Speaker

Patricia A. Scott, DNP, APRN, RNC-NIC, NNP-BC, C-NPT

Patti is the coordinator of the advanced practitioner group for Pediatric Medical Group in Nashville, TN, as well as the coordinator of the neonatal transport service at Centennial Medical Center, also in Nashville. She is an assistant professor of nursing at Vanderbilt University School of Nursing, teaching the Neonatal Nurse Practitioner and Doctor Nursing Practice courses. She is also a preceptor for NNP students in the clinical area.

Patti is a member of the National Association of Neonatal Nurses and the Academy of Neonatal Nursing. She is a regional trainer for the American Academy of Pediatrics' Neonatal Resuscitation Program and a national faculty member and lead instructor for the STABLE Program. Patti is also an affiliate member of the American Academy of Pediatrics' Section of Transport Medicine and Sigma Theta Tau National Nursing Honor Society. She has developed and continues to coordinate and provide numerous neonatal educational courses for staff.

MED-ED reserves the right to substitute an equally qualified speaker if necessary.*

Course Overview

This course is designed to supplement study materials for the NCC certification exam to obtain the RNC-NIC designation and the AACN certification exam to obtain the CCRN-neonatal designation. The course will focus on core concepts that are essential for caring for high-risk newborns. Preparation is recommended prior to participation in this course.

Program Learning Outcomes

This program prepares the learner to:

- Review the core components covered by the exam through test questions and lecture review.
- Review requirements for the exam and recertification.
