

42ND ANNUAL MEETING

September 26 - 30, 2016
St. Louis, MO
Hyatt Regency St. Louis at the Arch

**EARLY REGISTRATION DEADLINE:
THURSDAY, AUGUST 4, 2016**

2016.ASHI-HLA.ORG

LEARNING OBJECTIVES

The ASHI 42nd Annual Meeting will provide updates on basic immunogenetics and on practice guidelines in clinical histocompatibility and immunogenetics.

The learning objectives are as follows:

1. HLA ligand specificity in lymphocyte response, and description of functional elements within HLA genes and molecules.
2. Application of next generation sequencing covering technology implementation, data standardization, utility in clinical transplantation, and the role of HLA in disease association.
3. Application of HLA genetics to hematopoietic stem cell transplantation covering HLA haploidentical transplant and permissible mismatches.
4. Novel treatment approaches of allograft rejection targeting B cells, plasma cells, and complement.
5. Optimization of clinical outcomes in lung transplantation covering donor allocation and HLA compatibility.
6. Update on the effect of red blood cell, platelet, and neutrophil antibodies in transplantation.
7. Update on the new Kidney Allocation System covering its effect on donor allocation, identification of HLA antibody specificity, HLA laboratory practices, and graft survival.
8. Updates on clinical practice and regulatory guidelines for directors and technologists.

ACCREDITATION

ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Amedco and the American Society of Histocompatibility and Immunogenetics (ASHI). Amedco is accredited by the ACCME to provide continuing medical education for physicians.

CREDIT DESIGNATION STATEMENT

Amedco designates this live activity for a maximum of 34.75 AMA *PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CHT, CHS, ABHI DIPLOMATES

The American Board of Histocompatibility & Immunogenetics has approved the 42nd Annual Meeting content for a maximum of 32 contact hours (4.5 contact hours for Inspectors' Workshop and 27.5 contact hours for the meeting) or 4.8 CECs (0.675 CECs for Inspector's Workshop and 4.125 CECs for the meeting) of continuing education hours for completing each module.

FULL DISCLOSURE POLICY

All faculty and program organizers participating and planning continuing medical education programs sponsored by ASHI are required to disclose to the program audience any real or apparent conflicts of interest related to their presentation. Full disclosure of faculty relationships will be available on site.

LETTER OF INVITATION

Letters of invitation are available to registered participants only. Once you are registered, please email vramsay@ashi-hla.org for an official letter of invitation.

NEW!

IMMUNOGENETICS BASIC SCIENCE SYMPOSIUM

On Monday, September 26, ASHI is offering the Immunogenetics Basic Science Symposium. This symposium will feature the immunogenetics of HLA and KIR genes. HLA class I and II genes are the most polymorphic genes in the human genome. HLA genes associate with an unprecedented range and number of human diseases and contribute to the outcome of therapeutic intervention, most notably the transplantation of cells, tissues and organs. Physiological interactions of HLA class I and II with families of variable lymphocyte receptors diversify the human immune response to infection and cancer and, in the case of natural killer cells, implantation of embryos at the beginning of pregnancy. This symposium is an additional registration fee.

ASHI ACCESS

ASHI Access is your online portal to educational information from a variety of sessions from the ASHI 42nd Annual Meeting. This portal allows you to view sessions virtually and includes speaker handouts, audio streaming presentations, MP3 downloadable files, and so much more.

BENEFITS

ASHI Access is a comprehensive body of knowledge readily accessible by anyone needing information from the 42nd Annual Meeting.

- Convenient and easy-to-access audio synchronized to PowerPoint™ presentations for sessions at anytime and anywhere.
- One place for professionals to find answers to session information.
- Broad range of materials is consistent with today's latest research.
- Sessions include: Plenary, Symposia, Concurrent Oral Abstracts, and Workshops

ASHI Access can be purchased when registering for the 42nd Annual Meeting. Rates will increase after the Annual Meeting, so add this to your registration today!

ASHI'S 4TH ANNUAL 5K RUN/WALK

Wednesday, September 28, 2016, 6:30 am–8:00 am

This will be ASHI's 4th Annual 5K Run/Walk. Please join us for a morning run or walk through Tower Grove Park in St. Louis! The fee is \$25 per person. Proceeds from this event will benefit the Mid-America Transplant Foundation. All runners and walkers are welcome!

Note: Advance registration is strongly recommended as space is limited. Registration forms, including complete payment, must be received by Wednesday, August 24, 2016 to guarantee attendance. Additionally, advance registration ensures timely processing of your registration and helps avoid on-site delays.

HOTEL INFORMATION

ASHI has negotiated a discounted room rate at the Hyatt Regency St. Louis at the Arch for all attendees, exhibitors, and supporters. Hotel rooms at the discounted group rate are limited and available on a first-come, first-served basis.
