Welcome Message from the Organizing Committee

Warm Greetings from Global Cardio Diabetes Conclave 2018!

A strong correlation between cardiovascular disease and diabetes is now well established. The American Heart association considers that individuals with Insulin Resistance or Diabetes are more likely to fall victim to heart disease or stroke.

- Prevalence of CAD is 68% in Diabetics of more than 10 years duration.
- Presentation of CAD in Diabetics is often silent Myocardial infarction & have more extensive & diffuse lesion in coronaries most common being LAD followed by RCA & Left Circumflex.
- Complications in Diabetic CAD are 2-5 fold increased risk Heart Failure Compared to Non Diabetes.
- Mortality is twice as high in diabetic patients and Non Diabetic-35.9% versus, 17.9% Diabetol

The mission towards our vision #GlobalCardioDiabetesConclave (GCDC) is to become a unique forum for clinicians from Cardiology, Diabetes, Internal Medicine across Geographies to come together and share their clinical experience in management Cardiovascular diseases in Diabetics

GCDC is organizing an annual conference every year in India and CMEs round the year globally to debate and to discuss latest scientific developments in the fields of Cardio Diabetology.

GCDC will launch online and offline learning programs for the benefits of students and early career Doctors aiming specialization in Cardio Diabetic Medicine.

GCDC will support General Practitioners from smaller towns to come forward to present their clinical experience in ground level management of cardiovascular disorders in Diabetics & get updated their knowledge & skills in this key clinical arena.

GCDC will give opportunity to Medical Students and Researchers to present their work as papers and posters during the annual conference.

GCDC will be a professionally managed conference by experts in developing and managing scientific platforms.

We invite you to the Historic City of Mumbai, in India to enjoy this Scientific Fiesta of Global Cardio Diabetes Conclave on 28th, 29th & 30th September 2018.

Dr. Siddharth Shah
Organizing Chairman

Dr. Mangesh Tiwaskar
Organizing Secretary

Dr. Y.P. Munjal
Chief Patron

Dr. S. Arulraj
Executive Patron

You Are Invited....

Dr. Siddharth Shah
Organizing Chairman

Warm welcome from the Organizing Committee of GCDC 2018, Mumbai. We take great pleasure in inviting you to Mumbai, the financial and cultural capital of India, a truly great megapolis with a fascinating blend of cultures, traditions and lifestyle.

Mumbai is proud to host the GCDC 2018 with the theme "ACE: Aspects of Cardio - Endocrinology" at the Lalit, Mumbai from 28th - 30th September 2018. Non communicable diseases in India takes a great toll in the form of higher morbidity and mortality in the general population. There is increasing trend in the incidence of Cardiovascular Disease, Diabetes, Obesity, Hypertension and Dyslipidemia. The conference will address to various aspects of these ailments by way of Orations, Guest Lectures, Symposia, Panel Discussions, Workshops, Debates, Controversies, Path Breaking Trials and Case Discussions.

We expect a blend of reputed national and international specialist to discuss various aspects of these diseases.

Mumbai will have a pleasant weather during the conference and we are sure you will explore various aspects of the Mumbai city, the surrounding locales and the cultural activities.

Looking forward to welcome you for this Socio Academic feast of GCDC 2018, in Mumbai.

Welcome Message by the Organizing Secretary.

Dr. Mangesh Tiwaskar
Organizing Secretary

Dear Colleagues,

It gives me immense pleasure to welcome all of you to the 2nd Global Cardio Diabetic Conference (GCDC2018) to be held from 28th, 29th & 30th September' 2018 at The Lalit Hotel, Mumbai.

GCDC 2018 has extremely rich and educative scientific programme which will have sessions based on current Cardio-Diabetes management updates. GCDC is the only platform where Clinicians from Cardiology, Diabetes, Internal Medicine across geographies come together and share their clinical knowledge and experience in management of Cardiovascular diseases in Diabetics.

As the Organizing Secretary of GCDC 2018, I take this opportunity to invite all of you to this great learning experience.

Looking forward to seeing you in September at GCDC 2018.

Invited International Faculties

Prof. Dr. Liviu Klein, MD, MS (Confirmed)

Associate Professor of Medicine; Division of Cardiology, University of California San Francisco; Director, Mechanical Circulatory Support & Heart Failure Device Program San Francisco, CA.

Prof. Dr. Luigi Gnudi, MD PhD FRCP FASN (Confirmed)

Professor of Diabetes and Metabolic Medicine/Honorary Consultant in Diabetes and Endocrinology, Head, Unit for Metabolic Medicine, Cardiovascular Division, King's College London.

Prof. Dr. Ram Dhillon, MBBS, FRCS (RCS Eng)

Consultant Ear Nose & Throat Surgeon & Head & Neck Surgeon; Northwick Park & St Mark's Hospitals, Harrow, London; Honorary Professor, Middlesex University, London; School of Health & Social Sciences; Clinical Director, Rila Institute of Health Sciences, London.

Prof. Dr. Avijit Lahiri, MBBS, MSc, MRCP, FACC, FESC,

Director, Cardiac Imaging Research Department, Wellington Hospital, London; Medical Director, British Cardiac Research Trust, London; Honorary Professor, Middlesex University, London; Honorary Clinical Senior Lecturer, Imperial College of Science, Technology & Medicine, National Heart and Lung Institute, London; Director (2002-2011), Enhancecorp Ltd, London; Advisory Board Member, CardioVax Project, Los Angeles, USA; Trustee, TATA Medical Centre Trust, London & India; Advisory Board, Vaccination in Atherosclerosis, The Netherlands.

Dr. Rodney De Palma, BSc, MBBS, MRCP (UK)

Buckinghamshire Healthcare NHS Trust, UK; Karolinska Institutet and University Hospital, Sweden.

Dr. Devaki Nair, BSc, MSc, MBBS, FRCP, FRCPATH (Confirmed)

Consultant and Honorary Senior Lecturer in Clinical Biochemistry; Clinical Lead for Clinical Biochemistry - RFH and NMUH; Clinical Lead for Lipids and CVD Prevention; Director SAS Centre for Cardiovascular Biomarkers.

Prof. Sam Lingam, MD (Hons), FRCPCH, FRCP (Glas), DCH, DRCOG (Confirmed)

Medical Express Clinic; London International Medical School; Tribunals Judiciary, Ministry of Justice; Haringey Primary Care NHS Trust and Great Ormond Street Hospital NHS Trust; St Eustatius School of Medicine, Antilles-Netherlands (previously Saba School of Medicine); Academic Department of Community Child Health St Ann's Hospital (University of London).

Prof. Dr. Vajira Dissanayake, MBBS, PhD, FNASSL (Confirmed)

Medical Geneticist; Chair & Professor of Anatomy; Director, Human Genetics Unit; Chair, Specialty Board in Biomedical Informatics; Faculty of Medicine, University of Colombo.

Prof. Dr. Chandrika N. Wijeyaratne, MBBS, DM (Col), MD (Med), FCCP, FRCP (London)

Professor in Reproductive Medicine; Department of Obstetrics & Gynaecology; Faculty of Medicine, University of Colombo; Honorary Consultant Physician & Endocrinologist, De Soysa Hospital for Women, Sri Lanka; President, Sri Lanka Medical Association for 2017; Awardee 2017, International Excellence in Endocrinology Award of the Endocrine Society (USA).

Prof. Dr. Thilak Priyantha Weeraratna, MBBS, MD, FCCP, FACP

Professor in Medicine, University of Ruhuna and Consultant Physician, Teaching Hospital Galle, Sri Lanka.

Dr. Ramasami Nandakumar, MRCP(UK), FRCP(Ed), FRCP(Lond) (Confirmed)

Senior Consultant Interventional Cardiologist, Singapore Heart, Stroke & Cancer Centre.

Dr. Dina Nagodra, MBBS, MSC Public and Tropical Health – UMST, Sudan, Certified in Regenerative Medicine, Utrecht University, Netherlands, Certified in Diabetes, IDF, Belgium (Confirmed)

Member, Diabetes Programs Promotion Organisation, Sudan.

Founder and Chairperson, Flourish Organisation, Sudan.

Associate, StemRX, Mumbai.

Dr. Russell D'Souza, MBBS, MD (Madras); FCGP (II); DPM (Melbourne); MPM (Monash); DCTMg (Canberra); MRACMA; MHSMg. (Monash); FACHM (Australia); MBA (Exec); IDFAA (USA); ABDA (USA) (Confirmed)

Executive Director Global Operations Totem International Institute of Organizational Psychological Medicine. Head - UNESCO Asia Pacific Bioethics Program for Science Education and Technology. Currently the Co Chair of the WPA section on psychiatry in developing countries.

Dr. Jackson Wright, MD, PhD

Program Director, William T Dahms Clinical Research Unit, UH Cleveland Medical Center. Director, Clinical Hypertension Program, UH Cleveland Medical Center. Professor Emeritus, Medicine, CWRU School of Medicine.

Dr. Henry Black, MD

Member of Scientific & Clinical Advisory Board at Quantum Genomics SA, Member of the International Society of Hypertension. Dr. Black also served as a member of the Food and Drug Administration Cardio Renal Advisory Committee.

Dr. Andrew K. Bolton, MD

Dr. Andrew K. Bolton is an Internal Medicine Specialist in Montrose, Colorado. He graduated with honors from Eastern Virginia Medical School in 2014. Having more than 4 years of diverse experiences, especially in Internal Medicine.

Dr. Deepak Bhatt, MD, MPH, FACC, FAHA, FSCAI, FESC

Executive Director of Interventional Cardiovascular Programs at Brigham and Women's Hospital Heart and Vascular Center and Professor of Medicine at Harvard Medical School. He is also a Senior Physician at Brigham and Women's Hospital and a Senior Investigator in the TIMI Study Group.

Prof. Dr. Michael Weber, MD

Dr. Michael Weber is a world-renowned, German Board Certified Orthopaedic and Trauma Surgeon as well as a Professor of Orthopaedics and Faculty Member of the internationally acclaimed University of RWTH in Aachen, Germany. He is Director of Prof. Weber Institute of Orthopaedic Excellence at BR Medical Suites in Dubai's Healthcare City.

Dr. Vivian Fonseca, MD serves as Chief of the Section of Endocrinology at Tulane University Medical Center. Dr. Fonseca is a Professor of Medicine, Director of the Diabetes Program and Tullis-Tulane Alumni Chair in Diabetes at Tulane University Medical Center (Tulane University Health Sciences Center (USA)).

Prof Bryan Williams

Bryan Williams is Chair of Medicine at University College London and Director of the NIHR UCLH/UCL Biomedical Research Centre and Director of Research at UCL Hospitals. He is a Consultant Physician at UCL Hospitals and a NIHR Senior Investigator. He is Chairman-Elect of the European Council on Hypertension of the European Society of Cardiology.

Professor Sir Terence Stephenson, DM, FRCPCH, FRCP, FRACP, FRCPI, FRCS, FRCGPFRCA, FCAI, FRCSEd, FRCOG, FRCPedIn, FAcadMed

President, General Medical Council, UK.

About Venue

Mumbai

Mumbai, formerly Bombay, is a big, bustling city by the coast! It is the commercial capital of India. Also, the glam capital of the country, Mumbai is the hub of India's most prolific film industry and houses the largest tropical forest in an urban zone. Known for its posh localities and filmy beaches, the city offers a stylish lifestyle.

The LaLiT Mumbai is located close to the international airport in Mumbai and accessible from key commercial and business locations. The hotel operates 369 rooms and suites and offers over 46,000 square feet of conference and banqueting space for both indoor and outdoor events. The LaLiT Mumbai Residency, which has 21 serviced apartments, is also located on this property. It also features a shopping gallery.

Visit colourful sights and enthralling places to know more about Mumbai. From its convenient setting in the heart of the burgeoning business and financial district, just minutes from popular tourist places and excursions, The LaLiT Mumbai offers the ideal gateway to India's commercial capital.

How to Reach The LaLiT, Mumbai:

The LaLiT Mumbai Sahar Airport Road, Mumbai - 400059 India.
