Call for Papers

Dear Colleagues/ Professors/ Students,

International Academic Conferences promote international dissemination of knowledge and development of cross-national academic fraternity. The participants come from different backgrounds and countries. They share their researches, experiences and informally create long-lasting bonds.

It has been commonly observed that people lack the motivation and confidence of taking part in international events, basically due to self-made or cultural inhibitions.

We recognize this factor, and we make sure to support and motivate first timers and also seasoned academicians by:

- Generating your academic and professional relationships
- Boosting your morale and confidence of presenting your research in an international platform
- Clearing your inhibitions of adjusting to the foreign environment
- Providing a holistic experience of academic tourism

The participation in the international conference may be under following categories:

Original Research Articles/ Published Articles/ Research Poster/ Dissertation/ PhD Synopsis/ Research Abstract/ Listener/ Co-author/ Absentia/ Abstract/ Paper/ Synopsis Submission
