October 11 - 13, 2018**

See You in Scottsdale, Arizona!

**MAKE
RESERVATIONS
EARLY!**

Double Tree Resort by Hilton
Paradise Valley
5401 Scottsdale Rd.
Scottsdale, AZ 85250
(480) 947-5400

19122 Camellia Bend Circle
Spring, TX 77379

Thursday, October 11, 2018

7:00 - 8:00 Check In

8:00 - 5:00 "Biological Dentistry 101" - Dr. Michael Margolis DDS, Dr. Marjan Seyward DDS, Dr. Dawn Ewing PhD

8:00 - 5:00 "Impaired Mouth Syndrome to Holistic Mouth Solutions" - Dr. Felix Liao DDS, FIABDM

8:00 - 5:00 "Surgical Savvy" - Dr. Blanche Grube DMD

8:00 - 5:00 "Beginner Energetic Testing" - Dr. Louisa Williams DC, ND

8:00 - 5:00 "Eclectic Pain Management" - Dr. Nicholas Meyer DDS max 6 attendees at his office

6:00 - 9:00 BOARD MEETING Mandatory for Board Members

Friday, October 12, 2018

8:00 - 8:15 Native American Blessing

8:15 - 8:30 Opening Comment by Marjan Seywerd DDS, President of the IABDM

8:30 - 10:00 "Focal Infection Theory Returns" - Blanche Grube DMD The old theory of focal infections, responsible for initiating and progressing diseases in the body, has fallen by the wayside. It was believed that since you could not culture anaerobic bacteria from the mouth, then they simply did not exist. Recently, however, polymerase chain reaction technology has given us a new way to detect the presence of microorganisms inside root canal treated teeth and in bone pathologies. This has given us a refreshing look at a venerable-- and we would assert--prematurely discarded theory.

10:00 - 10:30 Vendors

10:30 - 12:00 "Born to Be Healthy" - Alvin H. Danenberg DDS A discussion of modern human evolution and how our primal ancestors (as well as primal societies living in remote areas of the world today) hardly ever had gum disease, tooth decay, or other chronic diseases. However, today's modern, civilized societies are now riddled with these diseases. I review what has changed in our bodies to allow this to happen, and then offer remedies to return our bodies to the near-perfect machines we were designed to be.

12:00 - 1:30 Lunch and Vendors

1:30 - 2:30 "Intraoral Acupressure" - James Allen DDS Learn how using oral acupressure on the palate can assist behavior control related to appetite control and weight loss.

2:30 - 3:00 Vendors

3:00 - 5:00 "Radiographic Signs of Significant Systemic Diseases" - Dale A. Miles BA, DDS, MS, FRCD(C) Dip. ABOMR, Dip. ABOM

Review some of the key clinical features of systemic diseases and disorders we see in our patients and give you the tools to recognize the radiographic manifestations on multiple imaging modalities. Come see what you may have been missing and improve your management of patients with "significant systemic diseases!"

6:00 - 9:00 Evening EVENT: Aunt Chilada's Restaurant Food/Beverage/Fun \$120/pp

Saturday, October 13, 2018

7:00 - 8:00 Breakfast: Eat and Learn - Ted Herrmann DDS "Uses of Nano Silver Technology

8:00 - 9:30 "The Importance of HIPAA Compliance to Biological Dentists and Physicians" - Gregory Ewing JD, MPH, CISSP What you NEED to know to protect your practice.

9:30 - 10:00 Vendors

10:00 - 12:00 "Deep Fungal Infections Arising From Gingivitis or Apical Infections" - John Parks Trowbridge MD Modern medicine is plagued by illness for which etiologic explanation is absent: leukemia, leukopenia, MS, acute renal failure, prostatitis, severe dermatoses, immune deficiency syndromes, autoimmune illness such as rheumatoid arthritis or lupus, even non-specific recurrent infections. Recently-available genetic testing to identify fungal species isolated from biofilms recovered from venous blood suggest that deep fungal infections might be causative or at least contributory.

12:00 - 1:15 Lunch

1:15 - 2:30 "Mucosal Oral Lesions" - Dharti N. Patel, DMD, FDS What are they telling you about your body? Evidence based care using botanicals. Providing diagnosis of oral mucosal disease with naturopathic and integrative therapies.

2:30 - 3:30 Vendors

3:30 - 5:00 "How Occult Dental Problems Cause Systemic Illness" - David Minkoff MD Learn how dental interventions can lead to systemic illness where the dental cause is never suspected and the illness is never really handled. See cases that illustrate this, many of which are serious medical problems where the dental link was never suspected.

• 8 hours CEU
for Thursday

• 13.5 Hours CUE
for Friday/ Saturday

Registration Information

Early Bird Pricing before August 1

Members..... \$750
Spouse or Staff..... **\$200**
Non-Members..... \$850
Spouse or Staff..... \$500

AFTER August 1

Members..... \$850
Spouse or Staff \$500
Non-Members..... \$950
Spouse or Staff..... \$550
