

MODERN VACCINES ADJUVANTS FORMULATION

18-20 May 2016, Eigtveds Pakhus, Copenhagen, Denmark

In Association with the Statens Serum Institut, Copenhagen, Denmark

FIRST CIRCULAR AND CALL FOR PARTICIPATION FOR MVAF 2016

The increasing need for new and improved vaccines and the growing level of sophistication of their associated adjuvantation and delivery systems has major implications for the design, formulation, delivery, manufacturing and quality assessment of modern vaccines and immune interventions in general. MVAF 2016 will be the fifth meeting in this successful series and again will offer an international forum for the discussion of all aspects of vaccine and adjuvant formulation and will focus on:

Innovation in vaccine design and adjuvantation/delivery technologies
Challenges to manufacturing and the administration of modern vaccines
Compliance with quality standards and regulatory requirements

MVAF 2016 will then assess the impact of all of the above on the future development/design of vaccines and adjuvants.

MVAF 2016 will be of interest to researchers/contributors from academic programs, industrial, governmental and regulatory groups. Contributions to both the oral and poster programs are encouraged. Potential contributors attention is drawn to the Call For Abstracts on the reverse of this brochure.

Abstract Submissions

The MVAF 2016 Scientific Advisory Panel require authors to submit a one page abstract for each paper they wish to be considered for inclusion in the oral and/or poster programs during MVAF 2016. The one page abstract should contain sufficient information for the Scientific Advisory Panel to be able to make a valid decision as to the intrinsic merit of the paper and its relevance to the aims of the conference. Authors should indicate on the reply form whether they prefer oral or poster presentation. Proposals are also invited for panel discussions and special workshops – these special sessions may be scheduled during the daytime conference timetable or alternatively can be allocated as either breakfast or evening sessions.

Abstract proposals should be sent for the attention of John Herriot at Meetings Management (MVAF 2016 Conference Organisers). Authors should send their abstract(s) by e-mail to: jherriot@meetingsmgmt.u-net.com (please attach abstracts as Word documents).

Closing date for submissions intended for oral presentation: **Friday 27th November 2015**. Authors will be informed of the status of their contribution(s) in December 2015. Closing date for submissions intended for poster presentation: **Friday 22nd April 2016**.

Publication

Abstracts of all papers to be presented (oral and poster) will be included on a memory stick which will be distributed to delegates on registration.

Participation

All non-invited speakers will be expected to register as delegates to MVAF 2016. Registration will require speakers to pay a registration fee to attend the conference. Travel and accommodation expenses are the responsibility of each non-invited speaker and no direct compensation is awarded for speakers at MVAF 2016. **Your submission of an abstract testifies to the fact that you will accept these financial conditions.**
