

The Hyatt Regency Aruba Resort is a beach-front resort on spectacular Palm Beach. Dive into a magnificent, three-tier swimming pool, each with its own cascading waterfall. Rocket down the water slide or swim up to the pool-side bar for your favorite cocktail. Later, unwind at the Stillwater Spa or in one of two out-door Jacuzzis.

For kids, Hyatt's Camp Watapana is the perfect place to experience the culture and uniqueness of Aruba. Hard court basketball, pool and beach volley ball, and two lighted tennis courts will help keep you busy. The health club features a state-of-the-art cardio center with theater entertainment. Daily activities such as yoga, bingo, and daily sunset happy hours are always fun to join and a great way to meet new friends. Enjoy dining in one of six lovely on-site restaurants. When night falls, entertainment includes karaoke, live music, dancing, and a casino. Newly renovated guest rooms feature amenities such as LCD TV, spacious bath, minibar, coffee maker, laptop safe, hair dryer, and iron/board.

HOTEL RATES: A portion of the room rate is used to partially offset the cost of refreshments served during the meeting for participants only.

Guest Room: \$286
• Single or double occupancy plus 23% tax and \$3 per room, per night environmental levy and \$7.50 per person round-trip bellman gratuity and \$4.50 per room, per day housekeeping gratuity.
• Maximum 4 guests per room.
• Add \$45 per night for each additional adult over double occupancy.

DEPOSIT REQUIRED: 2 night deposit plus tax within 10 days of booking to hold your room. Rate and availability not guaranteed until deposit received.

CANCELLATIONS: Cancellations of room reservations accepted without penalty until 17 days prior to arrival. Early departure fees may apply. **Travel insurance is recommended.**

COURSE DIRECTOR: Mark T. Murphy, MD, MSN Education, Austin, Texas, and Medical Director, Northwest Anesthesia Seminars, Pasco, Washington

TARGET AUDIENCE: This course is designed for physicians, certified registered nurse anesthetists, physician assistants, nurse practitioners, registered nurses and other medical care providers who must maintain state-of-the-art knowledge of the specialty or are impacted by it.

PROGRAM PURPOSE: The practitioner of anesthesiology must possess the scientific background for clinical practice; maintain state-of-the-art knowledge of not only the specialty, but also of all additional related disciplines which may impact it; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures necessary for the provision of quality patient care; manage self and colleagues to function toward common goals in the clinical setting, the clinical and educational institutions, and the community in which the practice resides; serve as an expert in matters involving health care delivery; serve as an informed manager of clinical and educational services provided, including the acquisition and distribution of resources necessary in meeting professional goals; and provide assistance with and support of other service providers, departments, institutions, and organizations dependent upon the professional expertise of the practitioner. Presentations are designed to facilitate the physician, nurse specialist, and other providers maintaining skills of the same kind to review and update knowledge and abilities in one or more of these areas vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:

Apply the pertinent physical and behavioral sciences—to include but not be limited to advanced anatomy and physiology, pathophysiology, chemistry, physics, psychology, and social sciences—as they impact and are affected by the planning, delivery, and monitoring of anesthesia and related services inherent in the anesthesia professions.

Explain the selection, dosing considerations with methods of administration, safe use, and contraindications and precautions of presented pharmacological agents through the understanding of their physicochemical properties, pharmacokinetics and pharmacodynamics, updated uses, and more recently developed additional, related, and similar drugs.

Outline comprehensive management plans for the group of patients discussed, whether related in age, physical status, cultural background, invasive procedure, anesthetic or analgesic requirements, clinical setting, adverse reactions, and/or goals of care.

Apply the principles of safety and asepsis in the performance of anesthetic procedures and administrations, equipment use, and other applications encountered during the provision of anesthesia and analgesia whether in the surgical unit, the labor and delivery suite, the pain management clinic, or other more remote location of anesthetizing services.

Incorporate the appropriate recommendations and/or requirements of pertinent external organizations, institutions, and professional groups—recognized as serving as the authority for and/or holding the responsibility to compile and approve such tenets—in the provision of anesthesia and related services, whether medical, legal, philosophical, ethical, or health care management standards.

Apply the new techniques in the clinical setting of the participant.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health and Northwest Anesthesia Seminars. The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health is accredited by the ACCME to provide continuing medical education for physicians.

The A. Webb Roberts Center for Continuing Medical Education of Baylor Scott & White Health designates this live activity for a maximum of 24 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Anesthesiology: CME credit will be sent directly to The American Board of Anesthesiology to fulfill the Part 2 requirement for the Maintenance of Certification in Anesthesiology Program (MOCA[®]).

Anesthesiologist Assistants: The National Commission for Certification of Anesthesiologist Assistants (NCCAA) will accept CME credit for programs approved for continuing medical education by the AMA, AAPA, and ACCME.

Canadian Physicians: This activity is eligible for Section 1 credits in the Royal College's Maintenance of Certification (MOC) Program. Participants must log into MAINPORT to claim this activity.

Certified Registered Nurse Anesthetists: This program is designed to meet requirements for Class A CE credit. Once approved by AANA, this will be indicated.

Nurse Practitioners: The American Academy of Nurse Practitioners Certification Program (AANPCP) and the American Nurses Credentialing Center (ANCC) accept CME from organizations accredited by the ACCME.

Osteopathic Physicians: This program is eligible for Category 2 credit with the American Osteopathic Association (AOA).

Physician Assistants: The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credit*[™] from organizations accredited by ACCME or a recognized state medical society. Physician assistants may receive a maximum of 24 hours of Category I credit for completing this program.

Registered Nurses: NWAS is an approved provider for the following state nursing boards: California Board of Registered Nursing (Provider Number 4833), District of Columbia Board of Nursing (Provider Number 50-7480), Florida Board of Nursing (Provider Number 50-7480), and the Georgia Board of Nursing (Provider Number 50-7480). This program offers 24 contact hours.

†Pharmacology hours subject to change.

Palm Beach, Aruba Desert beauty bound by a turquoise ocean. An isle of ancient caves, coral reefs, legendary lagoons, open-air markets, and colorful boutiques. Aruba's diverse cultural heritage makes it a fascinating place to visit and explore. It is not surprising that many of Aruba's popular pastimes involve its blue waters and beautiful beaches. The most famous pastime is windsurfing thanks to the consistent 20-knot trade winds.

Less than a mile offshore, the sea abounds with sailfish, wahoo, yellow and black tuna, and marlin. Sport-fishing trips are widely available. The German freighter Antilia, scuttled at the start of WWII off the northwest coast, is a favorite destination of scuba divers. Shallow gentle waters at Drui and Arashi Beaches where you can see a reef of elkhorn on the sandy bottom are a big draw for snorkelers. Cruise on a glass bottom boat or catamaran which combines a picnic with sightseeing. Aruba's countryside is dotted with windswept divi-divi trees, cactus, and pastel-colored houses. The Bubali Pond bird sanctuary on the west coast attracts a great variety of birds—pelicans, cormorants, wood storks, and long-legged egrets among them. Ride horseback on highly trained paso fino horses from South America. Play the Aruba Golf Club near San Nicolas and the new Tierra del Sol course in Arashi, Aruba's first world-class golf course designed by Robert Trent Jones II. Aruba has over six Vegas-style casinos for nighttime entertainment as well as superb restaurants, shows, and shopping with many bargains to be had on European porcelain, jewelry, perfumes, and clothing.

We have a block of rooms for seminar participants. Once this block is sold, rooms are based upon availability only and may be at a higher rate. To make reservations, please visit our website: www.nwas.com or call (800) 222-6927.

Call Universal Travel for your airfare needs. Be sure to mention Northwest Anesthesia Seminars when booking. Booking fee applies. Contact Kellee Kilmer: Phone: (858) 456-7887 or E-mail: kellee@universaltavel1.com

University of Louisville
Louisville, Kentucky

Course Registration

17DAR

TUITION: In USD	MD/DO	CRNA/PA	RN/Others
Early <i>(Paid by 9/11/17)</i>	\$1000	\$950	\$850
Regular <i>(Paid after 9/11/17)</i>	\$1050	\$1000	\$900
Daily	\$214	\$204	\$184

PAYMENT METHODS:

Payment methods accepted for tuition include Visa, Mastercard, American Express, Discover, check, or money order in US funds, payable to NWAS.

SCHEDULE AND FACULTY CHANGES:

Factors beyond our control sometimes necessitate changes in the schedule and faculty. If time permits, we will inform all registrants of any changes prior to the program. Changes on site due to local conditions will be announced in class.

COURSE CANCELLATION BY PROVIDER:

We reserve the right to cancel a course for any reason. In such case, a minimum of 30 days notice will be given to those registered and 100% of tuition paid will be refunded. NWAS and NWWT will not be responsible for any non-refundable airfare, hotel, or other liabilities you may incur. **We highly recommend purchase of travel insurance. Travel at your own risk.**

COURSE CANCELLATION FEE:

\$100 October 11, 2017 to November 10, 2017. No refund after November 10, 2017; however, 50% of tuition paid may be applied toward tuition for another NWAS program within the next 12 months. **Cancellation must be made in writing.**

FAP (FREQUENT ATTENDEE POINTS):

FAP lets you accumulate points based on dollars spent with NWAS including net hotel and tuition booked through NWAS (but not air). Once you have enough points to cover a full tuition they can be redeemed for tuition (no cash value). A great program to reward you for supporting NWAS.

ERRONEOUS PRICING NOTICE:

Northwest Anesthesia Seminars, Northwest Seminars, and Northwest World Wide Travel reserves the right not to honor any published prices or coupons that it determines were erroneous due to printing, electronic, or clerical error.
