

CURRENT CONCEPT IN TRAUMA 2018 HYDERABAD

(21st Annual conference of Trauma Society of India)

THEME : Peri Articular Fractures

Dates

Conference 24, 25 March 2018

Pre-Conference WorkShop 23 March 2018

Welcome

Chairman
Dr. I. V. Reddy

It is really an honour to play host to the forthcoming 21st annual conference of trauma society of India and as the chairman of the organizing committee, I am delighted to invite you to participate in the conference.

Peri-articular fracture (Theme of the conference), as we know are notorious in leaving the affected victims permanently disabled. In the recent times, lot of developments have taken place in understanding and management of these injuries. This conference, I am sure, will give everyone ample opportunity to familiarize with the advanced and proven techniques in managing these complex injuries.

Pre-conference cadaveric workshops on hip and knee exposures for traumatic conditions is also being planned which will be very useful, particularly for the younger surgeons.

Hyderabad, the beautiful and historic city, with a fine blend of traditions and modernity, has a lot to offer for your shopping and site seeing requirements, to effectively use your leisure time.

Looking forward to seeing you, at the conference.

Welcome

Co Chairman
Prof Dr. Anjaneyulu

I am privileged to inform that Hyderabad is hosting the 21st ANNUAL CONFERENCE OF TRAUMA SOCIETY OF INDIA in March 2018. The ever increasing population and high speed vehicular traffic especially two wheelers is resulting in high velocity injuries. They comprise mostly of complex trauma that include PERIARTICULAR FRACTURES often associated with open injuries, the main victims being young individuals. If these injuries are not properly treated in time, they result in significant morbidity and permanent disability. Hence the need for keeping abreast with the recent trends in the management of such injuries. This year's conference is going to focus on "PERIARTICULAR FRACTURES.

The venue of the conference is HICC (Hyderabad International Convention Centre) in Novotel Hotel. It is a very ideal place for conducting national and international conferences with excellent facilities. Hyderabad is centrally located and well connected by all modalities of conveyance. This Pearl City has rich diverse culture and famous for its historical importance and site seeing. We request all the delegates to attend the conference in big numbers and enjoy the academic feast and excellent hospitality of Hyderabad. The weather during that time of the year is quite comfortable.

We look forward to seeing you in the conference!

Welcome

Organising Secretary
Dr. Srinivas Kasha

It is indeed a matter of pride for me as an organising secretary to host the 21st Annual conference of Trauma Society of India - CURRENT CONCEPTS IN TRAUMA 2018 on 23, 24 & 25th March 2018.

Times have changed and we recognize our need to address trends and problems associated with Trauma. This scientific event provides a right platform for the same with due focus on the theme: Peri-articular fractures. The main objective of this congress is to exchange ideas, experiences and lessons learned about the role of internationally accepted systems and protocols in the field of trauma care. This meeting will enlighten us regarding issues and current concepts and trends pertaining to articular injuries.

This year's conference will offer discussion of current concepts in trauma care and provides a forum for networking among trauma care professionals, creating an exceptional educational environment as well as an excellent platform for paper presentations and interactive discussion and debates. In addition to two days of the main conference, the congress will also feature a series of pre-congress workshops integrated with instructional courses including cadaveric workshops. The congress will also feature for the first time a cadaveric course dedicated to exposures to hip and knee articular fractures.

Known as city of Pearls, Hyderabad is famous for its rich cultural heritage and food. It is well connected to all parts of the country by air and trains. We have deliberately chosen HICC - NOVOTEL, Hyderabad which has won "Best standalone convention centre" for a record of four times (Tourism ministry, Govt. of India) as the conference venue to provide a right platform for the delegates to experience the best of the conference.

We would like to welcome all the orthopaedic surgeons to participate and contribute to the discussions and debates at CCT 2018.

We look forward to welcoming you to what promises to be one of the most exciting events of its kind in the region.

ABOUT VENUE

The second World Congress of Optometry will be held at the Hyderabad International Convention Centre - HICC. The HICC is the main convention centre in Hyderabad and since 2006 it has hosted a variety of national and international conferences and events. With its modern architecture the HICC offers 6,480 square feet of enclosed areas that can be partitioned into six small halls with cutting edge technology.

The facility has quite a few feathers in its cap. It has been the winner of the excellence award for "Best Standalone Convention Centre" a record four times nationally, as well as regionally awarded by the Ministry of Tourism, Government of India and Andhra Pradesh. HICC has also received the award for 'Best Meeting & Conference Venue' at the South India Travel Awards 2015. HICC also holds ISO 14001:2014 certification. In every aspect, be it infrastructure, services or technology, it is on par with the best in the world.

HICC is connected to Novotel Hyderabad Convention Centre which is an international business hotel. It has 287 rooms and is equipped with meeting rooms, restaurants, a business centre, spa and a health club.

How to Reach Venue

By Car/Taxi

You can hire cars directly from the airport. Three car rentals are available: Avis, Hertz, and Budget. Taxi cabs are also available; Easy and Meru cabs are both officially approved by the airport and are available just after exiting the airport terminal building.

By Shuttles

The Congress will organize shuttle bus services that will take delegates from the official hotels to the venue. More information on the routes will be available near the date of the Congress.

ABOUT HYDERABAD

Known as the City of Pearls, Hyderabad is the capital city of the Indian state of Telangana. Founded in the year 1591 by the fifth Qutb Shahi ruler Muhammad Quli Qutb Shah, it lies on the Deccan Plateau, 541 meters (1776 ft) above sea level, over an area of 625 km² (244 mile²).

The city has an estimated population of around 8 million, making it the 4th largest city in India, while the population of the metropolitan area is estimated above 9 million. Religiously and culturally, the city is diverse with Hindus, Muslims and Christians.

Hyderabad city is known for its rich history, food and its multi-lingual culture. The original city of Hyderabad was founded on the banks of river Musi. Now known as the historic old city, and home to the Charminar, Falaknuma Palace, Chowmallah Palace and Makkah Masjid, it lies on the southern bank of the river.
