**This location sells out quickly.
Reserve your room today to avoid disappointment.
Hotel cannot accept reservations
directly for NWAS attendees.**

COURSE DIRECTOR: Mark T. Murphy, MD, MSN Education, Austin, Texas, and Medical Director, Northwest Anesthesia Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, certified registered nurse anesthetists, physician assistants, nurse practitioners, registered nurses and other medical care providers who must maintain state-of-the-art knowledge of the specialty or are impacted by it.

PROGRAM PURPOSE: The practitioner of anesthesiology must possess the scientific background for clinical practice; maintain state-of-the-art knowledge of not only the specialty, but also of all additional related disciplines which may impact it; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures necessary for the provision of quality patient care; manage self and colleagues to function toward common goals in the clinical setting, the clinical and educational institutions, and the community in which the practice resides; serve as an expert in matters involving health care delivery; serve as an informed manager of clinical and educational services provided, including the acquisition and distribution of resources necessary in meeting professional goals; and provide assistance with and support of other service providers, departments, institutions, and organizations dependent upon the professional expertise of the practitioner. Presentations are designed to facilitate the physician, nurse specialist, and other providers maintaining skills of the same kind to review and update knowledge and abilities in one or more of these areas vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:

Apply the pertinent physical and behavioral sciences—to include but not be limited to advanced anatomy and physiology, pathophysiology, chemistry, physics, psychology, and social sciences—as they impact and are affected by the planning, delivery, and monitoring of anesthesia and related services inherent in the anesthesia professions.

Explain the selection, dosing considerations with methods of administration, safe use, and contraindications and precautions of presented pharmacological agents through the understanding of their physicochemical properties, pharmacokinetics and pharmacodynamics, updated uses, and more recently developed additional, related, and similar drugs.

Outline comprehensive management plans for the group of patients discussed, whether related in age, physical status, cultural background, invasive procedure, anesthetic or analgesic requirements, clinical setting, adverse reactions, and/or goals of care.

Apply the principles of safety and asepsis in the performance of anesthetic procedures and administrations, equipment use, and other applications encountered during the provision of anesthesia and analgesia whether in the surgical unit, the labor and delivery suite, the pain management clinic, or other more remote location of anesthetizing services.

Incorporate the appropriate recommendations and/or requirements of pertinent external organizations, institutions, and professional groups—recognized as serving as the authority for and/or holding the responsibility to compile and approve such tenets—in the provision of anesthesia and related services, whether medical, legal, philosophical, ethical, or health care management standards.

Apply the new techniques in the clinical setting of the participant.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health and Northwest Anesthesia Seminars. The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health is accredited by the ACCME to provide continuing medical education for physicians.

The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health designates this live activity for a maximum of 20 *AMA PRA Category I Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Anesthesiology: CME credit will be sent directly to The American Board of Anesthesiology to fulfill the Part 2 requirement for the Maintenance of Certification in Anesthesiology Program (MOCA®).

Canadian Physicians: This activity is eligible for Section 1 credits in the Royal College's Maintenance of Certification (MOC) Program. Participants must log into MAINPORT to claim this activity.

Certified Registered Nurse Anesthetists: This program has been prior approved by the AANA for 20 Class A CEC; AANA Code #1035297; Expiration Date 6/22/18.

Nurse Practitioners: The American Academy of Nurse Practitioners Certification Program (AANPCP) and the American Nurses Credentialing Center (ANCC) accept CME from organizations accredited by the ACCME.

Osteopathic Physicians: This program is eligible for Category 2 credit with the American Osteopathic Association (AOA).

Physician Assistants: The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for *AMA PRA Category I Credit*™ from organizations accredited by ACCME or a recognized state medical society. Physician assistants may receive a maximum of 20 hours of Category I credit for completing this program.

Registered Nurses: NWAS is an approved provider for the following state nursing boards: California Board of Registered Nursing (Provider Number 4833), District of Columbia Board of Nursing (Provider Number 50-7480), Florida Board of Nursing (Provider Number 50-7480), Georgia Board of Nursing (Provider Number 50-7480), and the South Carolina Board of Nursing (Provider Number 50-7480). This program offers 20 contact hours.

†Pharmacology hours subject to change.

Cannon Beach Nestled between the majestic Pacific Ocean and the Coast Range, Cannon Beach is an upscale yet relaxed community with a thriving arts and tourist culture. Its proximity to Portland makes Cannon Beach an easy getaway. Situated off the famed Highway 101, the best of the Oregon Coastline is within driving distance and is the best place on the West Coast to view Tufted Puffins. Cannon Beach and the surrounding areas are rife with magnificent natural attractions, from the grandeur of Haystack Rock, to the waterfalls at Hug Point, to the quiet beauty of numerous State parks. Haystack Rock is a unique monolith towering 235 feet above the beach that attracts wildlife and tourists alike. As many as 200,000 people visit Haystack Rock every year, mostly during the summer months when the tidepools are teeming and the nesting seabirds, proudly showing off breeding plumage, are busy introducing little ones into the world. It is one of the largest "sea stacks" on America's Pacific coast and is the third largest monolith in the world. Ecola State Park boasts some of the most breathtaking views on the Oregon Coast. The town of Cannon Beach offers live theater, concerts, art shows, galleries, and quality shopping with dozens of small specialty stores and boutiques. Just north of Cannon Beach is Oregon's oldest family resort town of Seaside with arcades, amusement rides, gift shops, and the Seaside Aquarium Discovery Center. Further North is Astoria, the oldest American settlement west of the Rockies which offers more points of historical interest than any other city of the Oregon Coast.

We have a block of rooms for seminar participants. Once this block is sold, rooms are based upon availability only and may be at a higher rate. To make reservations, please visit our website: www.nwas.com or call (800) 222-6927.

Call Universal Travel for your airfare needs. Be sure to mention Northwest Anesthesia Seminars when booking. Booking fee applies. Contact Kellee Kilmer: Phone: (858) 456-7887 or E-mail: kellee@universaltravel1.com

Rev. 9/21/17

SCHEDULE

Monday, June 18

- 0700 Registration – Mandatory Sign In – Continental Breakfast
- 0725 Welcome NWAS Staff
- 0730 Perioperative Considerations of the Obstructive Sleep Apnea Patient C.Canlas
- 0830 Non-Operating Room Anesthesia: Venturing Beyond the Operating Room C.Canlas
- 0930 Break
- 0945 The Truth About Preoperative Fasting L.Pelinka
- 1045 Sugammadex: My Favorite Doughnut L.Pelinka
- 1145 Pediatric Enhanced Recovery After Surgery (ERAS) Protocols A.Franklin
- 1245 Adjourn 1.5 Pharmacology

Tuesday, June 19

- 0700 Registration – Mandatory Sign In – Continental Breakfast
- 0730 Pediatric Regional Anesthesia: Separating Fact From Fiction A.Franklin
- 0830 Hot Topics in Pediatric Outpatient Anesthesia: Balancing Safety and Efficiency A.Franklin
- 0930 Break
- 0945 Multimodal Anesthesia: There Are Other (Better?) Options C.Canlas
- 1045 Pushing the Limits of Ambulatory Surgery: Is This Patient Appropriate for My Freestanding Ambulatory Surgery Center? C.Canlas
- 1145 NOAC Reversal Agents: A Dream Come True? L.Pelinka
- 1245 Adjourn 2.1 Pharmacology

Wednesday, June 20 – Day Open

Thursday, June 21

- 0700 Registration – Mandatory Sign In – Continental Breakfast
- 0730 Forever Young: Anesthesia in the Elderly L.Pelinka
- 0830 Issues With the Elderly: Case Discussions L.Pelinka
- 0930 Break
- 0945 Pediatric Airway Management A.Franklin
- 1045 Pediatric Transfusion Medicine: Concepts, Challenges, and Congenital Syndromes A.Franklin
- 1145 Anesthesia for Breast Surgery C.Canlas
- 1245 Adjourn 2 Pharmacology

Friday, June 22

- 0700 Registration – Mandatory Sign In – Continental Breakfast
- 0730 Complications of Regional Anesthesia: Is General Anesthesia Better? C.Canlas
- 0830 PACU / Emergence Complications C.Canlas
- 0930 Break
- 0945 Practical Pediatric Fluid and Electrolyte Management A.Franklin
- 1045 Prevention and Management of Pediatric Emergence Delirium A.Franklin
- 1145 Drug-Related Errors and How to Avoid Them L.Pelinka
- 1245 Adjourn 1.4 Pharmacology

20 CME I / 20 CEC / 7 Pharmacology Hours†

Children and non-registered guests are not allowed to attend the lectures.

Experimental and Clinical Traumatology
Vienna, Austria, European Union

Course Registration

18JCB

TUITION: In USD	MD/DO	CRNA/PA	RN/Others
Early <i>(Paid by 3/20/18)</i>	\$950	\$900	\$800
Regular <i>(Paid after 3/20/18)</i>	\$1000	\$950	\$850
Daily	\$255	\$243	\$218

PAYMENT METHODS:

Payment methods accepted for tuition include Visa, Mastercard, American Express, Discover, check, or money order in US funds, payable to NWAS.

SCHEDULE AND FACULTY CHANGES:

Factors beyond our control sometimes necessitate changes in the schedule and faculty. If time permits, we will inform all registrants of any changes prior to the program. Changes on site due to local conditions will be announced in class.

COURSE CANCELLATION BY PROVIDER:

We reserve the right to cancel a course for any reason. In such case, a minimum of 30 days notice will be given to those registered and 100% of tuition paid will be refunded. NWAS and NWWT will not be responsible for any non-refundable airfare, hotel, or other liabilities you may incur. **We highly recommend purchase of travel insurance. Travel at your own risk.**

COURSE CANCELLATION FEE:

\$100 April 19, 2018 to May 19, 2018. No refund after May 19, 2018; however, 50% of tuition paid may be applied toward tuition for another NWAS program within the next 12 months. **Cancellation must be made in writing.**

FAP (FREQUENT ATTENDEE POINTS):

FAP lets you accumulate points based on dollars spent with NWAS including net hotel and tuition booked through NWAS (but not air). Once you have enough points to cover a full tuition they can be redeemed for tuition (no cash value). A great program to reward you for supporting NWAS.

ERRONEOUS PRICING NOTICE:

Northwest Anesthesia Seminars, Northwest Seminars, and Northwest World Wide Travel reserves the right not to honor any published prices or coupons that it determines were erroneous due to printing, electronic, or clerical error.
