TESTIMONIALS

Radhwan Alzeebaree
Data Scientist, University of Cambridge, UK

Many thanks for the interesting online conference. Many Professors attained this conference from different places in the world. Many topics are submitted to the conference.

Sebastian Obeta
Data Scientist, University of Cambridge, UK

I had an awesome experience. The event was well planned, the reception I received from Mr Surendra was warm and pleasant. Always cheerful and willing to assist at every slight opportunity. Anna was spot on. I was looking forward to seeing her/him at the event. I don't know how Anna does it, all the question I asked received an answer in less than 1 minute even at odd times, when I am at a fixed. Well done team.

Sanja Seljan
Data Scientist, University of Cambridge, UK

It was really pleasure to participate on this conference! Great researches from various domains, wonderful intercultural communication and atmosphere... In Dubai - offering many opportunities for sightseeing, the center of research and innovation...

Shiema Adlan
Data Scientist, University of Cambridge, UK

It was a pleasure to get the opportunity in participating in this conference, it was a great professional experience for me.
Thanks to the organizing committee :
Mrs. Anna Mariya, for nominating me as a speaker and give me the chance to nominate other speakers from my connection. In addition to her support and prompt responses to our inquiries about the event.
Mrs. Sanja Seljan for organizing on the event efficiently in-person.
Mr. Surendra to organize and moderate the event efficiently and to ensure that the event environment is suitably prepared, so that the speakers can be successful in their presentations.

Vicky Ama
Data Scientist, University of Cambridge, UK

WE are very grateful for sharing our research. I am not dentist but clinical pathologist. It is a traversal science which Can help to understand the pathophysiology of diseases. So, it was a pleasure to contribute to the treatment if periodontitis and prevent cardiovascular évents in people with risk factors. Thank you very much and Big up to the organising team.

Osman Adiguzel
Retired Professor of Physics, Firat University, Elazig, Turkey

2nd International Conference on Chemistry Education and Catalysis was held online on August 30, 2021. I joined this important conference with a Keynote Speech, following a long communication journey. Conference program included 2 Keynote Speeches and 7 Speeches, but some of the speakers could not join due to internet problem. Over 35 participants followed the conference, Keynote Speeches delivered by the distinguished scholars and conference was ended successfully. I introduce my sincerely thanks to the Conference Committee and Conference Company, United Research Forum for their nice invitation. I hope COVID 19 will end shortly, and next conference can be held onsite, face to face. Also, thanks to the conference moderator.

Mohammad Ehtisham Khan
Data Scientist, University of Cambridge, UK

The conference was nicely arranged by the organizing committee members. Congratulations and best wishes for the upcoming events. 🌈

Otilia Manta
Data Scientist, University of Cambridge, UK

It was an honor and a real pleasure to be with the United Research Forum (URF) and the Mutah University team that organized the special event GCIH2022 in May 15-16, 2022 at Hotel Crowne Plaza DEAD SEA, JORDAN, which is why I thank Dr. Vanga's CEO, Prof. Elvessa Narvasa, the head of the committee. The HYBRID connection offered the possibility of a permanent interconnection bringing together experts both in person and online, creating opportunities in a single academic setting. "Nothing for us without us" and "Together we can be better for the good of all". Congratulations to the organizers of this special event and we wish you many future academic successes.

Hideyuki Kanematsu
Data Scientist, University of Cambridge, UK

I was invited to the conference and joined it without any background knowledges, but I was really much impressive about that the people involved were meticulous in their preparations and their care was well thought out. The chair and audience were also great! Thank you!!

Data Scientist, University of Cambridge, UK

I was very happy to participate in this conference, and it was my first experience to participate in such conferences with this good organization and wonderful direction. The conference carried new ideas and exchanged scientific information between researchers. I hope to participate in other conferences held and supervised by the organization

Windy Ayu
Data Scientist, University of Cambridge, UK

The great event for deliver your talks. Presenters come from different country that be additional value to build a worldwide connection. Also, the committee was nice, helpful, fast response.

Sajjad ahmad Tahir
Assistant Professor Zoology

Last week I had the opportunity to participate in the 2nd international conference on AI and data science organized by United Research Forum London, UK. The presenters and judging panel consisted of esteemed leaders and professionals from artificial intelligence.
Thanks to the scientific committee, Dr. Sanja Seljan and Dr. David Pastor Escuredo and the organizing committee, Anna Mariya, Diya Jessica and Mr. John Surendran.
I would like to express my special gratitude to Dr. Sanja Seljan for her insights and remarkable leadership throughout the conference.
A big thank you goes to Mr. John Surendran for the on-ground organization of the event. His services were fantastic. I was him running everywhere, like setting-up speaker presentations, event announcements, communication, arranging lunch and transportation. He developed a family-like relationship with the delegates, which was the great strength of the event.
