

Course Description

There is an acute shortage of dermatologists in the United States. Dermatologists are shifting away from medical dermatology with many now focusing on cosmetic and oncologic procedures. Advanced Practice Providers (PAs and ARNPs) and primary care physicians are rapidly becoming the medical dermatology providers. Medical and basic dermatologic surgery procedures have been identified as high priority in multiple needs assessment surveys for CME.

Several mini-symposia, focusing on the diagnosis and management of common skin problems likely to be encountered by primary care physicians and Advanced Practice Providers, will be presented by a distinguished faculty. Interactive workshops are designed in this program to develop dermatologic procedural skills and challenge diagnostic acumen.

Target Audience

Advanced Practice Providers (PAs and ARNPs) and PCPs providing dermatologic services, as well as primary care physicians, APP and residents desirous of enhancing their dermatologic diagnostic, therapeutic and procedural skills.

Objectives

The following objectives apply to physicians and Advanced Practice Providers:

Upon the completion of this activity, the participant should be able to:

- **Identify** common skin infections
- **Apply** evidence-based knowledge to improve therapeutic outcomes.
- **Analyze** the pathophysiology of the most common dermatologic problems such as acne, eczema, psoriasis, skin infections and skin tumors.
- **Apply** evidence-based knowledge to practice in order to improve outcomes for patients with psoriasis, acne & other common skin disorders.
- **Interpret** cutaneous abnormalities associated with serious underlying medical problems and internal malignancy.
- **Recognize** common skin lesions and rashes that present in childhood.
- **Identify** common skin infections and **apply** evidence-based knowledge to improve therapeutic outcomes.
- **Recognize** the clinical presentations of nonmelanoma skin cancers, melanoma, and pre-cancers.
- **Utilize** a practical approach for managing patients at risk for skin cancer and update knowledge of the treatment approaches, including surgery.
- **Demonstrate** use of dermoscopy as a tool to assess skin lesions and determine when to biopsy pigmented lesions.
- **Assess** the appropriate use of, and potentials pitfalls in utilization of cryotherapy and electrosurgery.
- **Differentiate** between skin biopsy techniques, citing when, why, and how to perform them.
- **Demonstrate** basic dermatologic surgery technique.

Registration

Registration fee includes the basic program, course materials (online access to color version of course materials), four continental breakfasts, four morning breaks and a Tropical Reception for participant only. Workshops and luncheons are an additional fee. (No registration is confirmed without full payment.)

SILVER Pass (20% Savings)

Includes Registration, all workshops, reception for participant
..... \$1,575.00

Physicians

January 1, 2018 to April 30, 2018 \$1199.00
On or After May 1, 2018 \$1275.00

Nurses, Residents, Fellows, Physician Assistants (residents/fellows must send proof of residency/fellowship)

January 1, 2018 to April 30, 2018 \$899.00
On or After May 1, 2018 \$975.00

Workshop Fees (optional) Registration Required

Clinical Skills Workshop *Our most popular workshop!* \$175.00
Dermatologic Surgery Workshop (must bring your own instruments)
Space is limited..... \$295.00
Electrosurgery/Cryosurgery/Biopsy Workshop *Space is limited*..... \$195.00

Lunch Meeting (optional) Registration Required

Dermoscopy Tutorial *Complimentary Lunch* \$100.00

Tropical Reception

Registrants and faculty are invited to attend a Tropical Reception on Thursday evening from 6 to 7:30 pm. Join us for a taste of the island. Please indicate your attendance on the registration form. Guests are invited for an additional fee (\$50).

Accreditation

Physicians: USF Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. USF Health designates this live activity for a maximum of 26 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses: USF Health is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

A maximum of 26 contact hour(s) may be earned by learners who successfully complete this continuing nursing education activity.

For ANCC credit(s) there are no prerequisites to this program. Participants must attend all sessions for which they claim credit and complete an evaluation for credit hours.

Physician Assistants: AAPA accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credit(s)*™ from ACCME accredited providers. Physician Assistants who participate will receive a certificate of completion commensurate with the extent of their participation.

AAFP: This Live activity, 19th Annual "Derm in the Keys", with a beginning date of 05/30/2018, has been reviewed and is acceptable for up to 26.00 Prescribed credit(s) by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

WORKSHOPS (Optional) Registration Required

Clinical Skills An interactive session designed to increase the participant's ability to recognize and treat common skin disorders. ***Our most popular workshop!***

Dermatologic Surgery* An introductory lecture followed by a “hands-on” workshop precepted by dermatologic surgeons in small group settings. ***Take your practice to the next level!***

** Participants must bring their own scalpel with #15 blade, forceps with “teeth”, small needle holder, six 4-0 nylon sutures, suture scissors, small curved metzenbaum scissors. Remember to pack in checked luggage.*

SPACE IS LIMITED TO FIRST COME FIRST SERVE BASIS!

Electrosurgery/Cryosurgery/Biopsy Lecture and “hands-on” workshop in electrodesiccation & curettage and cryosurgery techniques. Opportunity to practice shave & punch biopsy techniques on artificial skin.

You should be doing these procedures!

LUNCH MEETING (Optional) Registration Required

Dermoscopy Tutorial

Dermoscopy is a “cutting edge,” non-invasive technique utilizing a specialized magnifying device to greatly enhance diagnosis of skin lesions. With dermoscopy, morphologic features are visible that cannot be detected by the naked eye alone.

Enhance your diagnostic skills!

SPACE IS LIMITED TO 100 REGISTRANTS – SIGN UP EARLY FOR THIS FREE WORKSHOP

Cancellations/Refunds

Cancellations must be requested in writing via fax to 813-224-7864 or e-mail to cpdsupport@health.usf.edu, and received by May 1, 2018 in order to receive a refund. A \$75 cancellation fee will be assessed to cover administrative costs. There are no refunds for no-shows or for cancellations received after May 1, 2018. Substitute registrants are welcome without penalty. Silver pass workshop and other functions cannot be changed; you will have to cancel your registration and can do so up to May 1, 2018 with a \$75.00 cancellation fee.

USF Health Office of Continuing Professional Development reserves the right to cancel this activity due to unforeseen circumstances, in which the full registration fee will be refunded. USF Health is not responsible for travel expenses incurred by the participants in the unlikely event that this activity is cancelled.

EQUAL OPPORTUNITY

USF is an Equal Opportunity / Affirmative Action / Equal Access Institution.

ACCOMMODATIONS FOR DISABILITIES

For disability accommodations contact USF Health CPD office at (813) 224-7860 or cpdsupport@health.usf.edu, within five days of an event.

- Enhance your diagnostic acumen
 - Formulate a differential diagnosis
- Fee:.....\$175.00**

- Participants will “operate” on artificial skin to develop or refine their surgical techniques
 - Emphasis will be placed on simple excisions with the opportunity to explore more complex flaps
 - Lab manual included
- Fee:.....\$295.00**

- Understand when, where and how to use this equipment
 - Demonstration by experts
 - Up-to-date equipment available for practice
- Fee:.....\$195.00**

- Increase your diagnostic accuracy for pigmented skin lesions in general and early invasive melanoma
- Practice with state-of-the-art equipment
- Learn pattern analysis
- Complimentary Lunch..... **\$100.00**

CASA MARINA

A WALDORF ASTORIA RESORT

1500 Reynolds Street
Key West, Florida 33040
phone: 305-296-3535 • fax: 305-296-4633

Listed on the National Historic Register, the Casa Marina was built in 1920 and is the oldest hotel in all of the Keys. One glance and you'll love this island paradise. Edging up to the hotel is the largest private beach in Key West. Here you'll uncover two ocean side pools and invigorating water sports. As a guest, you can also enjoy tennis, tempting restaurants, a soothing massage and privileges on a nearby 18-hole golf course.

A block of rooms has been reserved at a special group rate (single/double occupancy):

Traditional Room	\$269.00
Flagler Ocean Vista Room	\$329.00
Traditional One Bedroom Suite.....	\$374.00
Ocean Vista One Bedroom Suite	\$469.00
Ocean Vista Two Bedroom Suite.....	\$619.00

The hotel room rates are subject to applicable state and local taxes and resort fees in effect at the time of check in. Reservations must be accompanied by a first night's room deposit or guaranteed with a major credit card. Reservations must be cancelled 10 days prior to arrival, otherwise one night's room and tax will be charged.

For room reservations call: 1-800-HILTONS (445-8667)
For online hotel reservations, visit our website for the link.

Group rates are good through April 25, 2018. Hotel registration is the responsibility of the individual registrant.
Please mention the 19th Annual Dermatology for the Non-Dermatologist conference when you call to reserve your room.

Key West is a popular destination and we highly recommend calling early for room and air travel.
