WHO YOU WILL MEET

WHAT'S **WSAI**?

The world's leading and largest AI summit gathers the global AI Ecosystem of Enterprise, BigTech, Startups, Investors and Science, the brightest brains in AI as speakers every October in Amsterdam.

The mission? To tackle head-on the most burning AI issues and set the global AI agenda.

What's on? Get ready for two-days of mind-boggling innovation, heated discussions on AI and ethics and AI4good, applied solutions for enterprise, hands-on workshops, knowledge sharing, networking and entertainment with DJ Sleeper!

What's new in 2019?

New Tracks: The WSAI stage is growing to 11 tracks, including a dedicated hands-on stream for Developers, Ethical & Fair AI, AI for earth innovation, Education, Fintech, Automotive, AI leadership for tech industries C-level and heads of government and a Q&A stage so you can pick the brains of the greatest minds in AI. Exciting!

World AI Week: WSAI is part of WAIW, the world's first week dedicated to AI will host over 15,000 people and 100 world-class workshops, round tables, business networking events and initiatives throughout Amsterdam between Monday 7th – Friday 11th October 2019, all focused on developing commercial partnerships, ensuring technical progress and driving forward AI in business. worldaiweek.ai

WHAT WE **TALK ABOUT**

AI IN ACTION

Real-life use cases from the top AI brains in enterprise and big tech, explaining how AI is redefining their business paradigms, why and how they are successfully implementing AI, the hurdles and challenges they face, and the resultant impact on their business.

AI UNDER THE HOOD

WSAI 19 will host over 15,000 of your target audience including members of the media and in demand talent. Make sure your brand is known and recognised.

We love those who are bold and brave!

DEEP DIVE TECH TALKS

Hear from the world's leading tech innovators across industry and academia on fundamental breakthroughs in neural networks, evolutionary computation, vision, robotics, expert systems, speech processing, natural language processing, planning and machine learning. Genuinely ground-breaking new innovations in AI soon to go into full-scale application..

WHAT WE **TALK ABOUT**

STARTUP, SCALEUPS & UNICORNS

As one of our valued partners not only will you be looked after by a dedicated team prior to, during and post the event but you will also receive invitations for media requests, content to share with our community and invites to exclusive networking opportunities.

ETHICAL AND FAIR AI

Whether you are encumbered with legacy infrastructure or at the beginning of your business growth, understand what responsible AI looks like in practice and build frameworks that are safe for the future to ensure AI develops as a force for good.
