

International Women Health & Breast Cancer Confernece

July 03-05, 2019

London, UK

iWomen Health 2019

International Women Health and Breast Cancer Conference committee is delighted to welcome you all to the City of London during July 03-05, 2019. The theme of the upcoming conference is *"Healthy Women, healthier world"*.

i-Women Health 2019 includes nearly every permutation of knowledge, innovation, technology and networking. We have an objective of creating an international forum for academicians, practitioners, health and business professionals who work across the broad field of women's health to share latest advancement and research that will enable the best outcomes for women patients.

i-Women Health's focus includes the dissemination of translational research and evidence-based practices for disease prevention, diagnosis, and treatment for women across the lifespan. Congress is packed with many workshops, symposiums and multiple plenary sessions with main focus on thought provoking discussions and peer led networking. This program provides three days of robust discussions in the field of breast cancer, menopause, pregnancy, prenatal and neonatal care, reproduction, infertility, hormonal replacement therapy and more.

i-Women Health 2019 offers unparalleled business opportunities and access to new markets in Women and Health Care industry. Be on the cutting edge of new and often yet-unreleased information and discover an area that piques your interest.

We look forward to seeing you in London, UK

Testimonials

Thank you for the conference note. The conference covered a diverse group of topics with a true international flavor in terms of the attending delegates.

Nigel Smart, Smart Pharmaceutical Consulting, USA

I would like to thank you for the opportunity to make the presentation last Thursday at IPharma18 in Philadelphia. It was a good experience and I would like to think that my presentation was well received by the audience.

Nelson Kardos, Duquesne University, USA

iPharma 2018 offered everything we needed, from Drug Discovery and Development to Pharma Marketing, Pharma Manufacturing, Industrial Pharmacy. It gives all participants a productive conference experience. We'll come back year after year

Ye Xu, Jilin Medical University, China

The conference was good, even some speaker could not attend because of the weather. It was a great experience for me and I am really glad for the experience

subheading

Livio Luongo, Università Vanvitelli, Italy

My US experience was very good and will always fondly cherish the memories. Would like to be back again in a year or so. I wish we could meet

Sanju Nanda, MDU, India

It has been a great opportunity to share the experience and state-of-the-art in the pharmaceutical field among academia and industry. It served a good platform for efficient networking.

Nataliya Storozhylova, University of Santiago de Compostela, Spain

Glance at 2018

About Venue

London is a leading global city, with strengths in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transport all contributing to its prominence.

London is a world cultural capital. It is the world's most-visited city as measured by international arrivals and has the world's largest city airport system measured by passenger traffic. London's 43 universities form the largest concentration of higher education in Europe. London contains four World Heritage Sites: the Tower of London; Kew Gardens; the site comprising the Palace of Westminster, Westminster Abbey, and St Margaret's Church; and the historic settlement of Greenwich. Other famous landmarks include Buckingham Palace, the London Eye, Piccadilly Circus, St Paul's Cathedral, Tower Bridge, Trafalgar Square, and The Shard. London is home to numerous museums, galleries, libraries, sporting events and other cultural institutions, including the British Museum, National Gallery, Tate Modern, British Library and 40 West End theatres
