MEDICAL DIRECTOR: Mark Murphy, MD, MSN Education, Austin, Texas and Northwest Seminars, Pasco, Washington

PROGRAM COORDINATOR: Liudvikas Jagminas, MD, FACEP, Chief of Service, Department of Emergency Medicine, Beth Israel Deaconess Hospital, Harvard Medical Faculty Physicians, Harvard Medical School, Plymouth, Massachusetts

TARGET AUDIENCE: This course is designed for physicians, physician assistants, nurse practitioners, registered nurses, and all other medical care providers who must maintain state-of-the-art knowledge of the specialty or are impacted by it.

PROGRAM PURPOSE: The practitioner of emergency medicine must possess evidence-based scientific background for competent clinical practice; maintain state-of-the-art knowledge of the specialty and all additional related disciplines; maintain an up-to-the-minute armamentarium of knowledge and skills for the selection and use of complex equipment, pharmacological agents, and procedures; manage self and colleagues to function toward common goals in providing consistent care in all settings in which emergency care is provided; serve as an expert in matters involving quality, safe and equitable health care delivery and support of other service providers, departments, institutions, and organizations dependent upon professional expertise. Presentations are designed to facilitate the acquisition of cognitive and technical skills as defined through evidenced based data translated to best practice standards by the pertinent governmental and professional organizations including the American College of Emergency Physicians, American College of Surgeons and the Emergency Nurses Association and abilities in one or more of the disciplines vital to the practicing professional.

OBJECTIVES: At the conclusion of this activity, the participant will be able to:

Apply the pertinent physical and behavioral sciences as they impact and are affected by the planning, delivery, and monitoring of services inherent in the professions

Explain the selection, dosing considerations with methods of administration, safe use, contraindications and precautions of drugs based on their chemical and pharmacologic properties

Outline comprehensive patient management plans for the special patient population

Apply the principles of safety and asepsis in the performance of all aspects of patient care regardless of the clinical environment in which the practice resides

Incorporate the published tenets of pertinent, recognized external organizations, institutions, and professional groups defining medical, legal, philosophical, ethical, and health care management standards.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The A. Palm Beach, Florida is home to legendary resorts, exquisite mansions and historic landmarks just waiting to be explored. Gilded Age architecture, chic restaurants, luxury shops, ocean views, and the Lake Worth Lagoon will captivate and make any visitor feel like a VIP.

Grab a gelato and window shop the length of Worth Avenue, which hosts a plethora of high-end retailers like Saks Fifth Avenue, Neiman Marcus, Kate Spade, Armani, Tiffany's and more. Marvel at the art and architecture of the Henry Morrison Flagler Museum. Built by 19th century business tycoon Henry Flagler, this mansion is defined by extravagance in its attention to detail. Every corner is adorned by crown mouldings, beautiful damask patterns, metal and masonry work. Visitors can even get a glimpse of Flagler's private railcar and great rooms full of antiques of every kind.

Next, get some fresh air at The Society of the Four Arts, where you'll discover themed gardens and an eclectic collection of metal sculpture. Rent a bike or stroll the Lake Trail to view local attractions from another angle including the Flagler Museum, gorgeous mansions and estates, a giant Kapok Tree, and pleasure yachts in the harbor. Golf fairways overlooking the ocean at Palm Beach Par 3 Golf Course, a fun course to practice your short game. There's so much to do in fabulous Palm Beach!

We have a block of rooms for seminar participants. Once this block is sold, rooms are based upon availability only and may be at a higher rate. To make reservations, please visit our website: www.northwestseminars.com or call (800) 222-6927.
