or call (800) 222-6927.

Hotel Terra is nestled in Teton Village, less than one mile from the entrance to Grand Teton National Park, 12 miles from downtown Jackson, and one hour from the South entrance to Yellowstone National Park. Both contemporary and elegant, convenient and surprising, sustainable and luxurious, Hotel Terra is inspired to be extraordinary.

Hotel amenities include the Chill Spa and outdoor infinity pool. Dining venues included the Terra Cafe and Il Villaggio Osteria, a local Jackson Hole restaurant favorite. This Italian restaurant serves dinner nightly, specializing in Roman Trattoria fare. Fun activities await guests of all ages at the Village Commons right behind Hotel Terra.

HOTEL RATES: A portion of the room rate is used to partially offset the cost of refreshments served during the meeting for participants only. **8% daily hotel service fee + 10% tax + listed room rates + 10% tax.**

Terra Room: \$239
• 1 King sized or 2 Queen sized beds (based on availability), 9 foot ceilings, double vanity bathroom, oversized picture windows.

Urban Studio: \$249
• Custom designed wall bed, full kitchen, living area with gas fireplace, dining table/ chairs, and sliding glass doors open to a furnished terrace.

One Bedroom Suite: \$319
• A combination of the components found in the Urban Studio and Terra Guest Room. One custom designed wall bed plus 1 King sized or 2 Queen sized beds (based on availability), furnished kitchen and terrace, with the added space and amenities of a luxury hotel room.

Two Bedroom Suite: \$509 (LIMITED. CALL (800) 222-6927 FOR AVAILABILITY.)
• Adding one full guest room to the One Bedroom Suite, the Two Bedroom Suite features a full kitchen, furnished terrace, gas fireplace, living area, dining area, and two bathrooms.

Inside 35 days you will be charged for the entire reserved stay plus tax and service fee. This includes shortening your stay or changing room type. **Strict hotel policy—No exceptions allowed for any reason. Trip insurance recommended.**

COURSE DIRECTOR: Mark T. Murphy, MD, MSN Education, Austin, Texas, and Medical Director, Northwest Anesthesia Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, certified registered nurse anesthetists, physician assistants, nurse practitioners, registered nurses and other medical care providers who must maintain state-of-the-art knowledge of the specialty or are impacted by it.

PROGRAM PURPOSE: The practitioner of anesthesiology must possess the scientific background for clinical practice; maintain state-of-the-art knowledge of not only the specialty, but also of all additional related disciplines which may impact it; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures necessary for the provision of quality patient care; manage self and colleagues to function toward common goals in the clinical setting, the clinical and educational institutions, and the community in which the practice resides; serve as an expert in matters involving health care delivery; serve as an informed manager of clinical and educational services provided, including the acquisition and distribution of resources necessary in meeting professional goals; and provide assistance with and support of other service providers, departments, institutions, and organizations dependent upon the professional expertise of the practitioner. Presentations are designed to facilitate the physician, nurse specialist, and other providers maintaining skills of the same kind to review and update knowledge and abilities in one or more of these areas vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:

Apply the pertinent physical and behavioral sciences—to include but not be limited to advanced anatomy and physiology, pathophysiology, chemistry, physics, psychology, and social sciences—as they impact and are affected by the planning, delivery, and monitoring of anesthesia and related services inherent in the anesthesiology professions.

Explain the selection, dosing considerations with methods of administration, safe use, and contraindications and precautions of presented pharmacological agents through the understanding of their physicochemical properties, pharmacokinetics and pharmacodynamics, updated uses, and more recently developed additional, related, and similar drugs.

Outline comprehensive management plans for the group of patients discussed, whether related in age, physical status, cultural background, invasive procedure, anesthetic or analgesic requirements, clinical setting, adverse reactions, and/or goals of care.

Apply the principles of safety and asepsis in the performance of anesthetic procedures and administrations, equipment use, and other applications encountered during the provision of anesthesia and analgesia whether in the surgical unit, the labor and delivery suite, the pain management clinic, or other more remote location of anesthetizing services.

Incorporate the appropriate recommendations and/or requirements of pertinent external organizations, institutions, and professional groups—recognized as serving as the authority for and/or holding the responsibility to compile and approve such tenets—in the provision of anesthesia and related services, whether medical, legal, philosophical, ethical, or health care management standards.

Apply the new techniques in the clinical setting of the participant.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providorship of The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health and Northwest Anesthesia Seminars. The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health is accredited by the ACCME to provide continuing medical education for physicians.

The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health designates this live activity for a maximum of 20 *AMA PRA Category 1 Credit(s)™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Anesthesiology: CME credit will be sent directly to The American Board of Anesthesiology to fulfill the Part 2 requirement for the Maintenance of Certification in Anesthesiology Program (MOCA®).

Anesthesiologist Assistants: The National Commission for Certification of Anesthesiologist Assistants (NCCAA) will accept CME credit for programs approved for continuing medical education by the AMA, AAPA, and ACCME.

Canadian Physicians: This activity is eligible for Section 1 credits in the Royal College's Maintenance of Certification (MOC) Program. Participants must log into MAINPORT to claim this activity.

Certified Registered Nurse Anesthetists: This program is designed to meet requirements for Class A CE credit. Once approved by AANA, this will be indicated.

Nurse Practitioners: The American Academy of Nurse Practitioners Certification Program (AANPCP) and the American Nurses Credentialing Center (ANCC) accept CME from organizations accredited by the ACCME.

Osteopathic Physicians: This program is eligible for Category 2 credit with the American Osteopathic Association (AOA).

Physician Assistants: The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credit™* from organizations accredited by ACCME or a recognized state medical society. Physician assistants may receive a maximum of 20 hours of Category 1 credit for completing this program.

Registered Nurses: NWAS is an approved provider for the following state nursing boards: California Board of Registered Nursing (Provider Number 4833), District of Columbia Board of Nursing (Provider Number 50-7480), Florida Board of Nursing (Provider Number 50-7480), and the Georgia Board of Nursing (Provider Number 50-7480). This program offers 20 contact hours.

†Pharmacology hours subject to change.

Jackson Hole Towering more than a mile above the valley known as Jackson Hole, the Grand Teton rises to 13,770 feet above sea level. Grand Teton National Park and the John D. Rockefeller, Jr. Memorial Parkway offer a variety of activities such as traditional mountain hiking, wildlife viewing, photography, climbing, swimming, boating, floating, canoeing, fishing, and biking.

In addition to grand mountain vistas, the Tetons host some of the best wildlife hideouts from birds to bison. This area has superior wildlife viewing opportunities, especially early or late in the day. Expect to see a variety of waterfowl, moose, deer, elk, bison, and birds of all kinds. There is also unique shopping, excellent dining, and luxurious spa experiences to be had here.

PARK ENTRY FEES: \$30 for per private vehicle; \$25 for a motorcycle; or \$15 for each visitor 16 years and older entering by foot, bicycle, ski, etc. These fees provide the visitor with a 7-day entrance permit for Grand Teton National Park and the John D. Rockefeller, Jr. Memorial Parkway only. Yellowstone National Park has a separate entrance fee. <https://www.nps.gov/grte/planyourvisit/fees.htm>

We have a block of rooms for seminar participants. Once this block is sold, rooms are based upon availability only and may be at a higher rate. To make reservations, please visit our website: www.nwas.com or call (800) 222-6927.

Call Universal Travel for your airfare needs. Be sure to mention Northwest Anesthesia Seminars when booking. Booking fee applies. Contact Kellee Kilmer: Phone: (858) 456-7887 or E-mail: kellee@universaltravel1.com
