

**Alberto Ascherio, MD, DrPH**

Professor of Epidemiology and Nutrition, Harvard T.H. Chan School of Public Health  
Professor of Medicine, Harvard Medical School  
Boston, MA

**Ethan A. Benardete, MD PhD**

Director of Cerebrovascular Surgery (Open and Endovascular)  
Department of Neurosurgery  
Baylor Scott and White Health  
Temple, TX

**David Fiorella, MD PhD**

Stony Brook University Medical Center  
Cerebrovascular Center, Co-Director  
Professor of Neurosurgery & Radiology  
Stony Brook, NY

**James C. Grotta, MD**

Director of Stroke Research, Clinical Innovation and Research Institute  
Memorial Hermann Hospital-TMC  
Director, Mobile Stroke Unit Consortium  
The University of Texas Health Science Center at Houston  
Houston, TX

**Cindy D. Marshall, MD, MBA**

Medical Director, Baylor AT&T Memory Center  
Baylor University Medical Center at Dallas  
Dallas, TX

**Umesh Oza, MD**

Program Director, Diagnostic Radiology Residency  
Core Faculty, Department of Radiology  
Baylor University Medical Center at Dallas  
Clinical Associate Professor  
Texas A&M Health Science Center College of Medicine  
Dallas, TX

**RJ Watts, II, JD**

Law Office of R. J. Watts, II  
Dallas, TX

**Manish Assar, MD**

Director, Cardiac Electrophysiology Fellowship Training Program  
Associate Professor Medicine, Texas A&M Health Science Center College of Medicine  
Baylor University Medical Center at Dallas  
Dallas, TX

**Kyle E. Doughty, MD**

Cerebrovascular Neurosurgeon  
Baylor University Medical Center  
Dallas, TX

**Dion F. Graybeal, MD**

Medical Director of Stroke Program  
Baylor University Medical Center at Dallas  
Neurovascular Associates of Texas  
Dallas, TX

**Joseph H. Hise, MD**

Baylor University Medical Center at Dallas  
Dallas, TX

**Osman Mir, MB, BS**

Director of Telestroke  
Baylor University Medical Center at Dallas  
Clinical Associate Professor, Department of Neurology  
Texas A&M Health Science Center College of Medicine  
Dallas, TX

**Claudia Padilla, MD**

Medical Director for Research  
Baylor AT&T Memory Center  
Baylor Neuroscience Center  
Baylor University Medical Center at Dallas  
Dallas, TX

# Seventh Annual STROKE & NEUROLOGICAL DISEASE CONFERENCE

## Ischemic & Hemorrhagic Stroke Seminar

## Alzheimer's & Dementia Seminar

## CONFERENCE OVERVIEW

The 7th Annual Stroke and Neurological Disease Conference will address critical issues related to decision making for and treatment of stroke patients. The optimal care for stroke patients is ever changing as a result of advances in stroke prevention, therapy and research. This conference will feature experts from emergency medicine, neurology, neurosurgery, internal medicine, cardiology and interventional neuroradiology. With the goal to update on the latest patient care recommendations, these specialists will convey the newest advances in the treatment of stroke in a format that allows for timely application of proven protocol.

Discussion will include treatment of acute ischemic stroke, hemorrhagic stroke, neuroimaging, cutting edge medical management and advanced endovascular treatments for stroke, advanced stroke care delivery and the diagnosis and management of vasculitis. Each of these topics will be covered in the context of case presentations and panel discussions that will allow for audience interaction with faculty. The conference lectures are designed to enhance dialogue on the current controversies in the treatment of stroke.

New this year, there is also specialized content and lectures addressing dementia and Alzheimer's disease. Experts in the field will discuss the diagnosis, imaging and management of patients with dementia, memory loss and Alzheimer's disease.

The day includes breakout sessions to allow participants to select the most applicable content. In fact, participants can choose afternoon breakout sessions devoted to either stroke or dementia topics.

Given the urgency and complexity of treating stroke and dementia patients and the positive impact of a multidisciplinary team approach to care, this conference will provide strategies for the implementation of integrated care. The day will wrap up with an ethics lecture (including ethics CME credit) on the issues related to estate planning and chronic neurological diseases.

## CONTINUING MEDICAL EDUCATION

The A. Webb Roberts Center for Continuing Medical Education of Baylor Health Care System, Dallas, designates this live activity for a maximum of 7.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This course has been designated by the Texas Medical Board for 1.0 credit in medical ethics and/or professional responsibility.

The A. Webb Roberts Center for Continuing Medical Education of Baylor Health Care System, Dallas is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

## Seventh Annual STROKE & NEUROLOGICAL DISEASE CONFERENCE

Saturday, May 21, 2016

## EDUCATIONAL OBJECTIVES

### BASIC SCIENCE

- Identify major advances in key areas of cutting-edge research and technology in subarachnoid hemorrhage, acute thromboembolic stroke, intraparenchymal hemorrhage, vasculitis, cerebral aneurysms, nutrition, Alzheimer's disease and frontotemporal dementia.

### CLINICAL SCIENCE

- Transition emerging clinical science to clinical practice in patients with ischemic and hemorrhagic stroke and memory disorders including Alzheimer's disease.
- Evaluate and implement new diagnostic and therapeutic strategies for treating patients with stroke, dementia and memory disorders including Alzheimer's disease.

### POPULATION SCIENCE

- Recognize emerging trends in the distribution of hemorrhagic and ischemic stroke, memory disorders and Alzheimer's disease and their impact on public health.
- Evaluate the impact of new diagnostic and therapeutic strategies on health costs and clinical outcomes in patients with ischemic and hemorrhagic stroke and memory disorders such as Alzheimer's disease.

### TRANSLATIONAL SCIENCE

- Understand the adaptation and testing of fundamental scientific discoveries to the diagnosis and treatment of ischemic and hemorrhagic stroke as well as dementia and Alzheimer's disease in patients.

## AGENDA

### SATURDAY, MAY 21, 2016

|          |                                                                                                                                       |
|----------|---------------------------------------------------------------------------------------------------------------------------------------|
| 7:30 AM  | Introductions                                                                                                                         |
| 8:00 AM  | Prehospital Stroke Treatment using a Mobile Stroke Unit<br><i>James C. Grotta, MD</i>                                                 |
| 8:30 AM  | Cutting Edge Interventional Treatments for Cerebral Aneurysms<br><i>David Fiorella, MD PhD</i>                                        |
| 9:00 AM  | Cryptogenic Stroke: Could It Be Atrial Fibrillation?<br><i>Manish Assar, MD</i>                                                       |
| 9:30 AM  | Carotid Atherosclerotic Disease and Stroke: Surgery, Stenting, or Medical Management; Quo Vadis?<br><i>Ethan A. Benardete, MD PhD</i> |
| 10:00 AM | Break and Exhibit viewing                                                                                                             |
| 10:30 AM | Update on Stroke Systems of Care in Texas<br><i>Dion F. Graybeal, MD</i>                                                              |
| 11:00 AM | Impact of Diet and Nutrition on Stroke Prevention and Recovery<br><i>Alberto Ascherio, MD, DrPH</i>                                   |
| 11:30 AM | Cognition and Memory: The Influence of Diet and Nutrition<br><i>Alberto Ascherio, MD, DrPH</i>                                        |
| 12:00 PM | Lunch/Exhibit viewing                                                                                                                 |
| 3:00 PM  | Break and Exhibit viewing                                                                                                             |
| 3:30 PM  | Expert Panel Discussion                                                                                                               |
| 4:00 PM  | Ethics Lecture: Estate Planning and Chronic Neurological Diseases<br><i>RJ Watts, II, JD</i>                                          |

### STROKE BREAKOUT

|         |                                                                                                           |
|---------|-----------------------------------------------------------------------------------------------------------|
| 1:00 PM | Clinical Diagnosis and Management of Vasculitis and Vasculopathy<br><i>Osman Mir, MB, BS</i>              |
| 1:30 PM | Imaging of Vasculitis and Vasculopathy<br><i>Joseph H. Hise, MD</i>                                       |
| 2:00 PM | Thrombin Inhibition to Enhance the Benefits of Thrombolysis or Thrombectomy<br><i>James C. Grotta, MD</i> |
| 2:30 PM | Minimally Invasive Surgery for Intracerebral Hemorrhage<br><i>David Fiorella, MD PhD</i>                  |

### ALZHEIMER'S BREAKOUT

|         |                                                                                                                    |
|---------|--------------------------------------------------------------------------------------------------------------------|
| 1:00 PM | Treatment of the Mood, Anxiety and Behavioral Symptoms of Alzheimer's Disease<br><i>Cindy D. Marshall, MD, MBA</i> |
| 1:30 PM | Molecular Imaging of Dementia<br><i>Umesh Oza, MD</i>                                                              |
| 2:00 PM | Normal Pressure Hydrocephalus: Shunts and Ventriculostomies<br><i>Kyle E. Doughty, MD</i>                          |
| 2:30 PM | Frontotemporal Dementia: An Update on Diagnosis and Management<br><i>Claudia Padilla, MD</i>                       |

## REGISTRATION FEES & INFORMATION

### 3 EASY WAYS TO REGISTER

ONLINE: [www.CMEBaylor.org](http://www.CMEBaylor.org)

MAIL: Baylor University Medical Center

FAX: (214) 820-4169

A. Webb Roberts Center

3500 Gaston Avenue | Dallas, Texas 75246

### REGISTRATION FEES

(Make checks payable to A. Webb Roberts Center)

|                                       |       |
|---------------------------------------|-------|
| Physicians                            | \$145 |
| PA - NP - RN - Allied Health          | \$75  |
| Fellow - Resident - EMT - Paramedic   | \$45  |
| Past Participants - \$25 Discount     |       |
| Late Fee: Add \$25 after May 10, 2016 |       |

### REGISTRATION INFORMATION

|                                                                                                                                                                                                       |  |      |      |       |     |
