INVITATION FROM THE FSA PROGRAM CHAIRS

Dear Registrant,

On behalf of the Board of Directors of the Florida Society of Anesthesiologists (FSA), we would like to invite you to the paradise that is the Breakers Resort, home this year to the FSA Annual Meeting.

2017 marks the sixty-ninth year since the founding of our society and we want to thank you for being a member of the FSA and ASA. Our profession has made remarkable strides in safety and it is through the support of physicians like you that we are able to continue our work of advocacy for our patients and our specialty. This weekend, we look forward to meeting all of you, whether in the lectures, exhibit hall, or poolside to get your valuable feedback on where the FSA should be focusing its efforts.

The American Society of Anesthesiologists designates this live activity for a maximum of **17.5 AMA PRA Category 1 Credits™**.

The FSA has applied for MOCA credits and is awaiting approval from the American Board of Anesthesiology. The Advance Program will be updated with this information when received.

Also, this year Dynamic ASA leaders will also be here to give us their thoughts on nation-wide issues, and we are very proud to welcome back Andy Harris, MD, the first anesthesiologist in the US Congress, as he presents his unique perspective on what's happening in Washington DC. His Saturday talk is not to be missed as it will certainly be insightful and entertaining.

The relaxing island lifestyle of this special place lends itself particularly well to networking with your colleagues from around the state. We hope you will also enjoy getting to know your fellow physicians and share your experiences on what's working to make a successful anesthesia practice. As our specialty faces many pressures, it is refreshing to be in an environment where everyone around us understands our mutual challenges.

It is our sincere hope that this time away from work affords you the chance to relax and learn something new to take back to your group.

Chris Giordano, MD

Program Chair

Associate Professor

Department of Anesthesiology Division Chief of Liver Transplantation Anesthesiology/Critical Care Clerkship Director University of Florida, Gainesville

Leopoldo Rodriguez, MD, FAAP

Co-Chair

Medical Director and Chief of Anesthesiology Surgery Center of Aventura

Chair, Sheridan Healthcare Ambulatory Anesthesia Quality Sub-Committee

Treasurer, Florida Society of Anesthesiologists

LEARNING OBJECTIVES

At the conclusion of this activity, participants should be able to:

1. Assess the potential application of emerging issues and advances that affect the practice of anesthesia.
2. Apply contemporary practice management skills and knowledge of regulatory issues to the efficient and safe delivery of patient care.

TARGET AUDIENCE

This activity is intended for anesthesiologists. Researchers and other health care professionals with an interest in anesthesiology may also participate.

ACCREDITATION AND DESIGNATION STATEMENTS

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society of Anesthesiologists and the Florida Society of Anesthesiologists. The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of 16.5 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

MOCA ACCREDITATION STATEMENT 2017 (In Approval Process as of 2.14.17)

Attend select Educational Sessions to Earn Credit Toward MOCA®.

FSA 2017 offers several opportunities to help fulfill your Maintenance of Certification in Anesthesiology (MOCA®) requirements. Sessions marked with the MOC-PS icon will count toward Part 2 Patient Safety requirements. Look for the MOC-PS icon to identify designated sessions.

Please note: In order to claim CME credit for MOCA®, attendees are required to attend the entire session and complete the evaluation form when claiming CME credit.

Maintenance of Certification in Anesthesiology Program® and MOCA® are registered certification marks of the American Board of Anesthesiology®.

This patient safety activity helps fulfill the patient safety CME requirement for Part 2 of the Maintenance of Certificate in Anesthesiology Program (MOCA) of The American Board of Anesthesiology (ABA). Please consult the ABA website (www.theABA.org) for a list of all MOCA requirements.

The American Board of Anesthesiology®, Maintenance of Certification in Anesthesiology Program® (MOCA®) has approved the following "Patient Safety Sessions" (listed below) at the FSA 2017 Annual Meeting.

The sessions which are approved for MOCA® Certification are noted with this symbol.
