D biomechanical evaluation of football players** Franklyn-Miller A (IRL)
10:30 **Using GPS technology in a smart way** Casamichana D (ESP)
10:45 **GPS, accelerometry and video analysis in rehab: practical experience** Olmo J (ESP)
11:00 **The future of functional outcome evaluation** Saris D (NED)
11:15 Discussion
11:30 Coffee break

Optimising functional recovery after football injuries

Chairs English B (UK), Nathwani D (UK)
12:00 **New tools for functional recovery in elite players** Requena B (ESP)
12:15 **How to monitor functional and metabolic recovery** Tencone F (ITA)
12:30 **Performance psychology in helping the patient to come back from injury** Fink C (USA)
12:45 **Engaging the footballer during functional recovery** Wilson J (UK)
13:00 **A new direction for neuromotor exercise training** Clancy D (UK)
13:15 Discussion
13:30 Lunch break

AUDITORI

The future direction of hip and groin injury management

Chairs Khan K (CAN), Tsapralis K (ITA)
08:30 **The right indication for hip surgery** Griffin D (UK)
08:45 **Relationship between hip injuries and hip OA** Crossley K (AUS)
09:00 **The footballer's groin pain** Holmich P (DEN)
09:15 **Groin pain and sports hernias** Muschaweck U (GER)
09:30 **New diagnostic insights into acute groin injuries** Weir A (NED)
09:45 Discussion

The future of sport surgery: sparing the scalpel?

Chairs Axe M (USA), Forssblad M (SWE)
10:00 **Are we doing a good job in selecting patients for surgery?** Roos E (DEN)

Best Case Report Award Ceremony

14:30 **Award Ceremony**
Judges Brukner P (AUS)
Del Cogliano A (ITA)
Knowles B (USA)
Peterson L (SWE)
Guest Azzini M (ITA) 2016 winner

Hamstring injuries: our daily battlefield

Chairs Malliaropoulos N (GRE), Valle X (ESP)
15:00 **Football Club Barcelona (FCB) muscle injuries clinical guide** Pruna R (ESP)
15:15 **Are exercises the best medicine?** Askling C (SWE)
15:30 **Intramuscular hamstring tendon injuries** Brukner P (AUS)
15:45 **When should you consider the surgical options** Benazzo F (ITA)
16:00 **Understand hamstring, and understand the future of football medicine** Sonnery-Cottet B (FRA)
16:15 Discussion
16:30 Break

Pushing forward conservative management of tendons

Chairs Edwards T (NZL), Melegati G (ITA)
17:00 **The landscape of managing tendons** Cook J (AUS)
17:15 **Effectiveness of extracorporeal shock wave therapy** Maffulli N (ITA)
17:30 **In season management of achilles tendinopathy in football** O'Neill S (UK)
17:45 **Ultrasound tissue characterisation: current concepts and its utility** Docking S (AUS)
18:00 **Cutting edge tendon treatment** Healy J (UK)
18:15 Discussion
18:30 End of the day

AUDITORI

Introduction to regenerative medicine

14:30 **Welcome** Rodas G (ESP)
14:40 **The landscape of therapy possibilities and international regulations** Canals Coll JM (ESP)

Mesenchymal stem cells as tools for sports injuries

Chairs Ardevol Cuesta J (ESP), Guillen P (ESP)
15:00 **MSC therapy introduction** Caplan A (USA)
15:30 **MSC therapy for cartilage** Correa D (USA)
15:45 **MSC therapy for ligament and tendon** De Girolamo L (ITA)
16:00 **MSC therapy for muscle** Vogrin M (SLO)
16:15 Discussion
16:30 Break

Alternative approaches in cartilage repair

Chairs Leyes M (ESP), Volpi P (ITA)
17:00 **The current cartilage scenario** Erggelet C (SUI)
17:15 **Surgical options in elite athletes** Williams R (USA)
17:30 **BMAC in ankle cartilage repair** Vannini F (ITA)
17:45 **Microfragmented adipose tissue in cartilage repair** Slynarski K (POL)
18:00 **Treatment of knee osteoarthritis with autologous mesenchymal stem cells** Soler R (ESP)
18:15 Discussion
18:30 End of the day
