

Memorial Sloan Kettering Cancer Center, in collaboration with  
MD Anderson Cancer Center, are pleased to present the:

# 2019 ONCO-NEPHROLOGY SYMPOSIUM

**SATURDAY,  
DECEMBER 7**

Memorial Sloan Kettering Cancer Center  
Zuckerman Research Center  
417 East 68th Street  
New York, NY

Memorial Sloan Kettering  
Cancer Center

THE UNIVERSITY OF TEXAS  
**MD Anderson**  
**Cancer Center**  
Making Cancer History®

## OVERVIEW

At least 1 out of every 10 cancer patients will experience acute kidney injury and up to 25% will have chronic kidney disease. Cancer is a common global problem, and as cancer treatments evolve, the nephrologist will be tasked with diagnosing and managing more complex cases within this subgroup of patients.

The 2019 Onco-Nephrology Symposium will offer up to date information and insights from national and international experts in this constantly evolving subspecialty. This goal of this forum is to provide an opportunity for academicians and clinicians to have personal exchanges with experts in this steadily expanding sub specialty in order to enhance the clinical experience of our cancer patients.

This symposium is intended for physicians, advanced practice providers, nurses, medical students and other healthcare professionals in Hospital Medicine, Internal Medicine, Nephrology and Oncology.

### Educational Objectives

- Explore newer biologic agents, with a focus on CAR T cell therapy
- Examine cardio-renal syndromes
- Exchange views on ethical decision making in cancer patients regarding the initiation and termination of dialysis
- Discuss renal pathology findings unique to cancer patients
- Review surgical approaches to renal masses
- Review unique causes of acute and chronic kidney injury in cancer patients

## CALL FOR ABSTRACTS

The 2019 Onco-Nephrology Symposium invites the submission of abstracts relating to clinical care of patients with cancer and kidney disease. The objective is to stimulate discussion on the evaluation and management of kidney injury in patients with cancer. The type of research can be qualitative and/or quantitative and have a focus in basic science, clinical research, public health, or epidemiology. Authors may submit abstracts of completed work or work in progress within the past 12 months. Submission deadline: Thursday, November 7, 2019.

## SCHEDULE

|          |                                                                                                                                                                                                                         |
|----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 7:30 AM  | <b>Registration &amp; Breakfast</b>                                                                                                                                                                                     |
| 8:00 AM  | <b>Introductions, CME and MOC Information</b><br>Edgar A. Jaimes, MD<br>Sheron Latcha, MD, FASN                                                                                                                         |
| 8:15 AM  | <b>Chimeric Antigen Receptor T cells - What The Nephrologist Needs to Know</b><br>Renier Brentjens, MD, PhD                                                                                                             |
| 8:50 AM  | <b>Complications of CAR T cell Therapy</b><br>Elena Mead, MD                                                                                                                                                            |
| 9:25 AM  | <b>Pathologic Findings in Paraneoplastic Nephropathies</b><br>Glen Markowitz, MD                                                                                                                                        |
| 10:00 AM | <b>Break &amp; Poster Session</b>                                                                                                                                                                                       |
| 10:15 AM | <b>BK Virus and the BMT Patient</b><br>Genovefa Papanicolaou, MD                                                                                                                                                        |
| 10:50 AM | <b>Acute Kidney Injury Associated with Cancer</b><br>Mitchell Rosner, MD, MACP                                                                                                                                          |
| 11:25 AM | <b>Shared Decision Making before Dialysis Initiation or Termination in Cancer Patients</b><br>Alvin Moss, MD, FACP, FAAHPM                                                                                              |
| 12:10 PM | <b>Lunch &amp; Poster Session</b>                                                                                                                                                                                       |
| 1:10 PM  | <b>Cardio Renal Syndrome in Cancer Patients</b><br>Wendy Schaffer, MD, PhD                                                                                                                                              |
| 1:45 PM  | <b>Surgical Approaches to Renal Masses</b><br>Jonathan Coleman, MD                                                                                                                                                      |
| 2:20 PM  | <b>Radiation Nephropathy</b><br>Eric Cohen, MD                                                                                                                                                                          |
| 2:55 PM  | <b>Economic Impacts of Precision Medicine</b><br>Leonard Saltz, MD                                                                                                                                                      |
| 3:30 PM  | <b>Break &amp; Poster Session</b>                                                                                                                                                                                       |
| 3:45 PM  | <b>Oncologic Emergencies for the Nephrologist</b><br>Biruh Workeneh, MD, FASN                                                                                                                                           |
| 4:10 PM  | <b>Immune Checkpoint Inhibitors and Solid Organ Transplants</b><br>Ala Abudayyeh, MD                                                                                                                                    |
| 4:45 PM  | <b>Dysproteinemias</b><br>Nelson Leung, MD                                                                                                                                                                              |
| 5:20 PM  | <b>Poster Announcements &amp; Closing Remarks</b><br>Edgar A. Jaimes, MD<br>Sheron Latcha, MD, FASN                                                                                                                     |
| 5:30 PM  | <b>Networking Reception</b><br>Attendees are invited to join the course faculty for a networking reception from 5:30-6:30 pm in the lobby of Zuckerman Research Center. Hors d'oeuvres and refreshments will be served. |

# FACULTY

## MSK Course Directors

**Edgar A. Jaimes, MD**

Chief, Renal Service  
Memorial Sloan Kettering Cancer Center  
Professor of Medicine  
Weill Cornell Medical College

**Sheron Latcha, MD, FASN**

Associate Clinical Member  
Renal Service  
Memorial Sloan Kettering Cancer Center  
Assistant Professor of Clinical Medicine  
Weill Cornell Medical College

## MSK Course Faculty

**Renier Brentjens, MD, PhD**

Attending, Leukemia  
Director, Cellular Therapeutics

**Jonathan Coleman, MD**

Associate Attending, Urology

**Elena Mead, MD**

Assistant Attending, Anesthesiology-Critical Care

**Genovefa Papanicolaou, MD**

Attending, Infectious Disease

**Leonard Saltz, MD**

Attending; Head, Colorectal Oncology

**Wendy Schaffer, MD, PhD**

Associate Attending, Cardiology Service

## Invited Course Faculty

**Ala Abudayyeh, MD**

Associate Professor Section of Nephrology  
MD Anderson Cancer Center

**Eric Cohen, MD**

Professor of Medicine, Nephrology  
Deputy Director of the Medical Service at Baltimore VAMC  
University of Maryland School of Medicine

**Nelson Leung, MD**

Professor of Medicine, Internal Medicine  
Professor of Medicine, Nephrology  
Mayo Clinic

**Glen Markowitz, MD**

Professor of Pathology & Cell Biology  
Vice Chair for Anatomic Pathology  
Columbia University Medical Center

**Alvin Moss, MD, FACP, FAAHPM**

Professor of Medicine, Sections of Nephrology and Palliative Medicine  
West Virginia University School of Medicine

**Mitchell Rosner, MD, MACP**

Henry B. Mulholland Professor of Medicine  
Chair, Department of Medicine University of Virginia Health System  
University of Virginia

**Biruh Workeneh, MD, FASN**

Associate Professor of Medicine, Section of Nephrology  
MD Anderson Cancer Center

# REGISTRATION

| REGISTRATION FEES                                                                      | EARLY*       | GENERAL      |
|----------------------------------------------------------------------------------------|--------------|--------------|
| Physicians (MDs, PhDs and DOs)                                                         | <b>\$350</b> | <b>\$400</b> |
| Residents, Fellows, Advanced Practice Providers, Nurses and Other Healthcare Providers | <b>\$200</b> | <b>\$250</b> |
| Industry Professionals**                                                               | <b>\$650</b> | <b>\$700</b> |

## REGISTER ONLINE:

**[mskcc.org/nephrologycourse](http://mskcc.org/nephrologycourse)**

Course registration includes continental breakfast, lunch, and refreshment breaks. Please contact **[cme@mskcc.org](mailto:cme@mskcc.org)** at least one week prior to the course if you have any special dietary requests or require any specific accommodations.

- MSK CME offers a **discounted rate for MSK Alumni, MSK Cancer Alliance and Cancer Care Partners**. If you are a member of one of these groups, please contact [cme@mskcc.org](mailto:cme@mskcc.org) for more information.
- **MSK employee registration is complimentary**. However, you must complete course registration in order to attend this course.

**\*Early registration rates available through October 5, 2019.**

**\*\*Industry professionals** may attend MSK CME activities for their own education. Marketing, sales, and promotion of products and services is strictly prohibited at MSK CME activities.

## LOCATION & ACCOMMODATIONS

**Memorial Sloan Kettering Cancer Center  
Zuckerman Research Center**  
417 East 68th Street  
New York, NY

MSK has negotiated special rates and amenities at select hotels in Manhattan. For information on hotels in the vicinity of MSK with discounted rates, please visit: **[mskcc.org/cme](http://mskcc.org/cme)**

## CONTACT

Memorial Sloan Kettering Cancer Center  
Office of Continuing Medical Education

RESEARCH CENTER

## ACCREDITATION

Memorial Sloan Kettering Cancer Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

### AMA Credit Designation Statement

Memorial Sloan Kettering Cancer Center designates this live activity for a maximum of **8.00 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### ABIM MOC Recognition Statement

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to **8.00 Medical Knowledge MOC points** in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.
