We invite you to the 34th Annual meeting of the International Society for Traumatic Stress Studies. The theme of the meeting is **“Promoting Societal Change: Integrating Traumatic Stress Research, Practice and Policy for Vulnerable Populations.”**

The field of traumatic stress studies developed to address multiple facets of societal need and inequality, and quickly expanded to generate a vast amount of knowledge, with thousands of peer-reviewed publications spanning psychobiology and biomarkers, developmental manifestations, diverse psychiatric impacts, risk factors, health disparities, types of trauma, various treatments and diverse populations. Increasing dissemination and knowledge transfer in the field of traumatic stress is helping to reduce the burden of trauma globally. However, more work remains ahead to fully integrate science, practice and policy to improve societal outcomes, especially among at-risk and marginalized groups.

The goal of this conference is:

- to examine how we use our knowledge to promote physical and mental health,
- to understand barriers to building trauma-informed systems, and
- to devise strategies for creating sustainable societal change.

The meeting will explore how we best capitalize on methodological pluralism to represent the needs and experiences of individuals and communities whose voices may less frequently come to the fore. Specific attention will be given to bidirectional knowledge transfer between the field and its constituents, with an eye towards improving equitable access to traumatic stress resources.

The ISTSS 34th Annual Meeting is an ideal platform to learn about recent advances in the field and how they can be used to improve recovery from trauma-related disorders.

Wendy D'Andrea, PhD, Chair, Scientific Program Committee
Teresa Lopez-Castro, PhD, Co-Chair, Scientific Committee
Amy Williams, PhD, Chair, Organizing Committee
Synne Stensland, MD, Co-Chair, Organizing Committee
Diane Elmore Borbon, PhD, MPH, ISTSS President

Founded in 1985, the **International Society for Traumatic Stress Studies** provides a forum for sharing research, clinical strategies, public policy concerns and theoretical formulations throughout the world through networking, education, training and publications. The Society is dedicated to developing knowledge and stimulating policy, program and service initiatives that seek to reduce traumatic stress and its immediate and long-term consequences. ISTSS has more than 1,800 members including mental health, social service, religious and legal professionals from 43 countries worldwide.

Why Attend the ISTSS 34th Annual Meeting?

Learn about cutting-edge research and new technology in the field of trauma.

- Meet the leaders in the field of trauma research.
- Delve into new practices and techniques.
- Connect with researchers and clinicians from around the world.
- Discuss the translation of basic research into clinical interventions.
- Build your network with extensive networking opportunities.
- Earn CE and CME credits.

Who Should Attend?

- Psychiatrists
- Psychologists
- Social workers
- Nurses
- Counselors
- Researchers
- Marriage and family therapists
- Administrators
- Victim advocates
- Journalists
- Clergy
- Public Health Professionals
- Policy Makers
- Epidemiologists
- Economists

Diverse Background of Attendees

- Government
- Law enforcement
- Law firms and legal aid organizations
- Military
- News organizations
- NGOs
- Nonprofit/private/public social service and health agencies
- Private clinical practice
- Religious institutions
- Research organizations
- Universities

Table of Contents

Schedule at a Glance	5
Information Guides	6 – 8
Keynote Presentations	9 – 12
Invited Speakers	13 – 17
Hotel and Travel Information	18
General Information and Meeting Highlights	19
Registration Information	20
Continuing Education	21 – 22
Paper in a Day and Special Interest Group Meetings	23 –24
Wednesday's Pre-Meeting Institutes	25 – 32
Daily Schedule	33 – 84
Internship and Post-Doctoral Program Networking Fair	85 –87

"I enjoyed the conference. Good selection of topics, perfect timing in the sessions, excellent speakers, big number of research papers. Still, the most crucial aspect was the cordiality of ISTSS members and interest on students. It was encouraging to know that many others around the world struggle with similar barriers when treating traumatic stress."

Adrián Arévalo, Psychiatrist/Psychotherapist
Víctor Larco Herrera Hospital-Lima Perú

ISTSS Exhibit and Support Opportunities

We invite commercial, government agencies and nonprofit organizations to participate in the ISTSS Annual Meeting as exhibitors and supporters. Gain valuable exposure for your products and services and bring new ideas and tools to the attendees of the meeting.

Exhibitors: Contact new prospects, gather leads, introduce your presence in the market and show your appreciation for your existing customers by exhibiting at the ISTSS Annual Meeting.

Supporters: Show your support for quality educational content at the ISTSS Annual Meeting or online continuing education program by providing sponsorship to ISTSS.

For more information, contact Amy Metzgar at +1-847-686-2290 or email ametzgar@istss.org.

Schedule at a Glance (subject to change)

Tuesday, November 6

4:00 p.m. - 6:00 p.m.	Registration Desk Open
4:00 p.m. - 6:00 p.m.	IntelliQuest Audio Recording Desk Open

Wednesday, November 7

7:30 a.m. - 8:30 a.m.	Coffee and Tea Service
7:30 a.m. - 5:00 p.m.	IntelliQuest Audio Recording Desk Open
7:30 a.m. - 6:30 p.m.	Registration Desk Open
8:30 a.m. - Noon	Pre-Meeting Institutes
8:30 a.m. - 5:00 p.m.	Paper in a Day
1:30 p.m. - 5:00 p.m.	Pre-Meeting Institutes
6:30 p.m. - 8:00 p.m.	Keynote Presentation

Thursday, November 8

7:00 a.m. - 8:00 a.m.	Coffee and Tea Service
7:00 a.m. - 6:00 p.m.	Registration Desk Open
7:00 a.m. - 6:00 p.m.	IntelliQuest Audio Recording Desk Open
7:00 a.m. - 7:00 p.m.	Exhibits Open
7:30 a.m. - 9:30 a.m.	Poster Session 1 Set Up
8:00 a.m. - 9:20 a.m.	ISTSS Awards and Keynote Address
9:30 a.m. - 1:30 p.m.	Poster Viewing Session 1
9:45 a.m. - 11:00 a.m.	Concurrent Session One
9:45 a.m. - 11:00 a.m.	New Attendee Orientation
11:15 a.m. - 12:30 p.m.	Concurrent Session Two
12:30 p.m. - 1:30 p.m.	Lunch on your own
1:30 p.m. - 2:45 p.m.	Author Attended Poster Session 1
1:30 p.m. - 2:45 p.m.	SIG Meetings
2:45 p.m.	Poster Session 1 Dismantle
3:00 p.m. - 3:30 p.m.	Poster Session 2 Set Up
3:00 p.m. - 4:15 p.m.	Concurrent Session Three
3:30 p.m. - 5:45 p.m.	Poster Viewing Session Two
4:30 p.m. - 5:45 p.m.	Concurrent Session Four
5:45 p.m. - 7:00 p.m.	Author Attended Poster Session 2 (cash bar)
7:00 p.m.	Poster Session 2 Dismantle
7:00 p.m. - 8:30 p.m.	Welcome Reception

Friday, November 9

7:00 a.m. - 7:45 a.m.	ISTSS Business Meeting
7:00 a.m. - 8:00 a.m.	Coffee and Tea Service
7:00 a.m. - 6:00 p.m.	Registration Desk Open
7:00 a.m. - 6:00 p.m.	IntelliQuest Audio Recording Desk Open
7:00 a.m. - 7:00 p.m.	Exhibits Open
7:30 a.m. - 9:30 a.m.	Poster Session 3 Set Up
8:00 a.m. - 9:20 a.m.	ISTSS Awards and Keynote Address
9:30 a.m. - 1:30 p.m.	Poster Viewing Session 3
9:45 a.m. - 11:00 a.m.	Concurrent Session Five
11:15 a.m. - 12:30 p.m.	Concurrent Session Six
12:30 p.m. - 1:30 p.m.	Lunch on your own
12:30 p.m. - 2:00 p.m.	Student Lunch Meeting
1:30 p.m. - 2:45 p.m.	Author Attended Poster Session 3
1:30 p.m. - 2:45 p.m.	SIG Meetings
2:15 p.m. - 4:15 p.m.	Internship, Post Doc & Graduate Programs Networking Fair
2:45 p.m.	Poster Session 3 Dismantle
3:00 p.m. - 3:30 p.m.	Poster Session 4 Set Up
3:00 p.m. - 4:15 p.m.	Concurrent Session Seven
3:30 p.m. - 5:45 p.m.	Poster Viewing Session 4
4:30 p.m. - 5:45 p.m.	Concurrent Session Eight
5:45 p.m. - 7:00 p.m.	Author Attended Poster Session 4 (cash bar)
7:00 p.m.	Poster Session 4 Dismantle

Saturday, November 10

7:00 a.m. - 8:00 a.m.	Coffee and Tea Service
7:00 a.m. - 3:30 p.m.	Registration Desk Open
7:00 a.m. - 5:00 p.m.	IntelliQuest Audio Recording Desk Open
8:00 a.m. - 9:20 a.m.	ISTSS Awards and Keynote Address
9:45 a.m. - 11:00 a.m.	Concurrent Session Nine
11:15 a.m. - 12:30 p.m.	Concurrent Session Ten
12:30 p.m. - 2:00 p.m.	Lunch on Your Own
2:00 p.m. - 3:15 p.m.	Concurrent Session Eleven
3:30 p.m. - 5:00 p.m.	Keynote Panel
5:00 p.m.	Meeting Adjourns

Guides to Information in Schedule

Regions

- Central and Eastern Europe and the Commonwealth of Independent States (C & E Europe & Indep)
- Eastern and Southern Africa (E & S Africa)
- East Asia and the Pacific (E Asia & Pac)
- Industrialized Countries (Industrialized)
- Latin America and the Caribbean (Latin Amer & Carib)
- Middle East and North Africa (M East & N Africa)
- South Asia (S Asia)
- West and Central Africa (W & C Africa)

Population Types

- Child/Adolescent (Child/Adol)
- Adult (Adult)
- Older People/Aging (Older)
- Both Adult and Child/Adolescent (Lifespan)
- Mental-Health Professionals (Prof)
- Other Professionals (Other)

Presentation Level

All presentations designate the knowledge/skill level required of the participant as either: Introductory (I), Intermediate (M) or Advanced (A). These are used as a general guide only since attendees have very diverse educational and professional backgrounds.

Introductory (I): Presentations that all participants (including undergraduate students) with any appropriate background will be able to fully comprehend and/or appreciate. Presentations will discuss concepts that are considered basic skills/knowledge for those working in the field.

Intermediate (M): Presentations that participants may more fully comprehend/appreciate if they have at least some work experience in the topic to be discussed.

Advanced (A): Presentations consisting of concepts requiring a high-level of previous educational background, or work experience, in the particular area/topic to be discussed as well as being most geared for specialists and those in advanced stages of their career.

Guides to Information in Schedule

Keyword Type Descriptions

Primary Keywords

- Assessment/Diagnosis (Assess Dx)
- Biological/Medical (Bio Med)
- Clinical/Intervention Research (Clin Res)
- Clinical Practice (Practice)
- Community-Based Programs (Commun)
- Culture/Diversity (Cul Div)
- Ethics (Ethics)
- Global Issues (Global)
- Journalism and Trauma (Journalism)
- Multi-Media (Media)
- Prevention/Early Intervention (Prevent)
- Public Health (Pub Health)
- Research Methodology (Res Meth)
- Social Issues – Public Policy (Social)
- Technology (Tech)
- Training/Education/Dissemination (Train/Ed/Dis)
- Vicarious Traumatization and Therapist Self-Care (Self-Care)

Secondary Keywords

- Accident/Injury (Acc/Inj)
- Acute/Single Trauma (Acute)
- Affective Processes/Interventions (Affect/Int)
- Aggression/Aggressive Behavior (Aggress)
- Aging/Lifecourse (Aging)
- Anxiety (Anx)
- Assessment/Diagnosis (Assess Dx)
- Biological/Medical (Bio Med)
- Child Physical Abuse/Maltreatment (CPA)
- Child Sexual Abuse (CSA)
- Chronic/Repeated Trauma (Chronic)
- Clinical/Intervention Research (Clin Res)
- Clinical Practice (Practice)
- Cognitive Processes/Interventions (Cog/Int)
- Community-based Programs (Commun)
- Community/Social Processes/Interventions (Comm/Int)
- Community Violence (Comm/Vio)
- Complex Trauma (Complex)
- Culture/Diversity (Cul Div)
- Death/Bereavement (Death)
- Depression (Depr)
- Developmental Processes/Interventions (Dev/Int)
- Domestic Violence (DV)
- (Epi)Genetic Processes/Interventions (Gen/Int)
- Ethics (Ethics)
- Ethnicity (Ethnic)
- Family Relationship Processes/Interventions (Fam/Int)
- Gender and Trauma (Gender)
- Genetics/Epigenetics (Genetic)
- Global Issues (Global)
- Health Impact of Trauma (Health)
- Human Rights (Rights)
- Illness/Medical Conditions (Illness)
- Intergenerational Trauma (Intergen)
- Journalism and Trauma (Journalism)
- Multi-Media (Media)
- Natural Disaster (Nat/Dis)
- Neglect (Neglect)
- (Neuro)Biological Processes/Interventions (Bio/Int)
- Neuro Imaging (Neuro)
- Prevention/Early Intervention (Prevent)
- Primary Care (Care)
- Psychodynamic Research (Psych)
- Public Health (Pub Health)
- Quality of Life (QoL)
- Rape/Sexual Assault (Rape)
- Refugee/Displacement Experiences (Refugee)
- Research Methodology (Res Meth)
- Sexual Orientation and Trauma (Orient)
- Sleep (Sleep)
- Social Issues – Public Policy (Social)
- Substance Use/Abuse (Sub/Abuse)
- Survivors/Descendants of Historical Trauma (Surv/Hist)
- Technical Disaster (Tech/Dis)
- Technology (Tech)
- Terrorism (Terror)
- Theory (Theory)
- Torture (Torture)
- Training/Education/Dissemination (Train/Ed/Dis)
- Traumatic Grief (Grief)
- Vicarious Traumatization and Therapist Self-Care (Self-Care)
- War – Civilians in War (Civil/War)
- War – Military/Peacekeepers/Veterans (Mil/Vets)

Presentation Type Descriptions*

Case Study Presentation

Sessions use material from a single or a set of cases to illustrate clinical, theoretical or policy issues. These sessions may involve the audience in discussion of the case material presented.

Media Presentation

Session involving presentation of a segment of film, video, music, drama, literature, artwork or other form of media relevant to traumatic stress, along with discussion.

Oral Paper Presentation as “Flash Talks”

An exciting new series of talks: Presenters will be required to describe their study goals, methods and results succinctly, somewhat similar to the format of “TED talks,” keeping to a 5-minute time length and a 10-slide maximum.

Panel Presentation

Sessions that include three to four participants discussing a common theme, issue or question. Panels may include short statements during which panelists outline diverse or similar approaches to the same question. Panels are typically more interactive than symposia, involving active discussion among the panelists.

Poster Presentation

Individual presentation in a poster format on a topic related to traumatic stress, typically including the presentation of research data.

Pre-Meeting Institute (PMI)

Institutes are full- or half-day sessions that provide an opportunity for intensive training on topics integral to the conference program, presented by leaders in the field.

Symposium

Session that includes a group of three to four sequential presentations, each related to the overall theme of the symposium.

Workshop Presentation

Instructional session that helps increase participants’ understanding and skill in a particular area of interest. Such sessions may include active involvement of the audience.

** Presentation types are color-coded throughout the schedule.*

Topical Tracks

The program chairs have grouped presentations on similar themes together into tracks so it is easier for you to find the programs in your area. However, please note that not everything would fit into the tracks. There are more presentations outside the tracks that may be related or of interest and you should check your schedule.

Look for these throughout the meeting schedule in the left column:

Assessment and Diagnosis Track

Presentations on assessing trauma

Biological/Medical Track

Presentations on biological and physical aspects of trauma

Child Trauma Track

Presentations on various aspects of trauma in children and adolescents

Military/Veteran Track

Presentations on trauma in military and veteran populations

Immigrant/Refugee Track

Presentations on trauma in immigrant and refugee populations

Gender/Orientation Track

Presentations on issues relating to trauma, gender identity and/or sexual orientation

Public Health Track

Presentations on trauma and public health

Keynote Presentation

Wednesday, November 7, 6:30 p.m. – 8:00 p.m.

Cry Havoc!

Primary Keyword:	Social Issues - Public Policy
Secondary Keyword:	Social Issues - Public Policy; Traumatic Grief; War – Civilians in War; War – Military/Peacekeepers/Veterans
Population Type:	Adult
Presentation Level:	Introductory
Region:	Global

Stephan Wolfert, MFA

Decruit, Brooklyn, New York, USA

Cry Havoc, a one-person play by a military veteran, seamlessly interweaves Shakespeare's most famous speeches with personal experience to help us understand the national crises we face when we fail in reintegrating our veterans. More than 23 million men and women have been wired for war, but never unwired from war.

US Army, '86-'93, Medic & Infantry Officer. Stephan left a career in the military for a life in the theatre after seeing Shakespeare's Richard III. He received his Master of Fine Arts degree from Trinity Repertory Conservatory in Providence, Rhode Island. He was a cast member in the long running hit *Sense and Sensibility* produced by

Bedlam in New York City. He has also appeared in Bedlam's acclaimed production of *Saint Joan*. On Broadway, Stephan created and directed the military segments for *Twyla Tharp* and Billy Joel's Tony-Award winning production *Movin' Out*.

As an artistic leader, Stephan co-created the largest touring Shakespeare company in New England, directed and taught acting Shakespeare at Cornell University and at Antelope Valley College.

Stephan is currently a company member and the Head of Outreach for Bedlam in NYC. He is also the creator of DE-CRUIT: a program to reintegrate military Veterans using classical actor training. Combining his own personal story of leaving the army and pursuing a career in the arts with Shakespeare's writings on war, he created the solo piece *Cry Havoc!* which he has performed around the country. Bedlam is currently producing a month long run at the New Ohio Theatre in NYC. It won a Berkshire Theatre Award for Outstanding Production of a Play for its Shakespeare & Co. production, with Stephan and director Eric Tucker receiving awards for Outstanding Performance by a Male Actor and Outstanding Direction of a Play, respectively. Frequently combined with public events for veterans, other performances of *Cry Havoc* have occurred at the Access Theater, Brooklyn Historical Society and Columbia University in NYC, Fourth Wall Theater, Syracuse University, Friends of the Semel Institute in LA and Shakespeare Festival St. Louis and many others.

The organizations he runs and the performances of the solo show combine to share his passion for the idea that while we are very good at recruiting people into the military, we are far less skilled at de-cruiting them back into civilian life. Don Aucoin of the Boston Globe has said "Stephan Wolfert commits himself body and soul to that mission in *Cry Havoc!*, and the result is riveting."

Keynote Address

Thursday, November 8, 8:00 a.m. – 9:20 a.m.

Note: The Keynote Address will be preceded by a brief ISTSS Awards Presentation

Why Social Factors Matter for Coping with Trauma

Primary Keyword: Social Issues - Public Policy
Secondary Keyword: Prevention/Early Intervention; Social Issues - Public Policy
Population Type: Adult
Presentation Level: Introductory
Region: Global

Richard Bryant, PhD

University of New South Wales, Sydney, New South Wales, Australia

People typically experience trauma in social contexts. We are beginning to be more aware of how social factors impact how we experience trauma, how trauma influences our social behavior, and how we manage its effects. This overview will present experimental data on how social attachments affect core mechanisms underpinning trauma response. It will also present naturalistic data on the relationship between traumatic experiences and attachment security. The discussion will also address the role of attachments using social network analysis to understand how entire communities interact after trauma. This knowledge will be discussed in terms of the potential for the traumatic stress field to place greater emphasis on social factors in preventing and treating PTSD.

Professor Bryant is a Scientia Professor of Psychology at the University of New South Wales, and is Director of the Traumatic Stress Clinic. His work has focused on the nature, course and treatment of traumatic stress and grief. His Traumatic Stress Clinic has conducted many studies using neural, cognitive, emotional and behavioral paradigms. He has also conducted many treatment trials for acute stress disorder, PTSD and prolonged grief. Professor Bryant has produced more than 520 journals, 62 chapters and 5 books. He served on both the DSM-5 and ICD-11 work groups for traumatic stress diagnostic criteria. Professor Bryant is a past ISTSS Board Member.

Keynote Address

Friday, November 9, 8:00 a.m. – 9:20 a.m.

Note: The Keynote Address will be preceded by a brief ISTSS Awards Presentation

Trauma Leaves Children Behind: A Time for Social Justice, Public Policy and new Case Law as Mandates for Trauma Informed Schools

Primary Keyword: Public Health
Secondary Keyword: Community Violence; Health Impact of Trauma; Public Health; Social Issues – Public Policy
Population Type: Child/Adolescent
Presentation Level: Introductory
Region: Industrialized Countries

Marlene Wong, PhD

University of Southern California, Los Angeles, California, USA

In the past 20 years, researchers, intervention developers and clinicians have established the scientific foundations of the impact of violence on children's behavior, academic achievement and overall development. After the tragedy in Parkland, new school and community policies, class action lawsuits and a review of current school safety practices are needed to apply that science to restorative justice, trauma informed schools and social action.

Marleen Wong, PhD, is Senior Vice Dean at the Suzanne Dworak Peck School of Social Work at the University of Southern California. She holds the Stein/Goldberg Sachs Endowed Professorship of Mental. She also serves as Director of Field Education and Executive Director of the USC Telehealth Clinic.

Formerly the Director of Mental Health, Crisis and Threat Assessment Teams and Suicide Prevention Programs at the Los Angeles Unified School District, she has been engaged in a 20-year research partnership with RAND Health and the UCLA Partnered Health Research Center. Identified as one of the “pre-eminent experts in school crisis and disaster recovery” by the White House and the “architect of school-safety programs” by the *Wall Street Journal*, she has developed school-based crisis intervention and disaster response and recovery training in the U.S. and abroad.

Keynote Address

Saturday, November 10, 8:00 a.m. – 9:20 a.m.

Note: The Keynote Address will be preceded by a brief ISTSS Awards Presentation

Mental Health of Refugees: Global Challenges and Opportunities

Primary Keyword: Community-Based Programs

Secondary Keyword: Community-Based Programs; Global Issues; Public Health; Refugee/Displacement Experiences

Population Type: Lifespan

Presentation Level: Introductory

Region: Global

Peter Ventevogel, MD

United Nations High Commissioner for Refugees, Geneva, Switzerland

Almost one percent of the world population is forcibly displaced, among whom are 22.5 million refugees. Most of them live in low-income countries with limited resources for mental health care. This lecture will describe current issues around refugee mental health and psychosocial support (MHPSS), including recent developments in research and conceptual models. The massive needs and lack of resources prompt the use of a multilayered mental health approach that goes far beyond specialized clinical interventions. Within global refugee mental health, three important emerging practices can be distinguished: 1) community-based interventions that foster self-help and strengthen social connectedness, 2) scalable psychological interventions (brief psychotherapies) that can be delivered by trained and well supervised non-specialists, and 3) integration of mental health into general health care in refugee settings. These types of interventions will be briefly and critically discussed and illustrated with practice examples.

Pieter Ventevogel, MD, PhD, is a psychiatrist and a medical anthropologist. Since 2013 he has worked with UNHCR, the refugee agency of the United Nations as their Senior Mental Health Officer based in Geneva. He provides technical support to refugee operations worldwide with frequent field missions, and is involved in policy development and capacity building around mental health and psychosocial support in refugee settings.

From 2008-2013 he was the editor-in-chief of *Intervention, Journal for Mental Health and Psychosocial Support in Conflict Affected Areas*, published by the War Trauma Foundation. He worked with another Dutch NGO, HealthNet TPO, in mental health projects in Afghanistan (2002 – 2005) and Burundi (2005-2008) and as their Technical Advisor Mental Health in the head office in Amsterdam (2008-2011). In 2011 and 2012 he also worked as psychiatrist with Arq Foundation, the national trauma expert centre in the Netherlands.

Pieter also regularly did consultancies for the World Health Organization in Egypt, Jordan, Libya, Pakistan, Sudan and Syria. He has been course director of several academic short courses such as the course *Culture, Psychology & Psychiatry* (Amsterdam Masters of Medical Anthropology), the *Practice Oriented Course Mental Health & Psychosocial Support in Post Conflict Setting* (HealthNet TPO, the Netherlands) and the annual course *Mental Health in Complex Emergencies* (Fordham University New York). In October 2016, he defended his doctoral dissertation *Borderlands of mental health: Explorations in medical anthropology, psychiatric epidemiology and health systems research in Afghanistan and Burundi*.

Invited Speaker

Thursday, November 8, 9:45 a.m. – 11:00 a.m.

The Intersection of Human Rights and Technology

Overview of rights based approaches to address gendered violence, especially in the context of young girls of color in the US and the role of technology in advancing women and girls rights

Malika Saada Saar is Google's Senior Counsel on Civil and Human Rights. Before joining Google, Malika was founder and Executive Director of the Human Rights Project for Girls (Rights-4Girls), a human rights organization focused on gender-based violence against young women and girls in the U.S. She also served as Special

Counsel on Human Rights at The Raben Group. As a human rights lawyer and advocate, Malika led the effort to shut down Craigslist sex ads that served as the leading site for the trafficking of children for sex, ended the federal practice of shackling pregnant mothers behind bars in U.S. prisons, and successfully advocated for millions in federal funding for treatment services for at-risk families.

Newsweek and the *Daily Beast* have named Malika as one of "150 Women Who Shake the World." The Obama White House selected Ms. Saada Saar to serve on the Presidential Advisory Council on HIV/AIDS. She also serves on the Board of Directors for the Robert F. Kennedy Center for Human Rights and Essie Justice Group. Malika has been featured in the *Daily Beast*, *Huffington Post*, *O: The Oprah Magazine*, *Newsweek*, *Politico*, *Washington Post*, *San Francisco Chronicle*, *USA Today*, *Elle*, *Redbook Magazine*, *Essence*, *Tavis Smiley Show*, *BBC*, *ABC News*, *Good Morning America*, *CNN*, and *National Public Radio*. She has also been honored by Brown University's highest alumni award, the Roger Williams award, and by Georgetown Law Center's esteemed Robert F. Drinan Award for Public Service.

Ms. Saada Saar holds a B.A. from Brown University, M.A. in Education from Stanford University, and a J.D. from Georgetown University Law Center.

Invited Speaker

Thursday, November 8, 11:15 a.m. – 12:30 p.m.

'Culturally Intelligent Community Based Practice' An Integrated Systems Approach for Working with Juvenile Sex Offenders: Research and Perspectives from the Caribbean

Primary Keyword: Community-Based Programs

Secondary Keyword: Child Physical Abuse/Maltreatment; Child Sexual Abuse; Community/Social Processes/Interventions; Rape/Sexual Assault

Population Type: Child/Adolescent

Presentation Level: Intermediate

Region: Latin America & the Caribbean

Adele Jones, PhD

The None in Three: An International Centre for the Development, Application, Research and Evaluation of Prosocial Computer Games for the Prevention of Gender-based Violence; University of Huddersfield, Manchester, United Kingdom

This presentation will draw on original research conducted by the speaker:

- i) UNICEF-commissioned study of perceptions, attitudes and opinions on child sexual abuse in six Caribbean countries
- ii) a survey of children's exposure to violence in Barbados and Grenada (funded by the European Union)

This presentation will have three parts: Part I will deconstruct narratives of child sexual abuse in order to understand the multilayered complexities involved in its manifestations in a particular socio-cultural context, Part II will examine the implications of the victimization of boys in relation to the development of psychopathic traits and the normalization of violence and Part III will use interactive methods to explore an integrated community-based systems approach for working with juvenile sex offenders.

Participants will be invited to engage directly with the situations which are described, with a view to understanding the multifactorial influences that create potentialities for offending behaviors. Taking a Whole of Society approach, the intersections between the psychosexual self, the disowned "other" and the cultural systems within which sexual aggression is nurtured and privileged are examined. While the research on which this presentation is based was conducted in the Caribbean, participants will be able to apply key principles and practice methods to their own local contexts.

Adele Jones is Professor of Social Work at the University of Huddersfield, UK and Director of the **None in Three Research Centre**. Previously the Director of the Centre for Applied Childhood Studies, Professor Jones specialises in international children's rights and the prevention of violence against women and children. She is the author of numerous publications on topics as varied as child abuse, adoption, residential care, migration, child refugees, gender inequality, and HIV-AIDS and has directed research in more than 16 countries. Professor Jones has initiated/managed more than 26 externally funded research projects including the Sondai Project on HIV-AIDS in Trinidad and Tobago; the COPING Project, a EU pan-European study of the impact on children of parental imprisonment; a UNICEF commissioned study of child sexual abuse in six Eastern Caribbean countries; and a UNICEF-commissioned study into violence against children in Tanzania. She recently concluded a two-year EU-funded Human Rights project (400,000 Eur) on the use of prosocial games in tackling domestic violence in the Caribbean. Professor Jones is Founder and Director of the None in Three Research Centre, which builds on the EU project and is using frontier technologies, culturally sensitive strategies and advanced research methods for tackling gender-based violence in the UK, Jamaica, China, Uganda and India.

Invited Speaker

Friday, November 9, 9:45 a.m. – 11:00 a.m.

Tales from the Field: Conducting Mixed Methods Community-Based Participatory Action Research on Sexual Assault

Primary Keyword: Community-Based Programs

Secondary Keyword: Child Physical Abuse/Maltreatment; Child Sexual Abuse; Community/Social Processes/Interventions; Rape/Sexual Assault

Population Type: Child/Adolescent

Presentation Level: Intermediate

Region: Latin America & the Caribbean

Rebecca Campbell, PhD

Michigan State University, East Lansing, Michigan, USA

This invited session will examine how community-based participatory action research can inform trauma policy and practice. Using examples from a program of research on sexual assault victims' post-assault help-seeking experiences, this session will explore how to build sustainable researcher-practitioner partnerships and how to design studies that provide actionable information for policy makers. We will discuss how integrating qualitative and quantitative designs, both within and across studies, can increase utilization and dissemination of research. Strategies for data visualization and communicating findings to diverse stakeholders will be shared.

Dr. Rebecca Campbell is a Professor of Psychology at Michigan State University. Dr. Campbell's research examines how contact with the legal and medical systems affects adult, adolescent and pediatric victims' psychological and physical health. Most recently, she was the lead researcher for the National Institute of Justice-funded Detroit Sexual Assault Kit Action Research Project, which was a four-year multidisciplinary study of Detroit's untested rape kits. Dr. Campbell also conducts training for law enforcement and multidisciplinary practitioners in civilian, military and campus community settings on the neurobiology of trauma. In 2015, Dr. Campbell received the Department of Justice, Office for Victims of Crime, Vision 21 Crime Victims Research Award.

Invited Speaker

Friday, November 9, 11:15 a.m. – 12:30 p.m.

Community Based Participatory Research as both a Means and an End: Lessons from a 15 Year CBPR Program with Somali Refugees

Primary Keyword: Community-Based Programs
Secondary Keyword: Community-Based Programs; Culture/Diversity; Refugee/Displacement Experiences; Terrorism
Population Type: Lifespan
Presentation Level: Introductory
Region: Industrialized Countries

B. Heidi Ellis, PhD

Children's Hospital Center for Refugee Trauma & Resilience/Children's Hospital Boston, Boston, Massachusetts

Community-Based Participatory Research is an approach to conducting research with marginalized communities that adheres to several basic principles: Research should strengthen a sense of community identity and capacity, facilitate co-learning and establish true partnerships and shared goals. This talk will follow the arc of a 15+-year CBPR program with Somali refugees, sharing key challenges and successes along the way. The talk will highlight how following a community, and questions of importance to that community, fundamentally differs from more traditional academic models of research that follow a specific diagnosis or question. In this example, a research program initiated around trauma and PTSD dynamically shifted in response to sociopolitical events to address questions of discrimination, radicalization to violence, and community resilience. Findings from this research reinforce the importance of approaching research in a way that fundamentally builds community identity and capacity, and suggest that CBPR is a critical approach not only to research but to prevention and intervention.

B. Heidi Ellis, PhD, is an Associate Professor in Psychology and Psychiatry at Harvard Medical School and Boston Children's Hospital, and a licensed clinical psychologist. She is also the Director of the Refugee Trauma and Resilience Center at Boston Children's Hospital, a partner in the National Child Traumatic Stress Net-

work. Dr. Ellis' primary focus is on understanding and promoting refugee youth mental health and well-being, with a particular emphasis on understanding how trauma exposure, violence and social context impact developmental trajectories. Over the past 15 years she has conducted a Community-Based Participatory Research program with Somali youth; she is currently Principal Investigator of a multi-site, longitudinal research project examining developmental pathways to and away from violence, including openness to violent extremism, gang involvement and constructive civic engagement. Dr. Ellis was an advisor to the Boston Pilot Project on countering violent extremism, and is currently piloting a multidisciplinary model to promote community resilience to violence. She is also co-developer of the nationally recognized trauma treatment model, Trauma Systems Therapy.

Invited Speaker

Saturday, November 10, 9:45 a.m. – 11:00 a.m.

Developing Innovative Technology to Enhance Research and Practice: Integrating Behavioral and Physiological Measures into Psychotherapy Research

Primary Keyword: Clinical/Intervention Research
Secondary Keyword: Affective Processes/Interventions; Aggression/Aggressive Behavior; Anxiety; Technology
Population Type: Lifespan
Presentation Level: Intermediate
Region: Global

Matthew Goodwin, PhD

Northeastern University, Boston, Massachusetts

This presentation will demonstrate several innovative technologies being developed to enhance and accelerate research and learning in individuals on the autism spectrum, including wireless sensors for long-term monitoring of physiological arousal and challenging behavior in natural settings; wireless three-axis accelerometers and pattern recognition algorithms that can automate the detection of stereotypical hand flapping and body rocking; and unobtrusive audio and video capture systems able to gather ultradense longitudinal records of behavior and development in home environments.

Dr. Matthew S. Goodwin is an Interdisciplinary Associate Professor at Northeastern University with joint appointments in the Bouvé College of Health Sciences and College of Computer & Information Science, where he is a founding and key faculty member of a new doctoral program in Personal Health Informatics and Directs the Computational Behavioral Science Laboratory.

Goodwin is also a Visiting Associate Professor in the Department of Biomedical Informatics at Harvard Medical School, an Adjunct Associate Professor of Psychiatry and Human Behavior at Brown University, and the former Director of Clinical Research at the MIT Media Lab. He has previously served on the Executive Board of the International Society for Autism Research and the Scientific Advisory Board for Autism Speaks. He has more than 20 years of research and clinical experience working with children and adults on the autism spectrum and developing and evaluating innovative technologies for behavioral assessment and intervention. Goodwin has received several honors and obtained research funding from a variety of sources. He received his B.A. in psychology from Wheaton College and his MA and PhD, both in experimental psychology and behavioral science, from the University of Rhode Island. He completed a postdoctoral fellowship in Affective Computing in the MIT Media Lab in 2010.

Hotel and Travel

Washington Marriott Wardman Park
2660 Woodley Road NW
Washington, District Of Columbia 20008 USA
Toll Free Reservations: +1-800-228-9290
General Guest Phone: +1-202-328-2000

Book your room now.

ISTSS has negotiated a special rate of \$229 per night, single or double occupancy (complimentary internet included). Rooms and rates are based on availability and subject to state and local fees/taxes (which are currently 10 percent per room). Be sure to make reservations by October 5, 2018; afterward, the discounted room rates may not apply.

Make your reservation today! To make your reservation by phone, call the Washington Marriott Wardman Park reservation line at +1-800-228-9290, 24 hours a day, seven days a week and inform them you are attending the ISTSS Meeting.

All reservations require a first night room deposit, or guests can guarantee reservations with a major credit card. Your credit card will not be charged prior to arrival. Make any necessary cancellations at least 48 hours before the scheduled date of arrival to avoid a cancellation charge. Hotel check-in time is 4 p.m. and check-out is 12 p.m.

Airport Transportation Information

Ronald Reagan Washington National Airport (DCA) is 7 miles from the Washington Marriott Wardman Park. The estimated taxi fare from DCA to the hotel is \$30 (one way) or you can take the metro for \$2 (one way).

Washington Dulles International Airport (IAD) is 24 miles from the Washington Marriott Wardman Park. The estimated taxi fare from IAD to the hotel is \$60 (one way).

Air Travel

Delta Air Lines is offering special discounted* airfares for ISTSS 2018 attendees traveling to the US: Washington, D.C.

Discounts vary, depending on the class of ticket purchased, up to 10 percent off the fare.

*Please note the following:

- Not all fare codes are eligible for a discount; fare rules determine eligibility.
- Discounts vary, depending on the class of ticket purchased, and apply to round-trip travel only.
- Not valid with any other discounts, certificates, coupons or promotional offers.
- Name changes on the ticket are permitted at \$200 USD/\$200 CAD on select fares.

To take advantage of these Travel Discounts for flights to and from Washington, DC:

- Visit the www.delta.com website and click the Advanced Search link.
- Complete the required fields and enter the meeting code "NMPN3."

You may also call Delta Meeting Network® Reservations at +1-800-328-1111.

(Please use the same phone number to make changes to an existing Delta Meetings Network reservation.)

On the Search Results page, verify the discount is applied.

(Reminder: not all fare codes are eligible.)

Car Rental

Avis is the official car rental service for the ISTSS 34th Annual meeting. An advanced reservation is recommended. For online reservations visit the Avis [booking link](#) for ISTSS 34th Annual Meeting or call +1-800-331-1600 and indicate ISTSS Worldwide Discount number J991745, to receive special pricing. This discount will be effective from seven days prior to the event until seven days after the event.

Parking

On-site parking is available at the Washington Marriott Wardman Park for \$45 USD. Valet parking is also available at a rate of \$50 USD daily.

Weather and Meeting Attire

Washington, DC has an average high temperature of 76 degrees Fahrenheit in early November, with an average low temperature of 54 degrees Fahrenheit. Attire for the conference is business casual. Because meeting room temperatures sometimes fluctuate, attendees may wish to bring a sweater or jacket.

Foreign Visas

Travelers attending the meeting from qualified countries to the United States for tourism or business for 90 days or less may be eligible to visit with United States without a visa. Currently, 38 countries participate in the Visa Waiver Program (VWP). Visitors entering on the VWP may not work or study while in the United States and may not stay longer than 90 days or change their status to another category. Visitors entering on the VWP must have machine-readable passports. Travelers without machine-readable passports will need to apply for a visa to enter the United States. For more information about obtaining a visa, visit the [US government website](#).

General Information and Meeting Highlights

ISTSS New Attendee Orientation

Thursday, November 8, 9:45 a.m. – 11:00 a.m.

After the Thursday morning keynote, new attendees will have an opportunity to learn more about the activities of ISTSS and how the meeting works.

ISTSS Welcome Reception

Thursday, November 8, 7:00 p.m. – 8:30 p.m.

Please join us for an opportunity to welcome attendees to the ISTSS 34th Annual Meeting. Enjoy a reception featuring hors d'oeuvres alongside a cash bar.

ISTSS Business Meeting

Friday, November 10, 7:00 a.m. – 7:45 a.m.

All meeting participants are encouraged to attend the Annual Business Meeting on Friday morning. This is your opportunity to learn about the Society, ask questions and make suggestions for improving ISTSS.

ISTSS Awards

The ISTSS Awards will be presented during the morning Keynote Plenary Sessions.

Thursday, November 8:

- Frank W. Putnam Trauma Research Scholars
- Chaim and Bela Danieli Young Professional Award
- Lifetime Achievement Award

Friday, November 9:

- Award for Outstanding Service to ISTSS
- Robert S. Laufer Award for Outstanding Scientific Achievement
- Sarah Haley Memorial Award for Clinical Excellence

Saturday, November 10:

- Dart Awards for Excellence in Coverage of Trauma
- Public Advocacy Award
- Frank Ochberg Award for Media and Trauma Study
- Student Poster Awards

Student Events

Student Lunch Meeting

Friday, November 9, 12:30 p.m. – 2:00 p.m.

Lunch with ISTSS leadership includes presentation of the Student Awards

Internship, Post Doc & Graduate Programs Networking Fair

Friday, November 9, 2:15 p.m. – 4:15 p.m.

Look for the next step in your career. A great networking opportunity.

Registration

Participation in the ISTSS 34th Annual Meeting is limited to registered participants. Register now at the early discounted rate.

Register online at www.istss.org.

Full Registration includes:

- Admission to all program sessions (excluding Pre-Meeting Institutes, which require an additional fee).
- Thursday Welcome Reception
- Admission to poster sessions
- Special Interest Group (SIG) Meetings
- Wednesday Keynote (November 7)
- Morning coffee and tea
- Final Program and access to online itinerary builder and meeting app

Pre-Meeting Institute Registration Policies

To register for the Pre-Meeting Institute (PMI) being held on Wednesday, November 7, indicate which session(s) you wish to attend when you register. Sessions will be filled on a first come, first serve basis. ISTSS Headquarters will notify you if a session you have chosen has already sold out. PMI session tickets will be distributed in individual registration packets at the meeting. Only those holding tickets for the PMI sessions will be admitted. PMI Abstracts pages 25 – 32.

Student Registration

Students and postdoctoral candidates may volunteer to assist at the ISTSS Annual Meeting and receive either a \$40 USD discount on full student registration fee or the sliding scale rate (whichever is lower). [Download the Student Volunteer Forms](#) for discounted registration and additional information. Verification of student/postdoctoral status with a valid student ID is required at the time of registration. Additional information regarding registration, contact ISTSS Customer Service at info@istss.org or +1-847-686-2234.

Registration Confirmation

We encourage you to register online. Attendees will receive an email confirmation/receipt within 24 hours of registering online. Allow up to five business days if registering by mail or fax. If an email address is not provided, registrants will receive confirmation in the mail within 14 business days.

Sliding Scale Discounted Registration

ISTSS offers sliding scale registration fees for attendees residing in many countries outside the U.S., Canada, Western Europe, Australia and New Zealand. View the [sliding scale fee details](#).

Payment/Invoice

Registrations must include payment by credit card, check (drawn on U.S. funds from a U.S. bank) or bank transfer of funds in USD only. Wire Transfers within North America will incur a \$30 USD fee and wire transfers outside of North America will incur a \$45 USD fee. We cannot accept registrations by telephone and will not accept registrations without full payment. If you require a paper registration form to pay via check, please contact [ISTSS Headquarters](#).

Pre-Registration List

A list of all pre-registered attendees will be provided to exhibitors. If you do not want your information included on the list, please check the “Do not post my name to the preregistration list” box during registration.

Cancellation and Change Policy

Notification of cancellation must be submitted in writing. Cancellations received on or before October 17, 2018, will be refunded, minus a \$75 USD cancellation fee. Cancellations will be honored, but money will not be refunded after October 17, 2018. Substitutions are allowed at any time, but must be submitted in writing and must be of the same member status.

ADA Statement

ADA accommodations will be made in accordance with the law. If you require ADA accommodations, please indicate what your needs are at the time of registration. We cannot ensure the availability of appropriate accommodations without prior notification.

Educational Need

The ISTSS Annual Meeting provides a forum for sharing research, clinical strategies, public policy concerns and theoretical formulations on trauma. It is an international assembly of professionals and students representing an array of disciplines including psychiatrists, psychologists, social workers, nurses, counselors, researchers, administrators, victim advocates, journalists, clergy and others with an interest in the study and treatment of traumatic stress. Speakers are strongly requested to avoid unnecessary jargon and to make their work and its implication to the traumatic stress field as accessible as possible to those who do not share their particular perspective and type of scientific approach. This is designed to facilitate increased understanding of what different types of researchers (e.g., basic scientists, clinical researchers) focusing on different types of traumatic stressors (e.g., child maltreatment, disasters, terrorism, war) using different research methods and perspectives (e.g., epidemiology, genetics, psychosocial, psychobiological) have found as well as what the implications of their work are for the traumatic stress field. Our aspirational goal is to establish a jargon-free zone in which experts maximize communication of their work, findings and implications in a way that facilitates understanding and cross-fertilization among researchers, clinicians and policy makers from other perspectives.

Learning Objectives

Meeting participants will be able to:

1. Using patient- and community-centered approaches, tabulate and summarize needs and challenges facing diverse groups of trauma-impacted communities.
2. Connect ways in which exposure and response to traumatic stress unfold across societal contexts and structures.
3. Strategize for bidirectional knowledge transfer between professionals in the traumatic stress field, trauma-impacted communities, and milieus such as policy and law.

Satisfactory completion

Participants must complete an evaluation form to receive a certificate of completion. Your chosen sessions must be attended in their entirety. Partial credit of individual sessions is not available.

NOTE: If you are seeking continuing education credit for a specialty not listed below, it is your responsibility to contact your licensing/certification board to determine course eligibility for your licensing/certification requirement.

Accreditation Statement

Physicians and Nurses

In support of improving patient care, this activity has been planned and implemented by Amedco LLC and the International Society for Traumatic Stress Studies (ISTSS). Amedco LLC is jointly accredited by the Accreditation Council

for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Amedco LLC designates this live activity for a maximum of 31.25 AMA PRA Category 1 Credits™ for physicians and 26.25 contact hours for nurses. Learners should claim only the credit commensurate with the extent of their participation in the activity.

CA Nurses

Amedco is approved by the CA Board of Registered Nursing, Provider #CEP13683, for 26.25 contact hours.

Psychologists

This course is co-sponsored by Amedco and the International Society for Traumatic Stress Studies (ISTSS). Amedco is approved by the American Psychological Association to sponsor continuing education for psychologists. Amedco maintains responsibility for this program and its content. 26.25 hours.

Social Workers

Amedco, #1346, is approved as a provider for social work continuing education by the Association of Social Work Boards (ASWB) www.aswb.org, through the Approved Continuing Education (ACE) program. Amedco maintains responsibility for the program. ASWB Approval Period: 6/24/2016 to 6/24/2019. Social workers should contact their regulatory board to determine course approval for continuing education credits.

Social workers participating in this course may receive up to 26.25 clinical continuing education clock hours.

New York Board for Social Workers

Amedco SW CPE is recognized by the New York State Education Department's State Board for Social Work as an approved provider of continuing education for licensed social workers #0115. 26.25 hours.

New York Board for Mental Health Counselors

Amedco is recognized by the New York State Education Department's State Board for Mental Health Practitioners as an approved provider of continuing education for licensed mental health counselors. #MHC-0061. 26.25 hours.

New York Board for Marriage & Family Therapists

Amedco is recognized by the New York State Education Department's State Board for Mental Health Practitioners as an approved provider of continuing education for licensed marriage and family therapists. #MFT-0032. 26.25 hours.

Ohio Chemical Dependency Professionals Board

This course has been submitted to the board for review.

Ohio Counselor, Social Worker and Marriage & Family Therapist Board

This course has been submitted to the board for review.

Florida Board of Behavioral Sciences

Amedco is approved by the Board of Clinical Social Work, Marriage & Family Therapy, and Mental Health Counseling. Provider BAP#39-Exp.3-31-2019. 26.25 Hours

Commercial Support

No commercial support was received for this event.

Grievances

If you would like to file a grievance, complaints or have questions, please contact Michael Hagedorn, mhagedorn@istss.org

Paper in a Day

Wednesday, November 7

8:30 a.m. – 5:00 p.m. – Plus Pre- and Post-Meeting Assignments

Paper in a Day (PiaD) is an increasingly popular pre-conference event that focuses on fostering international collaborations between early career investigators. Paper in a Day is designed to stimulate international connections and the exchange of ideas by working on a tangible outcome: a manuscript or commentary for a peer-reviewed journal. This will be an intensive, productive and enjoyable day. Previous editions have led to conference contributions, journal articles, and lasting contacts (see the recent article in *Traumatic StressPoints* for more information). Because Paper in a Day will take place prior to the ISTSS annual meeting, participants will have the opportunity to continue dialogue with colleagues during the conference.

Program

After registration, participants will be assigned to a writing team based on their research interests and expertise outlined in their application. Two weeks prior to the workshop, participants will individually prepare (e.g. read relevant articles, outline sections of the paper). The workshop will include plenary discussions about the topic and the drafted texts, and collaborative writing time in subgroups. There will be a new mentorship component to the PiaD experience this year in which leaders in the fields of traumatic stress will provide input and guidance throughout the PiaD process. Following the workshop, the draft will be finalized for submission.

Commitment

In order to make the event a success, we ask participants to commit to:

- a) Prepare in advance of the meeting - dedicate eight hours prior to the workshop.
- b) Be present for the entire workshop.
- c) Contribute to the final editing and referencing following the workshop.

How to participate

This event is aimed at early career investigators who have obtained their PhD after November 2013 or who are in the final stages of submission. If you would like to participate, register through the ISTSS website. After registration, please send an email to Noelle Smith, Noelle.bassi@gmail.com by October 1, 2018 with the following information:

- 1) A short CV listing your publications and main research interests to inform our choice of topics. Please also let us know if you have an idea for/access to data to complete a relatively contained empirical paper, meta-analysis/review, or commentary on a recent article.
- 2) A statement that you commit to the required preparation, attendance and follow-up activities as described.

The registration fee for this PMI is 25 dollars and lunch will be provided on the day of the event.

ISTSS Special Interest Groups

Special Interest Groups (SIGs) provide members with a forum for communication and interaction about specific topics related to traumatic stress. They provide a means of personal and professional involvement in the activities of the society. All meeting participants are welcome to attend SIG meetings.

Thursday, November 8, SIG Meetings 1:30 p.m. – 2:45 p.m.

Aging, Trauma and the Life Course SIG	Roosevelt 5
Dissemination & Implementation SIG	Washington 2

PMI 01

Treating Sleep Problems Associated with Trauma and PTSD

Primary Keyword: Clinical Practice
Secondary Keywords: Biological/Medical; Cognitive Processes/ Interventions; Sleep
Population Type: Adult
Presentation Level: Advanced
Region: Industrialized Countries

DeViva, Jason, PhD¹; McCarthy, Elissa, PhD²

¹VA Connecticut Healthcare System and Yale University, West Haven, Connecticut

²National Center for PTSD, Executive Division, West Haven, Connecticut

Sleep difficulties have been part of the diagnostic criteria of posttraumatic stress disorder (PTSD) since the diagnosis was first established, and they are among the most commonly reported symptoms among individuals exposed to trauma. Individuals exposed to trauma or diagnosed with PTSD are more likely to experience difficulties initiating and maintaining sleep, nightmares, sleep breathing disorders, and REM sleep behavior disorders. There is also evidence suggesting that sleep difficulties may play an important role in the development of PTSD, and impaired sleep is associated with many of the problems with health and functioning commonly seen in PTSD. Effective treatments for sleep problems are not widely available, potentially making trauma-exposed individuals more vulnerable to later difficulties. Sleep problems may persist after otherwise successful response to PTSD treatment and treatment of some sleep problems may improve PTSD symptoms.

This workshop will begin by examining research on the relationships among trauma, posttraumatic stress, insomnia, sleep breathing disorders, and other sleep disorders. A basic behavioral model of the development of insomnia will be presented, and specific aspects of posttraumatic stress that may precipitate or perpetuate insomnia will be identified. The majority of the workshop will focus on assessment and treatment. The use of established, evidence-based assessment of both posttraumatic symptoms and sleep will be emphasized. Guidelines for when to refer to sleep clinics will be presented. The current levels of evidence supporting treatments for PTSD, insomnia, nightmares, sleep breathing disorders, and other sleep disorders will be reviewed. Strategies for sequencing treatments based on symptom presentation and patient willingness will be discussed. The workshop will place particular emphasis on cognitive-behavioral therapy for insomnia (CBT-I), the gold stan-

dard treatment for insomnia, and its use when patients have been diagnosed with PTSD. Evidence supporting the use of CBT-I when comorbid PTSD is present will be examined, and potentially beneficial modifications to CBT-I will be reviewed. The workshop will also provide suggestions for how to address PTSD symptoms when patients choose to treat sleep disorders, and for how to address residual sleep difficulties after otherwise effective PTSD treatment. Suggestions for increasing adherence to treatment will be presented, with emphasis on treatment of sleep breathing disorders. Options for using technology to augment assessment and treatment will also be discussed. De-identified case material will be presented to illustrate treatment concepts and recommendations.

PMI 02

Assessing and Treating Racial Trauma

Keyword: Culture/Diversity
Secondary Keywords: Clinical Practice
Population Type: Adult
Presentation Level: Introductory
Region: N/A

Wetterneck, Chad, PhD¹; Williams, Monnica, PhD²; Carlson, Marie, PhD³

¹Rogers Memorial Hospital, Oconomowoc, Wisconsin

²University of Connecticut, Storrs, Connecticut

³University of Texas at Austin & UCSD Consortium/VA, San Diego, California

Survivors of violent acts or disasters, emergency responders, abuse victims and combat veterans are often associated with the risk of developing PTSD and many clinicians are well-equipped to provide services for those populations. When trauma and PTSD are related to experiences involving racial discrimination and systemic racism, the mental health community is less prepared.

In this full day pre-meeting institute, the presenters will explain trauma that results from experiences of racism and how people of color can develop PTSD from events that may include:

- Racial profiling and police violence
- Workplace discrimination and harassment
- Community violence
- Distressing medical/childbirth experiences
- Incarceration
- Difficult immigration experiences
- Ethnic cleansing and torture

The presenters will provide an overview of the cultural factors relevant to the most common ethnic and racial minority groups, with an emphasis on understanding and assessing PTSD caused by racial trauma. Using research findings to date, they will describe the

Pre-Meeting Institutes

Wednesday, November 7

various facets of racial trauma, including the experience of historical, cultural, and individual trauma, and how these may or may not fit into a DSM-5 framework. They will provide techniques attendees can utilize to assess race-based stress and trauma, including validated self-report measures and clinical interviews. They will also describe a group treatment for race-based trauma that has been successfully implemented at several VA facilities for veterans. The presenters will share case examples and provide time for participants to discuss their own cases. Attendees will also learn about the disparities in mental health treatment for people of color and how racial trauma can impact the therapeutic relationship. Finally, the presenters will review the research on the treatment of racial trauma and discuss their own research in this area, including an RCT underway.

Participants will learn how to:

- Define racial trauma and the cultural considerations in treating race-based PTSD.
- Describe how racial trauma may develop and be maintained.
- Utilize techniques to assess race-based stress and trauma.
- Identify the various facets of racial trauma, including the experience of historical, cultural, and individual trauma.
- Discuss the impact of racial trauma on the therapeutic relationship.

PMI 03

Treatment of Complex Childhood Trauma: Comparative Application of Case Material to Four Leading Intervention Models

Keyword: Clinical/Intervention Research

Secondary Keywords: Community/Social Processes/Interventions; Complex Trauma

Population Type: Child/Adolescent

Presentation Level: Intermediate

Region: Industrialized Countries

Brown, Adam, PsyD¹; Blaustein, Margaret, PhD²; Saxe, Glenn, MD³; Lanktree, Cheryl, PhD³; Griffin, Jessica, PsyD⁴

¹New York University Langone Medical Center, New York, New York

²Trauma Center at Justice Resource Institute, Brookline, Massachusetts

³University of Southern California, Torrance, California

⁴University of Massachusetts Medical School, Worcester, Massachusetts

This full-day pre-meeting workshop will begin with developers of four leading evidence-based models for complex trauma intervention introducing participants to their models: ARC (Attachment, Self-Regulation and Competency), ITCT-A (Integrative Treatment of Complex Trauma for Adolescents), TF-CBT (Trauma Focused

Cognitive Behavioral Therapy, and TST (Trauma Systems Therapy). Model developers will describe key facets of each model, including the processes and techniques through which each model addresses the core components of complex trauma intervention. These model overviews will be followed by introduction of complex trauma case material by the moderator. Model developers will then discuss how they would approach assessment and intervention from the perspective of their model. The afternoon session will involve audience members presenting complex case material and/or challenging moments or situations in treatment, which each model developer will then address. Ensuing panel discussion will be audience-driven, and will focus on examination of the shared and unique elements of each treatment model, and consider model fit based on client-specific and contextual factors, including developmental stage, treatment setting, care-giving system and cultural considerations.

Half Day Institutes - Morning

8:30 a.m. – 12:00 p.m.

PMI 04

An Introduction to the Network Toolbox (Part One)

Keyword: Research Methodology

Secondary Keywords: Assessment/Diagnosis; Research Methodology; Technology; Theory

Population Type: Lifespan

Presentation Level: Introductory

Region: Global

Sigurdardóttir, Hannah Rós, MSc; Leertouwer, IJsbrand, MSc; Cramer, Angélique, PhD

Tilburg University, Tilburg, Netherlands

Since the introduction of psychopathology as a network of interacting symptoms, tools to investigate network structures based on clinical data have rapidly evolved. In this workshop we will discuss state of the art methods of estimating and analyzing network models, and caveats for interpretations based on these models.

The morning session will cover an introduction to networks in the context of PTSD research, basic programming skills needed to perform a network analysis, and a tutorial on estimating cross-sectional networks. The afternoon session will cover more advanced topics such as estimating the accuracy of cross-sectional networks, and estimating networks based on n=1 time-series data. By the end of the workshop, attendees will have the basic skills needed to perform network analysis on their data, and will be able to locate resources for more complex analyses.

We will provide exercises based in the statistical software R. We therefore request attendees to bring a laptop with R and R studio

Pre-Meeting Institutes Wednesday, November 7

Half Day Institutes - Morning, 8:30 a.m. – 12:00 p.m.

installed. Prior experience is not required, however we encourage attendees to get acquainted with these programs using the following materials:

<https://cran.r-project.org/doc/contrib/Torfs+Brauer-Short-R-Intro.pdf>,
https://cran.r-project.org/doc/contrib/Paradis-rdebuts_en.pdf.

PMI 05

Yoga for Individuals with PTSD and Clinicians who Treat Them: State of the Science to Clinical Practice to Self-Care

Keyword: Clinical Practice
Secondary Keywords: (Neuro)Biological Processes/Interventions; Vicarious Traumatization and Therapist Self-Care
Population Type: Adult
Presentation Level: Introductory
Region: Global

Kelly, Ursula, PhD, RN¹; Davis, Louanne, PsyD²; Catiis, Alissa, LCSW³

¹Atlanta VAMC/Emory University, Decatur, Georgia

²Roudebush VA Medical Center, Indianapolis, Indiana

³Womencare Counseling Center, Evanston, Illinois

Interest in and utilization of complementary and integrative health modalities by the general public has increased in recent years. One of these modalities – yoga — is increasingly used in the treatment of a variety of physical and mental health conditions, including PTSD. Yoga, defined here as a combination of physical forms, focused breathing and mindfulness, is a promising complement, potential precursor or alternative to evidence-based psychotherapy. A trio of presenters (nurse scientist and psychiatric/mental health nurse practitioner; clinical research psychologist/yoga practitioner and meditation teacher; and yoga teacher/psychotherapist) describe the current state of the science of yoga interventions for PTSD and teach participants techniques to integrate trauma-informed yoga in clinical work and clinician self-care. Podium presentations include a 1) psycho-physiological model of the effects of yoga on PTSD symptoms; 2) summary of objective research outcome measures (biological markers and psychophysiological data) of the effectiveness of yoga for PTSD; 3) description of the principles of Trauma Center-Trauma Sensitive Yoga (TC-TSY); 4) overview of yoga interventions used in PTSD research; and 5) summary of the current quantitative and qualitative evidence supporting yoga as an intervention for PTSD. The workshop also provides experiential segments during which participants are introduced to yoga practices,

including TC-TSY, which they can use in their clinical work with clients and for clinicians' self-care. Experiential yoga segments will include breathing techniques that are grounded to body sensations and reduce rather than activate the sympathetic nervous system. TC-TSY aims to cultivate awareness of the mind-body connection and to build self-regulation skills to address the way that trauma is held in the body in a way that psychotherapy does not. TC-TSY is yoga that focuses on building safety so student(s) can practice interoception, making choices and taking effective action. It can be used as an adjunctive treatment for trauma that is non-prescriptive and also creates a shared experience between the student(s) and teacher.

PMI 06

Using Prolonged Exposure and Cognitive Processing Therapy to Treat Moral Injury-Based PTSD

Keyword: Clinical Practice
Secondary Keywords: Clinical Practice; Cognitive Processes/Interventions; War – Military/Peacekeepers/Veterans
Population Type: Adult
Presentation Level: Intermediate
Region: N/A

Evans, Wyatt, PhD¹; Held, Philip, PhD²; Wachen, Jennifer, PhD³; Chard, Kathleen, PhD⁴; Rauch, Sheila, PhD, ABPP⁵

¹University of Texas Health Science Center at San Antonio, Fort Hood, Texas

²Rush University Medical Center, Chicago, Illinois

³National Center for PTSD / Boston University, Boston, Massachusetts

⁴Cincinnati VA Medical Center, Cincinnati, Ohio

⁵Emory University School of Medicine/Atlanta Veteran's Administration, Atlanta, Georgia

Moral injury is a relatively nascent construct that has recently received increased attention. Mounting research suggests that morally injurious events may result in different symptom presentations compared to traumatic experiences that are primarily based on intense fear (i.e., life threat; e.g., Stein et al., 2012; Litz et al., 2018). It has also been suggested that existing evidence-based treatments for PTSD, such as Prolonged Exposure and Cognitive Processing Therapy, may not sufficiently address moral injury (e.g., Gray et al. 2012; Steenkamp et al. 2013), although these assumptions have not yet been evaluated. However, growing clinical evidence demonstrates how these evidence-based treatments may be aptly targeted to address moral injury among veterans with PTSD (Held et al., 2017;

Pre-Meeting Institutes Wednesday, November 7

Half Day Institutes - Morning, 8:30 a.m. – 12:00 p.m.

Rauch et al., 2013; Smith et al., 2013, Wachen et al., 2017).

The objective of this institute is to demonstrate how to treat moral injury-based PTSD in service members and veterans using Prolonged Exposure and Cognitive Processing Therapy. Although it is sometimes assumed that adaptations or modifications to the respective treatment protocols are necessary in the context of moral injury, experts in the respective therapies will demonstrate how existing Cognitive Processing Therapy and Prolonged Exposure treatment protocols may be utilized to effectively treat moral injury-based PTSD. Institute attendees will learn how to 1) distinguish moral injury-based PTSD from PTSD that results from non-morally injurious events, 2) identify appropriate moral injury-based treatment targets, and 3) apply Prolonged Exposure and Cognitive Processing therapy to effectively treat moral injury-based PTSD.

Case examples taken from diverse treatment settings will be presented by to illustrate specific treatment processes that are critical to effectively addressing moral injury in the context of evidence-based PTSD treatment. Special emphasis will be placed on identifying index traumas, as well as the application of the Prolonged Exposure and Cognitive Processing Therapy models specifically for moral injury. In Cognitive Processing Therapy this includes challenging moral injury-based cognitions through cognitive restructuring. In Prolonged Exposure this includes processing the meaning of the trauma and reducing avoidance behaviors. Along with outcome data, presenters will include audio recordings or exemplar session transcriptions to enhance attendees' learning. Other non-specific factors, such as provider bias, that may impact the treatment process will also be discussed and attendees will have the opportunity to ask questions about the use of Prolonged Exposure and Cognitive Processing Therapy to treat moral injury-based PTSD.

PMI 07

The SIX C's: Guidelines for Immediate Psychological First Aid - The Israeli PFA national Model

Keyword: Prevention/Early Intervention
Secondary Keywords: Acute/Single Trauma; Affective Processes/Interventions; Anxiety; Cognitive Processes/Interventions
Population Type: Adult
Presentation Level: Intermediate
Region: Global

Svetlitzky, Vlad, PhD¹; Farchi, Moshe, PhD²

¹Bar-Ilan University, Ramat Gan, Israel

²Tel-Hai College, Upper Galilee, Israel

Psychosocial responses to traumatic events at the individual and community level have received growing attention in recent years and are gaining momentum in light of recent mass traumatic events worldwide including conflicts, terrorist attacks and natural disasters. Unlike routine life, traumatic or emergency situations are unexpected, unstructured events. First response in these situations is of utmost importance: immediate, focused and efficient interventions are beneficial for the reduction of acute stress reactions and a return to normal functioning as well as decreasing the risk for future onset of post-traumatic symptoms.

The aim of this presentation is to present the SIX C's model - a new psychological first aid approach – immediate cognitive-functional psychological first aid – for the global nonprofessional community as well as for first respondents. The model addresses the need to standardize interventions during an Acute Stress Reaction and intends to help shift the person from helplessness and passiveness into active effective function, within minutes, in the immediate aftermath of the traumatic event. The model is based on four theoretical and empirically tested concepts: (1) Hardiness, (2) Sense of Coherence, (3) Self-Efficacy, and (4) on the Neuro-bio-psychology of the stress response, focusing on the interaction between the limbic system and the prefrontal cortex during stressful events.

The main guidelines of the model all start with the letter "C" are: Cognitive-Communication, Challenge, Control, Commitment, Continuity.

Preliminary results on the effectiveness of the SIX C's model in terms of increasing resiliency, reducing anxiety and improving perceived self-efficacy are presented. To date, this approach has been recognized by the Israeli Ministry of Health as the Israeli national model for psychological first aid. This model has also been adopted and implemented by the Israeli ministry of education, and during 2018-2019 all the educational system in Israel will be trained according to the SIX C's model.

This Pre-Meeting Institute will train the participants in using the SIX C's guidelines in different scenarios (EQ School shooting, car accidents, nature disaster) and different population (EQ Adult, children, toddlers).

The session will include video demonstrations, case studies & hands on training.

Pocket notebooks and stickers of the SIX C's model will be provided to all participants.

Integration of Military Culture into Provider Education to Promote More Effective Care for Service Members, Veterans, and Their Families

Keyword: Culture/Diversity
Secondary Keywords: Clinical Practice; War – Military/Peacekeepers/Veterans
Population Type: Adult
Presentation Level: Intermediate
Region: Industrialized Countries

Watson, Patricia, PhD¹; McCaslin, Shannon, PhD²; Ermold, Jenna, PhD³; Tkachuck, Mathew, MA⁴

¹National Center for PTSD, Executive Division, White River Junction, Vermont

²National Center for PTSD – Dissemination and Training Division, VA Palo Alto Health Care System, Menlo Park, California

³Center for Deployment Psychology, Rockville, Maryland

⁴University of Mississippi, University, Mississippi

This half-day pre-meeting institute will focus on improving access and quality of treatment for Service members and Veterans by integrating research and knowledge of military culture into patient care, with a focus on the following tools for providers:

1. Approaches to fostering communication regarding contextual / environmental barriers to care, including perceptions of cultural differences (e.g., communication with providers, navigating services/resources for care, stigma, lifestyle preference).
2. A military adaptation of four acculturation measures (orientation, psychological adaptation, sociocultural adaption, cultural distance) with discussion of how this assessment facilitates emphasis on functional assessment approach as opposed to solely symptom reduction.
3. Modules from seven VA/DOD online military cultural competence courses, which integrate research into clinical care recommendations.
4. Key information and resources from the NC-PTSD/VA Community Provider Toolkit relevant to screening for military service, military culture educational resources, as well as for working with diverse Veteran populations (e.g., women Veterans, LGBT).
5. Avatar-based learning program related to treatment of PTSD and sleep disorders common in Service members and Veterans that includes experiential exposure to aspects of military culture.

Half Day Institutes - Afternoon

1:30 p.m. – 5:00 p.m.

An Overview of the Network Toolbox (Part Two)

Keyword: Research Methodology
Secondary Keywords: Assessment/Diagnosis; Research Methodology; Technology; Theory
Population Type: Lifespan
Presentation Level: Introductory
Region: Global

Sigurdardóttir, Hannah Rós, MSc; Leertouwer, IJsbrand, MSc; Cramer, Angélique, PhD
Tilburg University, Tilburg, Netherlands

Since the introduction of psychopathology as a network of interacting symptoms, tools to investigate network structures based on clinical data have rapidly evolved. In this workshop we will discuss state of the art methods of estimating and analyzing network models, and caveats for interpretations based on these models.

The morning session will cover an introduction to networks in the context of PTSD research, basic programming skills needed to perform a network analysis, and a tutorial on estimating cross-sectional networks. The afternoon session will cover more advanced topics such as estimating the accuracy of cross-sectional networks, and estimating networks based on n=1 time-series data. By the end of the workshop, attendees will have the basic skills needed to perform network analysis on their data, and will be able to locate resources for more complex analyses.

We will provide exercises based in the statistical software R. We therefore request attendees to bring a laptop with R and R studio installed. Prior experience is not required, however we encourage attendees to get acquainted with these programs using the following materials:

<https://cran.r-project.org/doc/contrib/Torfs+Brauer-Short-R-Intro.pdf>,
https://cran.r-project.org/doc/contrib/Paradis-rdebuts_en.pdf.

PMI 10

Cognitive Processing Therapy and Crisis Response Planning For Clients with PTSD and Suicidal Behaviors

Keyword: Clinical/Intervention Research
Secondary Keywords: Clinical/Intervention Research; Clinical Practice

Population Type: Adult

Presentation Level: Intermediate

Region: Industrialized Countries

Rosen, Valerie, MD¹; Rozek, David, PhD²; Wilkinson-Truong, Charity, PsyD³; Powch, Irene, PhD⁴; Allard, Carolyn, PhD⁵

¹UT Austin Dell Medical School and Seton Family of Hospitals, Austin, Texas

²University of Utah, Salt Lake City, Utah

³Stress and Anxiety Services of NJ, East Brunswick, New Jersey

⁴PTSD Clinical Team, VA Healthcare Center, Portland, Oregon, Portland, Oregon

⁵Alliant International University, San Diego, California

Cognitive Processing Therapy (CPT) has strong evidence to support its use for PTSD (Resick, et al., 2017; Resick, et al. 2015; Resick, et al., 2012). Despite its 40-year history, myths about client readiness for trauma-focused therapy have endured and can result in clients with PTSD not receiving adequate treatment because they are considered to be at high risk. This can lead to clients who seek help receiving treatment that focuses only on mitigating risk or not receiving treatment that focuses on PTSD symptom reduction. However, symptom improvement in PTSD with CPT treatment is associated with reduced suicidal ideation (Bryan et al., 2017; Gradus et al., 2013). Additionally, Rudd and colleagues demonstrated that the use of brief cognitive behavioral therapy for suicide prevention (BCBT) reduced suicide attempts by 60% as compared to treatment as usual. Although BCBT is effective for suicidal behaviors, completing both CPT and BCBT is not logistically feasible for many clients and the overlap in skills learned is significant. Integrating empirically supported techniques for suicide risk into trauma-focused therapy is needed. Crisis response planning (CRP), a technique from BCBT, is a personalized problem-solving tool with a focus on self-management of crises and has demonstrated efficacy. CRP has been shown to reduce suicide attempts by 76%, reduce suicidal ideation, and reduce psychiatric inpatient duration in comparison to treatment as usual (Bryan et al., 2017). Despite this, clients with PTSD and chronic suicidality and multiple, potentially lethal suicide attempts may not receive adequate treatment. Clinicians may unintentionally collude with clients' avoidance of discussing traumatic events, fear treating patients with significant self-injurious behavior or suicid-

ality, and/or not understand how to integrate suicide prevention techniques (i.e., CRP) into CPT leading clinicians to exclude clients from helpful treatment options. Four CPT trainers and an expert in CRP, treating both civilians and military populations will discuss integrating CRP into CPT for clients who engage in self harm or are considered at high risk for suicide. This integration offers a strong potential option for clinicians treating clients who have been referred to repeated stays in higher level of care or seen multiple therapists. Instruction in the use of CRP while using and maintaining fidelity to CPT will be provided. Specific topics in the application of CPT for clients with PTSD and suicide attempts or self-harming behaviors will also be shared with case examples highlighting unique difficulties within the field of suicidality.

PMI 11

Hands-on Skills for Using Apps and Online Programs for Veterans with PTSD and Related Issues

Keyword: Technology
Secondary Keywords: Clinical Practice; Culture/Diversity; Public Health; Training/Education/Dissemination

Population Type: Adult

Presentation Level: Intermediate

Region: Industrialized Countries

McGee-Vincent, Pearl, PsyD¹; Juhasz, Katherine, MS²; Owen, Jason, PhD, MPH³; Jaworski, Beth, PhD⁴; Miller, Katherine, PhD⁵

¹National Center for PTSD – Dissemination and Training Division, VA Palo Alto Health Care System, Menlo Park, California

²National Center for PTSD, VA Palo Alto Health Care System, Menlo Park, California

³National Center for PTSD VA Palo Alto Health Care System, Menlo Park, California

⁴VA National Center for PTSD, Menlo Park, California

⁵National Center for PTSD, VA Palo Alto Health Care System/Stanford University School of Medicine, Menlo Park, California

The Department of Veterans Affairs (VA) has developed a suite of free, publicly-available mobile applications (apps) designed to support the mental health needs of Veterans with PTSD and related concerns (e.g., insomnia, anger management). Treatment companion apps, such as PE Coach (for Prolonged Exposure therapy), are designed to aid in the delivery of evidence-based treatments. Self-management apps, such as PTSD Coach, can be used independently or in conjunction with treatment. Apps can improve access to psychosocial resources for Veterans, particularly those

Pre-Meeting Institutes

Wednesday, November 7

Half Day Institutes - Afternoon, 1:30 p.m. – 5:00 p.m.

who might otherwise not access or complete treatment due to stigma, cultural beliefs about mental health care, geographical limitations, or other systemic barriers (DeViva et al., 2016; Martsolf et al., 2016; Sayer et al., 2017). Emerging evidence suggests that mobile apps may improve outcomes (see Kuhn et al., 2017; Miner et al., 2016; Possemato et al., 2016). Among individuals engaged in mental health treatment, these tools may improve treatment efficiency (Donker et al., 2013; Ventola, 2014), client engagement (Gaggioli & Riva, 2013) and accuracy of self-reports (Bush et al., 2013; Kuhn et al., 2014).

Although many providers and clients are interested in incorporating technology into treatment (Bush & Wheeler, 2015; Koffel et al., 2016; Miller et al., 2017), providers may not have received training in how to integrate these tools into care. As early leaders in the development, research, and clinical integration of these apps for Veterans, subject matter experts from the VA's National Center for PTSD are uniquely positioned to train providers on methods of integrating these tools into mental health care. Since July 2017, the presenters have trained providers across VA and held over 35 interactive conference calls to collect feedback and lessons learned about integrating these tools into care with Veterans in a variety of clinical settings.

This highly interactive PMI will include live demonstration, brief video segments, small group activities, lecture and discussion. Presenters will assume a basic understanding of CBT and PTSD. Real-world use cases from VA providers will be presented along with research findings to facilitate translation of knowledge into practice. Participants will be provided with tablets to gain hands-on practice. Topics covered will include technology and culturally competent care, empirical support for use of mobile and online tools in care, and treatment planning. Because the apps and online programs are publicly available and address several mental health concerns, we anticipate that this PMI will be relevant to a broad audience of community or VA providers that treat post-traumatic stress and its many related sequelae, such as insomnia, anger and depression.

Advanced Workshop in Prolonged Exposure: Clinical Considerations in the Provision of Prolonged Exposure with Public Service Personnel

Keyword: Clinical Practice
Secondary Keywords: Anxiety; Chronic/Repeated Trauma; Traumatic Grief; War – Military/Peacekeepers/Veterans

Population Type: Adult

Presentation Level: Advanced

Region: Industrialized Countries

Yusko, David, PsyD¹; McElheran, Megan, PsyD²; Bellehsen, Mayer, PhD³; Paul, David, PhD, PsyD⁴

¹University of Pennsylvania, Philadelphia, Pennsylvania

²Private Practice, Calgary, Alberta, Canada

³North Shore LIJ Health System, Bay Shore, New York

⁴Private Practice, Edmonton, Alberta, Canada

Co-presenters for this workshop are certified trainers of Prolonged Exposure and are keen to provide this advanced workshop for practitioners of this therapy, particularly when working with military veterans and first responders. Provision of Prolonged Exposure to public service personnel is often more clinically challenging than provision with civilian populations, as public service personnel are commonly exposed to varied traumatic events at rates greater than those experienced by civilian populations. This workshop is ideally positioned to support those practitioners working with public service personnel, and who are eager to engage in an advanced workshop that will address clinical challenges that occur working with public service populations.

Using Child Trauma Case Studies to Inspire Interprofessional Practice among Front-line Providers

Keyword: Training/Education/ Dissemination
Secondary Keywords: Child Physical Abuse/Maltreatment; Complex Trauma; Health Impact of Trauma; Prevention/Early Intervention

Population Type: Child/Adolescent

Presentation Level: Intermediate

Region: Industrialized Countries

Felter, Jeanne, PhD; DiDonato, Stephen, PhD, LPC-S
Thomas Jefferson University, Philadelphia, Pennsylvania

The overwhelming incidence and pervasive developmental and health impact of childhood adversity, coupled with the patient care benefits of interprofessional practice, demands the establishment of interprofessional, trauma-informed education for professionals across health and human service disciplines. Interprofessional education (IPE) aims to create more effective systems of interprofessional practice (IPP), defined as a higher form of practice wherein healthcare professionals from different disciplines make up a team unique to the patient, that works with the patient and family to develop a unified decision. Guided by the World Health Organization's Framework for Action on Interprofessional Edu-

cation and Practice (2010) and the Interprofessional Education Collaborative's Core Competencies for Interprofessional Collaborative Practice (2016), faculty from Thomas Jefferson University's Community and Trauma Counseling (CTC) program and Jefferson's Center for Interprofessional Trauma Education (J-CITE) developed an interprofessional educational model for students, professionals and community members in an effort to more wholly address the comprehensive unmet needs of trauma-affected individuals being served in fragmented systems. The IPE model has two aims: (1) to enhance trauma skills and knowledge among participants, and (2) to increase readiness for interprofessional practice across child-serving disciplines and sectors. Initially developed for and delivered to graduate students across health disciplines by Jefferson faculty, the model was replicated for professionals and paraprofessionals across health, mental health, child welfare, education, and juvenile justice sectors at an interprofessional trauma training conference. This Pre-Meeting Institute will offer an intermediate level three-tiered training to practitioners working across child-serving sectors using a child trauma case study and a Team Based Learning approach. This institute will further provide rationale for the need for interprofessional training, methodology, and initial outcome data. Though designed for front-line providers, educators, policy makers, advocates or researchers invested in the health and wellbeing of children are also encouraged to attend.

Symposium Washington 5	Innovations in Complex Trauma Treatment: Multi-component or Not? <i>Chair (Cloitre, Marylene, PhD)</i> Discussant (Monson, Candice, PhD, Cpsych)	
	Interventions for Complex Traumatic Events (INCITE): Systematic Review of Effectiveness and Acceptability (Coventry, Peter, PhD ; Meader, Nick, PhD; Dale, Holly, BSc; Melton, Hollie, MSc; Dalton, Jane, PhD; Wright, Kath, MA; Churchill, Rachel, PhD; Lovell, Karina, PhD; McMillan, Dean, PhD; Barbui, Corrado, PhD; Temple, Melanie, MB BS; Gilbody, Simon, PhD) (Clin Res, Anx, Complex, Depr, Res Meth, Adult, Global)	M
	Evaluation of DBT for Complex PTSD - a multicomponent program to treat the sequelae of interpersonal violence during childhood and adolescence (Bohus, Martin, MD) (Clin Res, CPA, Clin Res, Cog/Int, Complex, Adult, Industrialized)	A
	Modular Patient-Centred Treatment for Complex PTSD (Karatzias, Thanos, PhD, Cpsych) (Clin Res, CPA, CSA, Chronic, Complex, Adult, Industrialized)	A
	STAIR Narrative Therapy Compared to Treatment As Usual (TAU) among Women with Complex Trauma: Design, Results and Differential Predictors of Outcome (Cloitre, Marylene, PhD ; Jackson, Christie, PhD; Falvey, Erin, PhD; Henn-Haase, Clare, PsyD; Herman, Judith, MD; Kamath, Jayesh, MD PhD; Kaslow, Nadine, PhD, ABPP; Krupnick, Janice, PhD; Mendelsohn, Michaela, PhD; Garvert, Donn, MS; Petkova, Eva, PhD) (Clin Res, Commun, Complex, Pub Health, Adult, Industrialized)	M
Panel Virginia A Immigrant/ Refugee	From Community Based Participatory Research (CBPR) to Policy: How Community Partnerships Lead to Systemic Change (Abdi, Saida, LICSW; Agalab, Naima, BA; Merchant, Abdul-Malik, MSW Candidate; Cardeli, Emma, PhD; Miller, Alisa, PhD; Ellis, Heidi, PhD) (Social, Commun, Comm/Int, Cul Div, RefugeeChild/Adol, Industrialized)	I
Panel Roosevelt 5 Gender/ Orientation	Trans-Formative Change: Policy, Treatment, and Community Goals for Supporting Transgender Trauma Survivors (<u>Minshew, Reese, PhD</u> ; Weiss, Ben, MSW Candidate; Gresham, Stephen, PhD; Tobin, Harper Jean, JD; Ruth, Richard, PhD) (CulDiv, Chronic, Gender, Lifespan, Industrialized)	I
Workshop Virginia C	Using Dialectical Behavior Therapy Strategies to Reduce Emotional Eating in Ethnic Minority Survivors of Childhood Sexual Abuse (Westphal, Maren, PhD ; Horowitz, Melissa, PsyD) (Practice, CSA, Cul Div, Ethnic, Adult, Industrialized)	M
Workshop Washington 4 Military/ Veterans	How to Develop Partnerships to Conduct PTSD Medication Trials (<u>Gleason, Terri, PhD</u> ; Smyth, Miriam, PhD; O'Brien, Robert, PhD; Foster, Katrina, PhD; Nord, Kristina, MS) (Clin Res, Practice, Res Meth, Mil/Vets, Adult, Industrialized)	M

Presenters' names are in **bold**. Discussants' names are underlined. Moderators' names are in **bold and underlined**.
Guides to keyword abbreviations located on pages 6-8. (Primary Keyword, Secondary Keywords, Population Type, Presentation Level, Region)

Daily Schedule

Thursday, November 8, 9:45 a.m. – 11:00 a.m.

Concurrent Session One

Presentation
Level

Case Studies Roosevelt 4	Dissociative Identity Disorder and Complex Trauma in Adolescence: A Case Study Presentation of a Successful Treatment Intervention for DID Resulting from Complex Trauma (DeVore, Benjamin, Doctoral Student ; <u>Sullivan, Connor, MS</u> ; <u>Swain, Deanna, Doctoral Student</u> ; <u>Jones, Russell, PhD</u>) (Practice, Affect/Int, CSA, Cog/Int, Complex; Child/Adol, N/A)	M
	IPT for PTSD means Treatment of PTSD without Exposure, a Case Study (De Jong, Joop, MD) (Practice, Practice, Adult, Industrialized)	I
	From Turmoil to Operational: Psychological Treatment of Military-related PTSD (Smith, Wanda, PhD, Cpsych) (Practice, Aggress, Depr, Sub/Abuse, Mil/Vets; Adult, N/A)	M
Multi-Media Virginia B Child Trauma	Integrating Research, Training, and Resource Development to Improve Trauma-informed Services for Transition Age Youth: A Multi-Media Workshop (Kisiel, Cassandra, PhD ; Habib, Mandy, PsyD ; Stokes, Chaney, BSW, MA ; <u>Spinelli, Tawny, PhD Student</u> ; <u>Riley, Tracey, BA</u> ; <u>Spinazzola, Joseph, PhD</u>) (Train/Ed/Dis, Complex, Dev/Int, Media, Child/Adol, Industrialized)	M
Delaware A/B	New Attendee Orientation	

Presenters' names are in **bold**. Discussants' names are underlined. Moderators' names are in **bold and underlined**.
Guides to keyword abbreviations located on pages 6-8. (Primary Keyword, Secondary Keywords, Population Type, Presentation Level, Region)

Daily Schedule

Thursday, November 8, 11:15 a.m. – 12:30 p.m.

Concurrent Session Two

Presentation
Level

Invited Speaker Salon 2/3	Invited Speaker: ‘Culturally Intelligent Community Based Practice’ An Integrated Systems Approach for Working with Juvenile Sex Offenders: Research and Perspectives from the Caribbean (Jones, Adele, PhD) (Commun, CPA, CSA, Comm/Int, Rape, Child/Adol, Latin Amer & Carib)	
Symposium Virginia B	Transforming Research into Trauma-informed Interventions for Vulnerable High-Risk Traumatized Youth: Getting Kids Safer, Self-regulated, and Engaged in Services Chair (Ford, Julian, PhD)	M
Child Trauma	Race/Ethnicity, Trauma, and Service Utilization Among Justice Involved and Uninvolved Youth (Pickens, Isaiah, PhD) (CulDiv, Clin Res, Ethnic, Pub Health, Child/Adol, N/A)	M
	Does PTSD Symptom Severity Impact the Association Between Delinquency Risk Ratings and Legal Outcomes in Detained Adolescents? (Feingold, Zoe, BA; Kaufman, Holly, MA; Cruise, Keith, PhD; Ford, Julian, PhD) (Assess Dx, Aggress, Assess Dx, Child/Adol, Industrialized)	M
	Creating Trauma-Informed Juvenile Justice Agencies: Lessons Learned from Multiple Projects (Baetz, Carly, PhD; Branson, Christopher, PhD) (Clin Res, Chronic, Train/Ed/Dis, Self-Care, Lifespan, Industrialized)	M
	Integrating Trauma-Informed Care Into Community-Based Gang Intervention Programming (Dierkhising, Carly, PhD; McCloud, Alfred (A.J.), MSW; Gutierrez, Luis, MS) (Clin Res, Commun, Child/Adol, Industrialized)	M

Presenters' names are in **bold**. Discussants' names are underlined. Moderators' names are in **bold and underlined**.
 Guides to keyword abbreviations located on pages 6-8. (Primary Keyword, Secondary Keywords, Population Type, Presentation Level, Region)

Daily Schedule

Thursday, November 8, 11:15 a.m. – 12:30 p.m.

Concurrent Session Two

Presentation
Level

Symposium Washington 1 Assessment & Diagnosis	Examining Similarities and Discrepancies in Outcomes Assessed by the CAPS-5 and PCL-5 <i>Chair (Marx, Brian, PhD)</i> <i>Discussant (<u>Schnurr, Paula, PhD</u>)</i>	
	Understanding the Concordance between the CAPS-5 and the PCL-5 <i>(Bovin, Michelle, PhD; Lee, Daniel, MS; Thompson-Hollands, Johanna, PhD; Dutra, Sunny, PhD Student; Kleiman, Sarah, PhD; Moshier, Samantha, PhD; Sloan, Denise, PhD; Marx, Brian, PhD)</i> (Assess Dx, Res Meth, Adult, Industrialized)	M
	Longitudinal Change and Predictive Ability of the CAPS-5 and PCL-5 <i>(Thompson-Hollands, Johanna, PhD; Lee, Daniel, MS; Marx, Brian, PhD; Bovin, Michelle, PhD; Kleiman, Sarah, PhD; Moshier, Samantha, PhD; Dutra, Sunny, PhD Student; Sloan, Denise, PhD)</i> (Assess Dx, Clin Res, Adult, Industrialized)	M
	A Comparison of the CAPS-5 and PCL-5 in Active Duty Military and Veteran Treatment-seeking Samples <i>(Resick, Patricia, PhD, ABPP; Peterson, Alan, PhD; McGeary, Donald, PhD; Taylor, Daniel, PhD; Mintz, Jim, PhD; Wachen, Jennifer, PhD)</i> (Assess Dx, Assess Dx, Res Meth, Mil/Vets, Adult, Industrialized)	M
	Comparing the CAPS-5, PCL-5 patient report and PCL-5 partner report in dyadic PTSD treatment studies <i>(Wagner, Anne, PhD; Monson, Candice, PhD, Cpsych; Mithoefer, Michael, MD; Mithoefer, Ann, BSN; Pukay-Martin, Nicole, PhD)</i> (Clin Res, Assess Dx, Adult, Industrialized)	M
Symposium Washington 2 Immigrant/Refugee	Addressing Barriers to Scale: Innovations to Psychological Interventions in Refugee Crises and Humanitarian Settings <i>Chair (Brandon Kohrt, MD, PhD)</i>	
	A Common Elements Treatment Approach to Address Implementation and Scale-up Barriers in Low- and Middle-income Countries <i>(Murray, Laura, PhD; Kane, Jeremy, MPH; Skavenski van Wyk, Stephanie, MPH, MSW; Melendez, Flor, MPH; Bolton, Paul, MB BS)</i> (Clin Res, Global, Sub/Abuse, Train/Ed/Dis, Adult, Global)	M
	Evaluation of the Effectiveness and Implementation of a Brief Behavioral Intervention on Psychological Distress among Women with a History of Gender-Based Violence in Kenya <i>(Bryant, Richard, PhD; Schafer, Alison, PhD; Dawson, Katie, PhD; Anjuri, Dorothy, BA; Mulili, Caroline, BA; Ndogoni, Lincoln, MSc; Koyiet, Phiona, BA; Sijbrandij, Marit, PhD; Ulate, Jeanette, MD; van Ommeren, Mark, PhD)</i> (Commun, Clin Res, Commun, Global, Gender, Adult, E & S Africa)	I
	The Effectiveness of a Guided Self-Help Intervention for South Sudanese Refugee Women: a Cluster Randomized Controlled Trial <i>(Tol, Wietse, PhD; Lakin, Daniel, MA; Augustinavicius, Jura, PHD, MHS, MSc; Brown, Felicity, PhD; Bryant, Richard, PhD; Carswell, Kenneth, PhD; Kogan, Cary, PhD; Musci, Rashelle, PhD; Ventevogel, Peter, MD)</i> (Commun, Global, Media, Refugee, Civil/War, Adult, E & S Africa)	M

Presenters' names are in **bold**. Discussants' names are underlined. Moderators' names are in **bold and underlined**.
 Guides to keyword abbreviations located on pages 6-8. (Primary Keyword, Secondary Keywords, Population Type, Presentation Level, Region)

Daily Schedule

Thursday, November 8, 11:15 a.m. – 12:30 p.m.

Concurrent Session Two

Presentation
Level

Symposium Washington 4 Military/ Veterans	How Are Evidence-Based Psychotherapies Delivered in VA Clinics? Drop Out and Engagement in Trauma-Focused Treatments <i>Co-Chairs (Niles, Barbara, PhD; Smidt, Katharine, PhD)</i> <i>Discussant (Chard, Kathleen, PhD)</i>	
	Examining Efforts to Reduce Trauma-focused Evidence-based Psychotherapy (TF-EBP) Dropout Rates: Comparison Across Two Rounds of Program Evaluation Data <i>(Smidt, Katharine, PhD; Niles, Barbara, PhD; Weinstein, Elizabeth, BA; Fisher, Lisa, PhD)</i> (Practice, Clin Res, Mil/Vets, Adult, N/A)	I
	Why Do Some Dropout While Others Complete? Describing the Diverging Experiences of Veterans Receiving Trauma-Focused Therapy <i>(Kehle-Forbes, Shannon, PhD; Ackland, Princess, PhD, MPH; Chard, Kathleen, PhD; Foa, Edna, PhD; Gerould, Heather, MS; Lyon, Alexandra, BS; Meis, Laura, PhD; Orazem, Robert, PhD; Polusny, Melissa, PhD; Schnurr, Paula, PhD; Spoont, Michele, PhD; Zickmund, Susan, PhD)</i> (Clin Res, Practice, Adult, Industrialized)	M
	When Thoughts of Dropout Arise: Interventions Used in Cognitive Processing Therapy and Prolonged Exposure <i>(Ackland, Princess, PhD, MPH; Meis, Laura, PhD LP; Orazem, Robert, PhD; Gerould, Heather, MS; Lyon, Alexandra, BS; Kehle-Forbes, Shannon, PhD)</i> (Clin Res, Clin Res, Mil/Vets, Adult, Industrialized)	M
	A Comparison of Dropout from Evidence-Based PTSD Psychotherapy across Three Treatment Modalities <i>(Stayton, Laura, PhD; Dickstein, Benjamin, PhD; Chard, Kathleen, PhD)</i> (Practice, Cog/Int, Adult, Industrialized)	I
Symposium Washington 5 Gender/ Orientation	Girls and Women in the Legal System: From Trauma Exposure to Trauma-Focused Treatment <i>Chair (Karlsson, Marie, PhD)</i>	
	Associations Between Types of Trauma Exposure and Posttraumatic Symptoms of Over- and Undermodulation: Gender Differences and Similarities <i>(Kidwell, Mallory, BA (Hons); Modrowski, Crosby, MS (PhD Student); Kerig, Patricia, PhD)</i> (CulDiv, CPA, CSA, Gender, Child/Adol, Industrialized)	M
	Testing Gender Differences in Models of Trauma-Linked Acquired Callousness in a Sample of Justice-Involved Youth <i>(Kerig, Patricia, PhD; Chaplo, Shannon, Doctoral Student; Modrowski, Crosby, MS (PhD Student))</i> (Assess Dx, CPA, CSA, Gender, Child/Adol, Industrialized)	M
	Effectiveness of a Brief Exposure-Based Group Treatment with Incarcerated Women <i>(Karlsson, Marie, PhD; Zielinski, Melissa, PhD; Bridges, Ana, PhD)</i> (Clin Res, CSA, Rape, Adult, Industrialized)	M
	“I’m Not Alone, My Story Matters”: Re-evaluating Assumptions About the Acceptability of Group-Based Exposure Therapies in Prisons <i>(Zielinski, Melissa, PhD; Karlsson, Marie, PhD; Bridges, Ana, PhD)</i> (Clin Res, Clin Res, Practice, Rape, Gender, Adult, Industrialized)	I

Presenters’ names are in **bold**. Discussants’ names are underlined. Moderators’ names are in **bold and underlined**.
 Guides to keyword abbreviations located on pages 6-8. (Primary Keyword, Secondary Keywords, Population Type, Presentation Level, Region)

Daily Schedule

Thursday, November 8, 11:15 a.m. – 12:30 p.m.

Concurrent Session Two

Presentation
Level

Panel Virginia A Public Health	Effective Advocacy for Social Change: International, Multidimensional and Multidisciplinary Perspectives (<u>Kudler, Harold, MD</u> ; Danieli, Yael, PhD ; Clark, Roger, BA, LLD, LLM, JSD ; Fetchet, Mary, LCSW) (Social, Comm/Int, Rights, Pub Health, Intergen, N/A, Global)	M
Panel Washington 3	Innovative Adaptation Strategies for Low Intensity Interventions in Communities Affected by Adversity (Watson, Patricia, PhD ; O'Donnell, Meaghan, PhD ; Sijbrandij, Marit, PhD ; Walker, Douglas, PhD) (Commun, Comm/Int, Cul Div, Prevent, Civil/War, Adult, Industrialized)	M
Panel Virginia C	Everything You Ever Wanted to Know About Getting into Graduate School and Beyond: Perspectives on Early Career in Traumatic Stress Studies (McDermott, Timothy, Undergraduate ; Luciano, Matthew, MS ; McBain, Sacha, Doctoral Student ; Bui, Eric, MD PhD ; Patel, Anushka, PhD Student ; Cogan, Chelsea, PhD Student) (Train/Ed/Dis, AgingProf, Industrialized)	I
Workshop Roosevelt 4	Best Practices in Early Trauma Treatment: Increasing Access for Vulnerable Populations through Multidisciplinary Approaches to Practice, Program Development and Policy Change (Epstein, Carrie, LCSW ; Stolbach, Bradley, PhD ; <u>Hahn, Hilary, MPH, MA</u> ; Huizar, Teresa, MA) (Prevent, CSA, Comm/Vio, Social, Lifespan, N/A)	I

Presenters' names are in **bold**. Discussants' names are underlined. Moderators' names are in **bold and underlined**.
Guides to keyword abbreviations located on pages 6-8. (Primary Keyword, Secondary Keywords, Population Type, Presentation Level, Region)

Daily Schedule

Thursday, November 8, 11:15 a.m. – 12:30 p.m.

Concurrent Session Two

Presentation
Level

Flash Talks Roosevelt 5	Exposure to Complex Trauma and Suicidality among Trauma-exposed Children (Richmond, Kaylee, BS ; Campbell, Claudia, Undergraduate; Wamser-Nanney, Rachel, PhD) (Assess Dx, Chronic, Practice, Complex, Depr, Child/Adol, Industrialized)	M
	Conscious Appraisal Processing of Ambiguous Social Cues Mediates Increased Anger across Combat Deployment (Caruana, Julia, BSc Hons Psychology ; Felmingham, Kim, PhD; Forbes, David, PhD) (Bio Med, Affect/Int, Aggress, Mil/Vets, Neuro, Adult, Industrialized)	I
	Foster Parent and Provider Perspectives on the Mental Health Needs and Treatment Barriers of Unaccompanied Refugee Minors and Undocumented Children (Alto, Michelle, PhD Candidate ; Petrenko, Christie, PhD) (Clin Res, Clin Res, Comm/Int, Cul Div, Refugee, Child/Adol, Industrialized)	I
	Sex to Reduce Negative Affect as a Mechanism Linking Child Abuse and Posttraumatic Stress Disorder Symptoms to Risky Sex (Walsh, Kate, PhD ; Lowe, Sarah, PhD) (Assess Dx, CPA, CSA, Adult, Industrialized)	I
	Sexual Functioning among Active Duty Service Members following Completion of Cognitive Processing Therapy for PTSD (Nason, Erica, PhD ; Moring, John, PhD; Hale, Willie, PhD; Wachen, Jennifer, PhD; Cigrang, Jeffrey, PhD; Resick, Patricia, PhD, ABPP) (Clin Res, Complex, Mil/Vets, Adult, Industrialized)	M
	Assessment of Trauma-Related Needs and Strengths among Vulnerable Young Children and Families in Child Welfare (Morford, Alexandra, MA ; Kisiel, Cassandra, PhD) (Commun, Clin Res, Complex, Lifespan, Industrialized)	I
	Prenatal Sleep Quality and Mental Health Symptoms across the Perinatal Period: A Longitudinal Study of High-risk Women (Paulson, Julia, BS ; Miller-Graff, Laura, PhD; Hannon, Jessica, Undergraduate) (Clin Res, CPA, CSA, DV, Sleep, Adult, Industrialized)	M
	Trauma and Female Genital Mutilation in 12-Year-Old Girls Living in Gambia (Bendiksen, Bothild, MD PhD ; Heir, Trond, MD PhD; Lien, Inger-Lise, PhD; Ziyada, May, PhD Candidate; Minteh, Fabakary, PhD) (Global, CPA, Practice, Cul Div, Gender, Child/Adol, W & C Africa)	M
	Neurocognitive Indices Guide Early Mechanism Based Interventions for Recent Trauma Survivors (Fine, Naomi, PhD Candidate ; Ben-Zion, Ziv, PhD Student; Liberzon, Israel, MD; Etkin, Amit, MD PhD; Shalev, Arie, MD; Hendler, Talma, MD, PhD) (Prevent, Acute, Affect/Int, Assess Dx, Cog/Int, Adult, Industrialized)	M
	Training Primary Care Providers on Warzone-related PTSD: An Evaluation of an Online Knowledge Dissemination Tool to Promote Evidence-based Practices (Corry, Nida, PhD ; Olsho, Lauren, PhD; Lack, Kelly, BA; Smith, Kamala, MA; Flygare, Chris, MA; Spera, Christopher, PhD) (Train/Ed/Dis, Practice, Pub Health, Train/Ed/Dis, Care Other: Physicians, Industrialized)	I
12:30 p.m. – 1:30 p.m.		Lunch on Your Own

Daily Schedule

Thursday, November 8

Concurrent Session Three

Presentation
Level

Symposium Virginia B Child Trauma	Translating Evidence-based Treatments from Research to Practice for Child Traumatic Stress <i>Chair (Lang, Jason, PhD)</i> <i>Discussant (Berliner, Lucy, MSW)</i>	
	Are We Failing our State's Most Vulnerable Children? The South Carolina(SC) Corridor of Shame (Hanson, Rochelle, PhD; Saunders, Benjamin, PhD; Peer, Samuel, MS) (Train/Ed/Dis, Assess Dx, Practice, Child/Adol, N/A)	I
	The Effects of Evidence-based Treatments on Disparities among Children in a Statewide System of Care (Lang, Jason, PhD; Lee, Phyllis, PhD) (Train/Ed/Dis, Commun, Child/Adol, Industrialized)	M
	Clinician Readiness, Attitudes, and Perceived Barriers for Implementing a School-based Trauma Intervention (Nadeem, Erum, PhD; Rojas, Monica, MS; Miller, Sarah, MS; Hoschander, Avital, MS) (Train/Ed/Dis, Commun, Child/Adol, Industrialized)	I
	Sustainability of Trauma-focused EBTs in North Carolina (Ake, George, PhD; Pane, Heather, PhD; Blythe, Mellicent, MSW; Glienke, Beverly, MA) (Train/Ed/Dis, Train/Ed/Dis, Prof, Industrialized)	M
Symposium Washington 2 Biological/ Medical	Advancing Neural Models of Posttraumatic Stress Disorder <i>Chair (Liddell, Belinda, PhD)</i> <i>Discussant (Bryant, Richard, PhD)</i>	
	The Cerebellum after Trauma: Resting-state Functional Connectivity of the Cerebellum in Posttraumatic Stress Disorder and its Dissociative Subtype (Lanius, Ruth, MD, PhD; Rabellino, Daniela, PhD; Densmore, Maria, BSc; Theberge, Jean, PhD; McKinnon, Margaret, PhD) (Bio Med, Bio Med, Adult, Global)	
	Priming Attachment Modulates Neural Responses to Aversive Cues in Traumatized Refugees (Liddell, Belinda, PhD; Den, Miriam, PhD, MRCPsych; Malhi, Gin, PhD; Felmingham, Kim, PhD; Outhred, Tim, PhD; Das, Pritha, PhD; Nickerson, Angela, PhD; Askovic, Mirjana, BSc Hons Psychology; Coello, Mariano, BBSc, MPsych; Aroche, Jorge, BBSc, MPsych; Bryant, Richard, PhD) (Bio Med, Chronic, Cog/Int, Refugee, Neuro, Adult, Global)	
	Neural Circuitry Changes Associated with Enhancing Self-efficacy in Combat Veterans with PTSD (Brown, Adam, PhD; Titcombe, Roseann, MD PhD; Chen, Jingyun, PhD; Rahman, Nadia, BA; Kouri, Nicole, BA; Qian, Meng, PhD; Bryant, Richard, PhD; Marmar, Charles, MD) (Bio Med, Bio/Int, Mil/Vets, Neuro, Adult, Industrialized)	
	Activation in Pre-treatment Emotion Modulation Circuitry is Associated with Treatment Response in PTSD (Duval, Elizabeth, PhD LP; Sheynin, Jony, PhD; King, Anthony, PhD; Phan, Luan, MD; Simon, Naomi, MD; Martis, Brian, MD; Porter, Katherine, PhD; Norman, Sonya, PhD; Stein, Murray, MD, MPH, FRCPC; Rauch, Sheila, PhD, ABPP; Liberzon, Israel, MD) (Clin Res, Mil/Vets, Neuro, Adult, Industrialized)	

Daily Schedule

Thursday, November 8, 3:00 p.m. – 4:15 p.m.

Concurrent Session Three

Presentation
Level

Symposium Washington 4 Military/ Veterans	PTSD and Parenting in Veterans and Service Members, from Epidemiology to Treatment <i>Chair (Chard, Kathleen, PhD)</i> <i>Discussant (Monson, Candice, PhD)</i>	
	Do Couple-based Treatments for PTSD Improve the Lives of Children <i>(Chard, Kathleen, PhD; Gilman, Richard, PhD)</i> (Practice, Practice, Fam/Int, Lifespan, N/A)	I
	Parental Status and PTSD among Active Duty Military Personnel <i>(Blankenship, Abby, PhD; Dondanville, Katherine, PsyD; DeVoe, Ellen, PhD MSW; Hale, Willie, PhD; Straud, Casey, PsyD; Jacoby, Vanessa, PhD; Peterson, Alan, PhD; Williamson, Douglas, PhD)</i> (Clin Res, Anx, Depr, Fam/Int, Mil/Vets, Adult, N/A)	M
	Addressing the Parenting Needs of Veterans: VA Provider Practices and Perspectives <i>(Creech, Suzannah, PhD; Brown, Elaine, MA; Fenstermacher, Shelley, PhD; Glynn, Shirley, PhD; McCutcheon, Susan, EdD)</i> (Clin Res, Fam/Int, Adult, Industrialized)	I
Panel Virginia C	How to Practice Best When Best Practices Don't Fit: Addressing the Needs of Individuals with PTSD Who do not Benefit from or Engage in an Evidence Based Intervention <i>(Carlin, Elisabeth, PhD; Didion, Lea, PsyD; Sacks, Stephanie, PhD; Miller, Moshe, PsyD)</i> (Practice, Affect/Int, Clin Res, Practice, Cog/Int, Adult, N/A)	M
Panel Roosevelt 5 Public Health	Rationale, Barriers, and Benefits of Embedding Trauma-Focused Caregiver Training in Public Child Welfare Systems: Exploration and Discussion from Multiple Perspectives <i>(Blaustein, Margaret, PhD; Kinniburgh, Kristine, LICSW; Rushovich, Berenice, MSW; Trower, Dana, MSW)</i> (Social, Fam/Int, Social, Train/Ed/Dis, Other: Foster / resource parents, Industrialized)	M
Workshop Washington 1 Immigrant/ Refugee	"Will I be deported now?": Navigating Destabilizing Immigration Policies and the many Roles of Clinicians <i>(Iwata, Casie, MA, MSW; Hudak, Leora, MSW)</i> (Practice, Comm/Int, Cul Div, Refugee, Torture, Adult, Industrialized)	M
Workshop Washington 5 Gender/ Orientation	Emotion Focused Therapy Intervention and Prolonged Exposure Therapy or Cognitive Processing Therapy for Veterans with PTSD and Complex Childhood Trauma <i>(Powch, Irene, PhD)</i> (Practice, Practice, Complex, Rape, Gender, Adult, Industrialized)	M
Workshop Roosevelt 4 Assessment & Diagnosis	Everything You Always Wanted to Know about Psychometrics, But were Afraid to Ask <i>(Carlson, Eve, PhD)</i> (Assess Dx, Assess Dx, Clin Res, Practice, Res Meth, N/A, N/A)	I

Daily Schedule

Thursday, November 8

3:30 p.m. – 5:45 p.m.	Poster Session Two Viewing	Roosevelt 1 & 2

Level

Symposium Virginia A Biological/ Medcal	From Basic Science to Psychotherapy: Sleep's Role in Extinction Learning and Trauma Memory Modification <i>Chair (<u>Kleim, Birgit, PhD</u>)</i> <i>Discussant (<u>Neylan, Thomas, MD</u>)</i>	
	Sex Differences in Roles of REM Sleep in Fear Memory Consolidation: A Mouse Model of Post-Trauma Sleep (<u>Kobayashi, Ihori, PhD</u> ; Hatcher, Mark, BS; Boadi, Linda, MD; Wilson, Camille, Undergraduate; Polston, Eva, PhD) (Bio Med, Sleep, N/A, N/A)	M
	Sex Specificity in Sleep, Emotional Memory and PTSD (<u>Felmingham, Kim, PhD</u> ; Schuez, Benjaimin, PhD; O'Donnell, Meaghan, PhD; Forbes, David, PhD; Nickerson, Angela, PhD; Creamer, Mark, PhD; Silove, Derrick, MD PhD; McFarlane, Alexander, MD; Van Hooff, Miranda, BA (Hons), PhD; Bryant, Richard, PhD) (Bio Med, Cog/Int, Bio/Int, Sleep, Gender, Adult, Industrialized)	M
	The Role of REM Sleep in Trauma Memory Pathophysiology (<u>Kleim, Birgit, PhD</u>) (Clin Res, Acute, Bio/Int, Prevent, Sleep, Adult, Industrialized)	M
	Do Theta Power and other Baseline REM Sleep Parameters Predict Fear Conditioning, Extinction, and Extinction Recall in Healthy Adults? (<u>Germain, Anne, PhD</u>) (Bio Med, Sleep, Adult, N/A)	M
Symposium Virginia B Child Trauma	Trauma Training for Foster Parents: Evaluation of Three Models Implemented in the Child Welfare System <i>Chair (<u>Dym Bartlett, Jessica, PhD</u>)</i>	
	An Evaluation of Trauma Systems Therapy-foster Care in Public Child Welfare Settings (<u>Brown, Adam, PsyD</u>) (Clin Res, Commun, Complex, Child/Adol, Industrialized)	M
	ARC Reflections: Pilot Evaluation of Implementation Process and Outcomes for a Trauma-focused Child Welfare Skill-building Curriculum (<u>Blaustein, Margaret, PhD</u> ; Kinniburgh, Kristine, LICSW) (Train/Ed/Dis, Complex, Fam/Int, Social, Other: Child Welfare / Foster parents, Industrialized)	M
	Study of the Resource Parent Curriculum with a Diverse Range of Resource Parents (<u>Sullivan, Kelly, PhD</u> ; Murray, Kate, PhD; Ake III, George, PhD) (Clin Res, CPA, Complex, Fam/Int, Train/Ed/Dis, Lifespan, Industrialized)	M

Thursday, November 8, 4:30 p.m. – 5:45 p.m.

Concurrent Session Four

Presentation
Level

Symposium Washington 2 Immigrant/ Refugee	Improving Mental Health Outcomes in Low-resource Humanitarian Crises: Local Perspectives and Implementation Challenges <i>Chair (Kaysen, Debra, PhD, ABPP)</i>	
	Multi-sectoral Integration of Psychosocial Interventions in Low-resource Settings: Lessons Learned from the Implementation of an Integrated Mental Health and Protection Intervention for Refugees (Greene, Claire, MPH; Scognamiglio Pasini, Thea, MD; Tol, Wietse, PhD) (Global, Cog/Int, DV, Refugee, Adult, E & S Africa)	M
	Priority Problems and Impact on Well-being from the Perspective of Refugees: a Case Study among South Sudanese Refugees in Northern Uganda (Augustinavicius, Jura, PHD, MHS, MSc; Lakin, Daniel, MA; Marx, Leku, BPh; Brown, Felicity, PhD; White, Ross, PhD, DClinPsy, FHEA, CPsychol; Bryant, Richard, PhD; Tol, Wietse, PhD) (Clin Res, Clin Res, Pub Health, Refugee, Res Meth, Adult, E & S Africa)	I
	When Interventions End: Reflections on Sustainability and Responsibility from Client, Provider, and Organizational Perspectives (Lakin, Daniel, MA; Murray, Sarah, PhD; Kaysen, Debra, PhD, ABPP; Matabaro, Amani, BS; Bolton, Paul, MB BS; Bass, Judith, PhD, MPH) (Pub Health, Clin Res, Commun, Complex, Global, Adult, W & C Africa)	I
	Current Approaches to Evidence-based Treatment for PTSD and Implications for Global Mental Health (Kaysen, Debra, PhD, ABPP) (Train/Ed/Dis, Clin Res, Commun, Adult, Industrialized)	I
Panel Washington 1 Assessment & Diagnosis	Defining Treatment-resistant PTSD: Research and Treatment Opportunities (Sippel, Lauren, PhD; Galovski, Tara, PhD; Holtzheimer, Paul, MD; Olff, Miranda, PhD; Schnurr, Paula, PhD) (Assess Dx, Clin Res, Practice, Res Meth, Theory, Adult, N/A)	M
Panel Washington 4 Military/ Veterans	“Basic Training for Treaters” and “Warrior Partnership”: Teaching Military Culture to Enhance Treatment Alliance in the At-risk Veteran Population (Amen, Shelley, MD PhD; Burek, Gregory, MD; Harpaz-Rotem, Ilan, PhD; Southwick, Steven, MD) (Train/Ed/Dis, Complex, Cul Div, Grief, Mil/Vets, Prof, N/A)	M
Workshop Virginia C Public Health	Beyond the Medical Model: A Contextualized Justice and Conflict-informed Trauma Program across Five Continents (Hooker, David, PhD, JD, MDiv, MPH; Yoder, Carolyn, MA, LPC; Barge, Elaine, MA) (Train/Ed/Dis, Comm/Int, Bio/Int, Surv/Hist, Civil/War, Adult, Global)	M
Workshop Washington 3	Treating Drug-facilitated Sexual Assault: Implementing an Evidence-based Integrative Therapy to Address the Unique Needs of Survivors (STAR-DFSA) (Fields, Laurie, PhD; Zhang, Huaiyu, PhD; Richer, Laurie, DO; Classen, Catherine, PhD, Cpsych; Shumway, Martha, PhD; Murphy, Melissa, MPH, MSW) (Clin Res, Cog/Int, Rape, Sub/Abuse, Train/Ed/Dis, Adult, Industrialized)	M
Workshop Roosevelt 4	Care for People Experiencing Homelessness: Providers Moving from Trauma Theory to Organizational Practice (Cavanaugh, Katherine, MSW; Hishida, Juli, MS) (Train/Ed/Dis, Comm/Int, Cul Div, Social, Care, Other: Health Care & Social Service Providers, Industrialized)	I

Daily Schedule

Friday, November 9, 3:00 p.m. – 4:15 p.m.

Concurrent Session Seven

Presentation
Level

Symposium Salon 3 Military/ Veterans	What If We Don't Talk About Trauma? Evidence-Based Alternatives to Trauma-Focused Psychotherapy <i>Chair (Rosen, Craig, PhD)</i> <i>Discussant (<u>Schnurr, Paula, PhD</u>)</i>	
	Present Centered Therapy for PTSD: Origins, Theoretical Basis, and Key Components (Shea, M., PhD) (Clin Res, Train/Ed/Dis, Adult, Industrialized)	M
	Present Centered Therapy for Posttraumatic Stress Disorder in Adults: A Systematic Review of the Evidence (Belsher, Bradley, PhD ; <i>Beech, Erin, MA</i> ; <i>Evatt, Daniel, PhD</i> ; <i>Otto, Jean, PhD</i> ; <i>Rosen, Craig, PhD</i> ; <i>Schnurr, Paula, PhD</i>) (Clin Res, Clin Res, Practice, Res Meth, Mil/Vets, Adult, Global)	M
	Interpersonal Psychotherapy for PTSD (IPT-PTSD) for Veterans (Krupnick, Janice, PhD) (Clin Res, Clin Res, Mil/Vets, Adult, Industrialized)	M
	STAIR as a Stand-alone Treatment: Results from a Randomized Controlled Trial (Cloitre, Marylene, PhD ; <i>Jimeno, Julia, BA</i> ; <i>Ortigo, Kile, PhD</i> ; <i>Weiss, Brandon, PhD</i> ; <i>Jain, Shaili, MD</i>) (Clin Res, Affect/Int, Clin Res, Care, Adult, Industrialized)	M
Symposium Virginia C Gender/ Orientation	Trauma, PTSD, and Eating Disorders: Understanding Prevalence, Mechanisms of Association, and Implications for Treatment <i>Chair (Holmes, Samantha, MA)</i> <i>Discussant (<u>Maguen, Shira, PhD</u>)</i>	
	PTSD, Depression, and Disordered Eating among Female Veterans (Hebenstreit, Claire, PhD ; <i>Dinh, Julie, BA</i> ; <i>Donalson, Rosemary, MPH</i> ; <i>Maguen, Shira, PhD</i>) (Clin Res, Pub Health, Mil/Vets, Gender, Adult, Industrialized)	M
	Intimate Partner Violence and Eating Disorder Symptoms in Female Veterans: The Mediating Role of PTSD and Depression (Mitchell, Karen, PhD ; <i>Huston, Julia, MA</i> ; <i>Iverson, Katherine, PhD</i>) (Prevent, Depr, Rape, Gender, Adult, N/A)	M
	Understanding the Relationship between Interpersonal Trauma and Eating Disorder Symptoms: An Extension of the Model of Psychological Adaptation (Holmes, Samantha, MA ; <i>Johnson, Nicole, PhD</i> ; <i>Johnson, Dawn, PhD</i>) (Clin Res, Cog/Int, Gender, Adult, Industrialized)	M
	Acceptability and Efficacy of a Novel Group Intervention for Adults with Co-occurring Eating Disorders and PTSD: An Integrated Treatment Approach (Liebman, Rachel, PhD ; <i>Van Buren, Brian, MA</i> ; <i>Ani, Keshishian, BA/BS</i> ; <i>Kendra, Becker, PhD</i> ; <i>Eddy, Kamryn, PhD</i> ; <i>Thomas, Jennifer, PhD</i>) (Clin Res, Affect/Int, Assess Dx, QoL, Adult, Industrialized)	M

Presenters' names are in **bold**. Discussants' names are underlined. Moderators' names are in **bold and underlined**.
Guides to keyword abbreviations located on pages 6-8. (Primary Keyword, Secondary Keywords, Population Type, Presentation Level, Region)

Daily Schedule

Friday, November 9, 3:00 p.m. – 4:15 p.m.

Concurrent Session Seven

Presentation

Symposium Washington 2 Biological/ Medical	Trauma from Child to Adulthood: The Impact of Timing of Trauma on Neurobiological Response <i>Chair (Felmingham, Kim, PhD)</i> <i>Discussant (Schmahl, Christian, MD)</i>	
	Are there Effects of Childhood and Adolescent Maltreatment on Brain Volume and Function during Sensitive Time Periods? <i>(Herzog, Julia, PhD Candidate; Thome, Janine, PhD Candidate; Bohus, Martin, MD; Lis, Stefanie, PhD; Schmahl, Christian, MD)</i> (Clin Res, CPA, CSA, Complex, Bio/Int, Adult, Industrialized)	I
	Differential Effects of Exposure to Specific Traumatic Events versus Ongoing Traumatic Neighborhood Violence on Brain Structure and Function in Children <i>(van Rooij, Sanne, PhD; Stevens, Jennifer, PhD; Smith, Ryan, MD; Ely, Timothy, BSc; Jovanovic, Tanja, PhD)</i> (Bio Med, Chronic, Comm/Vio, Bio/Int, Neuro, Child/Adol, Industrialized)	M
	Abnormal Development of Amygdala-Salience Network Connectivity during Emotion Processing in Pediatric Post-traumatic Stress Disorder <i>(Keding, Taylor, BSc; Herringa, Ryan, MD PhD)</i> (Bio Med, Bio Med, CPA, CSA, Neuro, Child/Adol, Industrialized)	A
	Using Machine Learning to Discriminate the Impact of Timing of Childhood Trauma on Deployment Related Neurocognitive Functioning in a Military Sample <i>(Miller, Lisa, PhD Student; Hogendoorn, Hinze, PhD; Forbes, David, PhD; Simmons, Julian, PhD; McFarlane, Alexander, MD; Van Hooff, Miranda, BA (Hons), PhD; Whittle, Sarah, PhD; Lawrence-Wood, Ellie, BSc Hons Psychology; Felmingham, Kim, PhD)</i> (Clin Res, Dev/Int, Res Meth, Mil/Vets, Neuro, Adult, Industrialized)	M
Symposium Washington 5	Shifting Standards of Clinical Practice and Policy Regarding Treatment of Co-occurring PTSD and Substance Use Problems in Teens and Adults: Implications from NIDA-Funded Clinical Trials <i>Chair (Kmett Danielson, Carla, PhD)</i> <i>Discussant (Aklin, Will, PhD)</i>	
	Updating our Clinical Toolkit to Target Co-occurring PTSD and SUP in Adolescents: User-centered Development of an Integrated, Modular Mobile App for Adolescents <i>(Adams, Zachary, PhD; Kmett Danielson, Carla, PhD; Patel, Sachin, MSc; Ruggiero, Kenneth, PhD; Treiber, Frank, PhD)</i> (Clin Res, Tech, Child/Adol, Industrialized)	I
	PTSD and Substance Use Disorders: Examining PTSD Severity, Substance Use, and Dropout Following Imaginal Exposure <i>(Jarnecke, Amber, PhD; Allan, Nicholas, PhD; Badour, Christal, PhD; Flanagan, Julianne, PhD; Killeen, Therese, PhD, RN; Back, Sudie, PhD)</i> (Clin Res, Clin Res, Sub/Abuse, Adult, Industrialized)	
	DNA Methylation Differences as a Function of PTSD Symptom Severity and Treatment <i>(Sheerin, Christina, PhD; York, Timothy, PhD; Smalling, Anna, MA, MSW; Walker, Jesse, BA; Kmett Danielson, Carla, PhD; Amstadter, Ananda, PhD)</i> (Bio Med, CSA, Clin Res, Gen/Int, Genetic, Child/Adol, Industrialized)	
	Exposure-based Treatment for Adolescents with Co-occurring PTSD and Substance Use Problems: Findings from a Stage II RCT of Risk Reduction through Family Therapy (RRFT) <i>(Kmett Danielson, Carla, PhD; Adams, Zachary, PhD; Chapman, Jason, PhD; McCart, Michael, PhD; Sheidow, Ashli, PhD; Walker, Jesse, BA; Smalling, Anna, MA, MSW; de Arellano, Michael, PhD)</i> (Clin Res, Complex, Fam/Int, Rape, Sub/Abuse, Child/Adol, Industrialized)	

Daily Schedule

Friday, November 9, 3:00 p.m. – 4:15 p.m.

Concurrent Session Seven

Presentation
Level

Symposium Roosevelt 4	Trauma and Aging: Examining and Integrating New Findings on Health Outcomes, Mental Health Utilization, and Treatment in Older Adults <i>Chair (Smith, Brian, PhD)</i> <i>Discussant (Davison, Eve, PhD)</i>	
	Consequences of Combat and Deployment in Male Vietnam Veterans 40 Years Later (Magruder, Kathryn, PhD, MPH; Goldberg, Jack, PhD) (Pub Health, Pub Health, Mil/Vets, Aging, Older, Industrialized)	I
	The Impact of Stress Exposures and Mental Health Sequelae on Health, Functioning, and Disability in Vietnam-era Women Veterans (Smith, Brian, PhD; Spiro III, Avron, PhD; Magruder, Kathryn, PhD, MPH) (Pub Health, Health, Mil/Vets, Aging, Gender, Older, Industrialized)	M
	Age Related Differences in Mental Health Care Service Utilization in Veterans with a History of Military Sexual Trauma. (Porter, Katherine, PhD; Kane, Naomi, MA PhD Student; Smith, Erin, PhD; Cochran, Heather, PhD; Lyubkin, Mark, MD; Sexton, Minden, PhD) (Clin Res, Rape, Mil/Vets, Aging, Older, N/A)	I
	Later-adulthood Trauma Reengagement in Vietnam Veterans with PTSD: Impact of a Psychoeducational Discussion Group (Pless Kaiser, Anica, PhD; O'Malley, Kelly, PhD; Bamonti, Patricia, Clinical Psychologist) (Clin Res, QoL, Mil/Vets, Aging, Older, Industrialized)	I
Panel Virginia B Child Trauma	Two Empirically-based Treatment Models for Complex Trauma in High Risk Adolescents (Lanktree, Cheryl, PhD; Habib, Mandy, PsyD; Briere, John, PhD; Labruna, Victor, PhD) (Practice, Chronic, Complex, Cul Div, Child/Adol, Industrialized)	M
Panel Washington 4	Some Surviving Elephants in the Field of PTSD: Seniors' Reflections (Danieli, Yael, PhD; Marmar, Charles, MD; Weisath, Lars, MD PhD; Engdahl, Brian, PhD) (Clin Res, Complex, Health, Mil/Vets, Intergen, Lifespan, Global)	A
Workshop Virginia A Public Health	Racial Justice and Trauma-informed Resilient Communities (Kiser, Laurel, PhD MBA; Connors, Kathleen, MSW, LCSW; Trueheart, Kim, BA; Murray, Brian, ThM) (Commun, Chronic, Pub Health, Surv/Hist, Intergen, N/A, Industrialized)	M
Workshop Washington 1 Assessment & Diagnosis	A Practical Guide to Experience Sampling Methodology (Greene, Talya, PhD MPH) (Res Meth, Assess Dx, Train/Ed/Dis, N/A, N/A)	I
Workshop Washington 3 Immigrant/ Refugee	Advocating for Asylum Seekers in a Time of Record Forced Displacement: a Collaborative, Inter-disciplinary Approach (McQuaid, PhD, Jennifer, PhD; McKenzie, MD, Katherine, MD; Pyati, JD, Archi, JD) (Global, Rights, Refugee, Torture, Train/Ed/Dis, Adult, Global)	M

Presenters' names are in **bold**. Discussants' names are underlined. Moderators' names are in **bold and underlined**.
Guides to keyword abbreviations located on pages 6-8. (Primary Keyword, Secondary Keywords, Population Type, Presentation Level, Region)

Daily Schedule

Friday, November 9, 3:00 p.m. – 4:15 p.m.

Concurrent Session Seven

Presentation
Level

Flash Talks Roosevelt 5	Relational Factors in the Childhood Emotional Abuse - suicidal Ideation Link (Allbaugh, Lucy, PhD ; Mack, Sallie, BS; Culmone, Hailey, BS; Hosey, Ashley, BS; Dunn, Sarah, PhD, ABPP; Kaslow, Nadine, PhD, ABPP) (Clin Res, Cul Div, Fam/Int, Prevent, Adult, Industrialized)	M
	Adverse Childhood Experiences and Adolescents' Psychosocial Problems in different Economic Contexts (Ajduković, Marina, PhD ; Sušac, Nika, PhD Candidate; Rezo, Ines, PhD Student) (Social, CPA, Depr, Child/Adol, C & E Europe & Indep)	M
	Fear, and not Dysphoria, Symptoms of Posttraumatic Stress Disorder Predict Incident Hypertension Over 24 Years in a Large Cohort of Younger and Middle-aged Women (Sumner, Jennifer, PhD ; Kubzansky, Laura, PhD MPH; Roberts, Andrea, PhD; Chen, Qixuan, PhD; Rimm, Eric, ScD; Koenen, Karestan, PhD) (Bio Med, Bio Med, Health, Illness, Adult, N/A)	M
	Cumulative Violence Exposure, Substance Use and PTSD among Street-based Female Sex Workers in Baltimore, Maryland (Park, Ju Nyeong, PhD Candidate ; Bass, Judith, PhD, MPH; Decker, Michele, ScD; Sherman, Susan, PhD) (Pub Health, Pub Health, Rape, Sub/Abuse, Gender, Adult, Industrialized)	A
	"Negative Nancy": The Roles of Trauma and Mental Health on Mothers' Negative Talk toward Children (Scheid, Caroline, BA ; Miller-Graff, Laura, PhD; Johnston, Colleen, BA) (Clin Res, Commun, Fam/Int, Prevent, Res Meth, Lifespan, Industrialized)	M
	The Assessment of Psychopathology among Traumatized Refugees: Measurement Invariance of the Clinician Administered PTSD Scale for DSM-5 (CAPS-5) (Wind, Tim, PhD, MSc ; Van der Aa, Niels, PhD; Ter Heide, Jackie June, MA PhD Student; Boeschoten, Manon, PhD; Knipscheer, Jeroen, MD, PhD; De la Rie, Simone, PhD) (Assess Dx, Assess Dx, Practice, Cul Div, Res Meth, Adult, Global)	A
	National Implementation of a Trauma-informed Intervention for Intimate Partner Violence in Veterans: Two-year outcomes (Creech, Suzannah, PhD; Gnall, Katherine, BS, BA; Murphy, Christopher, PhD; Taft, Casey, PhD) (Clin Res, Aggress, DV, Fam/Int, Adult, Industrialized)	I
	Early Somatic Symptoms Predict Posttraumatic Stress over Time. The Utøya Study (Stensland, Synne, MD PhD ; Thoresen, Siri, PhD; Jensen, Tine, PhD; Wentzel-Larsen, ToRe, MSc; Dyb, Grete, MD PhD) (Practice, Sleep, Terror, Lifespan, Industrialized)	M
	Referral to Treatment Completion: Timing of Dropout from Military Sexual Trauma-Related Treatment in a Mixed-gender Outpatient Sample of Veterans (Crawford, Jennifer, PhD ; Holohan, Dana, PhD) (Clin Res, Practice, Rape, Gender, Adult, Industrialized)	M
	Who in US Veterans' Social Networks Encourage or Discourage them to Pursue Mental Health Treatment for PTSD? (Spoont, Michele, PhD ; MacDermid Wadsworth, Shelley, PhD; Meis, Laura, PhD LP; Topp, David, PhD) (CulDiv, Fam/Int, Mil/Vets, Adult, Industrialized)	I

Presenters' names are in **bold**. Discussants' names are underlined. Moderators' names are in **bold and underlined**.
Guides to keyword abbreviations located on pages 6-8. (Primary Keyword, Secondary Keywords, Population Type, Presentation Level, Region)

Daily Schedule

Friday, November 9, 4:30 p.m. – 5:45 p.m.

Concurrent Session Eight

Presentation
Level

Symposium Salon 3	Influence of Culture on the Development, Maintenance and Treatment of PTSD <i>Chair (Bryant, Richard, PhD)</i> <i>Discussant (<u>Liddell, Belinda, PhD</u>)</i>	
	Influence of Culture on the Remembering of Trauma (Jobson, Laura, PhD ; Dagleish, Tim, PhD; Moradi, Ali Reza, PhD; Neshat-Doost, Hamid, PhD; Berzengi, Azi, DPsych, Clin; Conway, Martin, PhD) (CulDiv, Cog/Int, Global, Adult, Global)	I
	The Impact of Culture on Cognitive Appraisals: Implications for the Development, Maintenance and Treatment of Posttraumatic Stress Disorder (Bernardi, Jessica , ; Jobson, Laura, PhD) (Clin Res, Practice, Cog/Int, Cul Div, Adult, Global)	I
	Understanding the Effects of Trauma in Refugee Health: Sleep Disturbance, PTSD, Anxiety, Depression, Psychosocial Issues, and Migrations Stress (Lies, July, DPsych, Clin ; Jobson, Laura, PhD; Drummond, Sean, PhD) (CulDiv, Health, Rights, Refugee, Sleep, Lifespan, Industrialized)	I
Symposium Virginia A Gender/ Orientation	Understanding the Experience of Trauma and Minority Stress in Lesbian, Gay, Bisexual, and Transgender Populations: Implications for Conceptualization, Practice, and Policy <i>Chair (Scholl, James, MA PhD Student)</i> <i>Discussant (<u>Shipherd, Jillian, PhD</u>)</i>	
	Non-affirmation and Exposure to Anti-transgender Bias Related to Increased Severity of PTSD Symptoms: Evaluating a Model of Partial Mediation by Internalized Transphobia (Barr, Sebastian, PhD) (CulDiv, Chronic, Gender, Adult, Industrialized)	M
	Predicting Suicidal Ideation and Behaviors in Transgender Individuals: An Examination of Traumatic Experiences, Distal Stressors and Proximal Stressors (Cogan, Chelsea, PhD Student ; Scholl, James, MA PhD Student; Lee, Jenny, BS; Davis, Joanne, PhD) (CulDiv, Prevent, Pub Health, Theory, Gender, Adult, Industrialized)	I
	Predicting Posttraumatic Stress Symptoms in a Sample of Sexual Minority Service Members (Micol, Rachel, MA PhD Student ; Scholl, James, MA PhD Student; Davis, Joanne, PhD) (CulDiv, Practice, Cul Div, Orient, Social, Adult, Industrialized)	I
	Posttraumatic Stress Symptoms in the Transgender Population: An Examination of Minority Stress Theory (Scholl, James, MA PhD Student ; Micol, Rachel, MA PhD Student; Cole, Hannah, Undergraduate; Davis, Joanne, PhD) (CulDiv, Theory, Gender, Adult, Industrialized)	I

Presenters' names are in **bold**. Discussants' names are underlined. Moderators' names are in **bold and underlined**.
Guides to keyword abbreviations located on pages 6-8. (Primary Keyword, Secondary Keywords, Population Type, Presentation Level, Region)

Daily Schedule

Friday, November 9, 4:30 p.m. – 5:45 p.m.

Concurrent Session Eight

Presentation
Level

Symposium Virginia B	Joining Forces: Large-Scale International Studies of Emerging PTSD in Children and Adults <i>Chair (Lowe, Sarah, PhD)</i>	
Child Trauma	Posttraumatic Stress Symptom Trajectories among Survivors of Civilian-related Injuries (Lowe, Sarah, PhD ; Lai, Betty, PhD; Ratanatharathorn, Andrew, MS (PhD Student); Van Der Mei, Willem, MPH; Koenen, Karestan, PhD; Shalev, Arieh, MD) (Res Meth, Acc/Inj, Acute, Prevent, Pub Health, Adult, Global)	M
	Conducting Individual Participant Data (IPD) Meta-analysis: Challenges and Solutions in Longitudinal Studies of PTSD (Ratanatharathorn, Andrew, MS (PhD Student) ; Laska, Eugene, PhD; Qi, Wei, MD; Bryant, Richard, PhD; Delahanty, Douglas, PhD; Matsuoka, Yutaka, MD PhD; Olff, Miranda, PhD; Schnyder, Ulrich, MD; Shalev, Arieh, MD; Koenen, Karestan, PhD; The, International Consortium to Predict PTSD) (Res Meth, Acc/Inj, Assess Dx, Health, Prevent, Adult, Global)	I
	Data Harmonization in an International Data Archive of Child Trauma Studies (Kassam-Adams, Nancy, PhD ; Palmieri, Patrick, PhD; Kenardy, Justin, PhD; Delahanty, Douglas, PhD; Kohser, Kristen, MSW; Marsac, Meghan, PhD; Meiser-Stedman, Richard, PhD; Nixon, Reginald, PhD; Landolt, Markus, PhD) (Res Meth, Acc/Inj, Acute, Comm/Vio, Illness, Child/Adol, Global)	M
	Determining the Risk of PTSD: Results from the International Consortium to Predict PTSD (ICPP) (Shalev, Arieh, MD ; Ratanatharathorn, Andrew, MA PhD Student; Laska, Eugene, PhD; Gevonden, Martin, PhD; Qi, Wei, MD; Van Der Mei, Willem, MPH; Kessler, Ronald, PhD; Koenen, Karestan, PhD) (Clin Res, Acc/Inj, Acute, Prevent, Gender, Adult, Global)	M
Symposium Washington 1	Understanding the Interplay of Loss and Traumatic Death with Grief and PTSD across Clinical and Community Samples <i>Chair (Simon, Naomi, MD)</i>	
Assessment & Diagnosis	Prolonged Grief Disorder: Clinical Utility of ICD-11 Diagnostic Guidelines (Mauro, Christine, PhD ; Reynolds, Charles, MD; Maercker, Andreas, PhD, MD; Skritskaya, Natalia, PhD; Simon, Naomi, MD, MsC; Zisook, Sidney, MD; Lebowitz, Barry, PhD; Cozza, Stephen, MD; Shear, M Katherine, MD) (Assess Dx, Death, Grief, Adult, Industrialized)	I
	Testing Criteria for a Persistent Grief Disorder in a Traumatically Bereaved Sample (Cozza, Stephen, MD ; Fisher, Joscelyn, PhD; Zhou, Jing, MS; Mauro, Christine, PhD; Simon, Naomi, MD, MsC; Shear, M Katherine, MD) (Clin Res, Death, Health, Grief, Mil/Vets, Adult, Industrialized)	M
	Understanding the Impact of Complicated Grief on Posttraumatic Stress Disorder Outcomes in Post-9/11 Service Members and Veterans (Goetter, Elizabeth, PhD ; Hoepfner, Susanne, PhD; Hellberg, Samantha, BA; Acerno, Ron, PhD; Rauch, Sheila, PhD, ABPP; Simon, Naomi, MD) (Clin Res, Death, QoL, Grief, Mil/Vets, Adult, Industrialized)	M
	Effects of Media Coverage on Traumatic Bereavement Due to 9/11 (Fisher, Joscelyn, PhD ; Chen, Shenglin, PhD; Zhou, Jing, MS; Fetchet, Mary, LCSW; Cozza, Stephen, MD) (Journalism, Anx, Death, Depr, Grief, Adult, Industrialized)	M

Presenters' names are in **bold**. Discussants' names are underlined. Moderators' names are in **bold and underlined**.

Friday, November 9, 4:30 p.m. – 5:45 p.m.
Concurrent Session Eight

Presentation
Level

Symposium Washington 2 Biological/ Medical	The Effects of Trauma on Social Emotional Processing and Responding: Implications for Social Impairment <i>Chair (Crum, Kathleen, PhD)</i> <i>Discussant (<u>Kmett Danielson, Carla, PhD</u>)</i>	
	The Impact of Parental Trauma Exposure and Child Social Impairment among Substance-using Parents <i>(Moreland, Angela, PhD; Crum, Kathleen, PhD; Newman, Carla, LMSW)</i> (Clin Res, Sub/Abuse, Gender, Adult, N/A)	I
	Beyond Trauma: Defensive Reactivity to Social Threat in PTSD <i>(Sege, Christopher, PhD; McTeague, Lisa, PhD; Bradley, Margaret, PhD; Lang, Peter, PhD)</i> (Assess Dx, Anx, Depr, Bio/Int, Res Meth, Adult, Industrialized)	M
	Linking Child Trauma to Callous-unemotional Traits: Perceptions of and Responses to other Children's Distress <i>(Crum, Kathleen, PhD; Aloï, Joseph, BS; Comer, Jonathan, PhD; Musser, Erica, PhD; Moreland, Angela, PhD; Chou, Tommy, MA; Flores, Christina, BA; Lorenzo, Michelle, BA)</i> (Bio Med, Cog/Int, Dev/Int, Child/Adol, Industrialized)	M
	Differential Developmental Impacts of Different Subtypes of Abuse and Neglect on Systems Engaged in Task Performance and Emotional Responding <i>(Blair, Karina, PhD)</i> (Clin Res, CPA, CSA, Neglect, Neuro, Child/Adol, Industrialized)	M
Symposium Washington 3 Immigrant/ Refugee	Trauma Research as Social Activism and Creating a Just World <i>Chair (Hobfoll, Stevan, PhD)</i> <i>Discussant (<u>Benight, Charles, PhD</u>)</i>	
	Seeking to Repair Broken Bits of Our World <i>(Hobfoll, Stevan, PhD)</i> (Pub Health, DV, Rape, Social, Civil/War, Adult, Global)	M
	Addressing Gender-based Violence through Trauma Research in an LMIC <i>(Weine, Stevan, MD; Pirova, Gulya, MD)</i> (Commun, Cul Div, Depr, Fam/Int, Global, Adult, C & E Europe & Indep)	I
	Community Based Participatory Research with Somali Immigrants: Seeking to Understand the Negative Impact of Stigma and Discrimination without Contributing to the Problem <i>(Ellis, Heidi, PhD; Abdi, Saida, LICSW)</i> (Social, Cul Div, Ethics, Refugee, Terror, Adult, Industrialized)	M
	Research for Social Justice, Social Justice within Research <i>(Rasmussen, Andrew, PhD)</i> (Commun, Cul Div, Rights, Refugee, Adult, Global)	I

Presenters' names are in **bold**. Discussants' names are underlined. Moderators' names are in **bold and underlined**.
 Guides to keyword abbreviations located on pages 6-8. (Primary Keyword, Secondary Keywords, Population Type, Presentation Level, Region)

Daily Schedule

Friday, November 9, 4:30 p.m. – 5:45 p.m.

Concurrent Session Eight

Presentation
Level

Panel Washington 4 Military/ Veterans	Military Psychologists and Neuroscientists in Conversation: Conceptualizing the Core Affective Processes of Combat Trauma (<u>Frankfurt, Sheila, PhD</u> ; Carr, Russell, MD ; Freed, Steven, MA PhD Student ; McKinnon, Margaret, PhD ; Nash, William, MD ; McGuire, Adam, PhD) (Practice, Affect/Int, Clin Res, Mil/Vets, Adult, Industrialized)	I
Panel Washington 5	Dismantling the Dilemma of Treatment Dropout: What's Going On and What Can We Do About? (Maieritsch, Kelly, PhD ; Kehle-Forbes, Shannon, PhD ; Resick, Patricia, PhD, ABPP ; Wachen, Jennifer, PhD) (Practice, Clin Res, Practice, Adult, Industrialized)	I
Workshop Roosevelt 4	Beyond Mindfulness: An Advanced Workshop in Integrating Meditation into the Care of Trauma Survivors (Cho, Jennifer, MSW, LCSW) (Practice, Acc/Inj, Acute, Practice, Complex, Adult, Global)	M

Friday, November 9, 5:45 p.m. – 7:00 p.m.

Roosevelt 1 & 2	Author Attended Poster Session Four

Saturday, November 10

7:00 a.m. - 8:00 a.m.	Coffee and Tea Service	By Registration
7:30 a.m. – 3:30 p.m.	Registration Open	Lobby Level
7:30 a.m. – 5:00 p.m.	IntelliQuest Audio Recording Desk Open	With Registration

Saturday, November 10, 8:00 a.m. – 9:20 a.m.

Presentation
Level

Salon 2	ISTSS Award Presentations	
Keynote Salon 2	Mental Health of Refugees: Global Challenges and Opportunities (<i>Ventevogel, Peter, MD</i>) (Commun, Commun, Global, Pub Health, Refugee, Lifespan, Global)	I

Saturday, November 10, 9:45 a.m. – 11:00 a.m.

Concurrent Session Nine

Invited Speaker Salon 2	Developing Innovative Technology to Enhance Research and Practice: Integrating Behavioral and Physiological Measures into Psychotherapy Research (<i>Goodwin, Matthew, PhD</i>) (Clin Res, Affect/Int, Aggress, Anx, Tech, Lifespan, Global)	M
Symposium Virginia B	Parents' Early Experiences, Children's Risk: Examining Biological and Behavioral Pathways for the Intergenerational Transmission of Trauma <i>Chair (Gray, Sarah, PhD)</i>	
Child Trauma	Going Upstream: The Moderating Role of Social Support on the Intergenerational Transmission of Maternal Adverse Childhood Experiences to Child Outcomes (<i>Madigan, Sheri, PhD; Racine, Nicole, PhD; Plamondon, Andre, PhD; Eirich, Rachel, BA (Hons); McDonald, Sheila, PhD; Tough, Suzanne, PhD</i>) (Prevent, CPA, CSA, Dev/Int, Health, Lifespan, Industrialized)	M
	Mothers' Adverse Childhood Experiences Predict Dysregulated Autonomic Activity in their Preschoolers (<i>Gray, Sarah, PhD; Glackin, Erin, MA PhD Student</i>) (Prevent, Dev/Int, Bio/Int, Intergen, Lifespan, Industrialized)	M
	Parental Interpersonal Trauma and Offspring Development in Diverse Populations: Potential Mechanisms and Implications for Pediatricians and Parenting Programs (<i>Folger, Alonzo, PhD</i>) (Prevent, Dev/Int, Health, Genetic, Care, Lifespan, N/A)	M
	Children of Mothers with Interpersonal Violence-related PTSD : A Longitudinal Look from Toddlerhood to School-age (<i>Schechter, Daniel, MD</i>) (Prevent, Bio/Int, Prevent, Intergen, Lifespan, Industrialized)	M

Daily Schedule

Saturday, November 10, 9:45 a.m. – 11:00 a.m.

Concurrent Session Nine

Presentation
Level

Symposium Washington 1 Assessment & Diagnosis	Refining Our Understanding of Typologies of Trauma Exposure and Traumatized Reactions Among At-Risk Adolescents <i>Chair (Modrowski, Crosby, MS, PhD Student)</i>	
	Polyvictimization and PTSD among Detained Adolescents (Grasso, Damion, PhD ; Ford, Julian, PhD; Cruise, Keith, PhD; Holloway, Evan, MA) (Assess Dx, Assess Dx, Chronic, Comm/Int, Complex, Child/Adol, Industrialized)	M
	Investigating the Construct of Posttraumatic Risk-seeking in a Sample of Justice-involved Youth (Modrowski, Crosby, MS, PhD Student ; Kerig, Patricia, PhD) (Assess Dx, Affect/Int, Aggress, Gender, Child/Adol, Industrialized)	M
	The Path from Trauma to Conduct Problems: Factors Associated with Traumatic Event Exposure and Institutional Misconduct in Detained Juveniles (Jimenez, Maria, BA ; Cruise, Keith, PhD; Ford, Julian, PhD) (Assess Dx, Aggress, Assess Dx, Child/Adol, Industrialized)	M
	Running Away and Posttraumatic Hyperarousal as Factors in Delinquency amongst Traumatized Youth: An Examination of the Risk Amplification Model (Mendez, Lucybel, BA/BS ; Lawson, Kimberly, MA) (CulDiv, Aggress, CPA, CSA, Gender, Child/Adol, Industrialized)	M
Symposium Washington 2	Extending our Understanding of the Role of Positive Emotional Experiences in Posttraumatic Stress Disorder Symptomatology <i>Chair (Weiss, Nicole, PhD)</i>	
	Posttraumatic Stress Disorder and Positive Memories: Implications for Clinical Treatment. (Contractor, Ateka, PhD ; Brown, Lily, PhD; Caldas, Stephanie, MA; Banducci, Anne, PhD; Taylor, Daniel, PhD; Armour, Cherie, Professor; Shea, M. Tracie, PhD) (Practice, Affect/Int, Cog/Int, N/A, Industrialized)	M
	Positive Affect and PTSD: Evidence from Ecological Momentary Assessment and Structural Studies Reveal a Unique Disturbance Profile (Ruggero, Camilo, PhD ; Dornbach-Bender, Allison, BA; Schuler, Keke, MS; Contractor, Ateka, PhD; Callahan, Jennifer, PhD, ABPP; Kotov, Roman, PhD) (Assess Dx, Assess Dx, Practice, Terror, Adult, Industrialized)	M
	A Latent Profile Analysis of Dimensions of Negative and Positive Emotion Dysfunction and Examination of Between-class Differences in PTSD (Weiss, Nicole, PhD ; Darosh, Angela, MS; Contractor, Ateka, PhD; Forkus, Shannon, BA; Dixon-Gordon, Katherine, PhD; Sullivan, Tami, PhD) (Clin Res, Affect/Int, DV, Health, Gender, Adult, Industrialized)	M
	The Benefits of Moral Elevation on PTSD Treatment Outcomes in a Group Residential Program. (McGuire, Adam, PhD ; Nosen, Elizabeth, PhD; Lyons, Judith, PhD) (Clin Res, Mil/Vets, Adult, N/A)	M

Presenters' names are in **bold**. Discussants' names are underlined. Moderators' names are in **bold and underlined**.

Saturday, November 10, 11:15 a.m. – 12:30 p.m.

Concurrent Session Ten

Presentation
Level

Symposium Salon 3 Biological/ Medical	Evaluation of DBT-PTSD and Cognitive Processing Therapy for Patients with Complex PTSD after Childhood Abuse: a Multicenter RCT <i>Chair (Bohus, Martin, MD)</i> <i>Discussant (Resick, Patricia, PhD, ABPP)</i>	
	Basics and Principles of DBT-PTSD - a Modular Treatment Approach for Complex PTSD after Childhood Abuse (Bohus, Martin, MD) (Clin Res, CPA, Clin Res, Complex, Adult, Industrialized)	M
	Neural Correlates of Emotional-Cognitive Interaction Before and After DBT-PTSD <i>(Herzog, Julia, PhD Candidate; Niedtfeld, Inga, PhD; Rausch, Sophie, PhD Candidate; Thome, Janine, PhD Candidate; Steil, Regina, PhD; Bohus, Martin, MD; Priebe, Kathlen, MSc; Schmahl, Christian, MD)</i> (Clin Res, Bio Med, Neuro, Adult, Industrialized)	M
	DBT-PTSD as Compared to Cognitive Processing Therapy for Childhood Abuse Related PTSD and Comorbid Emotion Regulation Difficulties – A Randomized Controlled Trial (the RELEASE Study) (Steil, Regina, PhD; Priebe, Kathlen, MSc; Fydrich, Thomas, PhD; Hahn, Christopher, MSc; Kleindienst, Nikolaus, PhD; Ludaescher, Petra, PhD; Mueller-Engelmann, Meike, PhD; Bohus, Martin, MD) (Clin Res, CPA, CSA, Clin Res, Complex, Lifespan, N/A)	M
	Relating e-Diary Captured Stress-induced Dissociation and Affective Instability to Treatment Outcome in the RELEASE Study (Ebner-Priemer, Ulrich, PhD; Santangelo, Philip, PhD; Friedmann, Franziska, MA PhD Student; Priebe, Kathlen, MSc; Fydrich, Thomas, PhD; Steil, Regina, PhD; Bohus, Martin, MD) (Assess Dx, Affect/Int, Complex, Tech, Adult, Industrialized)	M
Symposium Virginia A Immigrant/ Refugee	Parenting in the Face of Trauma: Addressing Violent Discipline in Contexts of Conflict, Post-Conflict and Displacement <i>Chair (Romano, Elisa, PhD, Cpsych)</i>	
	Shifting Attitudes toward Violent Discipline among Parents in the Chronic Conflict Zone of Gaza and the West Bank. (Stewart-Tufescu, Ashley, PhD Candidate; Aljawi, Rania) (Commun, CPA, Fam/Int, Refugee, Civil/War, Child/Adol, M East & N Africa)	M
	Addressing Violent Discipline by Parents in Post-War Kosovo (Tolaj, Cyma, BA (Hons)) (Commun, CPA, Fam/Int, Refugee, Civil/War, Lifespan, C & E Europe & Indep)	M
	Adapting a Parenting Program to Reduce Violent Discipline in the World's Largest Refugee Camp (Bamgbose, Angie, Consultant) (Commun, CPA, Fam/Int, Refugee, Civil/War, Lifespan, S Asia)	M
	Positive Discipline in Everyday Parenting: What Parents and Facilitators Tell Us About Their Experience (Stenason, Lauren, PhD Student; Moorman, Jessie, MA PhD Student; Romano, Elisa, PhD, Cpsych) (Commun, CPA, Fam/Int, Adult, Industrialized)	M

Daily Schedule

Saturday, November 10, 11:15 a.m. – 12:30 p.m.

Concurrent Session Ten

Presentation
Level

Symposium Virginia C Gender/ Orientation	Sexual Assault among Individuals who Identify as Sexual Minorities: Predictors of Severity and Mental Health Outcomes <i>Co-Chairs (<u>Newins, Amie, PhD</u>, <u>Wilson, Laura, PhD</u>)</i>	
	Bisexual Women's Experiences of Stigma and Sexual Coercion: The Role of Internalized Heterosexism and Outness <i>(<u>Salim, Selime, Doctoral Student</u>; McConnell, Amy, MA; Messman-Moore, Terri, PhD)</i> (Clin Res, Rape, Orient, Gender, Adult, N/A)	M
	Rape Acknowledgment in the LGBTQ+ Community: The Indirect Effect of Rape Myth Acceptance <i>(<u>Wilson, Laura, PhD</u>; Newins, Amie, PhD)</i> (Clin Res, Rape, Orient, Adult, Industrialized)	M
	Depression and Posttraumatic Stress Symptoms following Sexual Assault: The Role of Posttraumatic Cognitions in Differences Based on Sexual Orientation <i>(<u>Newins, Amie, PhD</u>; Wilson, Laura, PhD)</i> (Clin Res, Rape, Orient, Adult, Industrialized)	M
	Sexual Victimization among Lesbian and Bisexual Women: Protective Factors and Mental Health <i>(<u>López, Gabriela, MS</u>; Yeater, Elizabeth, PhD; Hughes, Tonda, RN, PhD)</i> (Clin Res, Rape, Orient, Gender, Adult, Industrialized)	M
Symposium Washington 1 Assessment & Diagnosis	ICD-11 PTSD and Complex PTSD – Measurement, Evidence, Cross Cultural Comparison <i>Chair (<u>Lueger-Schuster, Brigitte, PhD</u>)</i>	
	Assessment of Differential Trauma History, Symptom Comorbidity and Functional Impairment in ICD-11 PTSD and CPTSD using the 12-item ITQ <i>(Cloitre, Marylene, PhD; <u>Karatzias, Thanos, PhD</u>, Cpsych; Hyland, Philip, PhD; Shevlin, Mark, PhD)</i> (Assess Dx, Chronic, Global, Adult, Industrialized)	M
	Complex PTSD and Borderline Personality Disorder: Similarities and Differences in a UK Trauma Exposed Psychiatric Sample <i>(<u>Roberts, Neil, DPsych(Clin)</u>; Bisson, Jonathan, MD)</i> (Assess Dx, Complex, Adult, Industrialized)	M
	A Cross-cultural Comparison of ICD-11 Complex PTSD Symptom Networks in Austria, UK, and Lithuania <i>(<u>Lueger-Schuster, Brigitte, PhD</u>; Knefel, Matthias, MS (PhD Student); Kazlauskas, Evaldas, PhD; Karatzias, Thanos, PhD, Cpsych; Bisson, Jonathan, MD; Roberts, Neil, DPsych(Clin))</i> (Assess Dx, Complex, Adult, Industrialized)	M
	Measuring ICD-11 PTSD and Complex PTSD using the International Trauma Questionnaire: How we Got to Where we Are <i>(<u>Shevlin, Mark, PhD</u>; Cloitre, Marylene, PhD; Brewin, Chris, PhD; Bisson, Jonathan, MD; Roberts, Neil, DPsych(Clin); Maercker, Andreas, PhD, MD; Karatzias, Thanos, PhD, Cpsych; Hyland, Philip, PhD)</i> (Assess Dx, Assess Dx, Adult, Global)	M

Daily Schedule

Saturday, November 10, 3:30 p.m. – 3:15 p.m.

Concurrent Session Eleven

Presentation
Level

Keynote Panel Salon 2	Our Work can Change the World: People, Policy and Pivotal Moments <i>Moderated by ISTSS President Diane Elmore Borbon</i>	M
--------------------------	---	---

Presenters' names are in **bold**. Discussants' names are underlined. Moderators' names are in **bold and underlined**.
Guides to keyword abbreviations located on pages 6-8. (Primary Keyword, Secondary Keywords, Population Type, Presentation Level, Region)

Internship, Post Doc & Graduate Programs Networking Fair

Finding an internship or postdoctoral fellowship that features trauma specific training can be difficult. In an attempt to ease this burden, the Student Section of ISTSS offers this session to provide an opportunity for students to talk with representatives of various internship and/or postdoctoral fellowship programs who offer rotations or specializations in the clinical and/or research aspects of working with trauma. The training programs have the opportunity to recruit potential interns and postdoctoral fellows, while students have the opportunity to locate these programs, meet representatives, and ask any questions they have about the experiences offered and the application process.

This networking event is coordinated by Matthew Luciano, Student Section Chair, and Chelsea Cogan & Anushka Patel, Student Section Vice Chairs.

*If there are sites you would like to see here in the future, please contact the Student Section leadership.

Confirmed Internship Sites:

Site Name: VA Boston Healthcare System

Site Location: Boston, MA (and Greater Boston area)

Tracks: N/A

Emphasis/Rotations: 12 Clinical rotations including emphases on PTSD, Women's Trauma and Recovery, Returning Veterans, Substance Use Disorders and Substance Use / PTSD comorbidity, Neuropsychology, Behavioral Medicine, Serious Mental Illness, General Mental Health, and Rehabilitation Psychology

Training Opportunities: More information can be found online at www.boston.va.gov/psychologytraining/internship.asp

Contact Information: Risa Weisberg (Risa.Weisberg@va.gov)

Site Name: VA Ann Arbor Healthcare System

Site Location: Ann Arbor, MI

Tracks: Multiple, (including a PTSD track and a Women's track focused on sexual trauma)

Emphasis/Rotations: Evidence based treatments. We have multiple rotations including PTSD and Women's.

Training Opportunities: Clinical and research opportunities are available.

Contact Information:

Networking fair representative, Katherine Porter (katherine.porter2@va.gov);

Internship Training Director, Dr. Jamie Winters (Jamie.Winters@va.gov); Dr. Sexton (Minden.Sexton@va.gov)
