Shaping the Future Through Prevention

2017 CONGRESS on CVD PREVENTION

Join us for a complimentary dinner symposium

A Town Hall Series on Improving Access to PCSK9 Inhibitors

Issues and Recommendations

Friday, September 15 | 7:15–9:00 PM

In 2016, the American Society for Preventive Cardiology (ASPC) brought together various stakeholder organizations for two Town Hall events entitled "Unraveling a Therapeutic Conundrum: Barriers to Access PCSK9 Inhibitors." ASPC and other stakeholder groups - National Lipid Association (NLA), American Association of Clinical Endocrinologists (AACE), American College of Cardiology (ACC), and the FH Foundation (FHF) - identified access issues and recommended pragmatic solutions. The 2017 Town Hall series reveals and explains these consensus recommendations for improving the access process for patients, clinicians, and payers.

LEARN THE LATEST ABOUT

- The Present and Future of PCSK9
- Lipoprotein Testing and Assessment
- Cardiovascular Biomarkers
- Diabetes, Hypertension, and Obesity Treatment and Management
- Mapping Gender Difference in CVD

Congress Overview

Important advances in the diagnosis and treatment of cardiovascular disease continue to emerge...

These advances must be consistently implemented into clinical practice to provide the best care for patients. This Congress is designed to educate clinicians on state-of-the-art care for cardiovascular disease. Expert faculty will cover a wide range of topics on the diagnosis, treatment, and prevention of cardiovascular disease. Participants will return to their practice equipped with the latest evidence and practical information to improve patient outcomes.

Venue

The Westin Fort Lauderdale Beach Resort

321 N Fort Lauderdale Beach Blvd
Fort Lauderdale, FL 33304
Reservations: 888-627-7108

Congress attendees receive discounted room reservations starting at \$179 per night plus tax.

Check the ASPC

website for the direct link for room reservations, or call the hotel directly at 888-627-7108 and reference the 2017 ASPC CVD Conference. The room rate is available until the cut-off date of **August 15, 2017** or until the room block is full.

Online Congress Registration

Registrations for the 2017 ASPC Congress on CVD Prevention and the Preventive Cardiology Experts Course will **ONLY** be accepted online at aspconline.org/congress.

Congress on CVD Prevention

Preventive Cardiology Experts Course

Member	FASPC*	Non-Member	Industry	In-Training Member	Guest**
\$325	\$0	\$425	\$550	\$150	\$150
\$325	\$325	\$425	\$500	\$150	N/A

Registration: Registration and payment must be received no later than August 25, 2017. After this date a name badge cannot be guaranteed.

By registering for the 2017 Congress on CVD Prevention, attendee understands and agrees that attendee's name, city, and state may be shared with other attendees and exhibitors. By allowing an exhibitor to scan the conference badge, attendee understands, agrees, and consents to the sharing of attendee's contact information with the company that scanned the conference badge.

Discount Disclaimer: Discount codes cannot be retroactively applied to existing meeting registrations. The meeting discount codes are applicable to new registrants only.

Cancellation: Telephone cancellations will not be accepted. A written notice of cancellation must be received no later than August 15, 2017. This includes social events and guest fees. There will be a \$75 fee for all cancellations.

ADA Compliance: Attendees who need special reasonable accommodations or who have special needs should contact the meeting organizers at 904-309-6235.

Need assistance with registering? Contact the ASPC office at 904-309-6235.

**Congress registration is complimentary for Fellows of the ASPC in good standing. This does not apply to current applicants for FASPC. For more information, please visit: aspconline.org/membership/fellow-of-the-aspc.*

***Guest fees include access to the exhibit hall.*

2017 Congress on CVD Prevention

September 15–17, 2017

Congress Agenda

FRIDAY, SEPTEMBER 15

4:00 – 4:10 PM	Welcome and Overview Amit Khera, MD, MSc, FASPC, and Seth J. Baum, MD, FASPC
SESSION 1	
4:10 – 4:20 PM	Audience Response Questions
4:20 – 4:45 PM	Lessons in Preventive Cardiology Learned from Epidemiology: Framingham and Beyond Nathan D. Wong, PhD, FASPC
4:45 – 5:20 PM	Keynote Address Lecture: The Present and Future of PCSK9: FOURIER and Beyond Robert P. Giugliano, MD, SM
5:20 – 5:45 PM	Incorporating Recent Data into Clinical Practice and Cholesterol Guidelines Jennifer G. Robinson, MD, MPH
5:45 – 6:00 PM	Question and Answer Panel Discussion and Audience Response Questions
6:00 – 7:00 PM	Welcome Reception with Exhibitors
7:15 – 9:00 PM	Non-CME Satellite Symposium ASPC Town Hall Series on Improving Access to PCSK9 Inhibitors

SATURDAY, SEPTEMBER 16

SESSION 2	
7:00 – 8:00 AM	Breakfast with Exhibitors
8:00 – 8:15 AM	Morning Notes and Audience Response Questions
8:15 – 8:40 AM	Heart Failure with Preserved Ejection Fraction: Mechanisms and Management Jay N. Cohn, MD
8:40 – 9:05 AM	Screening for Atrial Fibrillation: Ready for Prime Time? Mintu Turakhia, MD, MAS
9:05 – 9:30 AM	Hypertension Management: What's the Right Number Jay N. Cohn, MD
9:30 – 9:55 AM	Question and Answer Panel Discussion and Audience Response Questions
9:55 – 10:10 AM	Refreshment Break with Exhibitors
SESSION 3	
10:10 – 10:20 AM	Audience Response Questions
10:20 – 10:45 AM	High Sensitivity Troponin in Prevention and Risk Stratification: How and When to Use James de Lemos, MD
10:45 – 11:10 AM	HDL in Flux: New Ways to Think about an Old Lipoprotein Sergio Fazio, MD, PhD
11:10 – 11:35 AM	CV Effects of Newer Diabetic Agents: What's the First Line for Diabetes Care? Yehuda Handelsman, MD
11:35 AM – 12:00 PM	Question and Answer Panel Discussion and Audience Response Questions
12:00 – 1:00 PM	Lunch with Exhibitors and Poster Hall Question and Answer
SESSION 4	
1:00 – 1:20 PM	Young Investigator Presentation

1:20 – 1:40 PM	Young Investigator Presentation
1:40 – 2:00 PM	Young Investigator Presentation
SESSION 5	
2:00 – 2:10 PM	Audience Response Questions
2:10 – 2:35 PM	Nanette K. Wenger Distinguished Lecture: Adding Competence to Our Approach in Treating Heart Disease in Women: Why We Need Specialized Care for Women's Hearts and Vessels Martha Gulati, MD, FASPC
2:35 – 3:00 PM	Replacing Hormones in Men and Women: Déjà vu all Over Again? Howard S. Weintraub, MD, FASPC
3:00 – 3:25 PM	Weight Loss Counseling and Medications: Optimal Strategies for Success Jaime Almandoz, MD
3:25 – 3:50 PM	Question and Answer Panel Discussion and Audience Response Questions
3:50 – 4:05 PM	Refreshment Break with Exhibitors
SESSION 6	
4:05 – 4:30 PM	Case Study 1 Martha Gulati, MD, FASPC
4:30 – 4:55 PM	Case Study 2 Patrick M. Moriarity, MD
4:55 – 5:20 PM	Case Study 3 Yehuda Handelsman, MD
6:00 – 8:00 PM	Non-CME Satellite Symposium Homozygous Familial Hypercholesterolemia (HoFH): An Uncommonly Common Condition

SUNDAY, SEPTEMBER 17

SESSION 7	
7:00 – 8:00 AM	Breakfast
8:00 – 8:15 AM	Morning Notes and Audience Response Questions
8:15 – 8:40 AM	Assessing LDL: Is it apoB, LDL-P, or Simply LDL-C? Allan D. Sniderman, MD
8:40 – 9:05 AM	Hypertriglyceridemia: From Mild to FCS—What to Do? Sergio Fazio, MD, PhD
9:05 – 9:30 AM	Reemergence of Lipoprotein a: Current Recommendations and Evolving Treatments Patrick M. Moriarity, MD
9:30 – 9:55 AM	Question and Answer Panel Discussion and Audience Response Questions
9:55 – 10:10 AM	Refreshment Break
SESSION 8	
10:10 – 10:20 AM	Audience Response Questions
10:20 – 10:45 AM	Role of Atherosclerosis Imaging in Primary Prevention Todd Villines, MD
10:45 – 11:10 AM	Smoking Cessation in the Modern Era: From Pills, Patches and Policy, to Vaping Michael Cummings, PhD, MPH
11:10 – 11:40 AM	Great Debate in Preventive Cardiology: Pro: Advanced Lipoprotein Testing – A Key Tool for the Preventive Cardiologist Allan D. Sniderman, MD Con: Advanced Lipoprotein Testing – More Hype than Help Jennifer G. Robinson, MD
11:40 AM – 12:00 PM	Question and Answer Panel Discussion and Audience Response Questions
12:00 – 12:10 PM	Closing Remarks Seth J. Baum, MD, FASPC

PRE-CONFERENCE PROGRAM

Preventive Cardiology Experts Course

September 14-15, 2017

Experts Course Agenda

THURSDAY, SEPTEMBER 14

1:00 – 1:10 PM	Welcome and Overview
1:10 – 1:25 PM	Pre-test via Audience Response System
SESSION 1: Issues in Dyslipidemia, Atherogenesis, Heart Failure, and Population Health	
1:25 – 1:55 PM	Familial Hypercholesterolemia and the Use of PCSK9 Monoclonal Antibodies Peter P. Toth, MD, PhD, FASPC
1:55 – 2:25 PM	Hypertriglyceridemia: Is it a CV Risk-Factor and How Can it Be Treated? Seth J. Baum, MD, FASPC
2:25 – 2:40 PM	Refreshment Break
2:40 – 3:10 PM	Integrating Advanced Lipid Testing and Cardiovascular Biomarkers in Assessment and Treatment Stephen Kopecky, MD, FASPC
3:10 – 3:40 PM	ASCVD Risk Assessment: Global Risk Scoring and Evaluating for Subclinical Atherosclerosis Nathan D. Wong, PhD, FASPC
3:40 – 4:10 PM	State of the Art Management of Heart Failure Seth J. Baum, MD, FASPC
4:10 – 4:40 PM	Role of Inflammation in Atherogenesis Peter P. Toth, MD, PhD, FASPC
4:40 – 5:00 PM	Question and Answer Panel Discussion

FRIDAY, SEPTEMBER 15

8:00 – 8:05 AM	Morning Notes
SESSION 2: Hypertension, Diabetes, Obesity, and Chronic Kidney Disease	
8:05 – 8:35 AM	State of the Art Management of Hypertension Daniel Duprez, MD, PhD
8:35 – 9:05 AM	Intelligent Patient Specific Drug Choices in the Management of Non-insulin-dependent Diabetes Mellitus Peter W. F. Wilson, MD
9:05 – 9:35 AM	Diagnosis and Management of Chronic Kidney Disease Daniel Duprez, MD, PhD
9:35 – 10:05 AM	Obesity and the Facilitation of Weight Loss Jaime Almandoz, MD
10:05 – 10:25 AM	Question and Answer Panel Discussion
10:25 – 10:40 AM	Refreshment Break
SESSION 3: Coronary Artery Disease	
10:40 – 11:10 AM	Integrating Imaging and Stress Testing in Assessment and Treatment Amit Khera, MD, FASPC
11:10 – 11:40 AM	Coronary Stenting: Is it Really Preventive? Alan S. Brown, MD, FASPC
11:40 – 11:50 AM	Question and Answer Panel Discussion
11:50 AM – 12:40 PM	Lunch

Register at: aspconline.org/congress

SESSION 4: Anticoagulation and Antiplatelet Therapy

12:40 – 1:10 PM	Atrial Fibrillation: Management and Anticoagulation Stephen Kopecky, MD, FASPC
1:10 – 1:40 PM	Antiplatelet Agents in Primary and Secondary Prevention: When are They Indicated? Peter P. Toth, MD, PhD, FASPC
1:40 – 1:50 PM	Question and Answer Panel Discussion

SESSION 5: Gender-Related Issues in Cardiovascular Disease

1:50 – 2:20 PM	Testosterone Supplementation and Risk of Cardiovascular Events – What Do You Tell a Man? Howard S. Weintraub, MD, FASPC
2:20 – 2:50 PM	Evaluating Chest Pain and Myocardial Ischemia in Women Martha Gulati, MD, FASPC
2:50 – 3:00 PM	Question and Answer Panel Discussion
3:00 – 3:30 PM	Post-test via Audience Response System and Closing Remarks

Special Events

Welcome Reception

Friday, September 15 | 6:00–7:00 PM

Join your fellow colleagues and the exhibitors for an opening reception on Friday evening in the exhibit hall. Visit with more than 25 exhibiting companies and mingle while enjoying tasty hors d'oeuvres and cocktails.

This reception is included in the registration fee. Guests with a guest pass are also welcome to attend.

A special thank you to Kowa Pharmaceuticals America for their support of this reception.

ABSTRACTS PROGRAM

Poster Hall Q&A

Saturday, September 16 | 12:00–1:00 PM

Presentation Method

All accepted abstracts will be published in *Clinical Cardiology* and displayed as posters in the poster hall from Thursday evening to Saturday afternoon in the ASPC exhibit hall. During the designated hours on Saturday, authors will be available for a question and answer session about their abstracts in the poster hall.

Young Investigator Oral Presentations

Saturday, September 16 | 1:00–2:00 PM

Lead presenters with accepted abstracts who are Young Investigators (in-training students, residents, and fellows or members in practice for <5 years) compete for the ASPC's Young Investigator Award. Cash prizes will be awarded to the top three finalists. The ASPC Abstract Committee will select three Young Investigator abstracts to be presented during the oral abstract session on Saturday, September 16. aspconline.org/abstracts.

Congress Accreditation

Statement of Need

Important advances in the diagnosis and treatment of cardiovascular disease continue to emerge, and these advances must be consistently implemented into clinical practice to provide the best care for patients. This congress is designed to educate clinicians on state-of-the-art care for cardiovascular disease. Expert faculty will cover a wide range of topics on the diagnosis, treatment and prevention of cardiovascular disease, and participants will return to their practice equipped with the latest evidence and practical information to improve patient outcomes.

Target Audience

All healthcare professionals involved in the diagnosis, treatment, prevention and intervention of atherosclerotic cardiovascular disease, including physicians, pharmacists, nurse practitioners, nurses, physician assistants, dietitians, fellows and trainees.

Learning Objectives

Upon completion of the educational activity, participants should be able to:

Session 1:

- Assess the implications of clinical trial outcomes for the future of preventive cardiology.
- Apply guidelines into clinical practice.
- Explore the potential applications of PCSK9-based therapies for LDL-C reduction.

Session 2:

- Critically evaluate emerging evidence on heart failure management.
- Discuss the rationale for diagnostic screening of patient with atrial fibrillation.
- Describe effective interventions to maximize blood pressure control in patients with hypertension.

Session 3:

- Assess cardiac troponin testing and utility for prevention and risk stratification.
- Review recent advances within HDL science, including limitations of HDL as a biomarker, HDL dysfunction, and genetic associations of HDL lipoproteins with cardiovascular disease.
- Discuss how different diabetes medications can affect cardiac outcomes.

Session 4: Young Investigator Poster Presentations (Non-CME)

Session 5:

- Review strategies for improved diagnosis and treatment of heart disease in women.
- Outline evidence-based benefits and potential risks of hormone replacement therapy in men and women.
- Discuss strategies to initiate weight loss in patients who are overweight or obese.

Session 6:

- Review appropriate therapeutic interventions in complex clinical scenarios.

Session 7:

- Compare and contrast the utility of risk markers associated with LDL.
- Describe pharmacologic and non-pharmacologic therapies used for the treatment of dyslipidemia and the management of hypertriglyceridemia.
- Evaluate the use of lipoprotein (a) for CVD detection and treatment.

Session 8:

- Review the use of imaging modalities for primary prevention of CVD.
- Describe historical and recent trends in tobacco use behaviors and interventions to reduce use.
- Assess the role of advanced lipid testing in preventive cardiology.

CME/CE Credit provided by AKH Inc., Advancing Knowledge in Healthcare

Physicians

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of AKH Inc., Advancing Knowledge in Healthcare and The American Society for Preventive Cardiology. AKH Inc., Advancing Knowledge in Healthcare is accredited by the ACCME to provide continuing medical education for physicians.

AKH Inc., Advancing Knowledge in Healthcare designates this live activity for a maximum of 12.75 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physician Assistants

NCCPA accepts *AMA PRA Category 1 Credit*[™] from organizations accredited by ACCME.

Nurses

AKH, Inc., Advancing Knowledge in Healthcare is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. This activity is awarded 12.75 Contact Hours.

Activity is jointly-provided by AKH Inc., Advancing Knowledge in Healthcare and The American Society for Preventive Cardiology.

Florida Nurses

AKH Inc., Advancing Knowledge in Healthcare is an approved provider for nursing continuing education by the Florida Board of Nursing #50-2560. AKH Inc., Advancing Knowledge in Healthcare designates this educational activity for 12.5 contact hour (1.25 CEU).

Pharmacists

AKH Inc., Advancing Knowledge in Healthcare is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

SESSION 1:

AKH Inc., Advancing Knowledge in Healthcare approves this knowledge-based activity for 2.0 contact hour(s) (0.2 CEUs). UAN 0077-9999-17-017-L04-P.

SESSION 2:

AKH Inc., Advancing Knowledge in Healthcare approves this knowledge-based activity for 1.9 contact hour(s) (0.19 CEUs). UAN 0077-9999-17-018-L04-P.

SESSION 3:

AKH Inc., Advancing Knowledge in Healthcare approves this knowledge-based activity for 1.8 contact hour(s) (0.18 CEUs). UAN 0077-9999-17-019-L04-P.

SESSION 4:

AKH Inc., Advancing Knowledge in Healthcare approves this knowledge-based activity for 1.8 contact hour(s) (0.18 CEUs). UAN 0077-9999-17-020-L04-P.

SESSION 5:

Not accredited

SESSION 6:

AKH Inc., Advancing Knowledge in Healthcare approves this knowledge-based activity for 1.25 contact hour(s) (0.125 CEUs). UAN 0077-9999-17-021-L04-P.

SESSION 7:

AKH Inc., Advancing Knowledge in Healthcare approves this knowledge-based activity for 1.9 contact hour(s) (0.19 CEUs). UAN 0077-9999-17-022-L04-P.

SESSION 8:

AKH Inc., Advancing Knowledge in Healthcare approves this knowledge-based activity for 2.0 contact hour(s) (0.2 CEUs). UAN 0077-9999-17-023-L04-P.

Dietitians

AKH Inc. is a Continuing Professional Education (CPE) Accredited Provider with the Commission on Dietetic Registration (CDR). Registered dietitians (RDs) and dietetic technicians, registered (DTRs) will receive 12.5 continuing professional education unit (CPEU) for completion of this program/material. CDR Accredited Provider #AN008. The focus of this activity is rated Level 2.

Learners may submit evaluations of program/materials quality to the CDR at www.cdrnet.org.

Criteria for Success

Statements of credit will be awarded based on the participant's attendance, participation in the pre/post-test and submission of the activity evaluation form. A statement of credit will be available upon completion of an online evaluation/claimed credit form at www.asponline.org/cme. If you have questions about this CME/CE activity, please contact AKH Inc. at tbgrignon@akhcme.com.

Commercial Support

Full notification of commercial support will be provided in the final program.

Experts Course Accreditation

Overview

The ASPC's Preventive Cardiology Experts Course provides an in-depth review of the knowledge and skills necessary to successfully implement preventive therapies in cardiology. Primary and secondary prevention strategies including management of cardiovascular risk factors, therapeutic management, and lifestyle changes will be addressed. This course provides an excellent update on core concepts in preventive cardiology, and will serve as a preparatory course for the Annual ASPC Congress on CVD Prevention and other advanced preventive cardiology training.

Target Audience

All healthcare professionals involved in the diagnosis, treatment, prevention and intervention of atherosclerotic cardiovascular disease, including physicians, pharmacists, nurse practitioners, nurses, physician assistants, dietitians and fellows and trainees.

Learning Objectives

Upon completion of the educational activity, participants should be able to:

Session 1: Issues in Dyslipidemia, Atherogenesis, Heart Failure and Population Health

- Discuss the role of anti-PCSK9 monoclonal antibody therapy in LDL-C reduction to achieve cardiovascular risk reduction.
- Identify the relationship between serum triglyceride levels and risk for cardiovascular disease.
- Outline advancements in lipid testing and biomarkers to monitor disease activity and severity, and as guides to therapy.
- Identify current issues and approaches to ASCVD risk assessment.
- Critically evaluate emerging evidence on heart failure management.

Session 2: Hypertension, Diabetes, Obesity and Chronic Kidney Disease

- Review antihypertensive therapies to reduce blood pressure and decrease CVD risk.
- Describe emerging and novel treatment strategies for diabetes.
- Apply new clinical insights for patients with chronic kidney disease.
- Discuss strategies to initiate weight loss in patients who are overweight or obese.

Session 3: Coronary Artery Disease

- Review the use of imaging and stress testing for the screening and prevention of ASCVD.
- Describe the role of coronary stent placement in preventive medicine.

Session 4: Anticoagulation and Antiplatelet Therapy

- Review the use of anticoagulation therapy for patients with atrial fibrillation.
- Summarize clinical data on existing and emerging anticoagulant and antiplatelet therapies for primary and secondary prevention.

Session 5: Gender-Related Issues in Cardiovascular Disease

- Evaluate the controversies regarding testosterone use and cardiovascular disease risk.
- Review gender-specific approaches to the identification and diagnosis of myocardial ischemia in women.

CME/CE Credit provided by AKH Inc., Advancing Knowledge in Healthcare

Physicians

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of AKH Inc., Advancing Knowledge in Healthcare and The American Society for Preventive Cardiology. AKH Inc., Advancing Knowledge in Healthcare is accredited by the ACCME to provide continuing medical education for physicians.

AKH Inc., Advancing Knowledge in Healthcare designates this live activity for a maximum of 10.25 *AMA PRA Category 1 Credit(s)™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physician Assistants

NCCPA accepts *AMA PRA Category 1 Credit™* from organizations accredited by ACCME.

Nurses

AKH, Inc., Advancing Knowledge in Healthcare is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

This activity is awarded 10.1 Contact Hours.

Activity is jointly-provided by AKH Inc., Advancing Knowledge in Healthcare and The American Society for Preventive Cardiology.

Florida Nurses

AKH Inc., Advancing Knowledge in Healthcare is an approved provider for nursing continuing education by the Florida Board of Nursing #50-2560.

AKH Inc., Advancing Knowledge in Healthcare designates this educational activity for 10 contact hour (10 CEU).

Pharmacists

AKH Inc., Advancing Knowledge in Healthcare is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Session 1: Issues in Dyslipidemia, Atherogenesis, Heart Failure and Population Health

AKH Inc., Advancing Knowledge in Healthcare approves this knowledge-based activity for 3.75 contact hour(s) (0.375 CEUs). UAN 0077-9999-17-011-L04-P.

Session 2: Hypertension, Diabetes, Obesity and Chronic Kidney Disease

AKH Inc., Advancing Knowledge in Healthcare approves this knowledge-based activity for 2.5 contact hour(s) (0.25 CEUs). UAN 0077-9999-17-012-L04-P.

Session 3: Coronary Artery Disease
