Live, Interactive Virtual Conference

Overview

This Physicians' Education Resource® (PER®) legacy conference has been developed in collaboration with co-chairs **Wendy L. Wright, DNP, ANP-BC, FNP-BC, FAANP, FAAN, FNAP**, and **Scott Urquhart, PA-C, DFAAPA**, to bring nurse practitioners and physician assistants recent evidence to treat some of the most common and challenging conditions in the primary care setting. The *4th Annual Advanced Practice Collaborative (APC)* blends expert presentations, panel discussions, and virtual audience participation across essential clinical areas to enhance your understanding, knowledge, and competence in the prevention, treatment, and management of chronic conditions, illnesses, and associated comorbidities.

The **APC** is a live video broadcast that quickly delivers the latest advances in primary care. Join us as we dive into what you need to know now, with a focus on 3 to 4 top practice areas. Entering its fourth year, the **APC** continues to bring together exceptional faculty led by our returning co-chairs for a day filled with practice insights, tips, and engaging discussions that you will not want to miss.

Benefits of participating

- Integrate new screening and diagnostic techniques into your practice
- Understand the latest treatment options for common conditions
- Interpret recent clinical trial data on novel and emerging treatments
- Gather disease management insights from expert faculty
- Engage with expert faculty and your colleagues

Target Audience

This CME-certified activity is directed toward nurse practitioners and physician assistants practicing in the primary care setting. Physicians and other health care professionals interested in the treatment of patients in the primary care setting may also participate.
