**ELEVATING FERTILITY CARE :
INNOVATIONS AND IMPACT**

Welcoming Address PSRM 2025 Organising Chairperson

It is with great pleasure that I welcome you to the Pacific Society for Reproductive Medicine (PSRM) Congress 2025 in Malaysia. In collaboration with the Malaysian Society for Assisted Reproductive Technology (MSART) and the International Society for Vitro Fertilization (ISIVF), we are excited to host a congress that builds on the successes of our previous gatherings in Pattaya in 2019 and Sydney in 2023. This year, we convene under the theme, "Elevating Fertility Care: Innovations and Impact."

We are honored to host delegates from around the world who share a dedication to advancing reproductive medicine. Together, we will explore the latest innovations in fertility care, address current challenges, and work collaboratively toward impactful solutions.

Hosted at the Sunway Pyramid Convention Centre, conveniently located near Kuala Lumpur, this event promises an enriching program featuring esteemed speakers, dynamic panel discussions and workshops. We look forward to welcoming you to this inspiring gathering and to the vibrant, culturally rich nation of Malaysia.
